STATE CLEARINGHOUSE

NEWSLETTER

December 1-15, 2007

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **December 1-15, 2007.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Senior Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

DATE: February 13, 2007
TO: State Agency CEQA and Intergovernmental Review Coordinators
FROM: Scott Morgan, Senior Planner
SUBJECT: Distribution of Environmental Documents in CD-ROM Format

The State Clearinghouse has received an increasing number of requests from local and state lead agencies to distribute CEQA documents to state reviewing agencies in an electronic format, typically CD-ROM. The most common reason for these requests is to reduce cost. CD-ROMs are cheaper for the lead agency to reproduce and mail, and cheaper for the State Clearinghouse to distribute, especially in the case of multi-volume documents.

The State Clearinghouse has distributed EIR's and EIS's in CD-ROM format for state agency review and comment since August 1, 2003. Based on our experience with those documents, a survey conducted of state reviewing agencies and the potential cost savings to local and state agencies, we are extending this policy to other environmental documents including Negative Declarations, Mitigated Negative Declarations and Environmental Assessments. The State Clearinghouse will accept environmental documents under the following terms:

- CEQA Lead agencies may provide copies of draft environmental documents to the State Clearinghouse for state agency review in an electronic format. The document must be on a CD-ROM in a common file format such as Word or Acrobat.
- Lead agencies must provide fifteen (15) copies of the CD-ROM to the State Clearinghouse. In addition, each CD-ROM must be accompanied by 15 printed copies of the DEIR summary (as described in CEQA Guidelines §15123), executive summary, or introduction section of a Negative Declaration or Mitigated Negative Declaration. The printed summary allows both the State Clearinghouse and agency CEQA coordinators to distribute the documents quickly without the use of a computer.
- Final environmental documents may be provided in CD-ROM format without a printed summary. Distribution of the final documents is optional under CEQA.
- Federal lead agencies may send electronic copies of environmental documents to the State Clearinghouse in the same manner described for CEQA lead agencies. Distribution of NEPA documents to state agencies through the State Clearinghouse is encouraged pursuant to Presidential Executive Order 12372 and NEPA §102 (42 USC §4332)
- All notices of preparation must continue to be provided in printed format.
- Please provide one Notice of Completion Form with all submittals.

If your agency has difficulty downloading and reviewing any environmental documents please contact:

Scott Morgan, Senior Planner
916-445-0613
scott.morgan@opr.ca.gov .

Thank you for your cooperation in the CEQA review process.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE
1999 through 2006**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

<u>Documents Received on Monday, December 03, 2007</u>			
2006122060	Mokelumne Watershed Master Plan East Bay Municipal Utility District Jackson--Amador, Calaveras, San Joaquin Implement the proposed Mokelumne Land Use Master Plan for EBMUD property and facilities surrounding Pardee and Camanche Reservoirs.	EIR	02/04/2008
2007082161	East End Gateway Site 1 Project Capitol Area Development Authority Sacramento--Sacramento The Proposed Project consists of 125 residential units, 5,040 square feet of ground-floor retail, and 178 parking spaces, which would be in a parking structure.	EIR	01/16/2008
2006092081	Greenwood Lake Water Treatment Plant Project Georgetown Divide Public Utilities District --El Dorado Construction and operation of a new Water Treatment Plan and construction of approximately 3 miles of treated water pipeline, consisting of a new 16 to 20-inch diameter water pipe.	FIN	
2007041027	Huntington Beach Senior Center Huntington Beach, City of Huntington Beach--Orange The proposed project would include a new one-story senior center (~ 45,000 sq. ft.) on an undeveloped portion of Central Park. Access to the facility will be provided from Goldenwest Street/Talbert Avenue. The senior center will include multi-purpose rooms/community hall, group exercise room, fitness room, arts/crafts room, multi-use classrooms, kitchen, dance room, lobby, administrative area, outdoor patio and outdoor recreation/activity area. Approximately 227 parking spaces will be provided for visitors and City vehicles. The 5-acre project site is located within the 356-acre Huntington Central Park and generally located southwest of the intersection of Goldenwest Street and Talbert Avenue between the disc golf course, which is at a higher elevation and the Shipley Nature Center.	FIN	
2007101108	Main Campus Infrastructure Renewal Project University of California, Santa Barbara Goleta--Santa Barbara The Santa Barbara Campus proposes to replace certain underground utility distribution and collection pipelines. A phased infrastructure renewal program has been developed that addresses the natural gas and potable water distribution systems, and the sanitary sewer collection and storm drainage systems. The utilities that would be replaced have been identified as being in deteriorated condition and/or undersized to adequately serve the existing development located on the Main Campus.	FIN	
2007121002	5905-5909 Latigo Canyon Road Malibu, City of Malibu--Los Angeles The proposed project requests a lot line adjustment (LLA) between two existing parcels at 5905 and 5909 Latigo Canyon Road and Coastal Development Permit (CDP). The proposed project includes development of one of the parcels (5905 Latigo Canyon Road-Parcel 1) with a single-family residence and appurtenant uses and a proposed building site for the second parcel (5909 Latigo Canyon	MND	01/02/2008

	Road-Parcel 2). Access improvements include improving the unpaved driveway connecting to Latigo Canyon Road, extending the driveway through the proposed residential site (5905 Latigo Canyon Road), to the other building site (5909 Latigo Canyon Road) to meet fire department standards, and the construction of a three tiered retaining wall. In addition, several variances to the proposed project are requested. Additional site improvements include new landscape, re-vegetation and hardscape.		
2007121003	Santa Ynez Valley Inn and Racquet Club Buellton, City of Buellton--Santa Barbara A Final Development Plan (07-FDP-03) for the development of a racquet club, which includes eight tennis courts, two swimming pools, a spa, club house with fitness center, river trail connection and jogging path, and multiple gathering spaces, and 120 residential/lodging units that are for sale condominium units that will be available for use by the owner for approximately half the year and rented as hotel units for the other half of the year. A Tentative Tract Map (TTM 31050) is proposed for the racquet club parcel and the inn parcel. The project is located east of the Industrial Way and south of Rivergrove Mobile Home Park, Assessor's Parcel Number 099-690-048. A General Plan Amendment and Zoning Ordinance Amendment would change the General Plan designation to General Commercial and the Zoning Designation to CR (General Commercial). The change only applies to the land that is currently designated industrial and zoned M. The land that is designated Open Space and zoned OS will remain as is.	MND	01/02/2008
2007121005	Plot Plan No. 14420 Revised Permit No. 1 Riverside County Planning Department --Riverside Plot Plan No. 14420R1 proposes to expand the existing Costco Distribution Center to include 10.85 gross acres for the addition of 362 truck trailer parking stalls totaling 118 acres of land.	MND	01/02/2008
2007121006	Tentative Parcel Map No. 35518, Plot Plan No. 22352 Riverside County Planning Department Murrieta--Riverside Tentative Parcel Map No. 35518 proposes a Schedule E subdivision of 13.61 gross acres for condominium purposes. Plot Plan No. 22352 proposes to construct a 12.08 acre business park consisting of eleven (11) two-story office buildings and five (5) single story merchandise buildings totaling 177,742 square feet. Additionally, the project proposes 623 parking spaces and approximately 3.54 acres of landscaping.	MND	01/02/2008
2007121013	Sunset Substation Project Banning, City of Banning--Riverside Construction of a new 3.5-acre, 69x33-12 kV electrical distribution substation and an associated 1.5-acre stormwater facility; reconstruction of the existing 3.2-mile 33-kV overhead line from SCE Banning Substation (located on Lincoln Street near Hargrave Street) west along Lincoln Street to Midway Substation (located on Ramsey Street near Highland Home Road); and the construction of an approximately 2.0-mile new underground 69-kV section north along Ramsey Street, Omar Street, Wilson Street, and Mountain Avenue to the existing Southern California Edison (SCE) transmission easement, and then west to the proposed Sunset Substation. 2007122001	Walnut Grove Sewer Connection Sacramento County --Sacramento Pump Station at Walnut Grove Wastewater Treatment Plant: The new pump station will consist of a trench-style wet well equipped with two submersible pumps (one duty, one standby). The pump station will be sited along the southerly WWTP boundary. The pumps will have capacities of approximately 660 gpm and 720 gpm at 125 feet of head. A Booster Pump Station on North Cameron Road: The booster pump station location creates similar operating conditions as the pump station at the WWTP. The booster pump station will have similar overall configuration to the pump station at the WWTP, except there is no need for emergency storage. Approximately 54,000 feet (10.2 miles) of 10-inch force main from the Walnut Grove Wastewater Treatment Plant to the existing CSD-1 pump station at RCCC. No major modifications to the existing RCCC pump station are anticipated.	MND	01/02/2008
2007121001	General Plan 2007 Monterey County Carmel-by-the-Sea--Monterey The General Plan serves as the blueprint for growth in unincorporated inland areas of Monterey County by designating land for various urban and non-urban uses including agricultural, commercial, industrial, residential, and public/quasi-public. GP 2007 carries over most of the policies and land use designations that composed GP 2006, with a number of key revisions. The following describes GP 2007, with items that represent a change from GP 2006 marked with an asterisk or listed under "Other GP 2007 Provisions.	NOP	01/02/2008
2007121009	Site Development Permit 06-875 and Tentative Parcel Map 35088 La Quinta, City of La Quinta--Riverside Proposed development of 103,972 s.f. retail commercial shopping center and 130,450 s.f. office complex on 25.05 acres at the northeast corner of Washington Street and Fred Warning Drive.	NOP	01/02/2008
2007121011	Santa Maria Airport Master Plan Santa Maria Public Airport District Santa Maria--Santa Barbara The purpose of the Santa Maria Airport Master Plan (Master Plan) is to guide airport development over a 20-year period. All airport master plans funded by the Federal Aviation Administration (FAA) are prepared according to specific guidelines. The Master Plan is designed to satisfy aviation demand in a financially feasible manner, and resolve the identified aviation, environmental and socioeconomic issues.	NOP	01/02/2008
2007121012	Vesting Tentative Tract No. 69976 Los Angeles, City of Los Angeles, City of--Los Angeles The Applicant, MWH Development, proposed to construct 229 single family detached units on a project site of approximately 58 acres. The homes will be two stories in height, and will contain four bedrooms, and will have an average floor area of approximately 2,200 square feet. Each unit will have a two car garage, in	NOP	01/02/2008

	addition the project will provide 1/4 guest parking space per unit for a total of 57 guest spaces. Approximately 25 acres of the 58-acre project site are currently developed with a golf course and supporting uses and structures, all of which are proposed to be demolished. The proposed homes would be constructed on that portion of the project site occupied by the golf course.		
2007122003	555 Washington Street - 2002.0133E San Francisco Planning Department San Francisco--San Francisco The proposed project would include construction of a new 38-story, 390-foot-high residential building plus a 35-foot mechanical penthouse. The building would contain about 336,540 square feet of residential uses (248 units), 6,700 square feet of ground floor retail, and 69,515 square feet of subsurface parking on four levels with 230 spaces (eight are independently accessible). The development site fronts on both Washington and Sansome Streets, and retail would be accessed on all four building sides. The residential and parking garage exit/entrance would be on Washington Street as would one full-size, off-street loading dock, while a second loading dock would be below grade in the garage. The project would demolish two buildings: 501-505 Washington Street and 545 Sansome Street. The sponsor would renovate Redwood Park that exists between Washington and Clay Streets and then convey the park to the City as a public park. The project would also vacate a portion of Mark Twain Alley and use it as required open space.	NOP	01/02/2008
2007121007	Issuance of Hazardous Waste Facility Permit for Bakersfield Transfer, Inc. Toxic Substances Control, Department of Bakersfield--Kern The project consists of making a permit decision on a Standardized Permit application submitted by Bakersfield Transfer Inc. to the Department of Toxic Substances Control for the storage and transfer of hazardous waste in tanks and containers. The permit, if approved, would allow BTI to construct and operate a hazardous waste storage and transfer facility. BTI would be allowed to store 80,000 gallons of liquid hazardous waste in tanks, 66,000 gallons of liquid hazardous waste in containers, and 320 tons of solid hazardous waste. Hazardous waste managed by BTI includes used oil, waste antifreeze, oily water, contaminated petroleum sludge, and solids contaminated with oil. The permit would also allow BTI to transfer hazardous waste between containers and tanker trucks or between tanker trucks to tanker trucks in the loading/unloading area.	Neg	01/16/2008
2007121008	Chosen Road Inc. Monterey County Carmel-by-the-Sea--Monterey Combined Development Permit consisting of (1) a Coastal Administrative Permit to allow for the demolition of an existing 1,900 square foot single family dwelling and the construction of a new 2,130 square foot two-story single family dwelling including a 250 square foot attached garage; (2) a Coastal Development Permit for development within 750 feet of a known archaeological resource; and (3) a design approval. The property is located at 26344 Ocean View Avenue, Carmel. Southwest of the intersection of Stewart way and Ocean View Avenue, Coastal Zone.	Neg	01/02/2008

2007121010	<p>North Etiwanda Preserve (NEP) Enhancement Project San Bernardino County Special Districts Department Rancho Cucamonga--San Bernardino</p> <p>The North Etiwanda Preserve (NEP or Preserve) consists of 762 acres of primarily Riversidian Alluvial Fan Sage Scrub (RAFSS) habitat located northerly of the City of Rancho Cucamonga and easterly of Day Creek. This property was purchased by the San Bernardino Associated Governments (SANBAG) to be preserved as natural habitat as full mitigation for impacts to similar habitat associated with development of State Route 30, also known as the 210 Freeway project. The NEP consists of about 568 acres of RAFSS and about 194 acres of other sensitive habitat. On February 24, 1998, SANBAG granted a Conservation Easement to the County of San Bernardino (County) subject to the terms of a Cooperative Management Agreement (Agreement) adopted by the County on February 10, 1998. County Service Area (CSA) 70. Improvement Zone OS-1 is responsible for management and operation of the Preserve subject to the advice and input of a District Board established to advise on the management of the District (CSA 70, Improvement Zone OS-1) and the ultimate decision-making authority of the San Bernardino County Board of Supervisors. The purpose of the Conservation Easement is to preserve the conservation values of the NEP and prevent use of the Preserve for purposes other than those specifically allowed by the easement.</p>	Neg	01/02/2008

Parcel 1 is 9 acres and would contain the RV and boat storage. Parcel 2 is 23.7 acres and would contain the ministorage. Parcel 3 is proposed to be 19.58 acres and would contain a future subdivision. 2) SDP-D-16-07: The site development permit is for the proposed RV and boat storage on Parcel 1 and for the ministorage on Parcel 2. The boat and RV storage will occupy 202,755 square feet of development and have covered structures for the RV's and boats, consisting of 121,500 square feet of buildings. The ministorage on Parcel 2 will consist of 5.66 acres of development. The development would consist of 12 storage buildings, with 712 individual storage units ranging from 17,000 square feet to 4,500 square feet in size, for a total of 109,707 square feet of buildings. The development would also include a 1,500-square-foot office building with a manager's quarters.</p>	Neg	01/02/2008

2004121065	Aquifer Storage and Recovery Project Monterey Peninsula Water Management District Carmel, Monterey, Seaside--Monterey On September 12, 2003, the MPVWMD filed a petition with the Division of Water Rights (Division), State Water Resources Control board (State Water Board) to change the points of diversion and rediversion, and purpose of use for Amended Permit 20808 (Application 27614). This petition was submitted to facilitate MPWMD's proposed aquifer storage and recovery (ASR) project. For the ASR project, water will be diverted from the Carmel River from December 1 to May 31 of the following year, and conveyed through California-American Water's (CAW) municipal water supply system for injection in the Seaside Groundwater Basin. CAW owns 19 wells and additional diversion facilities that MPWMD proposes to use for this project. CAW's wells that are located along the Carmel River Aquifer would be used to extract the water for this proposed project. MPWMD seeks to change Amended Permit 20808 to describe the 19 wells and seven undeveloped well sites located in the Carmel River Aquifer, as Points of Diversion to offstream storage at the Seaside Groundwater Basin, and add the San Clemente Dam, owned by CAW, as a Point of Diversion to offstream storage at the Seaside Groundwater Basin.	NOD	
2006012043	East Shore Wastewater Improvement Project Marin County --Marin The proposed project involves the installation of a 3" diameter effluent sewer line underneath a perennial unnamed stream tributary to Tomales Bay. Installation of the conveyance sewer line will involve utilization of a horizontal directional drill at the stream crossing and shall be installed as a minimum depth of at least 4' under the stream channel bed. Entry and exist drill pits will be installed adjacent to the riparian areas on the unnamed stream but will not be located in the riparian area as stated by the applicant.	NOD

2007122008	HealthSPORT Subdivision and Health Club Humboldt County Community Development Services Eureka--Humboldt The subdivision of a 1.9 acre parcel into one (1) parcel of +/- 53,120 sf, thirteen (13) parcels ranging in size from 1,100 sf-1,600 sf and a 15th common parcel of +/- 9,000 sf for a total of 15 parcels. The largest parcel will be developed with a +/- 19,500 sf health club facility (HealthSPORT). This use includes the development of 80 parking spaces and considerable landscaping. The 13 residential parcels are to be developed with townhomes for individual sale and will include a total of 24 parking spaces, most within enclosed garages. The common parcel will be dedicated open space as required by the Planned Unit Development (P) Ordinance for the use of the residents of the development. This parcel will be owned and maintained by a Homeowner's Association or other such approved entity. The parcel is split-zoned. The health club structural improvements will be located within the Commercial General (CG) portion of the parcel and the townhomes will be located completely within the residentially zoned portion. Parking for the commercial use, however, will overlap into the residential zone. Project includes an access easement for the benefit of the residents across the commercial parking area for improved circulation and traffic routing within the development. Project also includes the preparation of a cumulative traffic study to analyze the potential effects of the development on Myrtle Avenue and other nearby street segments and intersections. The SP is required to allow an exception to the loading zone requirement per S313-109.1.52, HCC. The project includes a solar shading exception per S322.5-8 of the Subdivision Regulations. The project is appealable to the Coastal Commission.	MND	01/02/2008

	protection, and the drinking water supply.		
2007121020	Line Q Storm Drain Channel Improvements (CIP D) Perris, City of Canyon Lake, Moreno Valley--Riverside The project is a public safety project that will improve Line Q, a Riverside County Flood Control and Water Conservation District (RCFCD) Master Plan facility that will collect drainage from a 500-acre developed watershed. The project is proposed as a rectangular concrete open channel using reinforced concrete box culvert crossings at Evans Road, El Nido Road, and at the Perris Valley Storm Channel. The Line Q storm channel will extend for 3,300 linear feet with a general width of 20 feet and a depth of 8 feet within the RCFCD 52-foot right-of-way, (300 feet of the existing channel is concrete, so 3,055 feet of existing of existing earthen channel is impacted by the project). Three 12-20 feet wide by 4 feet high single-cell reinforced concrete boxes (RCB) are proposed for three locations.	MND	01/03/2008
2007121021	Harbor Boulevard Mixed-Use Development Anaheim, City of Anaheim--Orange Three-story, 105-room hotel, 14,741 square feet of retail, and a 191-unit condominium complex.	MND	01/03/2008
2007121024	General Plan Amendment and Change of Zone for the 2351 S. Fourth Street Property El Centro, City of El Centro--Imperial The project consists of General Plan Amendment (GPA No. 07-02) from Tourist Commercial to General Commercial and Change of Zone (COZ No. 07-02) from CT, tourist commercial to CG, general commercial. The applicant is proposing a General Plan Amendment to change this designation to General Commercial because that designation would allow for a wider variety of retail and service-oriented businesses. The CG, general commercial zoning would enable the development of general business, light service and retail uses, large-scale planned shopping districts, and where appropriate, hotel and public assembly uses.	MND	01/03/2008
2007122012	Rezoning/Land Use Designation of 1001 San Antonio Road (Ciardella's) Palo Alto, City of Palo Alto--Santa Clara Request by Ciardella's Garden Supply on behalf of Caltrans to establish Ciardella's Garden Supply Center on 1.98 acres of land via City approval of the following applications: (1) a rezoning of the site from Public Facilities District (PF) to General Manufacturing District (GM); (2) a Comprehensive Plan Amendment to apply a land use designation of Light Industrial (no designation currently exists); and (3) Architectural Review of site modifications.	MND	01/03/2008
2007121019	SRG Chino South Industrial Park Chino, City of Chino--San Bernardino The project is a request to construct 4 concrete tilt-up industrial buildings on approximately 127 acres of land located within the Agricultural-Transitional zoning district at the northwest corner of Pine and Euclid Avenues. The project includes the following applications: - A General Plan Amendment and Zone Change to change the existing land use and zoning designation from Agricultural-Transitional to General Industrial	NOP	01/03/2008

2007122010	Development Code Update & Design Guidelines Oroville, City of Oroville--Butte This Initial Study provides an assessment of the proposed Development Code Update and Design Guidelines. The updated Development Code and the Design Guidelines were published in draft form on November 30, 2007, and are being reviewed concurrently with this Initial Study and Negative Declaration. The Development Code Update involves revision and refinement of three selected chapters of the Municipal Code, namely the Zoning Code, Subdivision Ordinance and Grading Ordinance. These revisions are intended to bring the Development Code into closer conformity with the City's General Plan; to refine and clarify the Development Code's regulations, guidelines and requirements; to ensure consistency within and between the various components of the Code; and to permit the City to comply with State and federal water quality regulations. The Design Guidelines provide recommendations for new development that are intended to improve the character and quality of development projects in the City. This Initial Study is tiered off of the City of Oroville 1995 General Plan EIR, which was adopted in August 1995. Findings of Fact and the Statement of Overriding Consideration for this EIR were also adopted in August 1995.	Neg	01/03/2008
1990020181	Precise Plan Area #20NW Modesto, City of Modesto--Stanislaus The Final Map for Kodiak II Village was recorded on May 12, 2005. Pursuant to Modesto Municipal Code 4-4.405(c), the development rights conferred by the vesting tentative map remained in effect until May 12, 2007. The subject application is for a one-year extension of the development rights conferred by the vesting tentative map. Approval of the application will extend the development rights conferred by the vesting tentative map until May 12, 2008.	NOD	
1999082041	Modesto Urban Area General Plan Amendment-Housing Element Update Modesto, City of Modesto--Stanislaus The application is an amendment to P-D(82) to allow the conversion of 73 existing rental units into a for-sale development. The proposed air space condominium units will have a common front yard area and a small rear yard. A Home Owner's Association will be responsible for the regular maintenance of the front yards, roofs, as well as sewer and water lines.	NOD

2007052023	Machado Estates Manteca, City of Manteca--San Joaquin The proposed project includes the Annexation, Rezoning, Development Agreement, Tentative Map, a planned unit development, and construction of the Machado Estates Subdivision. The project would subdivide approximately 158 acres into 575 single family lots. The project would include the removal of a single family home from the site.	EIR	01/22/2008
2007091132	749 17th Street Condominiums and Adult Daycare Facility Santa Monica, City of Santa Monica--Los Angeles New construction of 3,942 square foot adult daycare center, three condominiums and seven senior group residences on an R2 zoned 17,880 square foot lot. Driveway access to nineteen parking spaces below grade and a semicircular driveway are proposed along Montana Avenue. The application is for a Conditional Use Permit for an adult daycare center, Vesting Tentative Tract Map for a four lot subdivision, and a General Plan Amendment to correct an inconsistency in land use designations.	EIR	01/22/2008
2007102025	New Mammoth Lakes Courthouse At College Parkway For Mono County Administrative Office of the Courts Mammoth Lakes--Mono The Administrative Office of the Courts (AOC), the staff agency on the Judicial Council of California, is proposing fee acquisition of a parcel in Mammoth Lakes, construction of a new courthouse, and operation of the facility for use by the Superior Court of California, Count of Mono. The courthouse will be on State Route 203 (Main St.) at Sierra Park Rd. The project site will cover approx. two acres. The proposed new Courthouse will be one story tall with a partial basement, have approx. 20,000 sq. ft. of space for two courtrooms and other court-related facilities, and will have approx. 40 public parking spaces. The new courthouse will improve access to judicial facilities for residents of Mono County; provide courthouse facilities that meet current building standards for public use: provide facilities to support new judicial services; and provide improved security for visitors, judges and courthouse staff.	FIN	
2006061071	Auburn Bluffs Tentative Subdivision Map and Tree Permit (SUB 07-3 and TP 07-13) Auburn, City of Auburn--Placer The applicant proposes to subdivide a 9.6 acre parcel into 29 single family lots, ranging in size from 8,504 to 47,750 sq. ft. A Tree Permit is required for the removal of 37 native trees. Improvements existing on the site would be reconfigured to match the proposed development. This would include modification to the existing sidewalks and driveways and underground utilities. Lots would be sold for future construction of custom homes.	MND	01/08/2008
2007022119	Tentative Subdivision Map Application TM05-1398/Thousand Oaks Unit No. 3 El Dorado County --El Dorado Tentative subdivision map application to create two lots ranging from 1.22 acres to 7.18 acres. A design waiver request has been submitted to allow irregular shaped lots and frontage for lot two to be less than 100 feet as shown on the tentative map.	MND	01/07/2008

2007121031	Los Flores Ranch Passive Recreation Program Santa Maria, City of Santa Maria--Santa Barbara Discretionary action by the City of Santa Maria Recreation and Parks Department to implement passive recreational use on portions of the Los Flores Ranch property. Passive recreation refers to "non-consumptive", less intense, outdoor activities compatible with protecting environmental resources. Passive recreational uses may include hiking, bicycling, equestrian activities, wildlife and nature observation and photography and picnicking. The proposed project includes minor improvements located in portions of the property that are unconstrained by environmental resources and hazards. The proposed project involves the creation of a network of recreational trails and associated facilities for hiking, bicycling, equestrian, and other passive recreational use.	MND	01/07/2008
2007121032	Public Use Permit No. 885 Riverside County Planning Department --Riverside To construct a privately owned law enforcement, military, and governmental agency tactical training center consisting of 3 administrative office buildings totaling approximately 8,500 square feet, 2 dormitories/garages, a gymnasium, a covered pool, 2 classroom structures totaling 5,000 square feet, 10 uninhabited training structures and several artificial streets arranged to simulate a town, 6 indoor firing range/simulation firing ranges totaling approximately 27,625 square feet, 3 indoor rifle ranges totaling approximately 36,750 square feet, and a tactical training driving test track and skid pad.	MND	01/07/2008
2007122017	Parcel Map 06-020-Green Shasta County --Shasta The request is for a two-parcel land division resulting in a 3.12-acre parcel and a 3.15-acre parcel. The proposed parcels will be served by a public water district and on-site sewage disposal systems. Improvements will include installation of water service infrastructure to serve proposed Parcel 2 and construction of driveway encroachments. Development requirements will also include the implementation of a fuel hazard reduction plan to address fire safety issues.	MND	01/11/2008
2007122018	Zone Amendment 05-038 and Parcel Map 05-067 - Flowers Shasta County Anderson--Shasta The request is for a Zone Amendment from the Unclassified (U) zone district to the Limited Agriculture (A-1) district in conjunction with a two-parcel land division of 24.96 acres. The resulting parcels will be 5.84 acres and 19.12 acres.	MND	01/10/2008

	basement parking. The proposed building would include about 131,450 square feet (sq. ft.) of residential space with 107 residential units on Floors 2 through 13 and about 15,800 sq. ft. of commercial space on the ground floor. The proposed development would include 46 one-bedroom units and 61 two-bedroom units, a grocery store on the ground floor, and up to 170 parking spaces. Approvals necessary included conditional use authorizations, variances, and exceptions from Planning Code requirements.		
2007122022	Electric System Distribution Project Truckee Donner Public Utility District Truckee--Nevada The District owns and operates an electric distribution system serving approximately 13,000 residential and commercial customers in Truckee, CA. The electric distribution system consists of 4 substations and approximately 202 miles of 12.47 kV distribution facilities, including about 67 miles of underground distribution cables, over an area about 44 square miles. Capital improvements to the District's electric system are required to provide for load growth, increase system capacity and to maintain the operational flexibility of the system.	MND	01/07/2008
2007122023	2008 Pipeline Replacement Project Truckee Donner Public Utility District Truckee--Nevada The purpose of this project is to install 11,950 lineal feet of new water pipeline to replace older pipelines at three areas in Truckee. New pipelines will connect to existing pipelines in the project areas. Capital improvements to the District's water system are required to maintain the operation of the system and improve service reliability to the District's customers.	MND	01/07/2008
2007121033	Westlake Development Project Fresno, City of Fresno--Fresno Granville at Westlake, Inc. is proposing to develop a 460-acre project with residential and commercial uses in an area located west of SR 99 bounded by West Gettysburg Avenue, West Shields Avenue, and North Garfield Avenue. The project will consist of approximately 2,600 residential units at various densities and construction of up to 295,000 square feet of community and neighborhood commercial buildings. The applicant plans to develop the project over a 10 to 12 year period.	NOP	01/07/2008
2007121034	Los Osos Wastewater Project San Luis Obispo County --San Luis Obispo The Los Osos Wastewater project consists of four main components: collection, treatment, effluent reuse and disposal, and solids treatment and disposal. The primary purpose of the project is to alleviate groundwater contamination, primarily nitrates, that has occurred at least partially because of the use of septic systems throughout the community. However, an important aspect of the wastewater project involves water resource issues because of seawater intrusion that is contaminating the Los Osos groundwater basin. Los Osos is located at the south end of Morro Bay, twelve miles west of the City of San Luis Obispo in San Luis Obispo County.	NOP	01/07/2008

2007121041	North Oxidation Ditch Activated Sludge System Improvement Project Patterson, City of Patterson--Stanislaus The rehabilitation or replacement of infrastructure at the City's Wastewater Treatment Plant. Much of the equipment has become corroded with time. North Clarifier Number 1 would be rehabilitated to prevent corrosion. North Clarifier Number 2 would be relocated to prevent further corrosion. For nitrogen removal to current standards, new brush aerators with on/off timers would be installed. Two submersible mixers would also be installed to maintain velocity in the ditch when the aerators are off. Additionally, improvements would be made to the Return Activated Sludge pump station, Distribution Structure, and clarifiers to improve reliability, water quality, and worker safety. The three current pump stations will be consolidated to two new pumps.	Neg	01/08/2008
2007122021	Baldoni Industrial Park Storage Yard Expansion (aka Affordable RV Rental) PCPM T20050888 Placer County Planning Department --Placer A Grading Permit is required for permanent stormwater Best Management Practices on a 9.8-acre parcel.	Neg	01/07/2008
2006122084	The Preserve at Redwood Shores Precise Plan Redwood City --San Mateo The proposed project is the development of an approximately 114.5-acre site with 144 to 158 residential townhomes, a 400 to 450 student elementary school, a 3.5-acre neighborhood park, and approximately 92.5 to 93.5 acres of restored wetlands including levees and public access trails. The project site is the last major developable area on the Redwood Shores Peninsula and development of the site has been anticipated since the 1990 Redwood City Strategic General Plan. The proposed project includes a General Plan amendment and rezoning, which would result in less-intensive use of the site than currently allowed under the General Plan. The project includes the construction of a new levee system and realignment of and improvements to the Bay Trail.	Oth	
2005052136	Teichert Marysville Surface Mining Permit Modification and PG&E Infrastructure Improvements Project Yuba County Marysville--Yuba Teichert Aggregates (Teichert), the project applicant, is proposing alterations to the approved aggregate extraction and processing project located in the northwestern quadrant of the intersection of Hammonton-Smartville Road and Hammonton Road in Yuba County. The proposed alterations include production capacity increase; alteration of phasing; increased mining equipment options; flexible locations for revegetation test plots, overburden (non-usable material) stockpiling, and temporary berms; revisions to current waste discharge requirements (WDRs) for the aggregate extraction and processing operation; and proposed PG&E electrical infrastructure improvements. It should be noted that the project site boundary, the designated mining area, and the approved reclamation plan would not change.	SBE	12/19/2007

2007121035	ZC #06-1698 Bakersfield, City of Bakersfield--Kern Zone Change from A (Agriculture Zone) to R-2 (Limited Multi-Family Dwelling Zone) on 39 +/- acres. Applicant is also requesting annexation to the City of Bakersfield. Applicant proposes approximately 300 dwelling units, a future P.G.& E. utility substation, and associated power line extension. The site also contains two active oil wells and an oil tank farm consisting of structures used in oil drilling activities.	MND	01/08/2008
2007122024	Cross Connection Controls Project San Francisco, City and County Planning Dept. --San Mateo, Santa Clara, Alameda The San Francisco Public Utilities Commission (SFPUC) proposes the Cross Connection Controls project to address California Department of Health Services concerns regarding potential contamination along the SFPUC's regional water system. The proposed project would install protective devices to insure the integrity of certain identified value systems. There are 27 sites along the regional water system in Alameda, Santa Clara and San Mateo counties where existing configurations for air/vacuum relief valves and blow-offs create potential cross-connections that must be corrected. The proposed project and its associated construction would not result in the disturbance of land beyond the existing facility footprint areas or require the acquisition of new property.	MND	01/14/2008
2007122025	Donner-Truckee Veterinary Hospital (PREA T20070547) Placer County Planning Department Truckee--Placer Proposed an expansion to an existing veterinary hospital.	MND	01/08/2008
2007122026	Grading for Private Stables (Equestrian Facility) Santa Clara County Morgan Hill--Santa Clara The project entails grading and construction for a 25,000 sq. feet arena, an 8,000 sq. feet shade structure, a 4,800 sq. feet barn associated driveway on a 9.8 acre residential property on Paseo Vista in San Martin. The proposed project would expand an existing private equestrian facility located on the property. Three existing sheds, constructed about the same time as the residence in the 1980s, will be demolished as a result of the project. An existing barn will be relocated from its current location to a location across the drainage swale, which traverses the middle of the property in a general west to east direction. Relocation of the existing barn across the drainage swale will involve some grading in and paving over the drainage swale. The total estimated quantities for grading associated with the project include 1764 cubic yards of cut and 1785 cubic yards of fill involving maximum 6 feet of cut and 4.5 feet of fill. No new septic system or leachfield are proposed with this project.	MND	01/08/2008
1999091142	Supplement to the EIR/EIS for the IID Water Conservation and Transfer Project Imperial Irrigation District Imperial Beach, El Centro, Brawley--Riverside, Imperial, San Diego The purpose of the Supplement is to evaluate additions and changes to the IID Water Conservation and Transfer project subsequent to certification of the Final EIR/EIS by IID. Creation of an up to 652-acre managed marsh is required under the existing permits and approvals associated with the Transfer Project. The managed marsh is antipated to be increased by 307 acres to a total of 959 acres.	NOP	01/08/2008

	<p>Additionally, four potential sites for the managed marsh have been selected for evaluation in the Supplement. The Supplement will provide any additional environmental assessment required to construct and operate the managed marsh, including an analysis of the impacts of implementation of the marsh at the four potential sites.</p>		
2007121036	<p>Liberty Senior Community Apartments Aliso Viejo, City of --Orange</p> <p>The project consists of a proposed 164 unit senior apartment housing project, including a community room and pool for the residents, surface and subterranean parking, and a 2-story adult rehabilitation/senior center building. The residential portion of the project is proposed to be constructed in two 4-story buildings, Buildings A will consist of 90 units and Building B will consist of 74 units. Building C is proposed to be a two-story adult rehabilitation/senior center building. The project proposes a land use change (General Plan Amendment and zone Change) to a 4-acre site located at 2 Liberty. The site is currently owned by the Capistrano Unified School district (CUSD). The Foundation for Affordable Housing intends to purchase the site from CUSD for the purpose of affordable senior rental units.</p>	NOP	01/08/2008
2007121037	<p>South Stadium Redevelopment Plan Fresno, City of Fresno--Fresno</p> <p>Develop a mixed-use residential and commercial district in the City's downtown. The development program envisioned for this area consists of a combination of newly constructed and renovated buildings that form a mixed-use urban village. The project will provide residential living, pedestrian oriented spaces, outdoor seating, water features, and other public amenities along with commercial uses. The project would be developed in three phases. Phase 1 consists of ~770 multiple family residential dwelling units in three and four-story structures. Multi-family units will be offered in a variety of product types including flats and townhouses. Parking will be provided in surface and parking structures adjacent to the units. Approximately 60,000 sf of ground floor commercial is also proposed for the first phase, along with public amenities that include an ~1 acre community park along with water features and public places to display artwork created by local artisans. Future phases include commercial development containing ~425,000 sf of gross leasable area along with ~500 multi-family units.</p>	NOP	01/08/2008
2007121043	<p>Indio Trails Specific Plan and Outparcels Indio, City of --Riverside</p> <p>The proposed project is located on approximately 732.2 acres on 51 parcels east of Washington Street and north of Frances Way in unincorporated Riverside County to the northwest of the current limits of the City of Indio. The project is divided into seven planning areas covered by a Specific Plan for approximately 494 acres, plus a general pre-zoning area that constitutes the remaining 238.2 acres and has the potential for the development of up to 833 dwelling units. The general pre-zoning area is proposed to include a mix of Community Commercial, Low-Density Residential, and Equestrian Estates zoning designations. The Specific Plan will be divided into seven planning areas with a total residential unit count of 1,150. Therefore, the total potential residential unit count for the entire annexation area is 1,983. A total acreage of 267.23 in the Specific Plan area will be dedicated to natural open space, drainage, and wildlife corridors.</p>	NOP	01/08/2008

2007051013	<p>Former Naval Training Center Landfill Remediation San Diego County Regional Airport Authority San Diego--San Diego</p> <p>An inactive landfill covering approximately 32 acres is located on the western edge of San Diego International Airport (referred to as the former Naval Training Center Landfill). The SDCRAA proposed to remediate the former landfill in accordance with local, state and federal guidelines for landfill remediation and use for airport purposes. The landfill remediation will remove municipal solid waste, burn ash, and some surrounding soils to remove a potential source of groundwater contaminants and reduce exposure to environmental and human receptors.</p>	FIN	
2007121046	<p>Monroe Park II Administrative Building Project Riverside County Indio--Riverside</p> <p>The County of Riverside Department of Facilities Management (County) has proposed the development and operation of a new administrative facility in Indio, California, referred to as the Monroe Park II Administrative Building or proposed project. The proposed project site selected is contiguous to the existing Monroe Park administrative facility, which is located on 44-199 Monroe Street in Indio, California. The existing administrative facility houses the Department of Public Social Services (DPSS), Economic Development Agency (EDA), and the College of the Desert (COD). The County proposes to develop the contiguous vacant 8.87-acre parcel with the Monroe Park II Administrative Building, to enable the DPSS to relocate out of the existing administrative building into a newly constructed facility. The project will provide public services to the rapidly growing communities of the Coachella Valley. The current number of employees at DPSS is 200 with an anticipated five percent growth over the next three years. Development of the facility would include the construction of landscaped areas, a maximum of 100,000 square feet (sf) of single story building space, and associated parking.</p>	MND	01/09/2008

2007041041	Los Angeles Unified School District South Region Elementary School No. 5 Los Angeles Unified School District Huntington Park--Los Angeles LAUSD is proposing to construct and operate an elementary school, known as the South Region Elementary School No. 5 project, in LAUSD Local District 6 in the City of Huntington Park. The proposed project is intended to relieve overcrowding at the nearby elementary schools, including: Middleton, Miles, Pacific, San Antonio, and State Street Elementary Schools. The proposed project would provide a neighborhood elementary school on a single-track, two-semester calendar, and would accommodate 950 two-semester seats for kindergarten through fifth grade. The proposed project would involve approximately 68,900 square feet of development, including 38 classrooms contained in single-and two-story buildings, a multi-purpose room, library, food services, administration offices, and a playground area.	EIR	01/25/2008
2007042078	Use Permit 06-016 Hatchet Ridge Wind Project Shasta County --Shasta The applicant, Hatchet Ridge Wind, LLC, proposes to develop and construct a wind energy project. The area actually covered by the project would be an approximately 73 acre portion of the 17 parcels. The project would produce approximately 100 megawatts of electricity and would require construction of 42 to 68 wind turbines on steel tubular towers from about 213 feet to 263 feet tall. The total height of each tower with its attached wind turbine could reach from about 338 feet to about 418 feet high. The line of towers would stretch for about 6.5 miles northeasterly along the ridge of Hatchet Mountain. The project would include transmission lines from the turbines to a new substation and additional lines to interconnect with existing high-voltage transmission lines that cross the project site	EIR	01/28/2008

	and which are owned by Pacific Gas and Electric Company. The project would also include a temporary construction office, an operations and maintenance building/control center, new access roads, temporary staging areas, and up to four permanent meteorological masts up to 220 feet high. The project would be constructed over a 6 to 12-month period. In general, the towers would be constructed in areas managed for commercial timber production which were replanted after the 1992 Fountain Fire.		
2007071076	El Casco System Project Public Utilities Commission Banning, Beaumont, Calimesa--Riverside, San Bernardino SCE proposes to construct a new 220/115/12 kV substation (the El Casco Substation), upgrade the existing Zanja and Banning Substations and SCE's Mill Creek Communications Site, upgrade a total of 15.4 miles of 115 kV electric subtransmission line and associated structures, and install fiber optic communication cables between the Cities of Redlands and Banning. The entire project would be located within Riverside and San Bernardino Counties.	EIR	01/25/2008
2007121051	Tentative Tract Map 63288 Lancaster, City of Lancaster--Los Angeles A subdivision for 60 single family lots in the R-7,000 zone. The proposed lots range in size from 7,200 to 9,999 square feet.	MND	01/10/2008
2007121053	Hansen Spreading Grounds Basin Improvements Project Los Angeles County Department of Public Works --Los Angeles The proposed project would consist of consolidating the existing 20 shallow recharge basins into 6 medium-depth recharge basins, which requires the removal of approximately one million cubic yards of sediment. The consolidated basins would occupy the same footprint as the existing basins. An existing concrete swale and rip-rap associated with a flow measuring station upstream of Glenoaks Boulevard, would be demolished and removed and a new trapezoidal partial flume channel would be constructed. Approximately one million cubic yards of sediment removed from the recharge basins would be removed from the site via one of two options; (1) the existing onsite sediment conveyor belt owned by Vulcan Materials Company; or (2) trucking to an offsite disposal site within two miles of the project site.	MND	01/10/2008
2007121049	Imperial Landfill Plan Imperial County El Centro--Imperial Imperial Landfill, Inc. is seeking a Conditional Use Permit (CUP), General Plan Amendment and Zone Change from the County of Imperial for approval of a project that will maximize the use of their existing landfill facility. The project would construct a new cell beyond its currently permitted area. The project area would total 160 acres (including an 89-acre cell and 71 acres of remainder land) located immediately west of the existing landfill. The project would include offsite borrow areas for soils used in landfill cover operations.	NOP	01/10/2008

2007122032	Desilva - Gates Quarry General Plan Amendment, Rezone, Use Permit and Reclamation Plan Sacramento County Folsom--Sacramento 1. A General Plan Amendment to Change the designations on the General Plan Land Use Diagram from Resource Conservation Area to Aggregate Resource Area for the 480+/- acre property. 2. A Rezone from AG-80 to AG-80 (SM) Surface Mining Combining for the 480+/- acre property. 3. A Use Permit to allow quarry mining and processing of materials including an aggregate processing plant, hot-mix asphalt plant, ready-mix concrete plant, and construction materials recycling ** on 260+/- acres of the 480 acre property for a term of 100 years. 4. A Reclamation Plan that will include dry grazing as the end use of the pit area. 5. An Encroachment Permit to allow the construction of a tunnel beneath Scott Road for a conveyor system.	NOP	01/10/2008
2007122033	Diamond Springs Parkway Project El Dorado County Diamond Springs--El Dorado El Dorado County's Department of Transportation (DOT) is proposing the construction of the Diamond Springs Parkway (Parkway or Project) to improve traffic circulation along Pleasant Valley Road and Missouri Flat Road, north of the Town of Diamond Springs. The Project is identified in the County General Plan (2004) and Circulation Map as a planned four-lane divided road and is part of DOT's 5-year Capital Improvement Plan (CIP). DOT currently anticipates phasing construction of the Parkway in two major phases. Under the first phase, the Parkway would be constructed as a 2-lane arterial. The second phase would require widening the Parkway to a four-lane, divided arterial with an ultimate ROW of 100 feet. The Parkway would also require improvements to Diamond Road (SR-49), from just north of the Parkway, south to Pleasant Valley Road.	NOP	01/10/2008
2007121050	Tentative Tract Map 18301 Adelanto, City of Adelanto--San Bernardino A request by the applicant, Raffi Gharapetian, to subdivide 2 acres into 7 single family residential lots within the Single Family Residential (R1) zoning district, located on the northeast corner of Aster Road and Chamberlaine Way. 2007121070	Wildwood and Stough Canyon Improvements Project Burbank, City of Burbank--Los Angeles The City of Burbank is proposing to improve channel conditions for drainages within Wildwood and Stough Canyons. The purpose of the proposed project is to protect downstream facilities from potential flooding and erosion by removing sediment and installing flood-control and channel stabilization mechanisms.	MND	01/14/2008
2007122041	Castle Vineyards Winery Sonoma County Permit and Resource Management Department Sonoma--Sonoma Request for a (phased) Use Permit for a new, approximately 36,300 square foot winery with an annual production capacity of 60,000 cases, and public tasting, tours and incidental retail sales. One marketing accommodation is also requested.	MND	01/14/2008
2007122044	Safe Routes to School - Bridge Over Laguna Creek Elk Grove, City of Elk Grove--Sacramento The proposed project includes construction of an approximately 277-foot long off-street bicycle/pedestrian/equestrian bridge over Laguna Creek between Ringe Circle and Porto Rosa Drive, approximately 75 feet upstream of the existing low-water crossing. The bridge will be a pre-fabricated steel truss bridge structure with a cast-in-place concrete decking. The concrete deck, with an overall bridge width of 13-feet 8-inches, will be divided into two equal spans with concrete abutments on either side of the bridge each having two 3-foot diameter cast-in-drilled-hole (CIDH) piles and a single 8-foot diameter center pier, to be placed within Laguna Creek. Asphalt concrete (AC) paving will be installed on both ends of the new bridge structure to tie into the existing multi-use trail. Prior to construction, vegetation will be cleared from the upland work area and the existing low-water crossing and drainage pipes would be removed. Upon project completion, the project area will be re-vegetated with native species. No additional right-of-way acquisition will be required to accommodate the proposed improvements nor does it include a lighting component at this time.	MND	01/18/2008
2007122046	Lower American River Mile 0.5 Mitigation Site, Sacramento River Bank Protection Project Reclamation Board Sacramento--Sacramento Construction of the project would involve creating seasonally inundated floodplain habitat for salmonids and delta smelt listed under the Federal Endangered Species Act by excavating and lowering the existing American River Right Bank (RM 0.5) in the American River Parkway, shaping terraced benches, and incorporating in-stream woody material at the summer-fall water-surface elevations. In addition, a native plant restoration program would be implemented in the newly created habitat to improve the habitat and scenic value of the area. The project would occur in two phases with transplanting in winter of 2008 and construction in summer and fall of 2008.	MND	01/15/2008
2007121066	California Crossings; P06-102, TPM 21046, Log No. 93-19-006AA San Diego County Department of Planning and Land Use --San Diego The proposed project is a regional retail commercial center with surface parking and associated infrastructure on 29.6 acres. The project includes ten buildings totaling 355,918 square feet, 1,512 parking spaces, and 250 employees. Site	NOP	01/14/2008
