

Arnold Schwarzenegger, Governor

STATE CLEARINGHOUSE

NEWSLETTER

April 16-30, 2006

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **April 16-30, 2006**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Senior Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

Governor's Office of Planning and Research State Clearinghouse

Date: December 5, 2003

To: All CEQA Lead Agencies

From: Terry Roberts, Director, State Clearinghouse

Re: Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CD must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or state.clearinghouse@opr.ca.gov.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE
1999 through 2005**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

SUMMARY OF CEQA DOCUMENT SUBMITTALS BY YEAR AND BY TYPE

Year	NOP	ND/MND	EIR	NOD	NOE	EIS	EA	Other	Total Documents

<u>Documents Received on Monday, April 17, 2006</u>			
2005092093	South Hayward BART/Mission Boulevard Concept Plan Hayward, City of --Alameda The Concept Plan will illustrate potential future redevelopment of the study are and will provide an overall circulation pattern with transportation linkages to the South Hayward BART Station. For purposes of analysis, the environmental impact report will address future potential redevelopment of the study area under three alternative land use scenarios/concepts: Suburban Concept, Urban Concept and a Blended Concept. The project also includes the following related actions: a) Proposed amendments to the City of Hayward General Plan, including the General Plan Land Use Map, for parcels within the study are under each scenario, to include new General Plan land use residential density categories of 34.8 to 75 units per net acre and 75 to 100 units per net acre to accommodate higher density housing proposals around the South Hayward BART Station and along Mission Boulevard. b) Proposed amendments to the Hayward Zoning Ordinance to rezone parcels within the study area under each scenario and proposed amendment to the City of Hayward Zoning Ordinance establishing a new district and related design guidelines.	EIR	05/31/2006
2005121035	South End GPA / SOI Amendment Greenfield, City of Greenfield--Monterey The South End SOI project involves a series of complex land use actions and boundary changes that ultimately relate to the City of Greenfield's General Plan and proposed SOI boundaries. The project is described within this EIR represents the "whole of the action," made up of several components.	EIR	05/31/2006
2006011057	Draft EIR for the Measure "C" Extension Expenditure Plan Fresno County Council of Governments Clovis, Coalinga, Firebaugh, Fowler, Fresno, Huron, Kerman, ...--Fresno Preparation and approval of the Measure "C" 1/2 Percent Sales Tax Extension Expenditure Plan.	EIR	05/31/2006
2006012092	Oakland Army Base (OARB) Auto Mall Oakland, City of Oakland--Alameda The project generally consists of the redevelopment of approximately 30 acres of land in the North gateway portion of the former Oakland Army Base to provide space for automobile dealerships on five (5) separate parcels of approximately 5 acres each, plus associated roadways and infrastructure improvements. The alternative Option B is a larger effort on a total of approximately sixty (60) acres, including the Project as described here plus three (3) additional 5-acre automobile dealerships and one (1) approximately 12 to 15-acre site for "big box" retail use in the East Gateway portion.	EIR	05/31/2006
2006012093	Clarke and Weeks Townhomes Project East Palo Alto, City of East Palo Alto--San Mateo The proposed project is the redevelopment of an approximately 2.58-acre site with 55 townhomes. Each townhome would be a 2 or 3 bedroom unit, and between 1,090 and 1,607 square feet. The residential density would be approximately 21.3	EIR	05/31/2006

<u>Documents Received on Monday, April 17, 2006</u>			
	units per acre. The proposed project includes a rezoning from Industrial Buffer to Multi-Family (R-M-500) as well as a General Plan Amendment from Industrial Buffer to High Density Residential. Vehicular access to the site would be via one main driveway off Weeks Street. Two driveways for emergency access would also be provided off Weeks Street on the eastern and western ends of the site. The proposed project design would allow for a total of 151 parking spaces or approximately 2.7 parking spaces per home, including two spaces within an enclosed garage for each unit.		
2006042093	Tara Road Industrial Condominiums / 151 Tara Road East Palo Alto, City of East Palo Alto--San Mateo The applicant, Jack May of Selvaag US, proposes to construct 38,880 square feet of industrial condominiums. The project would consist of four separate one-story (with mezzanine) buildings in the Ravenswood Industrial Area fo the Redevelopment Plan Area in East Palo Alto. The average size of the buildings would be approximately 9,700 square feet and individual units would range from 1,100 to 2,200 square feet. The condominiums would consist of painted tilt up concrete, metal and glazing. The 4.89 acre site is approximately 180 feet by 1,125 feet and essentially level. The northeast portion of the site is approximately three feet higher than the remainder of the site due to a 3 to 4 foot berm constructed which separates the project site from the adjacent property.	MND	05/16/2006
2006042094	Wallan and Johnson Final Map Subdivision Humboldt County Community Development Services --Humboldt A Final Map Subdivision of 1,054 acres into Lots 1, 2, 3, 4 and Remainder of approximately 386, 362, 259, 9.8, and 37 acres, respectively. The project subdivides previously subdivided lands owned by Wallan and Johnson and triggers recordation of a Final Map. The subdivision will allow for termination of the Wallan-Johnson partnership of the subject lands. The subdivision results in Lots 1 and 2 as large-acreage agricultural resource parcels, Lot 4 as a resource parcel with an existing gravel mining operation, and Lot 3 as a residential parcels, Lot 4 as a resource parcel is predominantly designated "Green Gulch." No building site has been identified for this parcel and it is considered open space for the purposes of this project. The project requires an exception to Solar Access Standards, and an exception from the California Department of Forestry and Fire Protection to maximum length of dead-end roads.	MND	05/16/2006
2006041089	Camino Real Business Park Specific Plan Project Oxnard, City of Oxnard--Ventura The Camino Real Business Park Specific Plan would replace the current zoning of a portion of the property and provide the framework, guidelines, standards, and regulations for orderly phased development over a number of years. Maintaining consistency with the City of Oxnard 2020 General Plan, especially in terms of land use and intensity, the proposed land uses consist of approximately 675,000 square feet of industrial business park space. The development would include 18 to 20 concrete tilt-up buildings. The anticipated building occupancy is approximately 15% office and 85% manufacturing/warehouse. A portion of the site fronting Camino Avenue will continue to be zoned BRP, with the majority of the site rezoned to M1 (Light Manufacturing).	NOP	05/16/2006

<u>Documents Received on Monday, April 17, 2006</u>			
2006041094	Apple Valley Retail Center Apple Valley, City of Apple Valley--San Bernardino The project proposes the establishment of a new commercial/retail anchor and associated fast food restaurant use, incorporating approximately 230,577 square feet of building area in two structures. Site improvements, including roadway access, internal circulation, parking, landscaping, and supporting infrastructure will be implemented to accommodate the project.	NOP	05/25/2006
2006041095	Amaral Annexation and Sphere of Influence Amendment Greenfield, City of Greenfield--Monterey The proposed project consists of the annexation of approximately 154 acres into the City of Greenfield. The Applicant has applied to the City of Greenfield for the following requested actions: General Plan Amendment, Annexation, rezoning and SOI Amendment. The project site is located adjacent to the incorporated City limits of Greenfield and consists of vineyards, rural residential uses and the former Jekel Winery facility. The Applicant is proposing 90 acres of Residential Estate (180 dwelling units), 50 acres of Low Density Residential (350 units), 10 acres of Medium Density Residential (150 units) and reuse of the winery facility as a Public Facility (community center).	NOP	05/16/2006
2006041096	Yucaipa Freeway Corridor Specific Plan Yucaipa, City of Yucaipa--San Bernardino The Yucaipa Freeway Corridor Specific Plan is a land use, policy and regulatory document to guide the development of the 1,234-acre Yucaipa Freeway Corridor Specific Plan area in the City of Yucaipa. Designated land uses in the Specific Plan include Residential, Community Commercial, Regional Commercial, Business Park, Public Facilities and Open Space.	NOP	05/16/2006
2006041090	Santa Clarita Commuter Trail: Segment 1 Santa Clarita, City of Santa Clarita--Los Angeles The City of Santa Clarita is proposing to develop Segment 1 of the Santa Clarita Commuter Trail that will link regional employment centers to residential areas. This trail section is part of the City's trail network and a regional segment of the Santa Clara River Trail. This facility will generally parallel the northern bank of the Santa Clara River from The Old Road to Anza Drive.	Neg	05/16/2006
2006041091	Fairway Industrial Park, PD-2005-007, E-2005-037 Santa Maria, City of Santa Maria--Santa Barbara A planned development permit application to allow the construction of 11 industrial tenant spaces in 6 buildings totaling approximately 105,000 square feet in the PD/M-1 (Planned Development/Light Manufacturing) zoning district.	Neg	05/16/2006

2006048260	Install Wireless Internet Repeater on Schoolhouse Chimney at Shasta State Historic Park Parks and Recreation, Department of --Shasta Install a 15 foot mast with 2 foot diameter parabolic dish antenna on the brick chimney of the 1929 Schoolhouse at Shasta State Historic Park, to provide wireless T-1 internet service to the Cascade Sector office and Shasta State Historic Park Museum. Strap mast around the chimney without penetrating fabric. Install a 2 x 2.5 foot free-standing aluminum box at ground level (no excavation) to house electronic equipment. Installation of the antenna and associated equipment shall be entirely reversible, with no effect on the historic fabric of the Schoolhouse, which is designated for adaptive reuse and already bears two modern antennas. The existing and proposed added modern features are outside the viewshed of the Shasta Historic District, and the new equipment will be painted, as feasible, in a color that will blend in with the surrounding environment. Equipment shall be installed by or under the direction of California State Parks in anticipation of a lease with broadband service provider Comp-Air Wireless Internet.	NOE	
2006048261	Leasing of Office Space California, State of Sacramento--Sacramento The Department of General Services intends to enter into a lease for approximately 13,951 net usable square feet of office space.	NOE

2005041028	Iron Horse Hills Residential Project Colton, City of Colton--San Bernardino Project applicant, Colton Land Investments, LLC, proposes to amend the Reche Canyon Specific Plan within the City of Colton General Plan to allow the development of 187 single family detached residential units on approximately 119.6 acres in the City of Colton in San Bernardino County. The 187 residential units will include three distinct neighborhood lots. The proposed project includes a park, open space, a water reservoir, detention basins, and other related infrastructure.	EIR	06/01/2006
2005081146	Herald Examiner Project; ENV-2005-4654-EIR Los Angeles City Planning Department --Los Angeles Cultural Heritage Review, Vesting Tentative Tract Maps, FAR Averaging Conditional Use Permit, Zoning Variances (density), and other applicable administrative and discretionary permits such as haul route, demolition, grading, and building permits to enable the rehabilitation of the Herald Examiner Building and construction of two new mixed-use buildings in downtown Los Angeles. The Herald Examiner Building (1111 S. Broadway) would be rehabilitated to include 29,000 square feet of retail space, and 39,725 square feet of office space. A 23-story building is proposed at 1108 S. Hill Street that would feature 2,560 square feet of retail space, 256 condominium units, and 422 parking spaces. A 37-story building is proposed at 120 W. 12th Street that would feature 8,050 square feet of retail space, 319 condominium units, and 487 parking spaces.	EIR	06/01/2006
2005091122	New High School No. 8 and New Middle School San Bernardino City Unified School District Highland, San Bernardino--San Bernardino The proposed project includes the construction and operation of a new high school and new middle school on approximately 105 acres, which include the existing site of the Curtis Middle School. The high school is planned for 2,700 students supported by 300 faculty and staff. The middle school is planned for 1,200 students served by 133 faculty and staff.	EIR	06/01/2006
2005101081	8600 Wilshire Boulevard - Mixed Use Beverly Hills, City of Beverly Hills--Los Angeles This new mixed-use proposal includes 25 residential units, 4,800 square feet of commercial space, and 88 at-grade and subterranean parking. The portion fronting on Wilshire Boulevard (north side) would be approximately 62 feet high, and the portion front Charleville Blvd. (south side) would be approximately 38 feet high. The proposal requires general plan and zoning amendments and a planned development review permit.	EIR	06/01/2006
2005102080	Lake Merritt Channel Improvement Project Oakland, City of --Alameda The project includes the removal of culverts and widening of the Lake Merritt Channel to improve tidal flow and flushing, creation of a tidal marsh along the edges of Lake Merritt channel and the introduction of native plant species to restore native habitats along the channel and adjoining areas.	EIR	06/01/2006

2006021066	2006 Amendment to the Redevelopment Plans for the Upland Community Redevelopment Project (A Merged Project), and the Town Center and Magnolia Redevelopment Proj Upland Community Redevelopment Agency Upland--San Bernardino Program EIR for a redevelopment plan amendment for the purposes of: (1) adding territory (414 acres) to the existing Magnolia Redevelopment Project; and (2) merging the Magnolia Redevelopment Project, as amended, the Upland Community Redevelopment Project (a merged project), and the Town Center Redevelopment Project into one project, the Amended Merged Project.	EIR	06/01/2006
2006041100	Proposed Dillon Road/Avenue 48 Grade Separation Project Bureau of Indian Affairs, Sacramento Area Coachella--Riverside Grade separation of Dillon over Union Pacific Railroad to improve traffic circulation and enhance safety.	FON	05/18/2006
2006041099	La Lata-Highway 246 Affordable Housing Overlay Zone Project Buellton, City of Buellton--Santa Barbara Development of 44 townhomes on 2.3 acres. APN's 099-590-042 and 099-590-043 are already designated as Affordable Housing Overlay Zone (AHOZ) site V. The proposal includes the addition of APN 099-590-041 to AHOZ site V.	MND	05/17/2006
2006042100	Pavlich Final Map Subdivision Humboldt County Community Development Services Eureka--Humboldt A Major Subdivision to divide 14 acres into 15 residential lots. The subdivision utilizes Lot Size Modification, with a lot size range of 9,250 square feet to 32,600 square feet with the exception of Lot 30 of 4.8 acres. The project will be phased: Phase One includes construction of lots 19 through 30 and Phase Two, Lots 31 through 33. A Coastal Development Permit for subdivision and residential construction for both phases. The project requires a Special Permit for an exception to lot width to depth ratio, and requires an exception to lot frontage requirements and road with standards to allow for flag lot configuration and in order to optimize subdivision design consistent with the planned density.	MND	05/17/2006
1991031100	The Agua Dulce Residential Project Los Angeles County --Los Angeles The proposed project is a revised Tentative Tract Map to alter the previously approved but unrecorded portion of Vesting Tentative Tract Map 50385 (TTM 50385) in order to subdivide currently undeveloped land into 251 single family lots, 4 open space lots, 2 park lots, 1 water reclamation lot plant and equestrian trails. The previously recorded 68 residential lots in the east end of the project site will not be revised, for a total of 319 units (comared to 339 addressed in the previously certified EIR). The project requires approximately 3,750,000 cubic yards of grading. The project site is traversed by two high pressure natural gas lines and was once used as a pig farm. The previously approved Oak Tree Permit allowing removal and encroachment on six oak trees is still effective. The applicant is seeking a revised Conditional Use Permit for development of residential uses and a water reclamation plant within a Hillside management area. A sewet maintenance District will be formed to operate and maintain the proposed on-site water reclamation plant. Site ingress and egress wil be taken from Valley Sage Road	NOP	05/17/2006

2006042095	1938 Broadway Oakland, City of Oakland--Alameda The project includes demolition of the existing one-story, 11,827-square foot building at 1930 to 1946 Broadway and construction of an 782' (63 stories and 827' to the building top) building with 40,000 sq. ft. of retail/lobby space, 11 floors of parking (1007 stalls); 1,090,000 sq. ft. of office space (48 floors); and a 150 room hotel. The project site is not located in a historic district and is not on the Cortese List of hazardous waste sites. All of the development programs have an underground connection to BART and are high rise towers.	NOP	05/17/2006
2006042101	Syar Instream - Alexander Valley Project Sonoma County --Sonoma Syar filed an application for a Use Permit and Reclamation Plan to skin approximately 300,000 cubic yards of sand and gravel from built-up deposits on 110 acres of eight previously mined gravel bars adjacent to the Russian River in the Alexander Valley through an Adaptive Management Strategy. This request for a 15-year Use Permit will require amendments to the ARM Plan and SMARO. Syar proposes to use the Adaptive Management Strategy that allows for adjustments to the location and method of mining in response to the results of monitoring data. The objective of the instream management program is to maintain a balance between aggradation and degradation that reflects the natural recharge of aggregate, provide a source of high-quality aggregate materials, and maintain or increase the flood flow capacity of stream channels and reduce the potential for bank erosion.	NOP	05/17/2006
2006041098	Tentative Parcel Map 17588 to Create 4 Parcels on 10 Acres. San Bernardino County Land Use Services Department Apple Valley--San Bernardino The proposed project is Tentative Parcel Map No. 17588, to create four (4) parcels on 10 acres. The project is located on the south side of Chrysolite St., extending between Ocotilla Rd. and Candlewood Rd. Chrysolite Street, Ocotilla Road, and Candlewood Road will provide access to the parcels. The Public Works Dept. requires legal access along Chrysolite to Central Road.	Neg	05/17/2006

	States Army Corps of Engineers (Corps) as part of the Santa Ana River Mainstem Project. This project will also protect the SARI line during the extensive earth work as part of the Corps levee construction. The project will be completed before the Corps initiates levee construction and will reduce the likelihood of pipeline failure or breach that could result in a sewage spill and service disruption.		
2006048266	RESO Lease Transaction Number: 121168 Social Services, Department of Yuba City--Yuba To relocate Area Board III from 1510 Poole Blvd., Suite 302, Yuba City, CA 95993 to new space location at 950 Tharp Road, Yuba City. Three staff to be relocated.	NOE

2006048321	Water Quality Certification for Branson School Creekbank Stabilization, Town of Ross, Marin County, CA Regional Water Quality Control Board, Region 2 (San Francisco Bay), Oakland Ross--Marin The project will stabilize two sections of eroding stream bank of Ross Creek at Branson School to protect two existing school buildings, the gym and the reading room. Both sites have existing bank stabilization structures that are failing. The gym site, located downstream of the foot bridge on west-facing left bank of creek will be stabilized by installing a boulder toe, with fabric reinforced earth fill (FREF). The reinforced fill will be further stabilized through will plantings and revegetation of the adjacent riparian areas. The reading room site, located upstream of the foot bridge on north-facing right bank of creek will be stabilized using a reinforced nail shotcrete wall to protect the bank from further erosion.	NOE	
2006048323	Pave Existing Parking Area Parks and Recreation, Department of --Santa Cruz Pave on existing 1150 square feet employee parking area sited within the developed maintenance yard of Twin Lakes State Beach Project consists of scraping off annual grass and weeds, compacting sub-grade, placing compacting 20 tons of class 2 base rock and paving with 2 inches of asphalt.	NOE	
2006048324	Develop Loafer Creek Sewer System Access Routes Parks and Recreation, Department of --Butte Develop vehicle and equipment access routes to perform preventative maintenance and repairs to sewer lines and manhole entry points in the Loafer Creek area of Lake Oroville State Recreation Area. Widen 1300 lineal feet of existing trail and develop 710 lineal feet of gravel road in three areas: 1) the entrance road to Loafer Creek Horse Camp; 2) the trail behind employee residence; 3) the access route to Manhole 4. 2006012030	Mathilda Avenue Bridge Rehabilitation Sunnyvale, City of Sunnyvale--Santa Clara Rehabilitation of existing bridge on Mathilda Avenue over Evelyn Avenue & the Caltrain railroad tracks. Project will widen bridge to accomodate shoulders, replace existing off-ramp, and reconstruct existing pedestrian ramps.	EIR	06/05/2006
2006041110	Cornuts Annexation Project Greenfield, City of Greenfield--Monterey The proposed project involves the annexation of approxiately 55 acres from uninorporated Monterey County to the City of Greenfield. The annexation request would seek to expand the city limits, in accordance with the City's current Sphere of Influence (SOI), to incorporate eight parcels wich would create a logical boundary adjustmentto the City of Greenfield.	NOP	05/19/2006
2006041114	Palmdale Marketplace Palmdale, City of Palmdale--Los Angeles The applicant proposes to develop a retail commercial project of approximately 523,000 sq. ft. The project would consist of six (6) major retail structures composed of approximately 419,000 sq. ft. +/- and may include a home improvement center and an upscale discount retailer both with garden centers. The retail center will also include 4 shops and 8 pads for retail/commercial development which may include drive-through restaurants, a drive-through bank, and a gas station with an automatic car wash. One or more alcoholic beverage establishments may be developed. Off-site road improvements and drainage facilities are planned.	NOP	05/19/2006
2006042111	Dobbin Drive Residential General Plan Amendment San Jose, City of San Jose--Santa Clara General Plan Amendment to change the City's General Plan land use designation on the site from Light Industrial to Transit Corridor Residential (20+ dwelling units per acre). The proposed change in the land use designation would facilittate a subsequent rezoning and permits to allow replacement of the existing buildings with residential development. No specific development project is currently proposed. However, it is anticipated that a minimum of 487 residential units, up to a maximum of 1,364 residential units, could later be developed on the site if the currently proposed General Plan Amendment is approved by the City Council. 2006041117	Proposed General Plan Amendment GPA-05-004 (D), Zone Change ZC-05-029 and Site Plan SP-06-037 Victorville, City of Victorville--San Bernardino To allow for the development of a 400-unit apartment complex.	Neg	05/19/2006
2006041118	Hanson Aggregates Pacific Southwest, Inc Otay Ranch Pit Reclamation Plan Mining and Geology Board, Department of Conservation Chula Vista--San Diego The proposed project is the implementation of an amended reclamation plan for the Hanson Aggregates Pacific Southwest, Inc. (Hanson Aggregates) surface mining operation located adjacent to the Otay River within the community of Chula Vista in southwestern San Diego County, California. The reclamation plan is presented in the Hanson Aggregates Pacific Southwest, Inc. Otay Ranch Pit Application for Reclamation Plan Amendment (November 3, 2005). The amended reclamation plan is to supersede the original reclamation plan (Plan No. 79-09) for the Otay Ranch Pit. The reclamation plan would be implemented concurrently with ongoing mining operations, and would comply with all current requirements of the California Surface Mining and Reclamation Act (Smara) of 1975 and the city of Chula Vista Surface Mining Ordinance. The mining operation or implementation of the existing approved reclamation plan for the Otay Ranch Pit are not subject to review in the initial study; only the implementation of the amended reclamation plan and the specific activities associated with that amendment.	Neg	05/19/2006

2006042109	DR05-0005/ Diamond Springs Retail Center El Dorado County Diamond Springs--El Dorado Design Review DR05-0005 consist of the construction of a 12-pump fueling station with an 8,628 square foot retail center to include: 5,628 square foot retail shop; 1,200 square foot fast food restaurant within the retail shop; 3,000 square foot convenience market; drive through automated car wash; and fueling station canopy. A tenant directory monument sign and fuel price monument sign are to be constructed at a height of nine feet with 50.4 square feet of sign area for each sign. The sign plan also includes wall signage for both buildings and gas station canopy signs.	Neg	05/19/2006
2006042110	Former Sacchi Property Contamination Cleanup and Commercial Redevelopment Arcata, City of Arcata--Humboldt The applicants propose soil contamination cleanup and redevelopment of the Sacchi property. The property consists of three separate parcels which were formerly Sacchi's Car Dealership garage and show room and are currently occupied by the Internews office, the Bike Library and Humboldt Hospice. The application focuses primarily upon the Bike Library which includes the majority of the known contamination present on site. Once removed, the parcels would be used for principally permitted commercial uses. The redevelopment portion of the project includes the conversion of an existing building into several tenant improvement spaces with a common lobby and bathrooms. Any changes to the elements considered "historically significant" will be in compliance with Standards for the Treatment of Historic Properties. Project includes contamination cleanup conducted according to the August 8, 2005 Subsurface Investigation Workplan prepared by SounPacific Environmental Services.	Neg	05/19/2006
2006042114	Amador Flower Farm Use Permit Amador County Plymouth--Amador Use Permit to allow for sale of garden art, gardening items, garden related gift items, pre-packaged snack food items, sandwiches prepared off premises by other sources, 2 weekend events per year, limited social gatherings, music during events and gatherings until 10p.m., Fall Pumpkin Farm activities, and educational classes, in conjunction with the growing and sale of daylilies and other plants and vegetables.	Neg	05/19/2006
2006042116	Folsom Drop Structure Modification Project Folsom, City of Folsom--Sacramento The City of Folsom proposes to open the existing drop ramp structure, connecting the Natoma Crossing to the Leidesdorff Street Lid Structure, to vehicular traffic. The proposed improvements would include construction of a median approach to the ramp structure on Folsom Boulevard, relocating the existing entrance to the north Light Rail Park and Ride lot on Leidesdorff Street, installation of barriers, signs, and lighting on the ramp, parking stall re-striping, and associated sidewalk, curb, and gutter work. The project will provide a direct access to the light rail parking lots for southbound traffic on Folsom Boulevard north of the American River.	Neg	05/22/2006

2006042120	Gas Pipeline Pigging Station on the Los Vaqueros Watershed Contra Costa Water District Brentwood--Contra Costa Installation of a permanent pigging station on Gas Line 131 within the Los Vaqueros Watershed. A 110 by 60 foot area will be fenced, graded including a gravel base that contains three valves and a pig launcher flange. A 440-foot long access road will be constructed.	Neg	05/22/2006
1999091108	Long Beach Sports Park Long Beach, City of Long Beach--Los Angeles Implementation of the project will result in the development of Sports Park, passive open space, wetlands restoration areas, and the rezoning of a portion of the +/- 55-acre project site for future commercial (retail/office) use. The project includes an application for a General Plan amendment, zone changes, conditional use permit, a standards variance for parking, and a Tentative Parcel Map that will create separate parcels for an outparcel (not a part) and future commercial uses.	NOD	
2000071068	General Lease - Public Agency Use California State Lands Commission Huntington Beach--Orange As a requirement of the Bolsa Chica Lowlands Restoration Project, it will be necessary to construct a tidal inlet channel connecting the ocean with the full tidal basin. Rock jetties will also be built on both sides of the ocean inlet. The inlet channel will be constructed across Bolsa Chica State Beach, under the jurisdiction of the California Department of Parks and Recreation.	NOD	
2002121007	U.S. Borax Life of Mine Kern County Planning Department --Kern Boric acid impoundment.	NOD	
2004042104	Barron Park Elementary School Storm Drain Reconstruction Palo Alto Unified School District Palo Alto--Santa Clara The project includes replacement of an existing outfall structure along Matadero Creek. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number 1600-2003-5080-3 pursuant to Section 1602 of the Fish and Game Code to the project operator, August Lavagnino / Palo Alto Unified School District.	NOD	
2004052014	01-MEN-101 KP R159.2/R162.2 (PM R98.9/R100.8) Bypass Confusion Hill Rockslide Caltrans --Mendocino The proposed project involves relocating a section of Hwy. 101 at Confusion Hill between post miles 98.9 and 100.8. The proposed project would relocate the route from the east side of the South Fork of the Eel River (SFER) to the west side of the SFER, and would involve construction of two bridges, two retaining walls, and a through-cut, as well as water drafting, low water crossings, and pile installation activities which have the potential to impact sensitive resources. The bridges have been designed to keep all permanent structures out of the 100-year floodplain of SFER. Construction of the bridges shall require installation of trestles within the channel of the SFER. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number 1600-2005-0697-3 pursuant to	NOD

2006048326	Remedial Investigation Using Site Characterization & Analysis Penetrometer System Parks and Recreation, Department of --San Diego This project consists of the boring of 7 sites on State Park property located to the north and west of the Space and Naval Warfare Systems Center Old Town Campus. These borings will provide on site 3 dimensional visualization of sub surface soil stratigraphy and regions of potential contamination. The borings will be approximately 20'-30'. A Right of Entry Permit may be required.	NOE	
2006048327	Cottage Ramp Improvements Parks and Recreation, Department of --Sonoma Improve the existing boardwalk access ramp to the Cottage buildings at Jack London State Historic Park to comply with the Americans with Disabilities Act Guidelines. Work will lower existing hand rail to 34"; replace length decking with cross decking; replace pressure-treated wood with clear redwood; and replace livestock wire between posts with lattice panels with 2 7/8 inch spacing to conceal air condensing units adjacent to the ramp and deck. The project will follow the January 2005 State Parks Accessibility Guidelines. District historian will review and approve final plans prior to installation.	NOE	
2006048328	Moss Creek Bank Stabilization Fish & Game #3 --Napa The operator proposes to install loose rock riprap along approximately 50 feet of bank on Moss Creek in Capell Valley, Napa County, APN 032-430-015-000. The bank stabilization is to protect an existing sewer line that spans the creek. The bottom keyway will be excavated and spoils will be placed outside the riparian zone. A geotextile fabric will be laid in the keyway and up the bank. A bedding of 4-6 inch clean river gravel will be laid, upon which 12-30 inch riprap will be placed. Riprap will be keyed in at the toe and will be placed by a long arm backhoe. Issuance of a Streambed Alteration Agreement Number 1600-2005-0588-3 is pursuant to Fish and Game Code Section 1602.	NOE	
2006048329	Simmons Lane Bridge Widening Project Fish & Game #3 Novato--Marin The proposed project is located on Novato Creek in the immediate vicinity of the Simmons Lane Bridge on the 7.5' Novato USGS quadrangle map. The applicant proposes to modify the Simmons Lane Bridge in order to accommodate pedestrian and bicycle traffic by widening the vehicle bridge structure. Work involved includes the following: removing existing pedestrian/bicycle bridge and associated abutments and retaining walls and placing new bridge, abutments, and retaining walls in vacated area, pruning of existing riparian vegetation, as well as temporary installation of a sandbag dam in order to isolate the northerly footing during construction. Approximately 160 linear feet of Novato Creek's streambed, 64-square feet of wetland vegetation, and a limited amount riparian habitat will be impacted by this project. The Department of Fish and Game is issuing a Streambed Alteration Agreement Number 1600-2006-0065-3 pursuant to Fish and Game Code Section 1602.	NOE

	production on existing leases.		
2005042134	Seven Vines Project Livermore, City of Livermore--Alameda The project would involve developing 123 single-family units and 24 duet units and associated infrastructure for a total of 147 lots on 44 acres. Open space uses associated with the project include: a 2.5-acre linear park located in the center of the project site to buffer an active fault trace; a 0.9-acre parcel and trail corridor in the northwestern portion for a staging area and access to Regional Park lands; a 3.2-acre open space area along the southern boundary to protect wetland habitat; a 0.8-acre parcel in the southwest corner for water quality purposes; and 15 acres on the eastern portion of the site for a seismic protection zone and slope protection at the base of the Altamont Hills.	EIR	06/05/2006
2006011119	City of Newport Beach General Plan Update EIR Newport Beach, City of Newport Beach--Orange Implementation of the proposed General Plan Update would result in new development within the Planning Area, which consists of two geographical areas; the City's corporate limits, and its Sphere of Influence (SOI) represents those areas likely to be served by and potentially annexed to the City. The SOI includes the existing City boundaries as well as an additional 361 acres of land in the Banning Ranch subarea. Land use designations under the proposed General Plan include residential, commercial, office, industrial, parks/open space, visitor-serving, and institutional. Generally, development in accordance with the General Plan would result in appropriate infill of vacant lands in the City and redevelopment of existing sites, effective reuse of obsolete sites, and incremental growth in specific areas within the City. Implementation of the updated General Plan at its fullest intensity for all vacant lands would result in the development of the land use types listed above.	EIR	06/05/2006
2002052132	Bernal Specific Plan & Park Master Plan Pleasanton, City of Pleasanton--Alameda The Bernal Property Phase II Specific Plan provides planning direction for the 318-acre public land portion of the greater Bernal Property located within the City of Pleasanton. The primary purpose of the Phase II Plan is to supplement the Phase I Specific Plan in implementing the Pleasanton General Plan and in guiding the orderly development and provision of services for this site. The Plan is the culmination of several years of sustained effort by Pleasanton's City Council, City Commissions and task forces, and members of the community.	FIN	
2006021047	Bus Canyon Tributary Replacement Channel Project Ventura County Watershed Protection District Simi Valley--Ventura The project is composed of replacement of the existing concrete drainage channel with a larger channel to provide 100-year flood protection.	FIN	
2006041122	Juan Padilla Conditional Use Permit #06-0007 Imperial County Planning Department Westmorland--Imperial Juan Padilla submitted Conditional Use Permit #06-0007 requesting a permit to utilize approximately 5.0 acres out of the total 20-acre existing parcel for storage of sand, cement, gravel and shotcrete materials (gunite) to be used on off-site jobs for	MND	05/22/2006

	his contracting business. No new structure is proposed, the proposed use will utilize the existing structures on site including office building, shed and cotton mill structure as shown on the attached site plan.		
2006041126	All Right Storage San Diego, City of San Diego--San Diego The project proposes to construct two, three-story, self storage buildings on a vacant 2.473 acre site. Storage building number one would encompass 102,000 square-feet and storage building number two would encompass 3,400 square-feet. The SDP is required for the proposed development on Environmentally Sensitive Lands (ESL) and for a deviation from the parking requirements. The proposed development would be located at 1651 Otay Heights Court in the Industrial Subdistrict of Otay Mesa Development District of the Otay Mesa Community Plan in the City and County of San Diego (District Map 1300).	MND	05/22/2006
2006041127	Route 154 Group II Improvements Caltrans #5 Santa Barbara--Santa Barbara Operational improvements at 4 locations along Route 154 between Santa Barbara and Los Olivos, including a turn-out, left turn lane at Vista Point, right turn lane at Paradise Road and passing lane east of the Route 246 intersection.	MND	05/22/2006
2006041132	Tentative Tract TT-06-028; TR 18092 Victorville, City of Victorville--San Bernardino To allow for a 40-lot single-family residential subdivision on approximately 10 acres of partially disturbed land.	MND	05/22/2006
2006041134	James Bratton - Initial Study Fresno County Clovis--Fresno Allow a planned residential development consisting of 41 lots with a minimum parcel size of two acres with private roads on a 164.53-acre parcel in the R-R (Rural Residential, two-acre minimum parcel size) District.	MND	05/22/2006
2006042113	2004-125 General Plan Amendment, Zoning Amendment and Tentative Subdivision Tract Map for F M Company, LLC Calaveras County Planning Department --Calaveras The applicants are requesting a General Plan Amendment to the Arnold Community Plan to change the land use designation from COM - Commercial and RR - Rural Residential to MFR - Multi-Family Residential and a Zoning Amendment from C2 (General Commercial) and RR (Rural Residential) to R3-PD (Multi-Family Residential - Planned Development) for 5 +/- acres. Concurrently requested is approval to divide the site into 48 townhouse lots and one common area lot.	MND	05/22/2006
2006042117	South Feather Water and Power Agency Permit Extensions South Feather Water and Power Agency --Butte, Yuba, Sutter The South Feather Water and Power Agency (SFWPA) and the Yuba County Water District (YCWD) have filed petitions with the State Water Resources Control Board (State Water Board) Division of Water Rights requesting extensions of the time to place water to full beneficial use under several existing water-right permits. 2006042122	Combs Minor Subdivision Humboldt County Community Development Services Eureka--Humboldt The subdivision of a +/- 21,798 sf parcel into two parcels of +/- 6,700 (net) and +/- 11,000 (net) square feet. The parcel is currently developed with a small house and shed, both of which will be removed as they sit on the proposed parcel line. Proposed Parcel 2 will gain access off Beechwood Drive, a public road, via a 20' wide flag utilizing the lot frontage exception §325-9 of the Subdivision Regulations. Proposed Parcel 2 will be allowed to have a reduced frontage per §3602 of the ECP and §314-22.2.5, HCC, wherein lot widths may be reduced up to 20% under the Density Bonus allowance for keeping development out of the GO areas. Future homes will be served by public water and sewer. This project includes mitigation for potential traffic impacts to the Walnut Drive/Hemlock Street intersection.	MND	05/22/2006
2006042123	Edson Planned Unit Development / Minor Subdivision in the Coastal Zone Humboldt County Community Development Services --Humboldt This PM resubdivision proposes reverting previously illegally subdivided parcels (APNs 015-192-19, 32, 33) to acreage and resubdividing by this tentative parcel map. APN -19 (+/- 1.34 ac) is currently developed with a +/- 2,300 sf residence and a +/- 1,500 sf detached garage/workshop. APN -32 (+/- 22 ac) is vacant. APN -33 (+/- 0.62 ac) is developed with a +/- 288 sf garage and a +/- 900 sf residence. The resubdivision will result in 3 parcels of 1.01 +/- acres/43,937 sf (Parcel 1), 0.63 +/- acres/27,470 +/- sf (Parcel 2) and 0.54 +/- acres/23,555 +/- sf (Parcel 3). The resubdivision will place the existing 2,300 sf/garage on Parcel 1 and the existing 900 sf on Parcel 2. A Planned Unit Development (PUD) is also requested to allow development in the buildable portion of the parcels. An exception is requested through P/W to allow a 20' wide access r/w and a less than road category 4 standard due to sight constraints. A CDP for the subdivision and associated improvements; +/- 5 cy of cut to create an additional parking space for Parcel 2 with the excess soil to be placed for creation of the driveway at Parcel 3. An SP for the removal of 5 redwoods is also requested. A portion of the site is in the State's Coastal jurisdiction.	MND	05/22/2006
2006042126	Iron Rock Industrial Park EG-05-944 Elk Grove, City of Elk Grove--Sacramento Project proposes to subdivide 4.3 acres into twelve lots for the development of twelve industrial buildings.	MND	05/22/2006

	between 86th Place and 87th Street. The uses anticipated for the commercial retail center include a Target department store, a drug store, a market, a restaurant, and other retail uses. Approximately 967 parking spaces would be provided for the commercial retail center. A total of 202 parking spaces would be provided for the mixed-use development. The proposed project would involve the demolition of the structures that currently exist on the project site to accomodate the new buildings.		
2006041130	Tentative Tract Map 31162 and Annexation of Approximately 170 Acres to the City of Beaumont Beaumont, City of Beaumont--Riverside The proposed project, Tentative Tract No. 31162, proposes to annex and subdivide an approximate 130-acre hillside site located south of the existing Beaumont city limits, located within a series of hills known as the badlands. The proposed development consists of the construction of 217 single-family residential lots, roadways (about 24.5 acres), support infrastructure and related facilities, and nine open space lots (about 36.34 acres total). An additional approximate 40-acre parcel located north of the project site must also be annexed because it would become an unincorporated island, which is generally not permitted by the County.	NOP	05/22/2006
2006041135	Conditional Use Permit No. 3475, Tentative Parcel Map No. 34275, Variance No. 1788 Riverside County Planning Department --Riverside Conditional Use Permit No. 3475 proposes a 726,774 square foot regional shopping center, consisting of 31 buildings on 68.88 acres. The buildings shall be divided into a retail promenade and four villages. The Retail Promenade shall be 553,623 square feet, Village 1 shall be 41,334 square feet, Village 2 shall be 37,050 square feet, Village 3 shall be 18,525 square feet, and Village 4 shall be 76,242 square feet. The project will also include 3,561 parking stalls, 240 bicycle racks, and 363,366 square feet of landscaping. Tentative Parcel Map No. 34275 proposes a Schedule E subdivision to divide 306.71 gross acres into 23 parcels. Parcels 1-22 shall create commercial parcels withing Planning Area 10 of Specific Plan No. 194. Parcel 23 shall encompass the remainder area of Specific Plan No. 194. Variance No. 1788 is an application to allow signage for the commercial development to exceed the standards of Section 19.4 of Ordinance 348 ("On-site Advertising Structures and Signs").	NOP	05/22/2006
2006041136	Stanton/Crescent Townhome Project Buena Park, City of Buena Park--Orange The proposed development concept provides for construction of up to 64 single-family townhomes, supporting community facilities, and open space within an approximately 5.5-acre site.	NOP	05/22/2006

2004111125	Valley Region High School No. 4 Los Angeles Unified School District --Los Angeles The project would be a high school consisting of approximately 45 classrooms serving students in grades 9 through 12. In addition to classrooms, the school would feature facilities for performing arts/music; physical education/athletes; library/media services; food services, career center; an overlapping baseball-soccer field; six basketball courts; and space for accessory uses such as administration offices, health offices, restrooms, and storerooms. The school may provide summer school sessions and after-school programs for the students, such as athletic activities, special-interest clubs, and extra-curricular activities. The school may have nighttime events; some would be campus-wide such as sport games, school plays, and open house, while others would be grade-specific, such as commencement. The school may also provide adult and continuing education programs, which would operate weekday evenings and occasionally on Saturdays.	EIR	06/07/2006

<u>Documents Received on Monday, April 24, 2006</u>			
2001062107	Alameda Point Golf Course Alameda, City of Oakland, Alameda--Alameda The project is an 18-hole links-style golf course, hotel/clubhouse and public open space with associated facility plus a nine-hole short course, on approximately 215 acres of Alameda Point. The project would provide public access on the shoreline via public park operated by the City of Alameda and an extension of the San Francisco Bay Trail. The site contains portions of the abandoned NAS Alameda airfield, guard tower, and several mall structures, all of which would be demolished. The site would be contoured using dredge materials, which would be dewatered and stockpiled on the site prior to the project construction.	FIN	
2003091112	Long Beach Airport Terminal Area Improvement Project Long Beach, City of Long Beach--Los Angeles The proposed project would provide improvements to the existing terminal and related facilities at the Airport in order to accommodate recent increases in flight activity at the Airport as well as increases which may occur in the future consistent with operational limitations of the Airport Noise Compatibility Ordinance and the 1995 Settlement Agreement. The proposed project includes construction of, or alteration to the following thirteen areas: 1. Holdrooms; 2. Concession Area; 3. Passenger Security Screening; 4. Baggage Security Screening; 5. Baggage Claim Devices; 6. Baggage Service Office; 7. Restrooms; 8. Office Space; 9. Ticketing Facilities; 10. Airline Gates; 11. Aircraft Parking Positions; 12. Vehicular Parking; and 13. Traffic and Pedestrian Circulation.	FIN	
2005012128	Hussey Ranch Residential Subdivision Napa, City of Napa--Napa The Hussey Ranch project is a proposed low-density residential development that includes 72 detached single-family homes located on 87.73 acres in the Browns Valley Planning Area at 1061 Partrick Road. As submitted, 47 homes are proposed within the lower development area and 25 homes are proposed in the upper development area of the project site. Home sizes would range between 2,541 +/- square feet and 4,116 +/- square feet for market rate units (exclusive of one custom built home) and would be approximately 1,200 square feet for eight affordable homes proposed to meet the City's inclusionary housing requirements. More than one-half of the site would be preserved in permanent open space, primarily in the upper portion of the site where a custom home is proposed on a 51 +/- acre lot. The proposed project would also include the construction of public and private streets and utilities, and include one primary bridge connecting to Partrick Road and two secondary bridges connecting to Skylark Way and Meadowbrook Lane for pedestrian and vehicular access.	FIN	
2006021015	McLaughlin Reservoir Project Eastern Municipal Water District Unincorporated--Riverside The proposed McLaughlin Reservoir Project (project) would consist of the construction of a 4.3 million gallon water storage reservoir, pump station, and associated pipelines, access road, and tie-ins. The proposed project is required within the Ellis Pressure Zone for providing water for the previously approved Menifee Valley Ranch development. The purpose/objectives of the proposed project would be to provide adequate fire flow for fire hydrants, provide adequate capacity to meet the established maximum day demand that would, for example,	FIN

	occur during the hottest summer day, and to provide adequate emergency capacity should electric power be interrupted. The existing water storage capacity and distribution system within the Ellis Pressure Zone does not have the capacity to meet the above provisions for the proposed development in the surrounding area.		
2005032021	Bridle Gate Brentwood, City of Brentwood--Contra Costa A Development Agreement to govern specific aspects of the project, including construction timing; a General Plan Amendment to modify the text of Special Planning Area E, including a change in the proposed land use mix; a Rezone to establish development standards for the project site; a Vesting Tentative Subdivision Map to subdivide the project site into 166 single-family residential lots, parks and open space, and a site for future mixed-use business park and regional commercial development; and a Design Review for various models of single-family homes to be developed on the 166 single-family residential lots.	MND	05/23/2006
2006041142	Atascadero Creek Restoration Atascadero, City of Atascadero--San Luis Obispo Repair and restoration of Atascadero Creek Bank while using a temporary culvert. New bank will be re-vegetated.	MND	05/23/2006
2006042133	Lake Merritt Administration (LMA) Building Dismantling Bay Area Rapid Transit District Oakland--Alameda The proposed project consists of dismantling and removing the aboveground floors of the BART's Lake Merritt Administration (LMA) Building for the purpose of seismic safety, as the building was determined to be "at-risk" in the event of a large magnitude earthquake. The project also includes reconfiguration of access provisions and certain building services for the belowground portion of the current facility, which will remain following dismantling of the aboveground structure.	MND	05/23/2006
2006042134	Vida Nueva Rohnert Park, City of Rohnert Park--Sonoma 24 residences within four 2-story and one 3-story building on 2+/- acres arranged around a common building. Project is for rental housing for formerly homeless.	MND	05/23/2006
2006041141	Industrial Area Plan Beverly Hills, City of Beverly Hills--Los Angeles The draft plan is a body of development policies under consideration for the City's Former Industrial Area, located between Maple Drive and the City's Civic Center, north of the alley between Burton Way and Third Street, and south of Santa Monica & Beverly Boulevards. The area includes the former railroad right-of-way which is subject remediation of arsenic in its soil. The draft plan provides for municipal service and recreation uses, as well as office and retail uses, and residential uses in combination with other commercial uses ("mixed use"). Heights permissible under the draft plan would be 75 feet at Foothill Road, tapering down to 30 to 45 feet around the periphery of the area (Maple Drive, Civic Center Drive, Third Street, Beverly Boulevard). 2000062112	Peppertree Business Park, Phase 3 (PMPA T20040592) Placer County Planning Department Rocklin--Placer 21,600 sf concrete tilt-wall building with 30% office space and the remainder of warehouse use.	Neg	05/23/2006
2006041140	Roland Herrera-Grading Permit #48766/CEQA Initial Study Imperial County Planning Department Calexico--Imperial The applicant/landowner, Roland Herrera, has submitted a grading/drainage permit application for a truck freight/trailer storage yard on the above property. The project is to have 450 truck/trailer parking spaces and a modular office with five parking spaces, including a handicapped parking space meeting ADA requirements. The proposed truck/trailer storage business would be operated seven (7) days per week, twenty-four (24) hours per day, with a maximum of four employees working in the office.	Neg	05/23/2006
2006042127	Minor Conditional Use Permit #CUP2006-0001 Yuba County Marysville--Yuba A request to expand upon a legal non-conforming use in the AE-40 zone at APN 018-230-037. Applicant is proposing a 1,600 square foot storage building for the go-cart track. A Minor Conditional Use Permit is required for an expansion of a legal, non-conforming use.	Neg	05/23/2006
2006042128	Meadow View Estates Subdivision Lake County Community Development Department --Lake The project is a subdivision of approximately 28 acres to create 100 residential lots that are 6,000 to 21,135 square feet in size. The project will require construction of streets, two storm water detention basins, the filling and on-site replacement of one of three vernal pool wetlands and upgrade of water and sewer systems.	Neg	05/23/2006
2006042129	Carmela Court Subdivision Santa Cruz, City of Watsonville--Santa Cruz Proposal to create an 11-lot subdivision and remainder lot from the three parcels. Requires a rezoning of Assessor's Parcel Numbers 049-201-15 and 049-201-16 from R-1-8 to R-1-6.	Neg	05/23/2006
2006042130	2693 Appian Way Mixed-Use Project Pinole, City of Pinole--Contra Costa The proposed project is an infill project on a 1.12-acre parcel, which would consist of a 20-story, 3,670 square foot commercial building on the front of the parcel adjacent to Applan Way. Behind the commercial building would be two 3-story town homes and two 2-story town homes. The project would include parking, a common area, and an area with a scenic easement. The project initially included five town homes and was reduced to four due to parking and circulation requirements. The project would include a dedicated scenic conservation easement (parcel 7) of approximately 10,300 square feet east from the eastern edge of parcel 6 and parcel 7. This easement would be maintained by the property manager or Homeowner's Association.	Neg	05/23/2006

<u>Documents Received on Monday, April 24, 2006</u>			
2006042131	South County Regional Wastewater Authority Pipeline Gilroy, City of Gilroy--Santa Clara An extension of a pipeline to discharge reclaimed water from the South County Regional Wastewater Treatment Plant to the Pajaro River.	Neg	05/23/2006
2006042132	West Wood Unit 2 Subdivision Woodland, City of --Yolo Annexation and subdivision for primarily residential development.	Neg	05/23/2006
2006042135	Arboretum Waterway Improvements University of California, Davis Davis--Yolo, Solano The proposed project is a water recycling project. The purpose of the project is to improve the water quality in the Arboretum Waterway, which is seasonally stagnant, by keeping water flowing through the waterway year-round. The project would consist of re-operating an existing, but currently unused, 18-inch pipeline to seasonally circulate tertiary-treated water from the existing campus wastewater treatment plant (WWTP) through the Arboretum Waterway before discharging it to Putah Creek. Tertiary-treated wastewater has undergone filtration that removes additional pathogens and contaminants and meets Department of Health Services' standards under Title 22 of the California Code of Regulations for unrestricted recycling uses. The campus's wastewater already is being discharged to Putah Creek, so the project would extend the route that the wastewater takes before discharge. The project would involve installation of two valves, a connecting pipeline, and an outfall structure in order to accomplish the projected purpose.	Neg	05/23/2006
1990020181	Precise Plan Area #20NW Modesto, City of Modesto--Stanislaus The project consists of subdividing approximately 9.32 acres into 52 single-family residential lots.	NOD	
1999082041	Modesto Urban Area General Plan Amendment-Housing Element Update Modesto, City of Modesto--Stanislaus Amendment to P-D(320) to allow the construction of a 77.2-foot-tall telecommunications tower with related equipment facility.	NOD

	District will serve the project. The project proposes to conduct additional revegetation at the eastern portion of the site to reestablish historical riparian areas including enhancing biological functions and values.		
2003081107	Moorpark College Master Plan EIR Ventura County Community College District Moorpark--Ventura The project is a long-range Campus Master Plan guiding the physical development for the Moorpark College campus. The Campus Master Plan identifies appropriate locations and design guidelines for projects funded through the Bond Measure "S" program, as well as providing a guide for the future development of the campus beyond the expenditure of the Measure "S" bond funds. Specifically, the Master Plan consists of renovation of seven existing buildings: (1) Applied Arts, (2) Campus Student Center, (3) Communications, (4) Gymnasium and Locker Room, (5) Humanities and Social Science, (6) Library, and (7) Business Technology. Furthermore, eight new buildings will be constructed: (1) Learning Resources and Technology, (2) Child Care Development Center, (3) Exotic Animal Training & Management Facility, (4) Academic Center, (5) Physical Education Facility/Wellness Center, (6) Health Sciences Complex, (7) Arts Complex, and (8) Warehouse. To support these renovated and new buildings, campus roadways and parking lots will be modified. Lastly, open space areas and landscaping will be improved. In all, the Master Plan will create 224,217 assignable square feet. Parking capacity will increase by 1,536 new parking spaces for a total of 4,699 spaces.	NOD	
2003091108	Non-Potable Water Distribution System Yucaipa Valley Water District Yucaipa, Calimesa--San Bernardino The proposed project consists of expanding a non-potable water distribution system serving the Yucaipa Valley Water District (YVWD). A total of approximately 153,100 linear feet of distribution pipeline, three reservoirs and four pump stations would be constructed, maintained and operated to distribute non-potable water to markets identified in the Water Master Plan as Phase I and II customers. Approximately 24,000 linear feet of pipeline would be constructed to discharge water to San Timoteo Creek at the Live Oak Road bridge crossing and at the current discharge location. Also, one existing reservoir (H-1) located near the proposed Casa Blanca golf course would be converted from potable to non-potable water storage, maintained and operated by the District as part of the non-potable water distribution system.	NOD	
2005061103	Harbor-UCLA Medical Center Surgery/Emergency Facility Replacement Los Angeles County Department of Public Works Carson--Los Angeles Expansion of the Harbor-UCLA Medical Center through the construction of a new Surgery/Emergency Building addition to the southwest side of the existing hospital. The addition totals 190,300 sf and includes and consists of a two-story building, basement, mechanical penthouse and elevator tower. The existing emergency and surgery department of the hospital would be relocated into the proposed expansion building. The vacated space will be remodeled and used to consolidate and expand other departments. As part of the construction four modular buildings will be demolished, one modular building will be relocated, and two new modular facilities will be installed. The existing ground-level helistop, which has been in use for over 22 years would be moved approximately 45 feet northeast and elevated to 14 feet above ground level. An interim/temporary helistop would be constructed,	NOD

	and industrial uses. The City would also implement the amended elements through subsequent amendments to the City's Zoning Ordinance, and related land use and transportation policies.		
2005091123	Century Business Center Specific Plan Hawthorne, City of Hawthorne--Los Angeles Reuse and redevelopment of a 92-acre site used for manufacturing with a range of light industrial, business park, retail, and/or other commercial uses. The site is currently developed with approximately 2.56 million square feet of buildings and industrial facilities, and most of the existing buildings will be reused. The new uses are anticipated to comprise between 1.9 and 2.55 million square feet, resulting in either a similar amount of square footage as currently exists on the site or a reduction in square footage up to 25%.	EIR	06/08/2006
2005091152	Chevron Products Company El Segundo Refinery Heavy Crude Project South Coast Air Quality Management District --Los Angeles Modification of the existing No. 4 Crude Unit and Delayed Coking Unit to enable the refinery to increase heavy crude oil refining capacity with the potential for minor increases in product production volume and modifications to the existing No. 6 H2S Plant to increase reliability and fuel gas sulfur removal. The proposed project is expected to adversely affect air quality during construction and hazards and hazardous materials during operation.	EIR	06/08/2006
2005091175	Lambert Ranch General Plan Amendment and Zone Change EIR Irvine, City of Irvine--Orange The proposed project consists of a General Plan Amendment and Zone Change to allow for the development of 169 single-family residential units on a 51-acre site, located at the northeast corner of Portola Parkway and Ridge Valley Road, within Planning Area 6, in the City of Irvine.	EIR	06/08/2006
2003122087	Crow Canyon Specific Plan San Ramon, City of San Ramon, Danville--Contra Costa Consistent with the 2020 General Plan voted in on March 5, 2002, the proposed Project, the Crow Canyon Specific Plan, would result in incremental redevelopment that would result in the creation of a new pedestrian-oriented neighborhood with a mix of retail, office, residential and commercial-service uses. Specifically, the Plan would propose up to 735 residential units, including affordable housing units, up to 200,000 sf of additional commercial uses, associated development standards and design guidelines for the Project area; and public improvements including San Ramon Creek.	FIN	
2005022026	Capital Village Rancho Cordova, City of --Sacramento The Capital Village project is located on approximately 117-acre site composed of the following elements: 52.16 acres of single family residential, 14.19 acres of townhomes, 6.55 acres of commercial/mixed-use, 25.25 acres of retail, 7.67 acres of parks, 1.88 acres of open space, 4.92 acres of landscape corridors, and 4.35 acres of roads. The Supplemental MND addresses site changes in the commercial portion of the project.	MND	05/24/2006

2006041144	EA-P-2006-01, Construction of a New BMX Facility at Mosqueda Park Fresno, City of Fresno--Fresno The City of Fresno proposes to construct a BMX Park within Mosqueda Park. There will be bleachers around the BMX Park for spectators.	MND	05/24/2006
2006041146	Tentative Tract TT-06-023 Victorville, City of Victorville--San Bernardino To allow for a 9-lot single-family residential subdivision on approximately 5 acres of partially disturbed land.	MND	05/24/2006
2006041148	Concrete Batch Plant Project California State University, Monterey Bay --Monterey The project includes construction and operation of a concrete batch plant.	MND	05/24/2006
2006042138	PWM Inc. Conditional Use and Special Permits (CUP-05-20/SP-05-99) for a 140 Foot Tall Cellular Communication Tower, United States Cellular - Tenant Humboldt County Planning Department Arcata--Humboldt A Conditional Use Permit for the development of 140' tall lattice cell tower. The structure will be a 3-legged tower with each leg being 14' wide at the base. This width tapers to +/- 7' at the top. The tower and all appurtenances will be painted dark green in an effort to blend with the surrounding trees and existing foliage. This tower will be able to accommodate an additional 2-3 carriers in the future and will provide coverage to residents and golfers in the Baywood/Golf Course Road valley. The project includes the placement of a small equipment cabinet at the base of the tower on the 20' x 20' concrete slab. Once fully developed at capacity, there could be up to 3 of these small equipment sheds at the base of the tower. The site for the construction of the tower is behind the existing maintenance building at the far eastern boundary of the golf course property. Only the top of the tower will be visible from one or two residential neighbors and once it is painted green (and maintained for its lifetime), it will be difficult to locate. No new water or sewage disposal facilities will be required. The SP is required to exceed the 35' height limit of the R-1 zone.	MND	05/24/2006
2006042143	Mossdale Landing South and Mossdale Landing East UDC Amendment Program Lathrop, City of Lathrop--San Joaquin Proposal involves changes in land use rules affecting five previously entitled but undeveloped sites. For Sites 1-3, the proposal is to change land use designations from commercial to residential to allow a net increase of 128 dwelling units; for sites 4-5, the proposal is to increase the allowable intensity of commercial development. Project also includes proposed approval of tentative subdivision maps to development of Sites 1 and 2.	MND	05/24/2006
2006042144	Meridith Edwards and Kenneth Coopersmith Winery Sonoma County Permit and Resource Management Department Sebastopol--Sonoma Request for a Use Permit and Administrative Design Review for a winery with a maximum annual production capacity of 25,000 cases to include tasting and retail sales by appointment only and four special events per year with a maximum capacity of 60 guests per event on 9.55 acres. 2006041147	California Incline Replacement Project Santa Monica, City of Santa Monica--Los Angeles The City of Santa Monica, in cooperation with Caltrans, is currently planning the reconstruction and rehabilitation of the California Avenue Incline Bridge to meet current seismic standards. Construction of the new bridge will require the reconstruction of the upper and lower approaches to the bridge at Ocean Avenue and Palisades Beach Road, respectively. The California Avenue Incline Bridge will remain a three-lane roadway that terminates at either end with a signalized intersection. The California Incline Bridge has been identified as a historic resource. Construction is expected to last approximately 10 months. The proposed project would require closure of the bridge to traffic during the construction period.	NOP	05/24/2006
2006041149	Barstow Casinos Los Coyotes Band of Indians and Big Lagoon Rancheria Barstow--San Bernardino Tribal casino and hotel to be constructed on vacant land in Barstow. Will include two 49,000 s.f. casinos, two 100 room hotels, and parking for approximately 3,900 cars.	NOP	05/24/2006
2006041150	Downtown Addition Specific Plan King City King City--Monterey The project proposes to convert a largely agricultural land area into a mixed-use urban neighborhood. Proposed land uses include single and multi-family residential units, live-work and work-live units, commercial office and retail space, and public open space and recreation areas. Implementation of the project would convert the entire project site to a land use designation of Planned Development and a zone of PD (Planned Development), with the Specific Plan controlling the form and location of development on the site.	NOP	05/24/2006
2006042142	Richmond Advanced Recycled Expansion (RARE) East Bay Municipal Utility District Richmond--Contra Costa The Richmond Advanced Recycled Expansion (RARE) Water Project includes the construction and operation of a 3.2 mgd advanced recycled water facility within the Chevron Refinery (Chevron) property in the City of Richmond, California. The proposed treatment plant and associated facilities would be designed with the capability to accommodate future expansion to 4 mgd if additional supply sources are identified in the future. The environmental impacts of any future expansion would be analyzed and described in subsequent CEQA documentation. The project treatment facility would be owned and operated by EBMUD in parallel with its existing North Richmond Water Reclamation Plant (NRWRP).	NOP	05/24/2006
2006021091	Conditional Use Permit Application No. C-06-023 Fresno, City of Fresno--Fresno Construct Water Well Pump Station 347, which will pump ground water into the City's municipal water well system.	Neg	05/24/2006

2006041143	Tentative Parcel Map #379 / Voorhis Inyo County Planning Department Bishop--Inyo An application to subdivide a 15.69-acre site into 3 parcels. The site is crossed by and earthquake fault line, and a proposed roadway easement will cross the fault line in order to provide access to building sites on the far eastern portion of the parcels.	Neg	05/24/2006
2006041145	General Plan Amendment #2005-05/LADWP 4 Zone Reclassification #2005-07/LADWP Inyo County Planning Department --Inyo On a 17.89-acre site, the project will: Designate 15.89 acres from Residential Estate (RE) to Residential Rural High Density (RRH), and rezone the 15.89 acres from M-2 (Light Industrial), 2.5-acre minimum parcel size with Precise Plan (PP) overlay to Rural Residential (RR). Rezone two acres from M-2, 2.5-acre minimum parcel size with PP overlay, to M-2, 2.0-acre minimum parcel size.	Neg	05/24/2006
2006042136	RBS Washington Blvd/Summer Lane LLC - Rezone, Use Permit and Major Subdivision - R0607/UP0627/MJ0602 Del Norte County Planning Department Crescent City--Del Norte The applicant proposes to subdivide a 20.0 acre parcel into 124 lots for single-family residences. An application has consecutively been filed to rezone the parcel to PC (Planned Community) Zone District. A Use Permit has also been filed for the Planned Community. The project area is served by public water and an application has been filed to annex to the County Service Area #1 for public sewer service on and off-site road improvements will be required including traffic signalization at Washington and Summer Lane.	Neg	05/24/2006
2006042137	The Classics on the Ridge Angels, City of Angels Camp--Calaveras Planned Development to construct 55 residential units on a 12.5-acre parcel, and requesting flexibility in development standards for lot size, building coverage, setbacks and retaining wall height; Vesting Tentative Parcel Map to create 55 residential parcels and 3 common parcels that would be under the control of a homeowner association, one of which would be a woodland wildlife corridor.	Neg	05/24/2006
2006042139	Casali Parcel Map Subdivision PMS-05-29/SP-05-96 Humboldt County Planning Department --Humboldt A minor subdivision of an approximately 120 acre parcel into three parcels of approximately 40 acres each. The property is currently developed with a single family residence and on-site wastewater treatment system that will be situated on Parcel 2. Also included in this project is a Special Permit to allow for an existing road, which crosses a streamside management area, to serve as a driveway accessing proposed parcel 3. All 3 parcels will receive water from an existing deeded spring area on an adjacent parcel. Proposed parcels 1 and 3 each have existing 2,500 gallon water storage tanks, and would be served by on-site sewage disposal systems. Access to all three parcels will be via a proposed 50' wide access easement to Briceland-Thorn Road across APN 220-091-25, which is also owned by the applicant.	Neg	05/24/2006

	facility, including: repaving the parking lot, changing out the boarding floats, adding a vaulted restroom, & fish cleaning station, upgrading electrical, installing potable water, & removing existing pilings by cutting them off at base.		
2006042147	05-036 An-Will Straw Wattle Sutter County Community Services District --Sutter A Use Permit for a straw wattle production facility within a proposed 70' x 142' building. Recycled rice straw will be brought onto the site and stored outdoors. The straw wattles will be manufactured indoors as needed. The straw wattles are tubes of rice straw used for erosion control, sediment control, and storm water runoff control. The straw is stuffed into tubes of plastic netting or 100% biodegradable burlap. Each tube is usually 8-9 inches in diameter and approximately 25 ft. long. The rice straw is delivered in bales, cut by the "Kirby Haybuster" and then fed into the straw wattle machine. The straw wattle machine builds and stuffs the straw tubes, much like a sausage maker. Both machines are electric, reducing the noise and emission levels. The operation is enclosed in the building thus reducing noise and emission levels even further.	Neg	05/25/2006
2006042148	05-088 (Hothi) Sutter County Community Services District Yuba City--Sutter A General Plan Amendment from AG-20 (Agriculture 20-acre minimum) to RAN (Ranchette), a Rezone from AG (General Agricultural) to RAN (Ranchette), and Tentative Parcel Map to divide a 18.97- acre parcel into four parcels; three, four, five, and six acres in size. 2006032056	Cache Creek North Levee Setback Project - Critical Erosion Site 3 Reclamation Board --Yolo The proposed project would construct a setback levee along the north bank of Cache Creek at a critical erosion site. On February 24, 2006, the Governor of California proclaimed that a State of Emergency exists for California's levee system and he included this site as needing levee repair to prevent catastrophic failure which would result in significant environmental impacts. The new levee would be approximately 890 feet in length, and would be placed 50 feet from the existing levee. The existing levee would remain in place and would be notched to allow for drainage.	NOD	
2006032057	Cache Creek North Levee Setback Project - Critical Erosion Sites 1 and 2 Reclamation Board --Yolo The Reclamation Board, in association with USACE, is proposing to construct two setback levees along the north bank of Cache Creek at two critical erosion sites. On February 24, 2006, the Governor of California proclaimed that a State of Emergency exists for California's levee system and he included these sites as needing levee repair to prevent catastrophic failure which would result in significant environmental impacts. The new levees would be approximately 700 and 825 feet in length, and would be placed between 100 and 50 feet from the existing levee. The existing levee would remain in place and would be notched to allow for drainage.	NOD	
2006049058	Pierson Boulevard Sewer Interceptor Project Mission Springs Water District --Riverside The Department is issuing a Lake and Streambed Alteration Agreement for the project proponent who proposes to connect two existing reservoirs and allow for the unrestricted transfer of potable water. In the southeastern portion of the project, a +/- 300 foot segment of a 16-inch diameter pipe will cross under Long Canyon Wash. A total of approximately 0.061 acres of potential CDFG jurisdiction exists within the proposed construction area, none of which was identified as riparian habitat. Numerous types of construction equipment will be required, including an excavator, loader, backhoe, dozer, compactor, water truck, and construction personnel vehicles. The top six inches of topsoil will be excavated and stockpiled for replacement after construction. Excavation to a maximum depth of 15 feet and width of 50 feet will be required for the underground pipe placement. The excavated soil will be stock piled adjacent to the trench area, and will be back-filled and compacted over the pipes when installed. Excess soil will be hauled off.	NOD

2006048472	Point Dume State Beach Interpretive Signs Parks and Recreation, Department of --Los Angeles Five 36" x 24" interpretive panels will be installed at entrances to Point Dume State Beach. An existing sign at a sixth location will be replaced with a 36" x 24" panel. Placement of the signs may be modified slightly pending monitoring by an on-site cultural resource specialist in order to avoid archaeological deposits. The size and placement of the panels and the stature of the frames have been designed to avoid impacts to scenic resources.	NOE					
2006048475	Rehabilitation of Cathodic Protection Anodes at Delta Field Division's Banks Pumping Plant, Skinner Fish Facility's Trash Boom and Rack, and Roaring River's Out Water Resources, Department of, Division of Engineering Byron, Fairfield--Contra Costa, Solano This project will include designing, manufacturing, delivery and installation of new cathodic protection anodes, in order to restore and maintain anti-corrosion protection for various submerged metal pipelines, trash racks, outlet pipes and fish screen facilities. This will rehabilitate existing State Water Project mechanical and electrical appurtenances as required for maintenance of existing functions and purposes. Installation of anodes will require drilling about 12 wells approximately 12 inches in diameter to a depth varying by location but no deeper than 315 feet. All wells will be placed directly adjacent to the facilities to be protected within areas that are operational and well-maintained, and are not undisturbed native habitat. There will be no adverse environmental impacts associated with this work.	NOE

Documents Received on Friday, April 28, 2006

with transportation and disposal to an off-site permitted Class I facility. The depth of excavations will average 2 feet, with two minor areas being excavated depths of 5 and 10 feet respectively. The excavated areas will be backfilled with clean fill material once the excavation activities, including confirmation sampling, are completed.

The only chemical of concern (COC) for the Site is lead. Utilizing the Leadsread model for a residential health risk scenario, the remediation goal established for lead is 146 mg/kg.
