STATE CLEARINGHOUSE

NEWSLETTER

August 16 through 31, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **August 16 through 31, 2003.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.
There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of August 16 through 31, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Monday, August 18, 2003</u>			
2003014002	Supplemental EA for Various Road Improvements from Canyon City, CA to the Imperial County Line, San Diego County U.S. Immigration & Naturalization Service --San Diego The proposed actions consists of the construction of four night vision scope pads and access road construction, an approximately 467-foot long section of bypass road construction, and the installation of an approximately 650-foot section of vehicles barriers and pedestrian fence long the U.S. - Mexico border.	EA	09/17/2003
2002041163	A&A Ready Mix Facility Conditional Use Permit No. 01-255 Los Angeles County Department of Regional Planning Los Angeles, City of--Los Angeles An application for a conditional use permit for an existing concrete batching plant. The application covers all parcels utilized in the process including manufacturing, transportation, and storage under the same operator. The existing facilities consist of batch plants, conveyors and silos, maintenance storage shed, sand and gravel storage areas, truck wash down grate and pit, drive-over dump grate, office building, clerical records storage building, and concrete reclaiming area. A new truck wash down facility will replace the existing one. The operating hours are 24 hours per day, 7 days a week. The typical maximum number of employees working any one shift is 60. Operations on different parcels were established under different land use requirements over the years.	EIR	10/01/2003
2003064002	Construction and Operation of an Organizational Maintenance Shop at the California National Guard Armory, San Diego, California California Army National Guard San Diego--San Diego The new facility would be 31,799 square feet and would include a maintenance shop, a flammable materials facility, a controlled waste facility, and an unheated metal storage building. The project also includes approximately 162,214 square feet of paving and 1,680 linear feet of fencing. Construction would take an estimated 18 months to complete.	FIN	
2003084004	Central Sonoma Watershed Project, Supplement No. 7 (Prince Memorial Greenway) U.S. Department of Agriculture Santa Rosa--Sonoma Reconstruction of 1,100 feet of flood channel to improve its habitat.	JD	09/16/2003
2003081096	Central Los Angeles Area New High School #11 and Vista Hermosa Park Project Los Angeles Unified School District Los Angeles, City of--Los Angeles LAUSD Central Los Angeles Area New High School #11 would be developed on approximately 25 acres with approximately 306,093 square feet of floor area, including 118 classrooms located in four learning academies, outdoor and indoor athletic facilities, administration and multi-purpose buildings, and parking.	NOP	09/16/2003

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Monday, August 18, 2003</u>			
2003062092	Bass Hill Landfill Lassen County Susanville--Lassen Update the Solid Waste Facility Permit for the existing landfill to reflect changes in design and operation of the facility.	Neg	09/16/2003
2003081095	Heroes Elementary School Santa Ana Unified School District Santa Ana--Orange Removal action and subsequent construction of K-3 school on a 3.6 acre parcel. The school would house approximately 750 students. School facilities would total approximately 45,000 square feet and include administrative areas, classrooms, a multi-purpose room, library and kitchen facilities. The removal action would include the removal of 2,800 cubic yards of soil.	Neg	09/16/2003
2003081097	Fruciano Parcel Map Riverside, Planning Department, City of Riverside--Riverside The applicant is proposing to subdivide two parcels totaling approximately 12.5 acres into three parcels, ranging in size from 1 to 6.5 acres within the RA-5 - Residential Agricultural Zone. No grading is proposed at this time, with each lot adjacent to custom grading and environmental review at the time development is proposed.	Neg	09/16/2003
2003081098	City of Coalinga - Juniper Ridge Master Plan Coalinga, City of Coalinga--Fresno Master Plan for 217 multiple family residential units, commercial development of a 70-room hotel, gas station/ car wash/ mini-mart/ fast food restaurant and a 2.22-acre parcel for future commercial development.	Neg	09/16/2003
2003081099	California City Motocross Park California City California City--Kern Closed course motocross park available for public recreational use.	Neg	09/16/2003
2003082069	Gladding Road Bridge Replacement Project Placer County Planning Department Lincoln--Placer Replace the substandard existing one-lane bridge.	Neg	09/16/2003
2003082070	Initial Study/Negative Declaration, County of Colusa Housing Element of the General Plan Colusa County Colusa--Colusa The proposed project includes the certification and adoption of an update to the County of Colusa's Housing Element of the General Plan and its goals, policies, and programs related to housing in the County. Adoption of the Housing Element will not include the approval of any specific projects. Projects proposed in accordance with the adoption of the Element will be evaluated for individual impacts before their development.	Neg	09/16/2003

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Monday, August 18, 2003</u>			
2003082071	McMurtry Water Reservoir Vacaville, City of Vacaville--Solano Proposal is to construct a new 5.3+ million-gallon water reservoir to help eliminate a documented water storage deficit and benefit residents of Vacaville. Components of the project include: 1) 5.3+ MG water tank buried to top; 2) a 12.5 foot wide access road from McMurtry Lane; 3) valve vault and related water utility transmission lines; and 4) landscape improvements to existing Browns Valley Reservoir.	Neg	09/16/2003
2003082072	Variance V-11789 Migliore: Recreational Vehicle and Construction Equipment Storage Facility Expansion Alameda County Livermore--Alameda Expansion of an existing recreational vehicle (boat and camper) and construction equipment and storage facility from the front half (30 acres+/-) to the rear half (30 acres+/-) of an existing 60 acres+/- flat vacant site. The original recreational vehicle storage facility was permitted under a former zoning unit (ZU-1568, PD-Planned Development) that allowed the use subject to a Site Development Review Variance approval is required for expansion of this use.	Neg	09/16/2003
2003082073	S03-05/EI Dorado Hills Community Services District Community Park El Dorado County Planning Department Folsom--El Dorado Special Use Permit for a revision to the El Dorado Hills Community Services District Recreational Facilities Master Plan.	Neg	09/16/2003
1996042009	Land Application Site Assessment Project Modesto, City of Modesto--Stanislaus The proposed project involves the acquisition of up to 2,500 additional agricultural lands by the City of Modesto over the next 20 years to receive treated wastewater and cannery wastewater. The acquired agricultural lands would be operated for pasture and/or silage, which is similar to existing agricultural operations in the project vicinity. Anticipated subsequent projects would include the construction of pipelines and other infrastructure to transport the treated wastewater to the acquired application sites. Specific design work and engineering of needed facilities will subsequently occur and are anticipated for the program.	SIR	10/01/2003
1988041927	Countrywood Retirement Home, County File #1-88-Co Contra Costa County The project entails construction of an entry drive arch bridge to the proposed Countrywood Congregate Care Complex. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number 1600-2003-0520-3 pursuant to Section 1603 of the Fish and Game Code to the project operator, James Johnson.	NOD	
1991071080	Major Revision of the Zoning Ordinance Redondo Beach, City of REDONDO BEACH--LOS ANGELES The project includes creation of the Catalina Redevelopment Project Area, which is anticipated to fund public facilities upgrades and encourage reinvestment to eliminate existing blight within the project area, and other related action.	NOD

<u>Documents Received on Monday, August 18, 2003</u>			
1996032078	California State University Monterey County --Monterey The proposed project would construct a boardwalk for foot traffic only, approximately 780 linear feet in length and extending across the salt marsh of the Moss Landing harbor.	NOD	
1999101072	Industry East Project Industry, City of Industry--Los Angeles SAA #R5-2003-0063 Alter the steambed to completely fill in the old meander of the San Jose Creek Channel a remnant feature, in order to relocate a farming operation, consisting of one modular home and equipment stroage, to the old meander area. The old meander area currently does not have stream flows at any time, but is vegetated with both native and non-native riparian vegetation.	NOD	
2000082031	Williamson Ranch Plaza Project Phases 3 & 4 Antioch, City of Antioch--Contra Costa As part of the multi-tenant retail facility, the Operator proposes to pipe and fill two unnamed tributaries to East Antioch Creek. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number 1600-2003-0401-3 pursuant to Section 1603 of the Fish and Game Code to the project operator, Lux Taylor / Taylor Properties.	NOD	
2002062076	Redwood City Recycled Water Project Redwood, City of Redwood City--San Mateo The Redwood City Recycled Water Project consists of infrastructure facilities (pipelines, pump station, storage reservoir) to deliver recycled water from the South Bayside System Authority (SBSA) wastewater treatment plant to customers in the Redwood Shores, the greater Bayfront area, and Central Redwood City area of Redwood City. The project will be implemented in multiple phases over several years.	NOD	
2002122046	Penrod Coastal Development and Special Permits for On-site Weddings and Special Events (CDP-02-15/SP-02-32) Humboldt County --Humboldt Coastal Development and Special Permits are required for the establishment of a wedding/event venue to be in operation 10 to 12 weekends per year. The event venue will allow up to 90 vehicles parked on-site. The hours of operation for the weddings/events will be 10:00AM - 10:00PM, Friday through Sunday only. The applicant will provide chairs, tables and portable toilet facilities; the event patrons will provide all food, beverages, decorations, etc. Minor grading for development of a parking area is proposed. No surfacing of the parking area is proposed. Sewage disposal for weddings/events will be provided by portable toilets and water by an on-site well. The parcel is 11 acres in size and has had an operational Christmas tree farm on the southern portion of the parcel for +/- 18 years. The parcel is developed with a 2,257 sf residence with attached three car garage and a 2,400 sf Ag. Exempt barn.	NOD

2003088323	Relocate Vehicle Gate on Gold Bluffs Beach Road in Prairie Creek Redwoods S.P. Parks and Recreation, Department of --Humboldt Project replaces a damaged gate along Gold Bluffs Beach Road in Prairie Creek Redwoods State Park. Gate is to be moved from the north side of Squashan creek to an area south of the creek and outside of the creek drainage.	NOE	
2003088324	Decommission Firing Range Parks and Recreation, Department of --Nevada Permanently decommission the firing range and remove all bullet shells and shooting debris in Donner Memorial State Park. Work will excavate the top 6" of soil from the mounds used as a backdrop for shooting and mechanically sifted. Any foreign material will be disposed of in a manner consistent with all local, state and federal guidelines. The range area (approximately 75'X75") will be leveled and scarified for planting of native vegetation. In the event that previously undocumented cultural resources are discovered during project construction (including, but not limited to dark soil containing shellfish, bone, flaked stone, groundstone, or deposits of historic trash), work within the immediate vicinity of the find will be temporarily suspended or diverted until a DPR-qualified cultural resource specialist has evaluated the find and implemented appropriate treatment and disposition of the artifact(s).	NOE	
2003088325	General Creek Aspen Restoration Parks and Recreation, Department of --El Dorado Restore aspen stands along General Creek in Sugar Pine Point State Park to restore native vegetation and reduce fuel loads. Project will address the lack of regeneration of aspens due to overcrowding from mostly white fir trees. Work will be carried out in five stands and will include: General Creek North Stand: Hand crews will thin trees up to 24" dbh and debris will be either burned, chipped, or sold as logs., Olympic Meadows Stands (two stands): Hand crews will thin trees up to 24" dbh and debris will be either burned or sold as logs, Lily Pond and Upper General Creek Stands: Hand crews will thin trees up to 18" dbh and debris will be burned. All work will be done while ground is dry. No trees > 6" dbh will be removed within 50' of any stream; no aspen trees will be cut.	NOE	
2003088326	Camp Host Site Development Parks and Recreation, Department of --Nevada Develop a camp host site in Ridge campground at Donner Memorial State Park to serve as contact for the public. Existing campsite will be upgraded to comply with Americans with Disabilities Act (ADA) standards. Work will prepare a parking spur with Class 2 road base and pave an area approximately 20'X 30"; trench approximately 12" X 2' X 25 feet in length to install water, sewer, and electrical lines; prepare a 18' X 18' tent pad of level, compacted soil; and install wheelchair accessible path from campsite to adjacent combination building. Project enhances visitor services and provides ADA access. In the event that previously undocumented cultural resources are discovered during project construction (including, but not limited to dark soil containing shellfish, bone, flaked stone, groundstone, or deposits of historic trash), work within the immediate vicinity of the find will be temporarily suspended or diverted until a DPR-qualified cultural resource specialist has evaluated the find and implemented appropriate treatment and disposition of the artifact(s). 	diameter pipeline that will cross under U.S. Highway 101 and a portion of Easton Creek at a location at least 100 feet from the San Francisco Bay shoreline (i.e., mean high tide). The construction method will be tunneling. The project includes a new pump station 1,080 square feet, six 250 horsepower (hp) pumps to replace an existing pump station (476 square feet, four 50 hp pumps) at Marsten Road and Easton Creek. Replacement pumps will ultimately be sized to convey a 100-year storm flow, but will be installed in phases (the first 750 square foot installation will have a 30-year storm flow capacity, and will include three 250 hp pumps as well as the existing pumps). Emergency power will be provided by two diesel generators, requiring a 2,100 to 2,500-gallon aboveground storage tank (AST), depending on the type and size of the pumps installed. A transfer structure, most likely a 72-inch pipe, will also be constructed to transmit overflow from Easton Creek to into the fore-bay structure at 1380 Marsten Road.		
2003081109	City of Carmel-by-the-Sea Zoning Ordinance Update and LCP Implementation Plan Carmel-by-the-Sea, City of --Monterey Revise zoning ordinance and related ordinances and adopted design guidelines, storm water standards, shoreline management plan and other documents as a local coastal program implementation plan. 	Parcel A (2.724 acres) and C (0.292 acres) on the east side of Glendon and Parcel B (1.234 acres) on the west side of Glendon. The project has an overall FAR of 2.85. The development will be 65 ft. in height, as measured from the highest point of the roof structure or parapet wall to the elevation of the ground surface which is vertically below that point of measurement; the buildings will not exceed 55 ft. as measured to the top of the habitable space. The retail/commercial component consists of a variety of neighborhood-serving shops and services, including uses such as drug stores, markets, clothing stores, home furnishing stores, repair shops and other similar types of retail establishments. One or more restaurants with outdoor dining may also be featured. There will be 1,452 parking spaces provided within three subterranean levels. Glendon Avenue will be narrowed to 36 ft. in order to accommodate 17-foot sidewalks. The project site is approximately 4.25 acres in the C4-2D-O zone.		
2003022068	Cypress Meadows Residential Development Lincoln, City of Lincoln--Placer The project consists of the annexation of approximately 20 acres of land to the City of Lincoln and the development of 84 one-and two-story single-family residential units, in an unincorporated area of Placer County, north of the City of Lincoln, within the City's Sphere of Influence.	FIN	
2003064004	Construction and Operation of the Moreno Valley Readiness Center, Riverside County, California California Army National Guard Moreno Valley--Riverside The Readiness Center would be a 96,876-square foot, two-story facility serving four California Army National Guard units. It would be constructed on vacant former March Air Force Base property over 14 months and would require demolition of two structures. Building 500 (5,855 square feet) and Building 534 (2,307 square feet).	FIN	
2003081116	Palomar Station Specific Plan San Marcos, City of San Marcos--San Diego The proposed project is a mixed-use development on 14.5 acres. The project will consist of 337 residential condominium units, 46,240 square feet (SF) of commercial use (general retail), a 9,000-SF office building, 8,010 SF of restaurant/food court use, and 1,385 SF of homeowner recreation space. A 1.85-acre open space lot is also included as part of the project. Development of the project will occur in two phases. Phase 1 focuses on the two lots south of Armorlite Drive. Phase 1 - Lot 1 is 1.95 acres and is located at the corner of Las Posas Road and Armorlite Drive. Proposed development for this lot includes a 20,600-SF general retail building, and a 2,000-SF restaurant. Phase 1 - Lot 2 is 6.21 acres and is located east of Phase 1 - Lot 1. Proposed development within this lot includes 211 residential condominium units, nine general retail units, a restaurant unit, and a recreation unit. Residential product types include studios, one-,two-, and three-bedroom units, as well as live/work units.	NOP	09/22/2003

2003081126	Rosecrans/Pannes Mixed Use Project (Former Compton Drive-in Theatre Site) Compton, City of Compton--Los Angeles Mixed-use residential and commercial development on the site of the former 14.2+- acre Compton Drive-in Theatre. The project is comprised of two separate components proposed by two separate applicants. The northern 9.0+ acre portion is proposed for development as a gated single-family residential subdivision comprising 80 units. The southern 4.9+- acre portion is proposed for development as a 40,500+ square foot community center and interim church facility. The residual 0.3+ acre portion of the site is comprised of previously dedicated but unimproved road right-of-way that may be vacated, in whole or in part, by the City and returned to the corresponding portion of the project site.	Neg	09/22/2003
2003081127	La Posta Telecommunication Facility San Diego County Department of Planning and Land Use --San Diego The project proposes a Minor Use Permit to authorize an unmanned, wireless telecommunications facility on a portion of an eight acre site located on the south side of Old Highway 80, off of La Posta Circle East in the Mountain Empire Subregional Plan Area. The project proposes three 5' wood poles with four arrays, consisting of 12 antennas each, and four 12' by 28' concrete pads for associated utility equipment. The proposed lease area is 5,625 square feet and will be surrounded by a 6' chain link fence with three strands of barbed wire for a total height of 7'. The proposed lease area is located on a vacant parcel, on a hilltop. Vacant land, rock outcroppings and rural, single-family residences surround the proposed facility. The telecommunications facility will be accessed by a 12' wide access easement. The property is zoned A70 (Limited Agriculture Use Regulation) which permits telecommunication facilities under the Minor Impact Utilities use classification upon the issuance of a Minor Use Permit pursuant to Section 270(b) of The Zoning Ordinance. The "G" Height Designator of the zone limit heights Designator of the height zone limits heights of structures to 35 feet. However, the Minor Use Permit may authorize an exception to the height limitation pursuant to Section 4622(b) of The Zoning Ordinance to allow the three 45' poles. The proposed project is subject to the Regional Land Use Element Policy 1.4 Rural Development Area (RDA) and General Plan Land Use Designation (18) Multiple Rural Use.	Neg	09/22/2003
2003081128	Piro Tentative Parcel Map; TPM 20558rpl2; ER 00-08-044 San Diego County Department of Planning and Land Use --San Diego The proposed project is minor lot subdivisin of a 5.91 acre parcel into 3 lots of 3.47, 1.24, and 1.20 gross acres, respectively. Single-family residences are proposed for each lot. Grading volumes will total approximately 4500 cubic yards and will be balanced on the project site. Maximum heights of cut and fill slopes will be approximately 15 feet, and area graded will exceed one acre.	Neg	09/22/2003

	restated redevelopment plan, reestablish eminent domain authority for a 12 year period in the Otay Valley area, and reestablish eminent domain authority for a 12 year period in the Town Centre II area (except on occupied residential property in a residential zone).		
2003021149	Hawthorne Boulevard Specific Plan Hawthorne, City of Hawthorne--Los Angeles The project is the adoption and implementation of the Hawthorne Boulevard Specific Plan that provides a framework for revitalization and future development of the Specific Plan area. The specific plan establishes land use districts, development standards, and design standards and guidelines for a 2-mile Hawthorne Boulevard corridor in the City of Hawthorne.	EIR	10/08/2003
2003042012	Amendment to the Redevelopment Plan for the Manteca Merged Redevelopment Project Manteca, City of Manteca--San Joaquin The objective of the Amendment is to add territory to the Merged Project. Long-term implementations of the Amended Plan may include, but will not necessarily be limited Agency financial and administrative assistance to the following: eliminate existing conditions of blight; promotion and facilitation of economic development; promotion and facilitation of business development and retention; providing additional affordable housing opportunities, increase tax base through tax increment financing, and implement the goals and policies of the City and County General Plan.	EIR	10/08/2003
2003061012	El Camino Facilities Master Plan El Camino Community College District Torrance--Los Angeles Approval of a Campus Facilities Master Plan to accommodate 25,000 FTE students in 2020. A net decrease of 5,400 square feet is proposed at buildout.	EIR	10/08/2003
2003081133	Silver Lake Reservoir Complex Storage Replacement Project Los Angeles County Department of Water and Power --Los Angeles LADWP proposes to remove Silver Lake and Ivanhoe Reservoirs from direct service to the LADWP water distribution system. Project elements include: a 110 million gallon buried storage reservoir at the HWSG site, a 4 MW hydroelectric power generation facility at or near the HWSG site, regulating station and bypass pipeline through Silver Lake Reservoir, changed operation of SLRC.	NOP	09/23/2003
2003081136	Palmdale Medical Center Palmdale, City of Palmdale--Los Angeles The project proposes the development of a mixed-uses medical facility that would be constructed in phases. The first phase would consist of the following: a general hospital that would be approximately 300,000 square feet and would contain approximately 170 beds with an expansion capacity of up to 250 beds; a multiple story medical office building (MOB) that would approximately 60,000 square feet; a large surface parking lot; driveways; and landscaping. 2003082100	<p>Union City Intermodal Passenger Rail Station Project Union City Union City--Alameda</p> <p>The proposed project will reroute current and future Capitol Corridor passenger rail service from the Niles Subdivision of the Union Pacific Railroad (UPRR) to the Oakland Subdivision of the UPRR between Hayward and Fremont to allow Capitol Corridor inter-city rail service trains to access the planned City of Union City Intermodal Station. Rerouting of the inter-city rail service onto the Oakland Subdivision will require new connections at both ends of the study corridor: Connecting the Niles Subdivision to the Oakland Subdivision, one new connection in Hayward just south of Industrial Parkway (commonly referred to as the Industrial connection), and one in Fremont near Shinn Street (commonly referred to as the Shinn connection). These connections would allow the passenger rail station direct access to BART at the planned Union City Intermodal Station with a common concourse.</p>	NOP	09/23/2003
2003082103	<p>Development Agreement Between the City of Palo Alto and Stanford University Palo Alto, City of Palo Alto--Santa Clara</p> <p>Development Agreement and a 51-year lease by the City of Palo Alto of 6 acres from Stanford University to allow an athletic fields complex on the Mayfield site. In return, Stanford would receive vesting for 100,000 square feet of new development in the South Research Park. To offset the loss of potential housing on the Mayfield site, Stanford would build a minimum of 250 housing units on six sites in the City. Stanford would receive vested rights rights to replace 200,000 of that square footage in the South research Park and to construct the 250 units. The City Council has requested a review and supplement of the existing Comprehensive Plan EIR prior to the approval of any additional development in the Stanford Research Park. This EIR will also review the impacts of buildout of the Research Park under the current Comprehensive Plan and zoning.</p>	NOP	09/23/2003
2003012101	<p>Interim Contaminant Source Reduction Project Tank Farm S Oakland International Airport Oakland, Port of Oakland--Alameda</p> <p>Implementing the proposed project will involve excavating and removing approximately 241 cubic yards of contaminated soil from three areas in the northwestern corner of Tank Farm S, extracting ground water from the excavations, installing two monitoring wells, abandoning two existing wells, uncovering an existing fuel pipeline, and monitoring groundwater quality.</p>	Neg	09/23/2003

Removal of 18" culvert and replacing it with a 36" culvert to accommodate 20' wide access road. Approximately 40 cy of onsite fill dirt will be placed over new culvert.	NOD	
2003089060	Poplar Creek Crossing Restoration Fish & Game #2 --Plumas The California Department of Fish and Game is executing a Lake or Streambed Alteration Agreement Number R2-2003-324 pursuant to Section 1601 of the Fish and Game Code to the project applicant, Feather River Coordinated Resource Management Group. Installation of new multi-culvert crossing and loose rock grade control structure, conversion of 300' of channel into three ponds and transplanting of vegetation.	NOD	
2003089061	Sophia Parkway Extension Fish & Game #2 --El Dorado The California Department of Fish and Game is executing a Lake or Streambed Alteration Agreement Number R2-2003-353 pursuant to Section 1601 of the Fish and Game Code to the project applicant, Riverwest Investments. Installation of three culverts to allow for the extension of the roadway.	NOD	
2003088440	Stafford Bar River Bar Gate Parks and Recreation, Department of --Humboldt Installation of an approximately 20-foot metal pipe gate at the entrance to Stafford Bar River Bar, Humboldt Redwoods State Park, to protect park resources and restrict illegal activities.	NOE	
2003088441	Replace or Improve Foothill, Nature and Brown Creek Trail Structures Parks and Recreation, Department of --Humboldt Project replaces two large footbridges, a 90' bridge on Foothill Trail and a 65' footbridge over Prairie Creek where the Nature Trail joins Elk Prairie Trail. Project replaces an 18' footbridge and two puncheons on the Nature Trail. Improvements on the Nature Trail include rerouting 200' of trail that has washed out and installing a 16' puncheon over a wet section of trail. On the Brown Creek Trail, project replaces two footbridges, a 26' span crossing Brown Creek and a 24' bridge at the junction with the Trail of the Great. All of the existing structures have failed or are rotting, and are in need of replacement to protect visitor safety and the resources from degradation. All excavations will be minimal, as the replacement structures would be the same basic size, footprint, and design as the original structures. The excavations would only be enough to remove the old structures and to install the new structures. Excavation for structures would be no more than 1.5 feet beyond the length and 1 foot beyond the width of the existing footings, totaling between one to two cubic yards.	NOE

	through 8/31/08) with an option to extend for an additional five years.		
2003088448	Eel River Low Water Crossing Fish & Game #3 --Mendocino The project activity involves installation of a seasonal low water crossing to access residences across the Eel River. The low water crossing is proposed at 46200 Covelo Road about 5 miles south of Dos Rios on Highway 162, Mendocino County.	NOE	
2003088449	I-80/SR-89 Interchange Improvement Project Truckee, City of Truckee--Nevada The project is an asphalt concrete overlay project, replacing the I-80/SR-89 interchange the existing "Tight Diamond" stop sign controlled intersection with a new 2-lane "roundabout" configuration. The proposed roundabouts will be constructed within the existing right-of-way and will occur entirely within previously disturbed areas. No encroachment in adjoining delineated wetlands will occur. No new right-of-way will be acquired and no new surface disturbance will occur. Total pervious surface area will be reduced by at least 0.02 hectares (0.05 acres). This is a safety enhancement project (Highway Safety Improvement Program - Traffic Index over 200) to alleviate traffic accident problems associated with the current design. The project will benefit all motor vehicles attempting to transition from one highway to the other, as well as improve traffic safety for vehicles and pedestrians traversing along SR 89. The project design was endorsed by the Truckee Town Council on July 3, 2003.	NOE	
2003088450	R4-2003-0068, North Fork Tule River, Low-water Crossing Fish & Game #4 --Tulare The installation of a low-water concrete watercourse crossing, approximately 12-feet wide with a length of 40-feet and a height of 4 to 8 inches. Road approaches into the crossing will be concreted to minimize surface erosion into the river and to protect the crossing.	NOE	
2003088451	R4-2002-0183; Tule River, Middle Fork Fish & Game #4 --Tulare Routine maintain of a side channel of the Middle Fork of the Tule River in order to provide an adequate supply of water to the diversion headgate of the Graham Osborn Ditch Company, including the following: shifting of rock so that water allowed by appropriated right is received, clearing deposition of silt, sand, and downed trees that obstructs the flow of water in the side channel, shifting of rock on the main channel's bed to form a 45 degree angle to the left (east) bank, extending no further than the mid-point of the main channel's bed, and erosion prevention and/or control of the left eastern) stream bank at the point of the diversion headgate.	NOE	
2003088452	4-160-94 Agreement Amendment; Merced River Fish & Game #4 --Mariposa Moving sand and gravel (approximately 20 cubic yards) using a 5-inch suction dredge, and rolling approximately 10 to 15 boulders to reach bedrock. A small gas-operated winch and small cable will be used to roll the boulders. Work area shall not exceed more than 1500 feet along the Merced River.	NOE

2003054004	San Diego Border Infrastructure System U.S. Department of Homeland Security Indio--Riverside The purpose for this expansion of USBP facilities is to provide a safe and efficient working environment for 83 USBP agents, their support staff, and station equipment. The Indio Station was established at its current location in the early 1970s, and consists of a variety of renovated buildings. This development was created in reaction to the urgent need to add agents, equipment, and support resources as the amount of illegal traffic through the Indio Area of Operation (AO) increased. The existing USBP Indio Station can no longer effectively accommodate the number of USBP agents currently operation at the facility. There are currently 83 agents and 85 vehicles assigned to the station, even though the facility was originally designed for 20 agents. Within the past 18 months, Indio Station's enforcement activity has grown by nearly 800 percent.	FIN	
2002082001	Modification of City of San Jose's Transportation Impact Policy San Jose, City of San Jose--Santa Clara The project consists of a modification of the City of San Jose's Transportation Impact Policy to exempt certain intersections from traffic mitigation requirements. The City has identified thirteen intersections at which improvements beyond a specific amount already built or under construction would result in potentially significant adverse impacts. According to the proposed Traffic Impact Policy, a project's traffic improvements would be unacceptable if the improvement would result in a physical reduction in the capacity and/or substantial deterioration in the quality (aesthetic or otherwise) of any other planned or existing transportation facilities (such as pedestrian, bicycle and transit systems and facilities).	NOP	09/24/2003
2003081137	Ed & Mary Gomes Dairy, CUP 03011 Merced County --Merced Dairy facilities consisting of all new structures, including a milking barn, commodity barn and silage area, four freestall barns, five hay barns and six cattle shades. In addition, there will be five wastewater settling ponds, a secondary settling pond, a flush water pond and a retention pond. There will also be five manure drying pads and a tail water system to collect and return irrigation runoff to onsite tailwater ponds. A herd of approximately 5,580 total animals containing 2,100 milk cows. Processing will occur at the California Dairies creamery in Los Banos.	NOP	09/24/2003
2003081142	Regional Urban Water Augmentation Project Marina Coast Water District --Monterey The project involves the analysis of two major water augmentation supply options (desalination and recycled water) capable of meeting redevelopment requirements of the former Fort Ord as anticipated by the Fort Ord Reuse Plan. The Water Augmentation Project's key objective, or goal, is to provide 2,400 acre-feet per year of water from sources other than groundwater to the former Fort Ord area, and potentially, an additional 300 AFY to other demands outside of the former Fort Ord. <u>Documents Received on Tuesday, August 26, 2003</u>			
2003051038	Sunflower Properties, Inc. / Devon Properties, Inc. Toxic Substances Control, Department of San Diego--San Diego Activities proposed to be considered under the approved RAP include: 1.) Restarting an existing soil vapor extraction system consisting of a blower unit, and three 1000 lb. capacity, vapor - phase carbon absorbers (VPCA); 2.) Conducting periodic effluent concentration sampling and analysis activities; 3.) Conducting periodic granulated activated carbon filter change-out activities; and 4.) Conducting closure sampling, analysis and reporting activities.	NOD	
2003052102	Lucchesi Parcel Map Subdivision, Special Permit Humboldt County Planning Department --Humboldt A Parcel Map Subdivision of a 30.8 acre parcel into two parcels of 5 acres and 25 acres and 25.8 acres. The smaller 5 acre parcel on the east side of Jacoby Creek (Parcel 1) is already developed with a single family residence. The larger parcel to the west of Jacoby Creek (Parcel 2) is undeveloped. It has been historically used for timber production. Both properties will take access off an old logging road that intersects with Jacoby Creek Road. An exception to the standard 50' lot frontage requirement on a publicly maintained road has been requested for Parcel 2; there is no frontage proposed for this lot. Instead, access to the parcel will be over a 20' easement that follows the old logging road. Improvement of this access will involve road improvements, including the installation of a 60 foot bridge across Jacoby Creek. A Special Permit is also required for bridge placement within the Streamside Management Area (SMA). Both parcels will be served by public water and individual sewage disposal systems.	NOD	
2003052111	Valley Health Center at Gilroy Santa Clara County Gilroy--Santa Clara The Valley Health Center at Gilroy would consist of a new 50,000 to 60,000 square foot two-story building, along with paved parking areas. The proposed project would have a building footprint of four to six acres and would be located adjacent to Arroyo Circle. The proposed project would be designed to include post-construction structural controls where feasible, and Best Management Practices (BMPs) for reducing contamination in stormwater runoff as permanent features of the project. Circulation of the project site would be designed to provide adequate circulation/ emergency access and would comply with all adopted programs supporting alternative transportation.	NOD	
2003061048	Rule 4701 (Internal Combustion Engines - Phase 1) and Rule 4702 (Internal Combustion Engines - Phase 2) San Joaquin Valley Air Pollution Control District --Fresno, Kern, Kings, Madera, Merced, San Joaquin, ... Amend San Joaquin Valley Unified Air Pollution Control District Rule 4701 (Internal Combustion Engines - Phase 1) and Adopt Rule 4702 (Internal Combustion Engines - Phase 2). The Amendments/Adoption of Rule 4701 and Rule 4702 would correct SIP deficiencies identified by EPA and to reduce NOx emmissions from internal combustion engines.	NOD

2003061078	Caravelli Residence San Diego, City of San Diego--San Diego Site Development Permit (SDP No. 8806) to construct a 4,430 square-foot one-story single-family residence and site amenities on a vacant, previously graded, 26,889 square-foot site.	NOD	
2003062141	Recycled Water Treatment Facility and Pipeline North Marin Water Districts Novato--Marin NMWD & NSD are proposing construction of a recycled water treatment facility (RWTF) adjacent to an effluent storage pond and a wildlife pond north of Highway 37. The RWTF would provide additional treatment of the secondary effluent to tertiary levels to meet California Department of Health Services (DHS). The treatment process includes coagulation, filtration, and disinfection. The RWTF would have an initial capacity of 500,000 gallons per day (0.5 mgd) of recycled wastewater that would be distributed via an eight-inch high-density polyethylene (HPDE) pipeline for landscape irrigation at the Stone Tree Golf Course.	NOD	
2003071069	Sulphur Creek Ecosystem Restoration Project Laguna Niguel, City of Laguna Niguel--Orange The proposed project includes an increase and enhancement to the Sulphur Creek riparian corridor and its associated wildlife habitat. The riparian floodplain improvements would be done through activities such as excavation, grading, and removal of concrete liners, rock riprap and a raised dip crossing (replaced with a new bridge).	NOD	
2003089062	73rd and 74th Fringe Area Annexations to Eastern Municipal Water District (EMWD) and the Metropolitan Water District of Southern California (Metropolitan) Metropolitan Water District of Southern California Murrieta--Riverside The proposed action consists of the concurrent annexations of 13.72 acres (73rd Fringe Area) and 17 acres (74th Fringe Area) to EMWD and Metropolitan. Metropolitan will impose a water standby charge within the proposed annexing territory.	NOD	
2003089063	Calleguas Municipal Water District Annexation No. 82 Metropolitan Water District of Southern California Oxnard--Ventura The proposed project consists of the annexation of 6.07 acres, to Calleguas Municipal Water District and the Metropolitan Water District of Southern California (Metropolitan). Metropolitan will impose a water standby charge within the proposed annexing territory.	NOD	
2003089064	Planned Development P 2003-2 Calistoga, City of Calistoga--Napa The proposed project consists of repairing/stabilizing 45 feet of the right side of the Napa Riverbank. The proposed riverbank stabilization project includes removal of an abandoned auto body and preservation of eight existing Alder trees. It is proposed that a riprap trench will be constructed behind the Alder trees and that rock riprap will be installed approximately nine feet up the riverbank. Upstream of the project site, a root wad will be installed to divert flows away from the bank and into the center of the channel. Stacked coir fiber logs are proposed to be installed	NOD

The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number 1600-2003-5057-3 pursuant to Section 1603 of the Fish and Game Code to the project operator, Horner Canelis / Bohan and Canelis-Austin Creek Ready Mix.	NOD	
2003088511	Rim Trail Bridge Replacement Parks and Recreation, Department of --Humboldt The project proposes to replace the existing 17' foot bridge on the Rim Trail located between the Hike & Bike Trail and the Rocky Point Trail in Patrick's Point State Park with an ADA compliant bridge within the footprint of the existing bridge.	NOE	
2003088512	Group Areas Trail Bridge Replacement Parks and Recreation, Department of --Humboldt The project proposes to replace the existing 17' foot bridge on the Group Areas Trail in Patrick's Point State Park with a new 18' ADA compliant bridge within the footprint of the existing bridge.	NOE	
2003088513	College Cove Trail Rehabilitation Project Parks and Recreation, Department of --Humboldt Reconstruct College Cove Trail from its junction with Elk Head Trail down to Trinidad State Beach, in its existing alignment, to the standards in the district trail guide. Rehabilitate a 200 ft. section of Elk Head Trail east of its junction with College Cove, to comply with ADA guidelines. Project will improve safety and accessibility and reduce erosion while supporting continued use and maintenance of the facility.	NOE	
2003088514	Entrance Fence Parks and Recreation, Department of --Humboldt The project will entail the installation of a wooden fence to the entrance of Fort Humboldt State Historic Park to prohibit damage to park resources by illegal vehicle traffic.	NOE	
2003088515	Cattle Guard Installation Parks and Recreation, Department of --Contra Costa Install a 5x12 foot cattle guard at the Mount Diablo State Park boundary located at the bottom of Curry Canyon at Ettore Bertagnoli's property line. The feature will be excavated to a depth of 1 foot, and excavated soils will be hauled away to avoid sedimentation in the creek. Project will protect the Park's natural resources by excluding trespassing cattle.	NOE

2003088516	Clean Beaches Initiative Grant - Fitzgerald Marine Reserve Montara Sanitary District --San Mateo Replace sewer line in public right of way.	NOE	
2003088517	2003 Urban Water Conservation Grant-Water Conservation Program Montara Sanitary District --San Mateo Three year program to provide rebates to customers who install ultra low flow toilets and high efficiency washing machines.	NOE	
2003088518	Adoption of Revised Waste Discharge Requirements for the Westport Landfill, Redwood City Regional Water Quality Control Board, Region 2 (San Francisco Bay), Oakland Redwood City--San Mateo Revision of existing Waste Discharge Requirements.	NOE	
2003088519	Agreement No. R4-2003-0082; South Fork Stanislaus River, Philadelphia Diversion Weir Repair Fish & Game #4 --Tuolumne The applicant proposes repair and maintenance of an existing weir located downstream of the Philadelphia Diversion Dam. Work will consist of sediment removal from behind the weir, replacement of deteriorated concrete, addition of concrete to the weir, and replacement of weir chute walls. Water flows will be diverted around the work area both through existing diversion facilities and installed piping during construction. Disturbed stream banks will be recontoured and revegetated upon project completion.	NOE	
2003088520	East/West Bound Passing Lanes Caltrans #2 --Trinity This project proposes to construct westbound and eastbound passing lanes at two locations on Route 299 in Trinity County between KP 89.7 and 92.8 (PM 55.7 to 57.7) (Exhibit 2). The area is currently two lanes wide, standard width. The area covered by this project along Route 299 is from 0.4 km west of Rocky Point (KP 89.7/PM 55.7) to 1.2 km west (KP 92.8/PM 57.7) of the Moon Lim Rest Area near Douglas City. The project area falls within the Weaverville 7 1/2-minute Quadrangle, T33N, R10W, Sections 25 & 26, T33N R9W, Section 30 and T32N, R10W, Section 1.	NOE	
2003088521	Drainage Channel Caltrans #2 --Trinity This project proposes to correct the super elevation at the above referenced locations, using a combination of grinding and paving. Existing guardrail and drainage systems will be adjusted as needed. The drainage channel at approximately post mile 47.0 will be cut deeper into the rock face to prevent water and debris from flowing onto the roadway during heavy rain activity. This is a Minor A safety project. Below the north end and existing guardrail, located east of the runaway truck ramp is the start of a wetland. Avoidance measures must be taken to prevent spillage of material into the wetland during construction.	NOE

1999101036	Gene Autry Way (West) Highway Improvement Project Anaheim, City of Anaheim--Orange The proposed project includes construction of a new east/west, six-lane (three lanes in each direction) Gene Autry Way (West) Highway from Haster Street to a point approximately 200 meters (700) feet west of I-5, a distance of 400 meters (1,300 feet). Haster street would be widened to provide an additional through lane in each direction and realigned to accommodate additional traffic from Gene Autry Way (West). The project limits on Haster Street would extend from just south of Katella Avenue on the north to a point approximately 120 meters (390 feet) north of Orangewood Avenue on the south. There are nine alignment alternatives under consideration by the city. The proposed alternatives would require right-of-way and the displacement of existing land uses including mobile homes and apartment buildings.	FIN	
2003081154	Hoskings Ranch Subdivision San Diego County Department of Planning and Land Use San Diego--San Diego The project proposes a Tentative Map (TM 5312) within the Julian Community Planning Area that will subdivide 1, 416.5 acres into 33 lots ranging in size from 40 to 62 gross acres. At present, the project site is currently subject to Agricultural Contracts for livestock and designated as an Agricultural Preserve. Primary access for the project will be taken from Pine Hills Road, south of Highway 78/79. Secondary access will be directly from Highway 78/79 onto Daley Flat Road. All lots will be served by individual wells and septic systems.	NOP	09/26/2003

2003081156	College Park Project Upland, City of Upland--San Bernardino The proposed College Park Project consists of three components: commercial, residential, and recreational. The commercial component of the project contains a service station/mini mart, a retail center, a hotel, and a garden office building. The residential component of the project contains 50 single-family detached dwelling units and 448 multi-family attached dwelling units. The recreational component, occupying 1.05 acres, contains a greenbelt recreational area. Streets and dedications will occupy 3.58 acres.	NOP	09/26/2003
2003081151	Hajian office Building Malibu, City of Malibu--Los Angeles The proposed project consists of a request to construct a new 9,709 sq ft 2 story commercial building w/ central and surrounding walkways and landscaping throughout. A single vehicular driveway is proposed from the PCH on the Southeast Corner of the property. Parking is planned with two sections, located at the front and rear of the building. The project also proposes the restoration of a segment of Ruerco Canyon Creek, located at the north end of the property. The restoration area will encompass .69 acre (300,059.78 sq ft).	Neg	09/26/2003
2003081152	Sandera Major Residential Subdivision San Diego County Department of Planning and Land Use --San Diego Proposal for Major Subdivision and Administrative Permit for a clustered, Residential development to subdivide 80.76 gross acres into 12 lots. The project will consist of 10 single family residential lots measuring 1.21 to 8.02 net acres, one road lot measuring 3.12 acres, and one open space lot measuring 47.03 net acres. The proposed residential lots will be served by on-site sub-surface disposal systems and will receive water service from the Otay water District. Fire service will be provided by the San Miguel Consolidated Fire Protection District. Access to the site will be from Rancho Diego Circle, an existing public road. The proposed private road (Sandera road) off of Rancho Diego Circle provides access to all lots and will end in a cul-de-sac. Emergency access will be provided from the south of the property, off of Via Caliente Del Sol and will include a gated entry. Proposed grading for project implementation, including pads, driveways, and road improvements, will involve a balanced cut and fill of 18,900 cubic yards. The maximum cut slope ratio will be 1.5:1 and the maximum fill slope ratio will be 2:1.	Neg	09/26/2003

2003081164	Transfer of State Water Project (SWP) Table A Contract Water to the County of Kings Kings County --Kings The proposed project, the Transfer of State Water Project (SWP) Table A contract water to the County of Kings, consists of the permanent sale/transfer of up to 7,000 acre-feet of State Water Project (SWP) Table A contract water from the Tulare Lake Basin Water Storage District ("Tulare Lake") to the County of Kings ("County"). The transferred water will be provided by Angiola Water District ("Angiola") and Bowman Farms, Inc. ("Bowman"), which both have SWP Table A contract water from Tulare Lake. The County will own and administer the SWP Table A contract water. The County intends to enter into a contract with Westlands Water District ("Westlands") to help meet existing demand within the Kings County portion of Westlands for the benefits of the Lemoore Naval Air Station ("LNAS") and other agriculture water users in Kings County. The County and Tulare Lake are both existing SWP contractors.	Neg	09/29/2003
2003081165	Relocation of Buildings 158, 159 & 207 at Naval Training Center (NTC) San Diego, City of San Diego--San Diego Site Development Permit (SDP) to relocate three historic buildings from their current location within the Naval Training Center (NTC) National Register Historic District to a new location within the NTC National Register Historic District in accordance with U.S. Secretary of the Interior's Standard. The site is located on Truxtun Road between Womble Road and Roosevelt Road, within the CR-1-1 zone and Mixed-Use Subarea of the NTC Precise Plan in the Peninsula Community Plan area, Airport Environs Overlay, Coastal Overlay Zone, Council District 2.
