Re: Comments on Proposed Updates to the CEQA Guidelines:
August 11, 2015 Preliminary Discussion Draft

Dear Mr. Alex:

Attached please find two PDF format documents containing two analysis pieces posted on the web log "CEQADevelopments.com" which contain my comments on the proposed "Efficiency Improvements" and the proposed "Substance" and major "Technical Improvements" contained in the Discussion Draft. My comments and specific suggestions for revision can be found following the "Analysis and Suggestions" portions of each post.

The comments made are my own, and do not necessarily reflect the views of my firm, Miller Starr Regalia, or its clients. Thank you for the opportunity to comment.

Very truly yours,

Arthur F. Coon
