# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **December 1-15, 2009.**

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse/clearinghouse.shtml](http://www.opr.ca.gov/clearinghouse/clearinghouse.shtml)

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

**Scott Morgan**  
Acting Director

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

Arnold Schwarzenegger  
Governor

STATE OF CALIFORNIA  
Governor's Office of Planning and Research

Director

## MEMORANDUM

DATE: February 13, 2007  
TO: State Agency CEQA and Intergovernmental Review Coordinators  
FROM: Scott Morgan, Senior Planner  
SUBJECT: Distribution of Environmental Documents in CD-ROM Format

The State Clearinghouse has received an increasing number of requests from local and state lead agencies to distribute CEQA documents to state reviewing agencies in an electronic format, typically CD-ROM. The most common reason for these requests is to reduce cost. CD-ROMs are cheaper for the lead agency to reproduce and mail, and cheaper for the State Clearinghouse to distribute, especially in the case of multi-volume documents.

The State Clearinghouse has distributed EIR's and EIS's in CD-ROM format for state agency review and comment since August 1, 2003. Based on our experience with those documents, a survey conducted of state reviewing agencies and the potential cost savings to local and state agencies, we are extending this policy to other environmental documents including Negative Declarations, Mitigated Negative Declarations and Environmental Assessments. The State Clearinghouse will accept environmental documents under the following terms:

- CEQA Lead agencies may provide copies of draft environmental documents to the State Clearinghouse for state agency review in an electronic format. The document must be on a CD-ROM in a common file format such as Word or Acrobat.
- Lead agencies must provide fifteen (15) copies of the CD-ROM to the State Clearinghouse. In addition, each CD-ROM must be accompanied by 15 printed copies of the DEIR summary (as described in CEQA Guidelines §15123), executive summary, or introduction section of a Negative Declaration or Mitigated Negative Declaration. The printed summary allows both the State Clearinghouse and agency CEQA coordinators to distribute the documents quickly without the use of a computer.
- Final environmental documents may be provided in CD-ROM format without a printed summary. Distribution of the final documents is optional under CEQA.
- Federal lead agencies may send electronic copies of environmental documents to the State Clearinghouse in the same manner described for CEQA lead agencies. Distribution of NEPA documents to state agencies through the State Clearinghouse is encouraged pursuant to Presidential Executive Order 12372 and NEPA §102 (42 USC §4332)
- All notices of preparation must continue to be provided in printed format.
- Please provide one Notice of Completion Form with all submittals.

If your agency has difficulty downloading and reviewing any environmental documents please contact:

Scott Morgan, Senior Planner  
916-445-0613  
[scott.morgan@opr.ca.gov](mailto:scott.morgan@opr.ca.gov)

Thank you for your cooperation in the CEQA review process.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE  
2000 through 2008**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

<b><u>Documents Received on Tuesday, December 01, 2009</u></b>			
2006072118	Silva Estates Project Manteca, City of Manteca--San Joaquin NOTE: Partial Recirculation	<b>EIR</b>	01/14/2010
	<p>The proposed project includes the construction of the Silva Estates (formerly Milner Estates) subdivision. The project would subdivide approximately 59.9 acres into 217 single-family lots. The project would include the removal of two of the five existing single-family homes on the site. The project would also involve annexation, rezoning, a development agreement, and a tentative map for residential development.</p>		
2009091129	Adelanto Towne Center Adelanto, City of Adelanto--San Bernardino NOTE: Reference SCH# 2007101062.	<b>EIR</b>	01/14/2010
	<p>The Adelanto Towne Center project consists of a proposed regional shopping center with approximately 280,000 square feet of retail building space, necessary parking, and associated site improvements on an approximately 35.31-acre site. The shopping center would include the Target Department Store and six smaller major retailers. The Target Department Store would total approximately 138,748 sf, with the other major retailers ranging from 7,000 to 25,000 sf each. In addition, there would be three shops, with two proposed to be food establishments, and one proposed to be retail establishments. These shops range from 7,000 to 10,500 sf. The proposed project would also include the development of six free standing commercial pads ranging from 3,250 to 4,500 sf. These pads would be utilized for fast food establishments, a medical dental office and bank services. The conceptual site layout arranges the major attached retail buildings parallel to US 395 at the extreme western boundary of the site. The retail pads are scattered around the remaining perimeter of the site mainly closer to US 395. The parking for the project is located in the center with two access points off US 395 and two access points off Mojave Drive.</p>		
2007071038	State Route 74 Lower Ortega Highway Widening Caltrans #12 San Juan Capistrano--Orange To widen SR 74 from two lanes to four lanes from Calle Entradero (PM 1.0) to the City of San Juan Capistrano limits PM 1.9.	<b>FIN</b>

<b><u>Documents Received on Tuesday, December 01, 2009</u></b>			
	Nos. 1-4), cutter tank No. 2 (cutter tank No. 1 is still in use and will remain), and conveyance pipelines to allow for a dry vehicle storage land use. In addition, the existing containment berm system would be reduced in height by ~2 ft.		
2009122004	Cosumnes River College - Elk Grove/Laguna Education Center Los Rios Community College District Elk Grove--Sacramento The Los Rios Community College District is proposing to construct a satellite campus in 3 phases. Each phase will serve ~500 fulltime equivalent students, with a completion date around 2019 for the final phase.	<b>MND</b>	12/30/2009
2009122005	Cosumnes River College Athletic Fields, Parking and Landscape Improvements Los Rios Community College District Elk Grove--Sacramento The Los Rios Community College District is proposing to modernize the existing athletic fields and its component including; replacement of the baseball, softball, and soccer fields, grass, bleachers, press box, lighting, scoreboard, restrooms, and concession stand, as well as a parking lot reconfiguration and expansion.	<b>MND</b>	12/30/2009
2008022133	Northern California Re-Entry Facility Stockton Corrections and Rehabilitation, Department of Stockton--San Joaquin NOTE: Revised  The proposed conversion would involve construction of a new 16,500 square foot medical building, as well as renovation of existing buildings to be used as a reentry facility to house adult male inmates during the last 12 months of their respective sentences prior to parole, and to provide these inmates special programs to better prepare them for return to the community of their last legal residence. The proposed facilities would operate 24-hours per day and would include a total of 500 beds and would employ an estimated 381 staff. Perimeter security would include a lethal electrified fence and three armed perimeter guard towers. The project includes other minor improvements, such as construction, repair, or replacement of roadways, fencing, utility lines, etc. Construction would be in Summer 2010 with completion anticipated in Summer 2012.	<b>NOP</b>	01/04/2010
2009122003	Recycled Water Seasonal Storage Reservoir Project El Dorado Irrigation District --El Dorado The project is intended to provide off-season storage of recycled water produced by the El Dorado Hills Wastewater Treatment Plant (EDHWWTP). The combined 180-acre reservoir and pipeline project would be located in the El Dorado Hills area of El Dorado County about three miles south of U.S. 50. The 77 foot-high earth-filled dam would impound a 73-acre lined reservoir. The reservoir site, including a drainage channel to intercept surface water drainage, a perimeter service road, a reservoir pump station, and post treatment facilities, would be secured within a cyclone fence. A new, approximately 20-inch diameter, 2-mile long pipeline would be constructed between the reservoir and an existing tank farm east of the EDHWWTP.	<b>NOP</b>	12/30/2009

2009122001	Jones Two Lot Minor Subdivision Solano County Dixon, Unincorporated--Solano The applicant proposes to subdivide APN 0112-070-050 into 2 parcels, proposed parcel 1 (48.14 net acres in size) and proposed parcel 2 (48.17 net acres in size). The Agricultural (A-40) zoning district allows for 2 dwellings on each proposed parcel, one primary dwelling and one secondary dwelling. There are currently no residential structures on the property.	<b>Neg</b>	12/30/2009
2009122002	Jones Three Lot Minor Subdivision Solano County Dixon, Unincorporated--Solano The applicant proposes to subdivide APN 0110-190-040 into 3 parcels, proposed parcel 1 (49.39 net acres in size), proposed parcel 2 (49.50 net acres in size), and proposed parcel 3 (49.24 net acres in size). The Agricultural (A-40) zoning district allows for 2 dwellings on each proposed parcel, one primary dwelling and one secondary dwelling. There are currently no residential structures on the property.	<b>Neg</b>	12/30/2009
2008022078	California Rangeland Conservation Coalition Programmatic Safe Harbor Agreement and Voluntary Local Program Fish & Game #2 --Butte, Glenn, Shasta, Tehama NOTE: Review Per Lead (Extended)  The purpose of the VLP is to encourage non-federal landowners to voluntarily enhance, restore, and maintain habitat for sensitive, candidate threatened and endangered species that benefit from maintenance of ranching activities. In exchange for voluntarily enhancing sensitive species habitat, landowners who enroll in the program and comply with all program requirements will receive take authorization for Covered Species associated with routine and ongoing activities.	<b>Oth</b>	02/01/2010
2006042025	Ten Mile River Bridge Seismic Retrofit/Replacement Caltrans #1 Fort Bragg--Mendocino This project constitutes a minor amendment to an Incidental Take Permit (ITP) DFG issued to Caltrans in connection with the Ten Mile River Bridge Project in September 2006. Caltrans' project includes the construction of a new bridge to the east of the existing alignment and the demolition of the existing bridge over the Ten Mile River. Pile driving, cofferdam installation, fish rescue, and riparian vegetation removal associated with the project have the potential to take Central California Coast coho salmon, a designated Endangered species under the California Endangered Species Act (CESA). The amendment to the ITP authorizes hollow steel castings to be used in lieu of cofferdams to isolate existing bridge piers from the river during demolition and extends the deadline for completion of a more comprehensive, off-site fish passage improvement project at Dunn Creek.	<b>NOD</b>	
2007071038	State Route 74 Lower Ortega Highway Widening Caltrans #12 San Juan Capistrano--Orange The California Department of Transportation, would widen State Route 74 by adding one through lane in each direction, east and west bound, from Calle Entradero (Post Mile 1.0) to the eastern City of San Juan Capistrano City limits (PM 1.9). The environmental document evaluated two Build Alternatives:	<b>NOD</b>

2009128003	12th Street Water Diversion Channel Fish & Game #5 Santa Paula--Ventura The Applicant intends to alter the streambed by constructing a surface water diversion channel. The earthen channel will need to be reconstructed or repaired after large storm events. In order to construct the diversion channel, a water diversion berm is used to keep the flow towards the center of the channel and out of the excavation area. The diversion channel is then dug in a dry area using an excavator and native materials from the river is utilized to construct a berm approximately 5-7 feet tall and an estimated 10 feet in width. At the end of the diversion channel a pump is placed in the water to provide irrigation to the surrounding agricultural lands. The pump intake valve is surrounded by a quarter-inch mesh screen. In this same area at the terminus of the diversion channel, a plastic pipe (8-inch diameter) is placed within the berm to allow water, when it reaches a certain level, to exit the diversion channel and return to the main channel.	<b>NOE</b>

2009122007	Driveway Standards - Zoning Text Amendment Nevada County Grass Valley, Nevada City, Truckee--Nevada NOTE: Review Per Lead  Ordinance text amendments to County driveway standards in Land Use and Development Code Chapter XVI, Fire and Safety Regulations. Proposed amendments include increasing the allowable driveway slope to 25% below 4,000 ft elevation and establishing surface requirements, design requirements, and driveway gate specifications.	<b>Neg</b>	01/04/2010
1990030006	Willits Bypass Caltrans, Planning Willits--Mendocino Caltrans and the Federal Highway Administration (FHWA) are proposing to construct a new segment of US 101 that would bypass the town of Willits (PM R43.1 to R52.3). US 101 is an important route for interstate and inter-regional travel and is considered the economic lifeline of California's North Coast. It is the principal arterial route for people and goods between the SF Bay Area and the greater Eureka-Arcata area. US 101 serves as Main Street in Willits and is the only continuous north-south street traversing the city. The purpose of the project is to bypass the City of Willits to reduce delays, improve safety, and achieve a minimum level of service (LOS) "C" for inter-regional traffic on US 101 within the project area through the 20 year design period.	<b>SIR</b>	01/19/2010
1989040415	Land Use Permit Amendment for Keller Canyon Landfill Company, County File #LP08-2026 Contra Costa County Changes in the Solid Waste Facilities Permit are: to clarify that the 3,500 tons per day (tpd) is for disposal only, and includes a limit of 1,300 tpd for green material, wood and inert material that can be received and used on site; update the LEA Finding 13f, update the remaining capacity, change in the date of the Transfer/Processing Report, deleted LEA permit condition 17e; and reworded LEA permit conditions 17h (now g) and 17n (now m) relative the 3,500 tpd and 1,300 tpd limits.	<b>NOD</b>	
1999092018	Devlin Road Transfer Station Project Napa-Vallejo Waste Management Authority American Canyon--Napa Changes in the Solid Waste Facilities Permit are: to clarify that the 3,500 tons per day (tpd) is for disposal only, and includes a limit of 1,300 tpd for green material, wood and inert material that can be received and used on site; update the LEA Finding 13f, update the remaining capacity, change in the date of the Transfer/Processing Report, deleted LEA permit condition 17e; and reworded LEA permit conditions 17h (now g) and 17n (now m) relative the 3,500 tpd and 1,300 tpd limits.	<b>NOD</b>

	Treatment Unit (LTU). Composting operations and methods to compost organic materials are described in Section 3.2.2 of the draft Subsequent EIR, beginning on page 3-3.		
2001122003	Revisions to The City of Fremont Waste Management System Fremont, City of Fremont--Alameda The proposed permit increases the number of days open to receive waste to include Labor Day, Thanksgiving, Christmas and New Years Day.	<b>NOD</b>	
2004032138	Hay Road Landfill Solano County Fairfield--Solano Windrow composting and the use of in-vessel aerated static pile (ASP) composting were proposed for use at the JPO in the subsequent EIR. The composting proposal for this CMHFP modification is for the use of tarps to seal windrows [modified in-vessel] and apply and extract air pressure using the aerated static pile (ASP) method for dispensing off-gases through a biofilter. This method of composting will be located on the impermeable portion of the facility and was addressed, analyzed, and mitigated in the Subsequent EIR.	<b>NOD</b>	
2008051093	Draft Remedial Action Plan, Los Angeles Unified School District Central Region Elementary School #20 Toxic Substances Control, Department of --Los Angeles The project involves approval of a Remedial Action Plan (RAP) by DTSC for the Central Region Elementary School #20, Site 11 pursuant to Health and Safety Code chapter 68. The RAP focuses on 1) approximately 49,000 tons of contaminated soil that will be removed and taken off-site for disposal. It will take ~2,130 truckloads to remove the contaminated soil from the site; and (2) installation and operation of gas mitigation system and enhanced bioremediation of the groundwater. The Site is impacted by Total Petroleum Hydrocarbons (TPHs), Volatile Organic Compounds (VOCs), metals, methane and hydrogen sulfide. After completion of the planned excavations, cleanup confirmation sampling and Site restoration will be conducted. If necessary, additional soil volume will be excavated to ensure all onsite impacted soils containing the identified chemical of concerns (COCs) at concentrations of the corresponding cleanup levels or above have been properly removed.	<b>NOD</b>	
2008101136	PP 09-02: Plot Plan and Design Plan for Expansion of Fresh and Easy Food Processing and Warehouse Facility March Joint Powers Authority Riverside--Riverside The project is a proposed expansion of an existing 776,304 square foot food processing and warehouse facility situated on an approximately 88.4 acre-site, which supplies up to 235 Fresh & Easy retail stores. The proposed expansion would add approximately 1,141,600 square feet and includes additions or new construction to the dry warehouse, cool warehouse, manufacturing unit, recycling service building, employee parking structure and trailer maintenance facility. With this project, Fresh & Easy would be able to supply an additional 315 retail stores and increase employment by up 2000 additional persons.	<b>NOD</b>

<b><u>Documents Received on Wednesday, December 02, 2009</u></b>			
2008122024	Margot Property Pre-Zone for Annexation Mount Shasta, City of Mount Shasta--Siskiyou Annexation of four parcels totaling approximately 4.1 acres of land into the City of Mt. Shasta. Two of the four parcels already contain a single-family home with City water and sewer service. The annexation would potentially allow the property to be developed with up to four additional homes (two new lots) and receive additional City services, contingent upon City approval.	<b>NOD</b>	
2009072032	Dry Creek Parkway Trails Phase I Sacramento County --Sacramento SAA #1600-2009-0068-R2 Sacramento County Regional Parks is proposing a paved Class 1 shared-use bicycle/pedestrian trail (multi-use) and equestrian trail, each extending 2.9 miles from the Dry Creek Road/Curved Bridge Road intersection to the Cherry Island Soccer Complex at 28th and U Street. The project also proposes a small gravel parking lot, signalized street crossing at Q Street, and a new prefabricated bridge crossing the south branch of Dry Creek.	<b>NOD</b>	
2009128006	Final Design of Two Colorado River Aqueduct Rehabilitation Projects- Mile 12 Monitoring Station Upgrades, Gene Pumping Plant Storage Building Replacement Metropolitan Water District of Southern California --San Bernardino The Metropolitan Water District of Southern California (Metropolitan) proposes to authorize final design to upgrade the flow and chlorine monitoring station at Mile 12 of the Colorado River Aqueduct and to construct storage buildings at Gene Pumping Plant. Planned improvements at Mile 12 monitoring station include replacing the flow meters, relocate date and communications equipment, and construct a reliable power source. Improvements at Gene Pumping Plant include minor grading for a concrete pad installation and constructing two prefabricated buildings.	<b>NOE</b>	
2009128007	Galliet orchard pump relocation and replacement (1600-2009-0166-R2) Fish & Game #2 Oroville--Butte Replacement of an existing permanent in water irrigation pump that is under threat of being buried by river sediments with a portable design irrigation pump on a cart that will roll over the river bank and can be lifted and removed from the river when not in use. The new pump will be located downstream from the permanent pump currently in use and will be raise and lowered from the top of the river bank bluff using a moderate sized lift truck. The new pump is screened per DFG specifications to prevent entrainment of fish from the river. Timing of use of the pump will be done in such a manner as to minimize any disturbance to nesting Bank Swallows during years they are present upstream of the site.	<b>NOE</b>	
2009128008	Secure Bicycle Parking Expansion Project University of California, Santa Barbara Santa Barbara--Santa Barbara The Santa Barbara Campus is proposing to install approximately 2,000 bicycle racks at four bicycle parking lot areas on the Main Campus. Racks would be installed on the North-side of Music Building, Davidson Library, Hatlen Theatre, and the Harder Stadium office complex. Bike racks would be distributed evenly throughout the bicycle parking locations, approximately 500 racks at each location. These lots currently overflow with bicycles parked outside of bicycle racks. There	<b>NOE</b>

	downstream of the Folsom Dam complex. Mitigation for project impacts to terrestrial vegetation will occur on land owned by the California Department of Parks and Recreation at Mississippi Bar, adjacent to Lake Natoma. The proposed project is a feature of the Folsom Dam Safety of Dams Project, and the analysis will tier from the March 2007 Folsom Dam Safety and Flood Damage Reduction (DS/FDR) Project Final EIS/EIR.		
2009061082	Plummer Park Improvement Project West Hollywood, City of West Hollywood--Los Angeles NOTE: Review Per Lead	<b>EIR</b>	01/20/2009
	The current implementation components would involve demolition of the existing Great Hall/Long Hall structure, renovation of Fiesta Hall, development of a subterranean parking structure and park open space, development of a larger permanent childcare facility, and reconfiguration of uses within the park and addition of new park amenities. In addition, future implementation components may include construction of a new eight-court tennis center and parking structure, an outdoor basketball court, the possible expansion of PP onto adjoining commercially zoned properties along Santa Monica Boulevard, and potential acquisition of building sites along the north side of Santa Monica Boulevard.		
2009082072	Windsor Redevelopment Project Proposed Fifth Amendment Windsor, City of Windsor--Sonoma The Town of Windsor has one redevelopment project area, the Windsor Redevelopment Project (Existing Project Area). The existing project area encompasses 456 acres on both sides of US Highway 101 and Old Redwood Highway and includes the historic downtown. The town of Windsor Redevelopment Agency proposes amending the Redevelopment Plan to extend the Redevelopment Plan effectiveness period by 10 years; extend the time period for collection of tax increment/repayment of debt by 10 years; increase the tax increment limit; increase the bond debt limit; repeal the debt establishment limit; reestablish eminent domain over non-residential uses; add certain public improvements and facilities to the list to eligible projects the Agency may undertake; add territory; and make certain technical corrections to the Redevelopment Plan.	<b>EIR</b>	01/19/2010
2009091097	Central Valley Transportation Center Kings Canyon Unified School District Reedley--Fresno The Kings Canyon USD proposes to construct and operate a state-of-the-art solar-powered Central Valley Transportation Center. The new facility would consist of a transportation center from which the District would maintain and operate a fleet of up to 110 buses and 35 fleet vehicles. The land used by the current District transportation center would be absorbed by the adjacent Reedley High School and be converted to additional sports fields. The proposed Central Valley Transportation Center project would provide the District with new transportation administration and vehicle maintenance facilities, including a 10,900 sf education center. The intent for the education center is to offer vocational training related to green technologies specifically those in use at the transportation center. These facilities would include a primary administration building with 23 bays for vehicle maintenance, repair, inspection, and wash racks, as well as office, storage, shoppe and staff supported.	<b>EIR</b>	01/19/2010

2004051112	West Los Angeles College Facilities Master Plan Los Angeles Community College District Culver City--Los Angeles Updates are proposed to the 2005 West L.A. College Facilities Master Plan (Master Plan). Compared to the 2005 Master Plan, the 2009 Master Plan would add an additional 62,356 square feet of space. The 2009 Master Plan includes: a revised, large Physical Education; new central plant; demolition of additional classrooms; relocation of media center (Watson Center), relocation of recycling center; smaller student services building, replacement of soccer with softball field, smaller reconfigured North parking structure (Lots 1 and 2), internal street changes. Since 2005 on-line student attendance has increased, such that future year projections result in fewer students on campus (15,300 in 2022 compared to 18,904 analyzed in the previous EIR).	<b>NOP</b>	01/04/2010
2009121004	Simi Valley General Plan Update Simi Valley, City of Simi Valley--Ventura A comprehensive update of the Simi Valley current General Plan. Elements of the existing General Plan will be re-organized by thematic topic for clarity and to avoid redundancy, as encouraged by the state's General Plan Guidelines.	<b>NOP</b>	01/04/2010
2009122009	Shiloh III Wind Energy Project Solano County Rio Vista--Solano Shiloh Wind Partners LLC proposes to develop the Shiloh III Wind Energy Project in the wind resource area south of State Route 12, approximately 18 miles southeast of Fairfield. The Project Area is entirely within private ownership and covers approximately 4,600 acres, owned by 21 local landowners. No public lands are included in the Project Area. The proposed project elements are as follows:  * 60 to 80 wind turbines, with associated generators, towers, foundations, and pad mounted transformers; * A total generation capacity of up to 200 Megawatts (MW) of electricity; * Project access roads, control cables, power collection cables, and transmission lines, and a substation as necessary to serve the Project.	<b>NOP</b>	01/04/2010
2009121005	Proposed SATCO Property Zone Change and General Plan Land Use Map Designation Amendment El Segundo, City of El Segundo--Los Angeles The proposed project is to change the zoning and general plan designation of the subject property from the General Commercial General Plan designation to Corporate Office and the zoning designation from General Commercial (C-3) to Corporate Office (CO). The zone change would reduce the allowed Floor Area ratio from 1.0 to 0.8. The intent of this change is to bring the subject property into zoning and general plan consistency with a neighboring property that recently underwent the same zone change and general plan amendment.	<b>Neg</b>	01/04/2010
2009122010	City of Oakley Preparation and Adoption of a SRRE and HHWE Oakley, City of Oakley--Contra Costa This proposed project consists of the application for preparation and adoption of a SRRE and HHWE. Additionally, the City plans to establish its own franchise for residential and business refuse and recycling collection operations, and expand on	<b>Neg</b>	01/04/2010

	recycling programs to increase diversion.		
	The proposed project plan area will remain within the current solid waste and recycling program plan area in the City, which includes areas zoned for residential, industrial and/or commercial use. The expansion of Oakley's existing solid waste and recycling operations is expected to have an overall positive environmental impact.		
2007031146	Granite Mine Expansion Project Twentynine Palms, City of Twentynine Palms--San Bernardino The proposed project would expand the Twentynin Palms Sand and Gravel Surface Mining Facility from 113.5 acres to 469.5 acres. The proposed project affects 356 acres and includes a request for a General Plan Amendment and rezoning of 320 acres from RL 2.5, Rural Living, to CI, Community Industrial. Approximately 1/2 of the project site (178 acres) would be actively mined incrementally in planned phases, while the other half would be set aside for permanent wildlife habitat conservation. Mining currently takes place at the existing facility at an estimated annual rate of 330,000 tons per year and would increase to 450,000 tons per year by mining the additional 178 acres. Reclamation would be unirrigated open space, retention basin for flood control and habitat. The project requires a Statutory Development Agreement, Conditional Use Permit, and Reclamation Plan.	<b>RIR</b>	01/19/2009
1997044002	Napa River Flood Protection Project Part B Contract 2 East Napa County Napa--Napa The Napa County Floo Protection Project involves construction of 6,000 linear ft of flood control wall between Imola Crossing and the Third Street Bridge, ~3,600 lineal ft of floodwall along the Oxbow area north of the Soscol Street Crossing, replacement of the existing railroad crossing and the creation of the Oxbow Bypass. Activities will cause the permanent loss of 19.13 acres and temporary impacts to 1.44 acres of shallow water habitat for the delta smelt ( <i>Hypomesus transpacificus</i> ) and longfin smelt ( <i>Spirinchis thaleichthys</i> ). The DFG is issuing an Incidental Take Permit for Project-related incidental take to these species.	<b>NOD</b>	
2006052072	Dam Instrumentation Project-- MND for Phase IB and II Santa Clara Valley Water District San Jose, Los Gatos, Cupertino, Morgan Hill, Gilroy--Santa Clara Geotechnical soils investigation to include 15 borings into the embankment and foundation, and the installation of 2 piezometers to assist in evaluating the seismic stability of the embankment and foundation.	<b>NOD</b>	
2007121034	Los Osos Wastewater Project San Luis Obispo County --San Luis Obispo Modification of Condition of Approval #97 of the Coastal Development Permit for the Los Osos Wastewater Project, a proposal for the construction and operation of the Los Osos Wastewater Project; including a collection system; wastewater treatment plant; effluent reuse and disposal systems consisting of environmental restoration, urban reuse, and agricultural reuse; solids treatment and disposal systems; and a community water conservation program.	<b>NOD</b>

<b><u>Documents Received on Thursday, December 03, 2009</u></b>			
2009042008	Elk Grove Transfer Station Project Elk Grove, City of Elk Grove--Sacramento The City of Elk Grove is proposing to build a solid waste transfer station within the southern portion of the City. The Elk Grove Transfer Station Master Plan Project would be located ~20 acres of land designed to accept, process, load and ship (via truck) municipal solids waste, green waste, recyclable/reusable materials, household hazardous waste and special wastes. Several sites are discussed in the Draft EIR with sites 2 and 4 being the main focus given their suitability for the proposed project. The ultimate site and the facility will be owned and managed by the City and operated under contract with a private company or companies.	<b>NOD</b>	
2009062084	Jack Reynolds - Minor Subdivision - MS0905C Del Norte County --Del Norte Minor Subdivision of a 4.4 acre parcel into 2 parcels of 2.2 acres each. The project area is zoned Rural Residential & Agriculture-1 dwelling unit per 2 acres; the General Plan is Rural Residential-1 dwelling unit per acre. The parcel will utilize an onsite sewage disposal system and public water from the Smith River Community Services District. Access is from Fred Haight Drive, in the community of Smith River.	<b>NOD</b>	
2009071051	Ojai Valley Trail Bridge Ventura County --Ventura The proposed project is a fish passage restoration project and the replacement of the Ojai Valley Trail culvert crossing with a bridge at the San Antonio Creek. The project includes the removal of the existing culverts and associated fill, construction of the bridge and restoration of the site. The purpose of the restoration project is to provide year-round all weather access to the Ojai Valley Trail across the San Antonio Creek and to facilitate the re-establishment of steelhead and other aquatic and terrestrial species movement through the project area.	<b>NOD</b>	
2009072048	John Fisher Tentative Map (Tentative Map # P06-01290-TM) Napa County Napa--Napa Application for a tentative map to subdivide 3 existing parcels (322.0, 428.2 and 391.79 acres) into 6 new parcels of ~207.8, 165.5, 166.5, 188.7, 232.6 and 180.8 acres in size. No structures are proposed as part of this application; proposed building envelopes are designated on each new parcel that are located on knoll-tops, ridges and saddle areas outside of 30% slopes and other potential environmentally sensitive areas. A new, shared access road varying between 10-20 ft in width, with a shoulder turnout every 400 ft, will be constructed for Parcels 1, 2 and 3 on the northeast side of Patrick Road; individual access driveways along existing dirt roads are proposed for Parcels 5 and 6 on the southwest side of Patrick Road and for Parcel 4 on the northeast.	<b>NOD</b>	
2009081084	Red Rock Canyon Bridge Replacement Caltrans #6 Mojave--Kern Caltrans proposes to remove and replace the existing Red Rock Canyon Bridge (No. 50-0178) on SR 14 between PM 39.8 and 40.3 within Red Rock Canyon State	<b>NOD</b>

2009091060	Jurupa Community Services District's Proposed Florine Lift Station, Gravity Main and Force Main Project Jurupa Community Services District --Riverside The proposed lift station will be constructed in a LCSD easement within the road right-of-way (ROW) in Florine Avenue. Force main pipelines will be construct in JCSD easements within Riverside County road ROW in 34th Street and Florine Avenue. Gravity pipelines will be constructed in JCSD easements on property owned by the Las Plumas Lumbar Yard, Florine Avenue, 33rd Street. The lift stations to be demolished are located in Florine Avenue and 33rd Street.	<b>NOD</b>	
2009128013	Demolition of fifteen (15) Portable Classroom Buildings at John Glenn High School Norwalk-La Mirada Unified School District Norwalk--Los Angeles Demolition of fifteen (15) portable classroom buildings at John Glenn High School that the site is no longer using.	<b>NOE</b>	
2009128014	Replace Russian Style Brick oven/stove Parks and Recreation, Department of --Sonoma Replace, build the non-historic reconstructed Russian style oven/stove in the Official's Officer's Barracks at the Fort Ross State Historic Park to enhance visitor experience. This oven, pechka, will be rebuilt in the existing stove footprint. The existing oven and Official's Barracks are reconstructions of historic facilities. A Russian Archietect has developed plans of the pechka that are more appropriate to the time period so that the oven more correctly depicts a stove of this time period. The work will be done in January, 2010. This reconstruction will enahnce the special park unit's features and qualities.	<b>NOE</b>	
2009128015	Repair and Partial Demolition of Fire Damaged Buildings at 137 E De la Guerra St. and 811 Santa Barabara St. Parks and Recreation, Department of Santa Barbara--Santa Barbara The project will restore and repair fire damaged portions of a commercial building at 187 E De la Guerra St. and demolish the commercial space at 811 Santa Barbara St. Both buildings are within El Presido SHP. No sub-surface work will occur as part of this project.	<b>NOE</b>	
2009128016	Tentative Parcel Map T09-048 Tuolumne County --Tuolumne Tentative Parcel map T09-048 to merge lots 13 and 14 of the Pine Mountain Lake Subdivision Number 12. The 1.5+- acre site is zoned RE-1:MX (Residential Estate, One-Scre Minimum:Mobilehome Exclusion Combining) under Title 17 of the Tuolumne County Ordinance Code.	<b>NOE</b>	
2009128017	Tentative Parcel Map T09-046 Tuolumne County --Tuolumne Tentative Parcel Map T09-046 to merge lots 66 and 86 of the Ponderosa Hills Subdivision Numbers 2 and 3. The 3.1+- acre site is zoned R-1:MX (Single-Family Residential: Mobilehome Exclusion Combining) under Title 17 of the Tuolumne County Ordinance Code.	<b>NOE</b>

2009128018	Tentative Parcel Map T09-049 Tuolumne County --Tuolumne Tentative Parcel map T09-049 to merge parcel 67A and lot 66 of the Pine Mountain Lake Subdivision Number 6. The 1.5+- acre site is zoned R-1:MX (Single-Family Residential:Mobilehome Exclusions Combining) under Title 17 of the Tuolumne County Ordinance Code.	<b>NOE</b>	
2009128019	Thompson Dam, No 104-27 Water Resources, Department of --Los Angeles The installation of the new auxillary siphon outlet will augment the emergency dewatering capacity of the existing low-level outlet at teh reservoir.	<b>NOE</b>	
2009128020	Haagenson Estate Project Fish & Game #2 --Calaveras Project proposes to repair the damaged weir at the Calaveras County Water Districts' White Pines Lake. The construction will include a concrete demolition, installation of forms, pouring of concrete and placement of a weir board retention system. The concrete weir structure consists of three buttresses amd sidewalls. The upper portion of each concrete buttress, including the sidewalls, will be repaired, or removed and replaced with a new concrete cap to the original configuration. The new concrete cap will be reconstructed with channels for the placement of removable weir plates. A temporary check-damn at the inlet of the weir structure will be installed during construction. Upon completion, the check-dam will be removed.	<b>NOE</b>	
2009128021	Purcupine Hill Minor Land Division Placer County --Placer The project is a Minor Land Division to divide a 266 acre parcel into a 48.6 acre parcel and a remainder parcel of 218 acres in order to allow the applicant to secure financing on teh subdivision parcel (previously approved Tentative Subdivision Map- PSUB 20051181) separately from the remainder parcel. The Tentative Parcel Map was approved with no development rights for Parcel 1 or the remainder parcel.	<b>NOE</b>	
2009128023	Placerville AC Overlay Project Placerville, City of Placerville--El Dorado Approximately 1.7 miles of two and one half (2 1/2) inches of compacted AC overlay placed at marked areas on Placeville Drive from Fair Lane to 1,200 feet east of Cold Springs Road, including conform grinds at all marked intersections. The work also includes three (3) inch depth cold planing of existing pavement of road markings and striping, adjustment of utility covers to new grade, and traffic control.	<b>NOE</b>	
2009128024	Morrene Drive and Hocking Street AC Overlay Project Placerville, City of Placerville--El Dorado Approximately 1.2 miles of one and one half (1 1/2) inches of compacted AC overlay placed at marked areas on Morrene Drive from Hocking Street to Big Canyon Creek Road and on Hocking Street from Mosquito Road to Emigrant	<b>NOE</b>

2004092050	Vineyard Surface Water Treatment Plant Testing Program Sacramento County Elk Grove--Sacramento NOTE: Addendum to an MND	<b>ADM</b>	01/05/2010
	The project consists of the discharge of testing waters to Gerber Creek prior to making the treatment plant operational. No physical construction is proposed. The water agency will use the addendum and original MND to obtain appropriate permits from RWQCB.		
2008092095	2010 Water System Engineer's Report Modesto, City of Modesto--Stanislaus NOTE: Review Per Lead	<b>EIR</b>	01/21/2009
	The Engineer's Report identifies major water supply infrastructure needed to meet water demand requirements under existing and future developed conditions. These improvements include the following types: storage tanks, ground water wells, pipelines, a new corporation yard, security enhancements, soil remediation for one site, and minor miscellaneous improvements.		
2009021004	Imperial Irrigation District Administration Site EIR Imperial, City of --Imperial	<b>EIR</b>	01/20/2010
	The project applicant, Imperial Irrigation District (IID), has applied to the City of Imperial to develop the easterly 30.29 acres of the approximate 80.15-acre proposed project site with a new ID Administration Facility to house 550 to 600 existing employees currently located at various offices in the area. Proposed development on the easterly 30.29 acres would consist of three administrative buildings totaling ~250,000 sf. An additional 7.11 acres of land directly to the southwest of the proposed Administration Facility site would be reserved by the IID for future expansion of associated facility buildings or activities.		
2004072028	Atwood 80 (PEIR T20040346) Placer County Auburn--Placer	<b>FIN</b>	
	The project proposes the subdivision of a 79 acre lot to provide for the development of 61 custom homes along with grading for home pads, roads, emergency access, and water and sewer infrastructure to serve the homes.

<b><u>Documents Received on Monday, December 07, 2009</u></b>			
2003062089	State Route 16 Safety Improvement Project Caltrans #3 --Yolo NOTE: FONSI/Notice of Availability  The project is located in Yolo County on SR 16 between Brooks and I-505. This project was initiated in response to a high number of collisions in the project area. Caltrans proposes to improve the safety of this section of highway by constructing 8 ft shoulders and a 20 ft clear recovery zone on both sides of the highway for the length of the project (excluding the towns of Capay and Esparto). The project will also provide left-turn channelization, intersection improvements at various public road connections, vertical and horizontal alignment improvements, and improved flood protection between Esparto and I-505. This project has one build alternative (Alternative A) and the no build alternative. The proposed project would require new right of way.	<b>FON</b>	
2009121010	City of Fullerton 2006-2014 Housing Element Fullerton, City of Fullerton--Orange The City of Fullerton Housing Element comprises one of the seven General Plan Elements mandated by the State of California per Sections 65580 to 65589.8 of the California Government Code. The Housing Element articulates the City's General Plan relative to the maintenance and development of housing to meet the needs of existing and future residents. It includes a statement of goals, policies, quantified objectives and scheduled programs for the preservation, improvement and development of housing.	<b>MND</b>	
2009121012	Rose Creek Watershed Invasive Plant Control Program San Diego, City of San Diego--San Diego The proposed project would allow for the systematic control of invasive non-native vegetation within portions of the Rose Creek watershed (RCW). The work would be performed throughout the upper and lower canyon of the watershed but outside the boundaries of the MCAS Miramar Air Station and outside of the jurisdiction of the Coastal Commission. Control of invasive of non-native vegetation would be conducted using both mechanical and hand methods depending on site access and topography. Specific individual projects would be conducted in phases as funding becomes available. Site specific biological and historical surveys would be conducted prior to the implementation of the specific projects and would require subsequent review.	<b>MND</b>	01/05/2010
2009122013	92 & Delaware Office PA 09-009 San Mateo, City of San Mateo--San Mateo The applicant is proposing to demolish the existing structures on the project site and construct a new office development of ~298,195 sf of office uses and associated parking, totaling 416,040 sf. In accordance with Section 37.04.200 (d) of the City of San Mateo Municipal Code, 276,467 sf is used to calculate parking generation requirements.	<b>MND</b>	01/05/2010

<b><u>Documents Received on Monday, December 07, 2009</u></b>			
2009122014	<p>Tienda Drive Senior Housing Lodi, City of Lodi--San Joaquin</p> <p>The proposed project involves construction of two affordable senior apartment complexes, which would contain 79 one-bedroom units, one manager's unit and community room on a relatively flat level 3.39-acre site located at 2245 Tienda Drive, approximately 547 feet north of Kettleman Lane (State Route 12) and 1,136 feet east on Lower Sacramento Road. The project would be developed in two phases. The first phase would see development of 39 units, administrative office and a community room. Phase two would include 41 units and activity room. The amenities within the project include on-site services, common activities room, courtyards, public bus service, adaptable units, new parking lot to serve the apartments, extensive landscaping, and a state-of-the-art sports and fitness facility which, provides a social center for residents living there. 79 of the apartment units will be age-restricted to individuals of 55 years and older, and will be rent-restricted to extremely low, very low, and/or low income households. The remaining unit will not be restricted and will be 600 net square feet each and the manager's units will measure approximately 800 s. ft in area. The project includes a request for a concession pursuant to State law to allow less onsite parking. (.75 spaces/unit where 2 spaces/unit would be required) than required by the Lodi Municipal Code for apartment complexes. All of the apartments will serve very low income seniors making less than 50% of area median income (AMI).</p>	<b>MND</b>	01/05/2010
2009122015	<p>Resort Improvement District Coastal Development and Special Permit Humboldt County --Humboldt</p> <p>A Coastal Development Permit and Special Permit for the construction of an approximately 2,400 square foot storage building used to store maintenance equipment associated with the golf course (Lot LK). The structure will be approximately 16 feet tall and constructed of non-reflective metal siding and roofing. The structure will be located approximately 86 feet from a perennial stream and a native planting plan is proposed along the stream corridor that will enhance the buffer and provide additional habitat. The project utilizes Section 1444 (Errors, Oversights or Omissions) of the County General Plan. It has been determined that the mapping of the boundary between the Natural Resources (NR) and Public Facilities (PF) portions was done in error. A Special Permit is required for Design Review.</p>	<b>MND</b>	01/05/2010
2009122019	<p>Alhambra Valley Road Safety and Bicycle Facility Improvements Project Contra Costa County Martinez--Contra Costa</p> <p>Contra Costa County Public Works Department (CCCPWD) proposes to realign and widen a 1,200-foot long section of Alhambra Valley Road to provide shoulders and clear recovery areas for motorists to regain full control of their vehicles should they veer off the traveled way.</p>	<b>MND</b>	01/05/2010
2009122020	<p>State Route 120/South Union Road Interchange Caltrans #6 Manteca--San Joaquin NOTE: Review Per Lead</p> <p>The California Department of Transportation (Caltrans), in cooperation with the City of Manteca, proposes to improve the existing State Route 120/Union Road overcrossing and ramp configuration, and construct auxiliary lanes on State Route</p>	<b>MND</b>	01/06/2010

	120.		
2009101105	Riverside North Aquifer Storage and Recovery Project Riverside, City of Colton--San Bernardino NOTE: Amended/Review per lead.	<b>NOP</b>	01/07/2010
	The original Notice of Preparation identified up to 24 acres of groundwater recharge basins within the off-stream portion of the project. These basins have been expanded by approximately 4 acres, utilizing the proposed railroad ROW. This expansion would occur if either the railroad operator opts out of using this area, or plans for re-alignment are delayed for several years. This increase in basin area would allow an additional 300 to 1,500 acre-feet per year of water to be available to replenish the Colton/Riverside groundwater basin over what was previously stated.		
2009121007	Antelope Run Land Reclamation Tehachapi, City of Tehachapi--Kern Construction of retention wall for purposes of reclaiming land formerly encumbered by a 100 yr flood plain.	<b>Neg</b>	01/05/2010
2009121008	KWBA Division of Oil, Gas, and Geothermal Resources --Kern NOTE: Review Per Lead	<b>Neg</b>	01/06/2009
	Project proposes activities necessary to drill and test two exploratory oil and gas wells.		
2009121009	Basin E/F Tidal Restoration Project Santa Barbara, City of Santa Barbara--Santa Barbara The proposed project would excavate portions of the 10.3 acre Basin E/F of the Goleta Slough to accommodate tidal flow. The project would also fill portions of Basin E/F to reduce freshwater ponding and provide more high marsh habitat. The upstream end of the berm separating Foxtrot Drainage from Basin E would be breached just south of the culvert outfall and a small portion of the drainage would be filled to divert storm water into a new channel through Basin E. At the downstream end of the Foxtrot Drainage/Basin E berm a portion of the berm would be breached near the confluence of Foxtrot Drainage and Tecolotito Creek to create a connection between Basin E and the Creek. The middle section of the Foxtrot Drainage/Basin E berm would be lowered and blended into Basin E topography to accommodate tidal flow. The 24 inch culvert at the southern berm of Basin E and the 36 inch culvert and sluice gate at the southern end of Basin F would both be removed. Additionally, hydrological connectivity with Basin G would also be improved by clearing the 24 inch culvert and grading the northwestern corner of Basin G to facilitate flow and minimize ponding.	<b>Neg</b>	01/05/2010
	Connection of Basin E/F to the tidal flows of Tecolotito Creek and Foxtrot Drainage would require aquadams be placed in Tecolotito Creek upstream and downstream of the area of construction. Approximately 500 linear ft of Tecolotito Creek and 800 linear ft of Foxtrot Drainage are proposed to be dammed and dewatered to accommodate this connection.

2009121011	<p>City of Chino Hills, California Storm Drain Master Plan Chino Hills, City of Chino Hills--San Bernardino</p> <p>The study area contains twelve (12) drainage basins with a combined area of 32.90 sq miles. There are a few small drainage areas that are located within the City limits but drain outside of the City limits. The location and size do not warrant a basin study. However, drainage areas that are situated outside of the City of Chino Hills limits but drains into the City are added to the study.</p>	<b>Neg</b>	01/05/2010
2009121013	<p>Collier Avenue Automotive Center Lake Elsinore, City of Lake Elsinore--Riverside</p> <p>The proposed project consists of the construction and operation of 67,100 square feet of multi-tenant commercial retail/automotive and light industrial businesses. The project includes the subdivision the site into six parcels as well as a reservation for a portion of the future El Toro Road relocation/extension.</p>	<b>Neg</b>	01/05/2010
2009122016	<p>Eldridge Parcel Map Subdivision Humboldt County --Humboldt</p> <p>A Minor Subdivision of an approximately 1.2 acre parcel into two parcels of 20,000 square feet and 32,366 square feet. The parcel is currently developed with a single family residence, barn, and associated outbuildings. A Special Permit is requested to allow for the removal of a large second growth redwood tree that is split at the base(approximately 60 inches in diameter) located near the northeast corner of the property. A Special Permit is also requested to allow proposed access to both parcels. Water and sewer service is provided by the Redway Community Services District.</p>	<b>Neg</b>	01/05/2010
2009122017	<p>Santa Cruz Large Woody Material Management Program Santa Cruz County --Santa Cruz</p> <p>The proposed project is the implementation of the County of Santa Cruz Large Woody Material Management Program (LWMMP). For the purposes of this program, large woody material (LWM) is defined as stumps, root-wads and logs having an average diameter greater than 6 inches and a length greater than 10 ft. The LWMMP project area includes all of Santa Cruz County, but is most active in the perennial streams of San Lorenzo, Soquel, Aptos and Corralitos watersheds.</p>	<b>Neg</b>	01/05/2010
2009122018	<p>Martin Minor Subdivision Humboldt County --Humboldt</p> <p>This application proposes the subdivision of the property into 3 lots, ~10,052 sf for lot 1, 7,773 sf for lot 2, and 8,203 sf for lot 3. All lots will take access from Orchard Lane. The residences are proposed to be two-story, with two car garages for each unit. An exception to lot width is requested for Lots 1 and 3. The rear property lines for lots 1 and 3 are ~48 ft wide. Very minor sections of these two lots are less than 50 ft in width.</p>	<b>Neg</b>	01/05/2010

<b><u>Documents Received on Monday, December 07, 2009</u></b>			
2008061084	Museum Market Plaza Specific Plan Palm Springs, City of Palm Springs--Riverside The project is a Specific Plan adopting policies and development standards for a master planned, mixed use project to include retail, office, high density residential and resort development on 18.5 acres. The project site is bounded by Andreas Rd on the north, Tahquitz Canon Wy on the south, Museum Dr on the west, and Indian Canyon Dr on the east.	<b>NOD</b>	
2008071021	March Lifecare Campus Specific Plan March Joint Powers Authority Riverside, Moreno Valley--Riverside The MLCSP includes upgrades and/or extensions to existing utilities and infrastructure for facilitating development of the site, and it identifies plans for open space and landscaping. Site preparation under the MLCSP will involved demolition of several of the existing structures as well as site clearing and grading, which includes importing ~410,000 cy of fill material.	<b>NOD</b>	
2009041099	Alvarado Apartments San Diego, City of San Diego--San Diego The 9.99 acre project site is located at 6599 Alvarado Road in the CC-1-3 and RS-1-1 Zones of the College Community Plan area. (LEGAL: Lot 5 of Alvarado Plaza Unit No. 3, Map No. 6072). The project includes 659 multi-dwelling units constructed within 2 five story wrap buildings (parking structure in the center) along with ~2,290 sf of commercial space. In addition the project would also construct various site improvements which include, associated hardscape, retaining walls and landscaping. On July 28, 2009 the City Council approved a MND, a General Plan and Community Plan Amendment, a Tentative Parcel Map, and a Planned Development Permit and Site Development Permit. On July 28, 2009 the City Council also held a first reading on an Ordinance to rezone the site from CC-1-3 and RS-1-1 to RM-4-10. The City filed a NOD for the approval of the MND, the General Plan and Community Plan Amendment, Tentative Parcel Map, and Planned Development Permit and Site Development Permit on July 29, 2009, and a corrected NOD to remedy a clerical error on August 5, 2009. On September 1, 2009 the City Council approved he second reading of the Ordinance for the Rezone of the site.	<b>NOD</b>	
2009052001	Modesto 10th & H Streets Project Modesto, City of Modesto--Stanislaus The proposed development consists of a new seven story, mixed-use building, comprised of residential, retail, and office uses, as well as associated parking. The basement level will include 91 parking stalls as well as 16,500 sf of storage area. The first floor will include ~43,000 sf of retail space and 17 parking stalls (2 of the 19 stalls shown on the ground floor plan will need to be removed to allow for cars to turn around). The second floor will include ~35,000 sf of office space and 47 parking stalls. On the third through seventh levels, the project will provided up to 66 one-two and three-bedroom residential units, including two-story town-homes on the 6th and 7th floors. An additional 188 parking stalls will be provided on the 3rd through 6th floors.	<b>NOD</b>

2009072019	<p>Brad B. Freeman Bike Trail Realignment Project Water Resources, Department of Orville--Butte</p> <p>DWR is proposing to realign and improve a section of the existing Brad B. Freeman Bike Trail along the east bank of the Thermalito Diversion Pool and the Feather River downstream of the Thermalito Diversion Dam. The proposed project is linear and would involve the relocation of ~1,150 linear ft (0.217 mile) of bicycle trail outside of the Union Pacific Railroad right-of-way. Approximately 3,309 linear ft (0.627 mile) of existing trail would also be improved.</p>	<b>NOD</b>	
2009081055	<p>General Plan/Zoning Amendment No. 2006-26; Conditional Use Permit No. 2006-43 (Midpines Bible Church) Mariposa County --Mariposa</p> <p>A 30 ft length by 48 inch wide culvert will be installed in the channel of the seasonal drainage for the length of the property to accommodate the construction of a new parking lot for the church. Approximately 1,350 cy of native material will be used for fill over the culvert for the construction of the parking lot. A concrete headwall will be constructed at the upstream end of the culvert. An outlet protection/velocity dissipation device (concrete and rip rap apron) will be constructed at the downstream end of the culvert. Approximately 1,500 lbs. of angular rip rap will be keyed in to the ground at the outlet. The Project area consists of the area within or adjacent to an unnamed drainage, with associated foothill blue-oak woodland and non-native annual grassland.</p>	<b>NOD</b>	
2009091106	<p>PHG 09-0008 (Cricket Communication) Escondido, City of Escondido--San Diego</p> <p>The project applicant (Cricket Communication) is proposing to install a proposed wireless communication facility consisting of 3 panel antennas mounted onto a new 25 ft high faux broadleaf tree. The facility would be located within the southwestern area of a large 16.03 acre rural/estate lot adjacent to four other wireless communication facilities on the subject property (Sprint, Nextel, Verizon and AT&amp;T). The supporting equipment cabinets would be located within a new ~6 ft by 12.5 ft masonry enclosure area. Several specimen sized trees would be installed along with an irrigation system to provide the appropriate context for the faux tree. The proposed project would impact ~0.01 acres of Diegan coastal sage scrub habitat to provide a clear area for the wireless equipment. Impacts to the sage scrub habitat will require mitigation.</p>	<b>NOD</b>

	physical plant, shipping and receiving center, shops, warehousing center, and construction management offices. The University proposes to include this property on the campus master plan, through a Minor Master Plan revision submittal, approved by the Board of Trustees. The project consists of remodeling the existing building, replacing existing fencing, patching of small portions of the existing pavement and eventual repaving, adjustments to site access, landscaping, hazardous material abatement, and the addition of ADA compliant restrooms, a fire sprinkler system, doors and locker rooms, an elevator, new service doors, new roof, new paint, ceilings, and flooring.		
2009102015	3000 Corvin Drive Data Center Project Santa Clara, City of Santa Clara--Santa Clara Architectural Review for the redevelopment of an existing industrial building into a data center.	<b>NOD</b>	
2009102025	Dublin Ranch North Annexation Area Dublin, City of Dublin--Alameda PA 08-045: General Plan Amendment, Specific Plan Amendment, Planned Development Prezone with a related Stage 1 and Stage 2 Development Plan, Vesting Tentative Tract Map, Annexation to the City of Dublin, Pre-Annexation Agreement, Development Agreement and annexation into the Dublin San Ramon Services District for ~157.7 acre project site to permit a 4 unit residential development on ~30 acres of land. The majority of the project site, ~127 acres, will be placed in permanent conservation easement.	<b>NOD</b>	
2009102068	Enligna Wood Pellet Facility West Sacramento, City of West Sacramento--Yolo Enligna US, Inc. is planning to build a Wood Pellet Plant at the Port of West Sacramento. The Enligna facility would replace the Yara fertilizer operation that is leaving the Port of West Sacramento for the Port of Stockton. The Wood Pellet Plant would produce ~170,000 tons of wood pellets per year to be used as a coal substitute at power plants. Initial production is planned for export to Europe and Asia. The Plan is also capable of producing residential-grade pellets for local distribution.	<b>NOD</b>	
2009112044	Tehama County Recycling Market Development Zone Tehama County Tehama, Red Bluff, Corning--Tehama The project is the creation of a zone incorporating the County of Tehama, under the RMDZ program. The RMDZ program is an economic and technical assistance program which includes a low interest loan program available to manufacturers within the RMDZ that make products from recycled material.	<b>NOD</b>	
2009129001	Lake or Streambed Alteration Agreement No. R1-09-0147 for Timber Harvesting Plan (THP) 1-09-057MEN "Bear Haven Divide" Forestry and Fire Protection, Department of --Mendocino DFG is issuing an agreement for one encroachment: one Class II culvert replacement.	<b>NOD</b>

2004062004	650 N San Pedro Road Master Plan, Development Plan, Subdivision & Rezoning Marin County San Rafael--Marin NOTE: Review per lead, end on Oct. 14, 2009; Final Amendment  The project sponsor is seeking to rezone the property from R-E:B-3 (Residential Estates District, 20,000 square foot minimum lot size) to a Residential Single-family Planned zoning district that would comply with the governing SF4 (Single-family, 1 to 2 units per acre maximum density) General Plan Designation for the property. The Master Plan, Development Plan, Subdivision and Rezoning application is for the subdivision and development of a 14.8-acre property into 12 separate residential lots and the development of 12 single-family residences.	<b>EIR</b>	
2008092101	Rancho Del Oro Estates Placer County --Placer The project proposes to subdivide the 119-acre site into 89 single-family lots nine common area lots, and associated road improvements.	<b>EIR</b>	01/21/2010
2009031022	401 Broadway Commercial Project EIR Santa Monica, City of Santa Monica--Los Angeles The proposed project involves the demolition of all existing structures on the site and construction of a new 4-story, 22,395 square foot commercial building and subterranean parking lot. The proposed commercial building would include restaurants on the ground floor and the fourth floor floor, and office space on the second and third floors, with patio decks and a facility storage area. An automobile elevator, with access from 4th Court, would provide vehicular access to the subterranean garage.	<b>EIR</b>	01/21/2010
2009051013	General Plan Update Draft Environmental Impact Report (DEIR) Agoura Hills, City of Agoura Hills--Los Angeles NOTE: Reference SCH# 1992091035  The proposed project is an update to the City of Agoura Hills General Plan through the year 2035. This update includes a revision to the land use map and revisions to the various sections or "elements" of the General Plan required by the state. The General Plan Update (GPU) will focus on the Land Use and Circulation elements, but will also refine existing policies in the following other elements: Open Space and Conservation; Parks and Recreation; Noise; Public Safety; Seismic Safety; Scenic Highways; Public Facilities; Utilities and Services; Community Design; and Economic Development. As part of the GPU, all of the identified elements will be incorporated into four consolidated elements, including Community Conservation and Development, Infrastructure and Community Services, Natural Resources, and Community Safety.	<b>EIR</b>	01/25/2010

<b><u>Documents Received on Tuesday, December 08, 2009</u></b>			
2004074007	Clear Creek Management Area Draft Resource Management Plan and DEIS Bureau of Land Management Coalinga, King City, Hollister--San Benito The CCMA Draft RMP and Draft EIS will guide BLM's management of approximately 63,000 acres of public lands in southern San Benito and western Fresno counties. The range of alternatives being considered would either maintain or reduce the following: humans health risks from exposure to asbestos, motorized and non-motorized recreation opportunities, livestock grazing, mining, protection of natural and cultural resources, etc. Resources impacted include vegetation, wildlife, soils, air and water quality, fire hazard, special status species, cultural resources, visual resources, specials designations, etc.	<b>EIS</b>	03/08/2010
2009121014	City of Los Placentia 2006-2014 Housing Element Placentia, City of Placentia--Orange The City of Placentia Housing Element identifies and analyzes the existing and projected housing needs, and articulates the City's official policies for the preservation, conservation, improvement, and production of housing within the City.	<b>MND</b>	01/06/2010
2009121015	SA Recycling PSP No. 09-005/PZV No. 08-030 (ZA) Tulare County Tulare--Tulare Special Use Permit to allow a solid waste recycling center, and a Zone Variance to allow a 10 ft block wall/fence.	<b>MND</b>	01/06/2010
2009121016	Palmer Reservoir Replacement Project Coalinga, City of Coalinga--Fresno The project is the construction of a new 3 million gallon (MG) above-ground steel water reservoir for the City of Coalinga. This reservoir would serve in parallel with and possibly replace the existing 2.8 MG Palmer Reservoir located on West Palmer Avenue. The existing reservoir was identified for repairs in teh 2005 City of Coalinga Water Master Plan. The proposed new Palmer Reservoir would be located approximately 90 feet to the south of the existing reservoir. The proposed project would also include construction of buried underground new water pipes to connect the new reservoir to the existing water supply, as well as connect the new reservoir to the transmission pipelines that carry water to the City.	<b>MND</b>	01/06/2010
2009122021	Conditional Use Permit 2001-003, Amendment - Olson Meat Plant Expansion Glenn County --Glenn J. Fred Olson of Olson Meat Company, Inc. has applied for an amendment to Conditional Use Permit 2001-003 to construct a 9,530 sf addition to an existing meat processing facility.	<b>MND</b>	01/06/2010
2009122022	Northwoods Blvd/ Zermatt Dr/Davos Dr Pipeline Project Truckee Donner Public Utility District Truckee--Nevada Upgrade existing pipelines along portions of Northwoods, Blvd, Zermatt Dr, & Davos Dr in Truckee, Ca. New pipelines replace existing 8" & 10" pipelines in poor condition with new 8", 12" & 16" diameter lines to meet current & future water demands and fire flow protection. Homes along the alignments will be provided service connections to pipelines & in-line meter boxes. Appx 12 new fire hydrants will replace existing fire hydrants. Total pipeline length is about 6,800 feet.	<b>MND</b>	01/06/2010

	Standard construction activities associated with installation of water distribution pipelines & appurtenances. Majority of excavation within existing road prisms w/ appx 400' in an easement from Davos Dr to Zermatt Dr.		
2009122023	West College Pond No. 2 Decommissioning and Grading Permit Santa Rosa, City of Santa Rosa--Sonoma The project site is located at 35 Stony Point Road within City of Santa Rosa's West College Utilities Facility. The project site is currently occupied by two tertiary treated recycled water storage ponds. The proposed project would decommission and regrade the currently unused Pond No. 2 and use it for the disposal of soil from future Capital Improvement Projects completed within the City. Decommissioning is expected to being in 2010 and last up to 3 months. Pond filling activities would begin once demolition, grading, and construction of the haul roads are complete. Filling is expected to occur over ~22 yrs.	<b>MND</b>	01/06/2010
2009122024	Cameron Woods Unit No. 9/ Z08-0033/ TM08-1483/ PD09-0006 El Dorado County --El Dorado The project would allow the following: Rezone, Tentative Map, and Development Plan. Rezone: The Rezone would bring the parcels zoning into conformance with the General Plan land use designation. The resultant zoning would be One-Acre Residential-Planned Development-Airport Safety (R1-PD-AA), Open Space-Development Plan (OS-PD), and Commercial Professional Office-Design Control-Airport Safety (CPO-DC-AA). Tentative Map: The Tentative Map would create 33 residential lots raning in sixe from 0.35 acres to 28.11 acres. Two commercial lots would be created ranging in size from 0.94 acres to 3.96 acres. One 20 acre open space lot would be created. The Development Plan (PD) would adopt the proposed lotting configuration, circulation plan, and open space lot.	<b>MND</b>	01/06/2010
2009121017	Gonzales 2010 General Plan Gonzales, City of Gonzales--Monterey The proposed Gonzales 2010 General Plan addresses the seven mandatory topics of Land Use, Circulation, Open Space, Conservation, Noise, and Safety, plus three optional elements; Community Character, Public Facilities and Services, and Sustainability. The Housing Element, which was prepared separately and ahead of the rest of the 2010 Gonzales General Plan was adopted by the City Council on June 15, 2009 following public hearings and was certified by the Department of Housing and Community Development on August 13, 2009. Accordingly, the Housing Element, while included within the General Plan document, is not the subject of this EIR. The updated General Plan adds approximately 2,150 acres of land for a variety of urban and open space uses, and approximately 2,130 acres of land for urban reserve.	<b>NOP</b>	01/06/2010
2004081180	I-5 / Camino Capistrano Interchange Improvements Project Orange County Transportation Authority San Juan Capistrano--Orange This project consists of improvements to the I-5/Camino Capistrano interchange. The improvements include widening the I-5 bridge over San Juan Creek to accommodate an auxiliary lane for the southbound Camino Capistrano off ramp. The project will impact 2.4 acres of streambed and has the potential to affect several sensitive species that occupy habitats within the stream channel.	<b>NOD</b>

	However, mitigation measures have been added to the project, and to Streambed Alteration Agreement 1600-2009-0227-R5, issued by the DFG, to avoid these potential impacts.		
2007072023	Modesto Master EIR Update and General Plan Amendment Modesto, City of Modesto--Stanislaus The proposed project would amend the development plan for P-D(540) from an 80,000 sf theatre, to a commercial development that includes a 94,000 sf building and two 7,500 sf pad buildings. The project is required to provide 367 parking spaces based on the general commercial standard of one space for every 300 sf of building area. The project will provide a total of 590 spaces. Screen landscaping will be required along the eastern property line, which is consistent with the requirement for P-D(537) to the south. The applicant has also requested a revised development schedule for P-D(540) granting an additional 10 yrs.	<b>NOD</b>	
2008052112	Green Valley Plaza Fairfield, City of Fairfield--Solano The proposed project involves the development of the site with up to 465,000 sf of retail uses and associated landscaping, parking, and infrastructure improvements. Major and junior retail uses may include a sporting goods store, a home improvement center, or other similar types of large retail uses. Smaller retail and support pads would also be developed. Building heights would not exceed 55 ft.	<b>NOD</b>	
2009128042	Spring Valley Reservoir Maintenance Project Fish & Game #2 --Lake The project will include removal of vegetation approximately 20 feet above the Ordinary High Water Mark in the area defined in Exhibit "B" and reestablishing an existing road on the north side of the area. The boundaries of the project will be defined by Lake County Vector Control District and are approximately 1.5 acres of willows and blackberries for vegetation removal. Machinery will access the site via Osage and Redwood Streets to the southern side of the watercourse and Wolf Creek Dr. to the northern side.	<b>NOE</b>	
2009128043	Prospect Island Acquisition Water Resources, Department of --Solano Department of Water Resource's acquisition of approximately 2/3rds (1300 acres) of Prospect Island from the US Bureau of Reclamation for the purpose of possible habitat restoration. DWR will obtain the land and maintain it under existing conditions until it develops a habitat restoration plan and CEQA analysis for that plan that would focus on providing additional habitat for native fishes and providing increased primary and secondary production for the Delta food web.	<b>NOE</b>	
2009128044	Millerton Lake-North Shore Parking Expansion and Facility Enhancements Boating and Waterways, Department of --Madera This project will expand the existing North Shore boat ramp parking lot; construct an Americans with Disabilities Act (ADA) compliant restroom facility and day-use picnic area. At certain times of the year the existing parking is full and it is the only ramp on the Madera side of the lake. The project will alleviate the parking deficit and also ensure compliance with the ADA. The total area to be disturbed is approximately 127,898 square feet. The new parking lot will be approximately	<b>NOE</b>

	111,996 square-feet and create 63 additional parking stalls for vehicles with trailers.		
2009128045	Dinosaur Point Low Water Parking Lot Upgrade Boating and Waterways, Department of --Merced The purpose of this project is to increase the size of the existing low water parking lot and replace a small portion of the existing lot that has been damaged. The existing lot is not large enough for the usage it receives. The existing lot and new lot will also be appropriately striped, including ADA striping and signage. Also, the existing boarding float is extremely deteriorated and will be replaced.	<b>NOE</b>	
2009128046	Dinosaur Point Mid-Water Parking Lot Boating and Waterways, Department of --Merced The purpose of this project is to expand the existing mid water parking area at Dinosaur Point in San Luis Reservoir. The existing lot is too small to accommodate boater vehicles and trailers. The proposed expansion is approximately 17600sf (.404ac). The project will also create a two foot wide flat bottom swale to divert water from the parking area and back down to lower lying areas. This swale would often be underwater when the water level is higher.	<b>NOE</b>	
2009128047	Lake Zyac Swan Dam Maintenance Project Regional Water Quality Control Board, Region 5 (Central Valley), Sacramento Grass Valley--Nevada The Lake Zyac Swan Dam Maintenance Project consists of making repairs to the toe and outlet channel of Swan Dam. This repair is required by the Division of Safety of Dams (Department of Water Resources) following an inspection on 29 January 2009. This project will not expand the existing use of Swan Dam.	<b>NOE</b>	
2009128048	Clark Creek Road Forest Management Parks and Recreation, Department of --Shasta Mechanically reduce the down, woody debris and thin the forest to lessen the likelihood of catastrophic fire. Remaining trees would be limited to 10 feet to reduce ladder fuels to lessen the likelihood consumption of these trees by passing fire. A prescribed fire would be applied to the resulting stand to clear debris left from the thinning operation. The project would create a 100 to 2,500 feet to approximately 1.4 miles long along Clark Creek Road. The total treated area is approximately 115 acres.	<b>NOE</b>	
2009128049	Temporary Emergency Permit to Treat Hazardous Waste by Chemical Neutralization Toxic Substances Control, Department of --Kern A temporary emergency Hazardous Waste Treatment Permit has been granted to Edwards Air Force Base (Edwards) to treat hazardous waste by chemical neutralization. The hazardous waste to be treated consists of 45 compressed gas cylinders containing chlorine trifluoride, oxygen difluoride, and perchloryl fluoride compounds used as rocket propellant. The largest items contain 1130 pounds of propellant each. Total weight of the items is 18,418 pounds. The items have been in storage at Edwards.	<b>NOE</b>

2006021027	Sunroad Harbor Island Hotel Project & East Harbor Island Subarea PMPA (UPD 83356-EIR-783) San Diego, Port of San Diego--San Diego Redevelopment on a portion of East Harbor Island to include: demolition of one existig locker building and a parking lot located east of the Sunroad Resort Marina building; construction of a limited servie hotel (~117,000 sf) with a max. of 175 rooms, limited meeting space (~8k sf), parking, and common areas; removal of traffic circle at eastern terminus of Harbor Island drive; realignment of road and lease lines; reconfiguration of existing paved areas to provided ingress and egress to the hotel and surface parking; public promenade along the basin-side of the hotel; realignment of existing sewer, water, and utility lines. A Port Master Plan Amendment is required to redesignate some land uses on the project site.	<b>EIR</b>	01/25/2010
2008032074	Bayview Residential Project Contra Costa County Martinez--Contra Costa The project sponsor, Discovery Builders, Inc., proposes to develop a residential subdivision located south of Central Avenue and east of I-680, in the Vine Hill Area of unincorporated Contra Costa County. The project site consists of a single parcel (APN 280-030-046). The project would include the development of 163 single family homes and associated internal roadways on 42 acres, as well as open space parcels of ~11.6 and 15 acres. The project would retain a hilltop of ~10 acres as disturbed and undeveloped land. To accommodate the proposed use and density, the proposed project includes a zoning reclassification, new land use designation and changes to the Vine Hill/Pacheco Blvd area policy language that would require an amendment to the General Plan. The major project components would include a grading plan that would substantially alter the existing topography of the project site, provision of access and circulation via a new internal roadway system, repair and/or upgrade to existing utility lines and an extension of utility lines throughout the project site.	<b>EIR</b>	01/25/2010
2008112050	SFPUC Crystal Springs Pipeline No. 2 Replacement and Improvement Project San Francisco, City and County of Brisbane, Daly City, Hillsborough, Millbrae, San Francisco, ...--San Mateo, San Francisco The San Francisco Public Utilities Commission (SFPUC) proposes to upgrade and replace portions of the Crystal Springs Pipeline No. 2 (CSPL 2), which extends (south to north) from the Crystal Springs Pump Station at the base of Lower Crystal Springs Dam in an unincorporated area of San Mateo County, through the	<b>EIR</b>	01/25/2010

	Town of Hillsborough and the cities of San Mateo, Burlingame, Millbrae, San Bruno, South San Francisco, Brisbane, Daly City, and into the City and County of San Francisco, terminating at the University Mound Reservoir in southeastern San Francisco. The proposed improvements would ensure the continued delivery of potable water to customers served by this pipeline in the event of a major earthquake. The proposed CSPL 2 project (Project) is one of the facility improvement projects that the SFPUC proposes to implement under the SFPUC's Water System Improvement Program to meet system objectives and service goals. The improvements include pipeline rehabilitation and seismic retrofit activities at 15 sites and general improvements to protect the pipeline from corrosion and exposure at 4 locations and insulated flange joints (referred to as electrical isolation) at 31 locations along the CSPL2 alignment to further protect the pipeline from corrosion.		
2008012048	Fremont Merged Redevelopment Project Area Plan Amendment Fremont, City of Fremont--Alameda The proposed Plan Amendment that is the subject of the Draft SEIR would modify the existing Redevelopment Plans to create one consolidated redevelopment plan for the Merged Project Area, to add various improvement activities, and to increase the dollar amount of tax increment revenue that may be received by the Agency and the dollar amount of outstanding bonded indebtedness that the Agency can incur. The Plan Amendment would provide the Agency with the financial and legal resources needed to complete the program of redevelopment for the Merged Project Area, as further described in the Draft SEIR.	<b>FIN</b>	
2008101039	Nuevo Business Park - Phase II Riverside County Perris--Riverside NOTE: Reference SCH# 2005081021  Tentative Parcel Map No. 33530 Revised No. 1 is a scheduled "E" subdivision of 104.45 gross acres into 9 parcels and public roadway dedications. Plot Plan No. 23332 proposes to develop up to 2,124,774 sf of light industrial and distribution warehouse business center uses on the property, in addition to 2 water quality/detention basins, landscape features, and other improvements.	<b>FIN</b>	
2009121018	ENV-2009-3121-MND - 309-315 Culver Boulevard Los Angeles, City of Los Angeles, City of--Los Angeles NOTE: Review Per Lead  Coastal Development Permit for the demolition of an existing, vacant, private school and the construction of 2, three story, office buildings, one of which will be 4,197 sf and the other 4,039 sf. A total of 32, at grade level parking spaces will be provided, 16 in each building. Buildings will be located on a 10,000 sf site, in the [Q]C4-1D Zone.	<b>MND</b>	01/11/2010
2009121019	Ramona Satellite Clinic and Medical Office Building Palomar Pomerado Health --San Diego The proposed Ramona Satellite Clinic and Medical Office Building would consist of development of a 2 story, ~36,650 sf building that would provide an urgent care facility, outpatient care facility, pharmacy, and medical offices. The project is	<b>MND</b>	01/07/2010

	needed to serve the growing healthcare needs of the community of Ramona. Access to the project site would be provided via 3 on-site driveways along Main Street, 13th Street and 14th Street, respectively. The proposed project would include the construction of an on-site parking lot that would provide a total of 165 paved on-site surface parking spaces and 24 bicycle spaces in accordance with County of San Diego parking standards. PPH intends to receive a Leadership in Energy and Environmental Design (LEED) certification for the facility.		
2009121021	Flying M Ranch Lease Public Utilities Commission Long Beach--Los Angeles Southern California Edison to lease 13.5 acres of its Hinson-Lightthipe Transmission Right of Way in the City of Long Beach to Flying M Ranch LLC (subsidiary of Martin Container, Inc.) to develop and operate a paved temporary parking facility for trucks bound to/from the Ports of Los Angeles and Long Beach in order that truck trips can be schedules to avoid congestion at and around the ports. Facility would consist of 242 storage/parking spaces for trailers with containers and two 1,600 sf portable office buildings. The facility will operate 24 hrs per day/7 days per week; trucks will not be on-site longer than 72 hours (average 39 hrs). Access between site and I-710 is via Alondra Blvd, Atlantic Ave, and Sportsman Drive.	<b>MND</b>	01/07/2010
2009121020	General Plan - Circulation Element Update Oceanside, City of Oceanside--San Diego Note: Review per lead.	<b>NOP</b>	01/25/2010
	The City of Oceanside is proposing to update the Circulation Element of the City's General Plan. The Update will establish Goals and Objectives for the Circulation Element, and the recommended Policies needed to support and achieve them.		
2009122025	UC Davis Domestic Water System Improvements and Interim City Water Supply University of California, Davis Davis--Yolo NOTE: Review Per Lead	<b>Neg</b>	01/11/2010
	UC Davis proposes two water infrastructure improvements and sale of water to the City of Davis to implement the UC Davis Domestic Water System Improvements and Interim City Water Supply. The components of the proposed project include the following: 1. Construction and operation of a water treatment plant and a pipeline to the plant; 2. Construction and operation of an improved campus-city domestic water system interconnection; and 3. Short-term water supply augmentation for the City of Davis from UC Davis.		
2009122026	PS-0900273 (UP) San Joaquin County Lodi--San Joaquin NOTE: Review Per Lead	<b>Neg</b>	01/11/2010
	A Use Permit application for a kennel for up to 25 dogs to be conducted within an existing 443 sf portion of an existing residence along with a separate 1,800 sf open outdoor exercise area. The kennel will primarily be for breeding.

<b><u>Documents Received on Wednesday, December 09, 2009</u></b>			
1992101099	TM5139 RLP6R/ Sunroad Centrum Industrial/ Commercial Subdivision San Diego County Otay--San Diego The project is a subdivision of ~80 acres into 19 lots ranging from 2.72 to 7.12 acres designated for technology/business park use.	<b>NOD</b>	
1998012044	Sears Point Raceway Master Plan/Modification to Use Permit Sonoma County Santa Rosa--Sonoma The Operator proposes to construct new facilities for raceway participants and visitors. Project components include: 1) modifications to the Raceway track and drag strip, 2) on-site circulation and highway access improvements, 3) parking area improvements, 4) construction of permanent spectator seating for up to 102,200 persons, 5) relocation and modification of administrative offices, driving school, paddock area, and tenant shops, including up to 342,500 sf of additional facilities, 6) construction of a Go-Kart track, 7) construction of a pedestrian tunnel under highway 121 and pedestrian improvements interior to the racetrack, and 8) expansion and relocation of water and wastewater systems.	<b>NOD</b>	
2003052025	Grant Street / Foss Creek Culvert Crossing Extension Project Healdsburg, City of Healdsburg--Sonoma At present, the existing crossing of Grant Street over Foss Creek can only accommodate two vehicle lanes and lacks pedestrian sidewalks. The City is proposing to widen an approximately forty-foot long section of Grant Street from a width of approximately 19' to 50' in order to install public sidewalk on both sides of the street. The location of this project is within the North Coast Railroad Authority's right-of-way. The new street section would include 5-foot wide public sidewalk along both sides of the street, safety railings at the back of sidewalks over the creek, and improved pedestrian access through the remainder of the railroad's right-of-way, including an asphalt concrete surface over the track rails. The widened street section, which would match existing adjacent sections of Grant Street, would allow two traffic lanes, parking lanes on both sides of the street and the two sidewalks.	<b>NOD</b>	
2004081180	I-5 / Camino Capistrano Interchange Improvements Project Orange County Transportation Authority San Juan Capistrano--Orange This project includes improvements to the I-5 southbound on and off-ramps, widening of Camino Capistrano in the vicinity of the interchange, adding an auxiliary lane at the southbound I-5/off-ramp, and relocating the existing soundwall located parallel to the southbound I-5 freeway near San Juan Creek.	<b>NOD</b>	
2006052112	El Charro Specific Plan Livermore, City of Livermore--Alameda The project is located on the western side of Livermore in eastern Alameda County immediately south of I-580. As part of a 250 acre commercial development the project activities that would occur within the stream zone of Arroyo Las Positas and Cottonwood Creek include constructing 5 new outfalls, lowering one outfall and constructing 6 new bridges.	<b>NOD</b>

2007052042	<p>Pacific Lumber Company, Scotia General Plan Amendment, Zone Reclassification, and Final Map Subdivision Humboldt County --Humboldt</p> <p>Pacific Lumber Company is owner of 465 acres of property that constitutes the community of Scotia. The project is a general plan amendment, zone reclassification, final map subdivision, planned development permit and urban limit line extension for portions of Scotia with land use designations of Industrial General or Timberland and zoning of unclassified "U". The request involves changing the land use designation and rezoning approximately 80 acres primarily used for residential uses within the town of Scotia, and subdivision of this area so that existing residences and community facilities are placed on individual lots. Existing residential portions of the town are proposed to be changed from Industrial General to Residential Low Density. Areas of the town that currently include developed utility infrastructure (sewage treatment area, water treatment area/storage, school, and fire station) would be changed from Industrial General or Timberlands to Public Facility. Areas of the town that have existing commercial uses would be changed from Industrial General to Commercial General or Commercial Recreation. The urban limit line would be extended to encompass the Scotia town site area. The applicant also proposes formation of a CSD for delivering services to the community. CSD formation must be approved by the Humboldt County Laoco. Approval of the proposed amendment is dependent upon a showing that the request is both "in the public interest and "consistent with a comprehensive view of the General Plan."</p>	<b>NOD</b>	
2008072007	<p>City of Gridley 2030 General Plan Gridley, City of Gridley--Butte</p> <p>Full build out of the General Plan could result in: the construction of up to 3,850 to 4,700 housing units; Additional population growth of up to 9,000 to 12,000; addition of up to 1 to 1.3 million sf of commercial building space; addition of up to 3.2 to 4 million sf of building space for industrial, light industrial, and agricultural processing uses; and, parks; schools; open for conservation, buffering and drainage, and recreation; and other land uses.</p>	<b>NOD</b>

2009082068	James and Katherin Burney Klamath Ranch Quarry Use Permit and Reclamation Plan (UP09-07-RP-09-02) Siskiyou County --Siskiyou Use Permit and Reclamation Plan approval for an open-pit quarry located on a 168 acre parcel. 360,000 cy of volcanic rock (primarily basalt) are planned to be harvested over a 20 yr mine life. Annual production is estimated at 20,000-10,000 cy, as demand requires. Quarry activities would be concentrated within 9 acres located on the northwestern slope of a hilltop 2,595 ft above sea level, ~300 ft above roadway grade, and ~1,400 ft north of Copco Road. At the conclusion of mining activities, the proposed quarry/processing area would be reclaimed. Reclamation would include site contouring, re-vegetation and preparation of the site as open space at the conclusion of quarrying activities. The viable topsoil present at the proposed mine site would be removed and stored separately prior to the onset of quarry activities. Upon completion of the quarry area, surfaces would be ripped or disced to a minimum 12 inch depth or harvested unmarketable overburden would be evenly spread on the disturbed quarry floor to establish a suitable root zone. Revegetation would begin during the fall and winter season immediately following the application of topsoil to the quarry floor. The more appropriate seed type, rate of application, and use of soil amendments would be determined by the test plots conducted during quarry operations.	<b>NOD</b>	
2009101067	Twin Oaks Elementary School Improvements Project San Marcos Unified School District San Marcos--San Diego The project would involve the development of two vacant District-owned parcels, adjacent to the east and to the northeast of the existing school. The 7.61 acre site would be used for the construction of a new access road, an agricultural learning facility, and expansion of the elementary school's existing playfield.	<b>NOD</b>	
2009109004	Watt/Elkhorn Subdivision Map, Use Permit, Special Development Permit, Design Review and Affordable Housing Plan Sacramento County Sacramento--Sacramento The project proposed to install 3 storm-drain outfall structures along an unnamed tributary to the Natomas East Main Drainage Canal. Fill will be added to ~0.026 acres of ephemeral and 0.001 acres of intermittent drainages with 45 cy of native soil. Storm-water quality vegetated swales will be incorporated into the project to mitigate downstream water quality impacts.	<b>NOD</b>	
2009128051	Rehabilitate Park-wide Water System (ER #8958) Parks and Recreation, Department of --San Diego This project would repair, replace, or rehabilitate and outdated water storage and distribution facilities within the Park. More specifically, the water storage tanks at Stonewall, Azalea, Los Vasqueros, and Green Valley will be cleaned and repaired, while a new well will be activated at Paso Picacho. Activation of the new well would include trenching for the installation of 800 feet of distribution line.	<b>NOE</b>

2008042024	Walmart Galt, City of Galt--Sacramento The proposed project includes construction of an ~133,279 sf Walmart store, including a 6,030 sf fenced outdoor garden center, on an ~11.26 acre site. The building would be oriented toward Twin Cities Road with vehicle access points on Twin Cities Road and Fermoy Way.	<b>EIR</b>	01/25/2010
2009052079	Elnoka Village Project Santa Rosa, City of Santa Rosa--Sonoma The proposed project consists of multi-family residential development, neighborhood center uses, parking, landscaping, and amenities. A significant portion of the proposed project would be utilized as open space including passive natural and landscaped areas, and recreation areas. In addition, the proposed project would develop roadways, a detention basin, a public lift situation, and a new arched culvert crossing of Melita Creek. A lot line adjustment would be required between primary parcel 031-050-061 and secondary parcel APN 031-050-063.	<b>EIR</b>	01/25/2010
2009071039	Bullard High School Improvement Project Fresno Unified School District Fresno--Fresno NOTE: Review Per Lead  The proposed project evaluated in the Draft EIR is the implementation of a master development plan (MDP) and construction of high-priority athletic facilities improvements (AFIs) for the Bullard High School campus. Specific elements of the AFIs include improvements and upgrades to the swimming pool and track and field facilities. The MDP improvements, which includes the replacement of various school buildings, are conceptual in nature and would be phased in over time subject to funding availability. The Draft EIR evaluates the proposed AFIs at the project level and the proposed MDP improvements at the program level.	<b>EIR</b>	01/27/2010
2008012001	Maloney Design Review Marin County --Marin The project is a proposal to build the following improvements on a vacant property in San Geronimo: 1) a two-story, 1,672 square foot single-family residence; and 2) an unenclosed 330 sf, attached carport. As proposed, the dwelling would have a maximum height of 28 ft, 6 inches and would maintain the following minimum setbacks from corresponding property lines: 25 ft from the northerly front property line (along Meadow Way); 44 ft from the westerly side property line; and 10 ft from the easterly side of the property line.	<b>MND</b>	01/11/2010

2009122028	<p>Carpenter Road Bridge Seismic Retrofit Project Modesto, City of Modesto--Stanislaus</p> <p>The proposed project involves seismic retrofitting the Carpenter Road Bridge in the City of Modesto. Retrofitting of this bridge is a result of CA Senate Bill 36 that was enacted in response to the 1989 Loma Prieta Earthquake. This Bill authorized a statewide seismic retrofit program as a top priority safety concern. Caltrans, through a screening process, found that the Carpenter Road Bridge was a candidate for the Local Seismic Retrofit Program.</p> <p>In 1966, the State hired Dokken Engineering to provide seismic analysis, strategy determination and any needed structural retrofit design for this bridge. Dokken Engineering performed this work and based on AGRA Earth and Environmental field borings, it was found the the liquefaction potential at the bridge site would require extensive foundation retrofit work. From these findings, the retrofit improvements were designed to reduce the potential risk and seismic hazards. Funds for the Carpenter Road Bridge Retrofit were approved and will come from a combination of State and Federal funds.</p>	<b>MND</b>	01/11/2010
2009122029	<p>SFPUC Peninsula Watershed Geotechnical Investigation Project San Francisco, City and County of Hillsborough, San Bruno, San Mateo, Belmont--San Mateo</p> <p>The San Francisco Public Utilities Commission (SFPUC) proposes to conduct geotechnical investigations at several sites within the SFPUC Peninsula watershed land in unincorporated San Mateo County. These investigations would increase the SFPUC's understanding of local site conditions crucial to successful implementation of the proposed Habitat Reserve Program (HRP) and the Crystal Springs San Andreas Transmission Upgrade Project (CSSA Project) in the SFPUC Peninsula watershed by identifying the geologic, hydrologic, and seismic conditions project areas. The proposed geotechnical investigations for the HRP consists of the installation of ~17 piezometers (water pressure meters) in boreholes as well as trenches, 2 soil test pits, 28 hand augured soil testing sites, and 20 surface soil sampling sites. The proposed geotechnical studies in support of the CSSA Project would consist of up to 5 trenches to locate the San Andreas Fault and determine its slip rate. No permanent facilities would be developed as part of the proposed project. All proposed activities would take place within the boundaries of SFPUC-owned watershed land. The hRP geotechnical investigations would occur over an ~3 week long period, with work at individual sites taking one day or less. The fault trenches that would be conducted in support of the CSSA Project would require ~3 weeks for excavation and mapping. The geotechnical investigations are expected to occur between January 2010 and September 2010.</p>	<b>MND</b>	01/11/2010

2009121028	<p>City of Vista General Plan 2030 Update Vista, City of Vista--San Diego</p> <p>The proposed Project consist of a comprehensive general plan update. The Project includes seven General Plan elements: 1) Land Use and Community Identity; 2) Parks, Open Space and Conservation; 3) Healthy Vista; 4) Noise; 5) Public Services and Safety; 6) Housing; and 7) Circulation. The city is largely built out and new development opportunities are limited; however, initial implementation through 2030 build-out of the Project would mostly include changes to land use designations within a total of nine Opportunity Areas consistent with the Project's goals, objectives, and policies listed in the General Plan Update.</p>	<b>NOP</b>	01/11/2010
2009121026	<p>Cardiff Specific Plan Encinitas, City of Encinitas--San Diego</p> <p>Adoption of the Cardiff-by-the-Sea Specific Plan and associated amendments to the Encinitas General Plan and Local Coastal Program. Related zoning amendments are also proposed. The Specific Plan area encompasses ~17.09 acres within the community of Cardiff-by-the-Sea. The proposed Specific Plan provides land use policies, development regulations, and design recommendations for future development within the Specific Plan area.</p>	<b>Neg</b>	01/11/2010
2009121027	<p>Mesa Business Park King City King City--Monterey</p> <p>This Project is a request for a Conditional Use Permit (CUP) to allow multiple businesses within an existing 56 acre industrial/agricultural complex called the Mesa Business Park (Project or Project Area). The Project Area has 40 buildings and 721,783 sf. The CUP includes food processing, simple manufacturing (e.g. batteries and solar panels), alternative fuels (e.g. raw fuel creation and algae farm), commecial/service/office, and storage/warehousing/distribution.</p>	<b>Neg</b>	01/11/2010
2009122031	<p>City of Willows 2009 Housing Element Willows, City of Willows--Glenn</p> <p>The Draft City of Willows 2009 Housing Element is designed to address the projected housing needs of current and future City residents and to comply with state law requiring amendment of the Housing Element every 5 years (Section 65580-65589.8 of the Government Code). The 2009 Housing Element is the City's policy document guiding the provision of housing to meet income households. The City of Willows Housing Element is based on 4 strategic goals: (1) creating housing opportunities for current and future residents, (2) preserving neighborhoods and improving the housing stock, (3) addressing special needs groups, and (4) encouraging energy conservation. Willows recognizes the need for additional housing affordable to very low-, low-, and moderate-income households as the population grows and the need to accommodate existing residents who do not have suitable, affordable housing. The 2009 Housing Element identifies the policies and programs which the City will implement to ensure that housing in Willows is affordable, safe, and decent. The proposed Housing Element addresses housing needs by encouraging the provision of an adequate quantity of sites designated for multi-family housing, by assisting in affordable housing development, and through the preservation and maintenance of existing affordable housing stock.</p>	<b>Neg</b>	01/11/2010

2008061111	Whiteface Specific Plan Amendment 6: Lost Canyons Draft EIR Simi Valley, City of Simi Valley--Ventura The proposed project is a Specific Plan Amendment for the Whiteface Specific Plan Amendment for the Whiteface Specific Plan which calls for the reallocation of 364 residential dwelling units on 1,770 acres within Dry Canyon and Tapo Canyon, north of the City of Simi Valley.	<b>EIR</b>	01/27/2010
2009022033	Granite Esparto Mining and Reclamation Project Yolo County --Yolo NOTE: Review Per Lead  In October 2007, Granite Construction Company, Inc. filed an application with the Yolo County Parks and Resources Department (YCPRD) for approval of commercial mining and processing of sand and gravel resources from a site in central unincorporated Yolo County. Approval of the project is considered a discretionary action under CEQA. As such, the YCPRD is the lead agency overseeing the preparation of this EIR for the application for the Granite Esparto Mining and Reclamation Project. The Applicant is requesting approval of a new 30 yr Off Channel Mining Permit to excavate, process and sell sand gravel resources. The 390 acres project site is located ~1.4 miles north of the town of Esparto, CA, and 27 miles west of Sacramento. The proposed project site is located adjacent to and east of the existing Granite Capay Mining site, a project originally approved in 1996 and revised in 2002.	<b>EIR</b>	01/28/2010
2002112087	Kings Beach Commercial Core Improvement Project Tahoe Regional Planning Agency --Placer NOTE: Final Supplement EIS  The purpose of the proposed action is to address bicycle and pedestrian circulation, preservation of scenery, and water quality needs within the Kings Beach Commercial Core area in a manner consistent with the Kings Beach Community Plan (KBCP).	<b>FIN</b>	
2008062080	280 Divisadero Street San Francisco, City and County of San Francisco--San Francisco The project involves a vacant former carriage house (part of City Landmark No. 190, the Charles L. Hinkel House and Carriage House), behind a larger "main house" at 280 Divisadero Street. The project sponsor, who lives in the main house, proposes alterations to the carriage house so that it can be used as a second residential unit. The proposed work was originally defined as rehabilitation; however, Planning staff has determined that the project would be considered "demolition" of the carriage house under the standards set forth under Planning Code Article 10. The proposed work includes a new foundation, new structural framing, replacement of exterior siding, removal of the existing large doorway, installation of window openings and new or enlarged windows and doors to provide more interior light; new utilities, and the addition of decorative trim. At the second floor, the sponsor proposes to replace a non-historic aluminum dormer window with a new wood sash window in a narrower dormer that would be topped by a new pyramidal cupola. The dormer window would be raised to provide a more usable floor plan and more natural light at the second floor. Two new oval	<b>FIN</b>

	demands. An assessment or community funded district would be formed to finance the Proposed Project.		
2001021025	2011 Revision of the Madera County Regional Transportation Madera County Chowchilla, Madera--Madera NOTE: Subsequent	<b>NOP</b>	01/12/2010
	Preparation and approval of the 2011 Revision of the Madera County Regional Transportation Plan (RTP). Following are sections which may be reorganized or modified as a result of staff and consult review: <ul style="list-style-type: none"> <li>- San Joaquin Valley Regional Transportation Overview</li> <li>- Regional Setting, State and Federal Issues</li> <li>- Climate Change Element and Blueprint Issues</li> <li>- Policy Element</li> <li>- Needs Assessment and Action Element</li> <li>- Financial Element</li> </ul>		
2006101104	Millennium - Playa Del Mar Apartments Project/Project R2009-02015 Los Angeles County Los Angeles, City of--Los Angeles The proposed project is a request for a Conditional Use Permit to allow 216 apartments in one building with a maximum height of four stories (60 feet) along and a 433-space structure with a maximum height of five and one half stories (56 feet); a zone change from R-3-DP and R-1 to R-4-DP; and a general plan amendment to change the land use designation from Low Density Residential 1 to High Density Residential 4. The existing church, parking lot, and single-family residence will be removed. The project will require on-site grading of 31,700 cubic yards of cut of which 15,000 cubic yards of soil would be exported from the site and 16,700 cubic yards of fill to be used on-site. Ingress and egress will be provided by an existing alley south of the project site and a new fire alley along the northern part of the site.	<b>NOP</b>	01/12/2010
2009121031	Weyrick Tract Map 2710, County File Number SUB 2004-00331 San Luis Obispo County --San Luis Obispo 24 lot subdivision of a 5.28 acre site into residential lots that range in size from 6,025 to 9,668 sf.	<b>Neg</b>	01/12/2010
2009122037	Updated Housing Element of the Dublin General Plan Dublin, City of Dublin--Alameda Adoption of an updated Housing Element as part of the Dublin General Plan.	<b>Neg</b>	01/12/2010
2008051102	US Highway 101/State Route 46 West Interchange Modification Project Caltrans #5 Paso Robles--San Luis Obispo NOTE: FONSI/Notice of Availability NOTE: Joint Document consists of Mitigated Negative Declaration and Environmental Assessment.	<b>Oth</b>	
	The California Department of Transportation proposes to relieve local and regional circulation problems and reduce existing and future congestion by improving the US 101/State Route 46 West interchange ramps, and relocating Theatre Drive to a new intersection with State Route 46 West, west of its current location. The

	interchange reconstruction would convert the existing compact diamond interchange signal-controlled ramp intersections into roundabouts. Adjacent frontage roads would be either redirected into the new roundabouts or relocated away from the interchange. The proposed project does not include any modifications to the US 101 through lanes. Improvements would be made to all four on- and off-ramps in the interchange to achieve the desired geometry and traffic operations.		
1995061007	<p>Gregory Canyon Landfill EIR San Diego County Pala, Pauma Valley--San Diego</p> <p>The Gregory Canyon, Ltd, LLC proposes to alter the stream to construct a new bridge crossing of the San Luis Rey River to accommodate the ingress and egress of traffic to and from the Gregory Canyon Landfill Property. This bridge will replace an existing bridge crossing located downstream that cannot support the equipment associated with landfill activities. The proposed bridge will be ~640 ft in length and 35.5 ft wide. It will have 5 sets of one piles which will form the base. The bridge will maintain a 17.5 ft clearance above the river bed. The side slopes at the abutments will be at a 3:1 slope and will be stabilized with rip-rap to prevent erosion. Gaps in the rip rap will be filled with concrete to eliminate habitat for predator species. This bridge is a component of the larger landfill project.</p>	<b>NOD</b>	
2004051060	<p>2020 Master Plan LAC Improvements Long Beach Community College District Long Beach--Los Angeles</p> <p>The 2020 Unified Master Plan provides a prioritized program of work incorporating the 2004 LAC Master Plan and the space and building needs identified to the year 2020. After the reduction of the eliminated Master Plan improvements, the LBCC 2020 Unified Master Plan LAC improvements would result in an estimated increase over the 2004 LAC Master Plan of 25,480 sq. ft. of renovation, 82,621 sq. ft. of new construction, and 27,792 sq. ft. removed.</p>	<b>NOD</b>	
2007041047	<p>Farm of the Future Master Plan West Hills Community College District Coalinga--Fresno</p> <p>A Master EIR has been prepared for the Farm of the Future Master Plan, which provides additional agricultural and related facilities to meet the education needs of students at West Hills College Coalinga. The plan includes shops, offices, classrooms, labs, an indoor pavilion, and outdoor pavilion with support arenas and staging areas, and other related improvements. Agricultural lands, grazing, pasture, and animal currently exist onsite.</p>	<b>NOD</b>	
2007052052	<p>The Exploratorium Relocation Project San Francisco, City and County of San Francisco--San Francisco</p> <p>An amendment to the San Francisco Waterfront Special Area Plan (SAP), an element of the San Francisco Bay Plan, to allow the retention of a portion of the "valley" and non-historic sheds between Pier 15 and Pier 17, located in and owned by the Port of San Francisco, which will allow the Exploratorium, a California not-for-profit corporation, to renovate and seismically upgrade the deteriorated piers and develop museum.</p>	<b>NOD</b>

<b><u>Documents Received on Monday, December 14, 2009</u></b>			
	Development approach is required to allow for reduced lot sizes and setbacks for some proposed lots.		
2008082121	Rocklin Commons Rocklin, City of Rocklin--Placer The project consists of a proposal to subdivide 40+ acres of undeveloped land consisting of 4 existing parcels into 20 commercial lots. A use permit and design review are included that would allow the construction of a commercial shopping center consisting of 415,000 sf of retail space. Additional entitlements include a General Development Plan (zoning document), an Oak Tree Preservation Plan Permit to allow the removal of existing oak trees on the site and a Development Agreement addressing the term of project approvals, assessment district participation and caps on various fees and taxes.	<b>NOD</b>	
2008122105	Dry Creek Tailwater Recovery Project Browns Valley Irrigation District --Yuba BVID is proposing a tailwater recovery project that will relieve irrigation water supply constraints by pumping water from Dry Creek at times when Dry Creek flows are primarily composed of tailwater from irrigated lands draining to Little Dry Creek. The tailwater raises Dry Creek's temperature by 4-5 degrees Celsius and introduces sediment, nutrients, and other pollutants to the Creek approximately 1.8 miles upstream of its confluence with the Yuba River. By pumping from Dry Creek downstream of the confluence with Little Dry Creek, the project will remove some of the reclaimed water will be applied on rice lands where the elevated water temperature benefits rice will reduce the District's demand for water divided directly from the Yuba River, this balancing in diversion flows from the Yuba River. The Project proposes flow diversion of up to a maximum of 10 cfs from Dry Creek.	<b>NOD</b>	
2009012048	Sunset Canal and Craig Creek Bridges Project Caltrans #2 --Tehama The Project proposes to replace the existing bridge over Craig Creek with a single-span pre-fabricated concrete structure and to protect the footings of the existing bridge over Sunset Canal by pouring a concrete invert and cutoff walls between the abutments.	<b>NOD</b>	
2009042047	Simpson Coastal Development Permit, Special Permit and Notice of Merger Humboldt County --Humboldt A Coastal Development Permit for the development of a one bedroom, single family residence (~1,405 sf in size) developed stop garage (~700 sf in size). The project also involves wetland enhancement mitigation required in order to rectify illegal grading and wetland fill activities including the development and subsequent removal of a drainage system with a wetland. The drainage system has been removed under consultation with the CA Coastal Commission and the DFG. The applicant has offered to merge the adjacent properties as mitigation and protection measures for the wetland. Together, the parcels are ~0.23 acres in size. More than 60% (0.14 acres) of the combined properties have been delineated as a wetland. Consequently, a reduction of the wetland buffer is required to provide for a reasonable economic use of the property. The reduced wetland buffer setback was determined using the Coastal Commission's Statewide Interpretative Guidelines for Wetlands and Other Wet Environmental Sensitive Habitat Areas.	<b>NOD</b>

	The average height of the proposed to be removed. The Resort Improvement District will provide water and sewer services. A Special Permit is required for Design Review.		
2009071025	The 2009-2014 Mariposa County Housing Element Update; General Plan Amendment 2009-055 Mariposa County --Mariposa The 2009-2014 Housing Element Update represents a modification to the current policies and programs in the 2003 Housing Element. It proposes to preserve the most successful programs from the current Element, modify programs to meet evolving issues, and propose new programs to meet the housing needs of the county's residents. The Mariposa County 2009-2014 Housing Element Update represents a comprehensive update in compliance with State housing law.	<b>NOD</b>	
2009072040	Browns Valley Irrigation District Multiyear Temporary Water Transfers EIR Browns Valley Irrigation District --Yuba BVID is proposing to conduct a multilayer series of short-term (2-6 wks), temp water transfers of up to 3,100 afy of Conservation Water (CW) under pre-1914 water right to DWR, Reclamation, or south-of-Delta CVP-SWP contractors during 2010-2025. CW to be released into No. Yuba River from New Bullards Bar Res. consistent with the Yuba River Accord, and would flow through Englebright Res., down lower Yuba, Feather, and Sacramento Rivers Delta in excess on min. flow requirements. CW pumping subject to all applicable decisions, orders, BOs, laws regs in effect.	<b>NOD</b>	
2009081050	Romeria Street Channel Improvement - HMP 09-03 Carlsbad, City of Carlsbad--San Diego The City of Carlsbad proposes to replace an existing concrete lined drainage channel, splash wall, headwall, and brow ditches. Slope protection will be added to ensure the channel provides adequate flood control for public safety and welfare. Construction and future maintenance access will be provided by grading an all-weather access ramp and pad from La Costa Avenue to the channel.	<b>NOD</b>	
2009082082	Hosford Subdivision Humboldt County --Humboldt A Final Map Subdivision creating 4 parcels and a 5th adjusted by LLA. The parcels will range in size from 6,000 sf - 11,095 sf (after LLA). Two parcels will be developed with 2 family dwellings in order to comply with the midpoint density requirement pursuant to the Housing Element and the Residential Multiple Family General Plan designation. The existing dwelling on proposed Lot 2 will remain. All parcels will be accessed via Redwood Street, a paved County road, which will be significantly improved as a result of this project. The Special Permit is required for the removal of 5 redwood trees and for an exception to the parking requirements for proposed Parcel 4 and Parcel B of the LLA. The area is served by community water and sewer.	<b>NOD</b>

	and sidewalk and landscaping improvements along the site's N. Oak Street frontage.		
2009112015	<p>Markeley Lane Extension Travis Unified School District Fairfield--Solano</p> <p>Travis Unified School District is proposing to construct an ~36 ft wide private roadway with two bicycle lanes and one 6 ft wide sidewalk within a 60 ft wide access easement and a storm water detention basin. The proposed roadway would extend from the intersection of Markeley Lane and De Ronde Drive east and end with a cul-de-sac adjacent to Center School, for a total roadway length of ~1,500 ft. The roadway would involve only minimal grading over most of the length, except for a bridge over the Union Creek Bypass Channel and at the cul-de-sac. The Union Creek Bypass Channel would be spanned with a clear-span concrete bridge that would have fill behind its concrete headwalls, but should not have any jurisdictional impacts to the channel. A temporary stream diversion may be necessary during construction. The eastern end of the cul-de-sac would be excavated ~8 ft into the hillside. An earthen ditch would have maximum excavation and fill of ~4 ft. Overflow from the detention basin would discharge to the nearby Union Creek Bypass Channel. The estimated maximum holding time for water in the detention basin would be 24 to 36 hours.</p>	<b>NOD</b>	
2009112022	<p>Live Oak and Ann Sobrato High Schools Solar Canopy Placement Morgan Hill Unified School District Morgan Hill, San Jose--Santa Clara</p> <p>The project includes the installation of solar panels canopies at two high schools, Live Oak High School and Ann Sobrato High School, located within the Morgan Hill Unified School District, in Santa Clara County. A total of 10 panels are proposed at Live Oak, and 8 are proposed at Ann Sobrato. The project includes the removal, trimming and planting of trees at the Live Oak campus.</p>	<b>NOD</b>	
2009129005	<p>St. Johns Water District Temporary Water Transfer (SWPAO #09072) St. Johns Water District --Tulare, Kern, Fresno, Kings, Sacramento, San Joaquin</p> <p>SJWD would deliver 1,000 af of its pre-1914 water rights water to KCWA for use in its service area. In turn, KCWA would allow a change in Point of Delivery of its 2009 Table A water to WWD. This would facilitate the purchase of SJWD's pre-1914 water by WWD, by in-lieu exchange of the pre-1914 water with KCWA's Table A water. Kern County Water Agency's 2009 SWP Table A water will be delivered in the SWP portion of the San Luis Canal to WWD within the SWP Place of Use (the Kings County portion of WWD).</p>	<b>NOD</b>	
2009128072	<p>Pump Station REhabilitation Project Unit 1 - Rush Creek &amp; Deer Island Pump Stations Novato Sanitary District Novato--Marin</p> <p>This project consists of rehabilitating two sanitary sewer pump stations including partial demolition of the existing structure, construction of wet well &amp; valve pit, installation of new pumps and control panel at each location. The purpose of this project is to replace existing facilities that are difficult to operate in their current configuration and have reached the end of their service lives. Failure of the pump stations would result in sewage backing up and overflowing into nearby residences, creeks and wetlands.</p>	<b>NOE</b>

**Documents Received on Tuesday, December 15, 2009**

2008031068	Menifee Shopping Center (TPM 35261; PP 22674-EA 41321; CUP 3596; CUP3597) Menifee, City of Menifee--Riverside The Project proposes construction of a "major" retail anchor (Wal Mart) totaling ~205,000 sf, including outdoor garden center uses. The remaining parcels/pads will be entitled for commercial uses. Those uses include a 3,200 sf fast food restaurant with drive-through, a 2,800 sf convenience store with 16 pump fueling station and a drive-through car wash, a 3,000 sf fast food restaurant with drive-through, a 6,500 sf high turnover sit-down restaurant, 13,800 sf of retail shops, and a 6,680 sf automobile service and repair.	EIR	01/28/2010
2008032045	San Carlos Transit Village Project San Carlos, City of San Carlos--San Mateo The proposed project would redevelopment an ~10.53 acre strip of land with transit-oriented and mixed-use development consisting of 8 buildings that would house 280 housing units plus amenities in 407,298 sf of residential uses, 23,797 sf of office space, and 14,326 sf of retail space. 667 parking spaces would be provided to serve the residential and commercial uses, as well as Caltrain commuters. Amenities such as a new pedestrian plaza, new paving treatments and enhanced landscaping, would be incorporated. A new SamTrans Transit Center will create a dedicated areas for shuttles, a bus stop and bus and shuttle-layers.	EIR	01/28/2010
2009061018	Downtown Vista Specific Plan Update Vista, City of Vista--San Diego The proposed DVSP Udate would update and expand the boundaries of the existing Downtown Specific Plan No. 26. The primary goal of the DVSP Update is to stimulate reinvestment in older and underutilized properties to provide housing and commercial uses that would result in the recreation of a dynamic downtown area. The DVSP Update would be used as a tool to guide and direct new redevelopment, economic development, streetscape and traffic improvements, parking, pedestrian amenities, and mixed land uses in the SPA.	EIR	01/28/2010
2009121032	ENV-2009-2749-MND - 263 South Union Avenue Los Angeles, City of Los Angeles, City of--Los Angeles Conversion of a manager's office to a 29th dwelling unit in an existing 28 unit apartment building. As proposed, the project will require granting of a Zone Variance to permit a 29th unit, in a legal non-conforming 28 unit apartment building, in lieu of 18 units permitted in the R3-1 Zone. The project will also require granting of a Zoning Administrators Adjustment to permit a 10 ft front yard setback in lieu of the required 15 ft.	MND	01/13/2010

<b><u>Documents Received on Tuesday, December 15, 2009</u></b>			
2009121033	ENV-2009-2451-MND - 2709 East Media Center Drive Los Angeles, City of Los Angeles, City of--Los Angeles Conditional Use to permit a new 520 student, Kindergarten through 6th Grade Charter School (Los Feliz Charter School for the Arts) within an existing 2-story, ~45,628 sf vacant industrial-use building, having hours of operation from 8:00 am to 5:00 pm on an ~6.3 acre parcel in the M1-1-CDO and M2-1-CDO Zones. As proposed, existing parking spaces will be removed to create an outdoor play area and a student park pick-up/drop-off turn-around lane (all required parking will be provided on-site), and minor interior remodeling of the existing building will occur.	<b>MND</b>	01/13/2010
2009121034	Victor Valley Community College Park and Ride Facility Victorville, City of Victorville--San Bernardino Generally, the project proposes to construct a transfer point facility on the North East corner of the Fish Hatchery and Bear Valley Road intersection, on ~3.7 acres of the Victor Valley Community College. The transfer point facility will consist of ~410 parking spaces, a bus stop and sheltered waiting area, dry landscaping, and appropriate lighting.	<b>MND</b>	01/13/2010
2009121036	PD #3, Map #231-13 Kern County --Kern The applicant is requesting a Precise Development Plan to construct two buildings consisting of 13,838 sf of general retail space and one fast food restaurant building totaling 2,400 sf. Floor plans show that of the two retail buildings will be divided into 6 tenant spaces. The applicant has indicated that the spaces will be utilized for small, neighborhood-serving businesses such as a nail salon, a movie rental store, an insurance agent, etc. The PD Plan shows that the project will comply with all of the commercial special-development-standards contained in Kern County Zoning Ordinance. The maximum height of the proposed buildings is 28.5 ft, which demonstrates that the project will comply with requirements of the existing H zone district. Additionally, the proposed use is not listed as a use that is prohibited within the existing FPS zone district.	<b>MND</b>	01/13/2010
2009121037	McCrea Ranch Visitor Center Project Conejo Recreation and Park District Thousand Oaks--Ventura The project site is ~0.72 acres within McCrea Ranch, which is located east of North Moorpark Road within the northern edge of the City of Thousand Oaks. The Project entails the construction and operation of a 1,500 sf visitor center with parking and landscaping elements, as well as the exterior renovation of an existing 1,500 sf caretaker's house. The Project requires approval from the Conejo Recreation and Park District, as well as a Development Permit from the City of Thousand Oaks.	<b>MND</b>	01/13/2010
2009121041	Construction and Operayion of New Drinking Water Reservoir and Transmission Line Public Health, Department of --San Bernardino Golden State Water Company will install a 0.5 MG water storage tank and ~1820 linear ft of 12 inch transmission line to serve the community of Wrightwood. The water tank will be built on a concrete pad and will measure 64 ft in diameter and be 24.5 ft in height. The waterline will be installed beginning at the intersection of	<b>MND</b>	01/13/2010

	Linnet Road and Elm Street and will continue through the Wrightwood Methodist Camp up to the new tank site. An 8 ft security fence will be installed around the site for security purposes.		
2009122039	North Yreka Creek Trail Project Yreka, City of Yreka--Siskiyou The proposed project implements improvements recommended in the Yreka Creek Greenway Master Plan (as adopted in August 2005) including creation of a new trailhead and multi-purpose trail along a northern reach of Yreka Creek and improvements at the existing Greenway development at the Visitor's Center. The project also includes floodplain enhancement and habitat restoration along Yreka Creek in an effort to reduce impacts of flooding on downstream properties. The project addresses numerous regional and regulatory priorities and provides ancillary benefits to water quality, ground water recharge, and improvements to aquatic and riparian habitat along Yreka Creek, an anadromous fishery. The proposed project is designed to increase recreational opportunities within the City of Yreka as well as improve habitat and flood attenuation in an effort to reduce flood effects on the City's WWTP and properties within the northern portion of the City. This project, in combination with previously completed and future planned stormwater management projects, is part of a cumulative effort by the City of Yreka to reduce flood impacts in combination with new open space recreation on properties along Yreka throughout the City.	<b>MND</b>	01/13/2010
2009122040	Coronado Commercial and Residential Development Project Contra Costa County Oakley--Contra Costa A request for approval of 2 separate but related projects: (1) The proposed Coronado commercial development consist of a rezoning to Planned Unit District (P-1) with a Final Development Plan for establishment of up to 84,715 sf of retail/commercial space within 11 new buildings on a 10 acre parcel which is to be subdivided into 4 lots. (2) The Coronado residential project consist of a rezoning to a new Planned Unit District (P-1) along with a request for approval of a Final Development Plan for up to 169 single family units and 16 apartment units. The residential portion of the project also involves subdividing the 80 acre parcel into 171 separate parcels plus a future 9-hole golf course parcel.	<b>MND</b>	01/13/2010
2008121042	Mitaa Plaza Project Glendale, City of Glendale--Los Angeles The proposed Mitaa Plaza Project ("project") is located within the San Fernando Road Corridor Redevelopment Project Area at 435 West Los Feliz Road. The rectangular 2.1-acre site is bordered by Los Feliz Road to the south, Gardena Avenue to the east Fernando Court to the north and Southern Pacific Railroad right-of-way to the west. The project includes a 5-story commercial mixed-use development, one level of which is subterranean. As revised, the project would include a 36,000 square foot supermarket on the basement level; 33,065 square feet of retail and restaurant uses on the ground floor; 5,025 square feet of retail space and a 25,000 square-foot health spa on the second floor; approximately 32,000 square feet of general office space located on the third floor; and 32,000 square feet of medical office space on the fourth floor. A 9-level parking garage, 2 levels of which would be subterranean, containing approximately 597 spaces, would be located on the western portion of the project site.	<b>NOP</b>	01/13/2010

<b><u>Documents Received on Tuesday, December 15, 2009</u></b>			
2009121038	<p>Amended and Restated Redevelopment Plan for the Merged San Jacinto Redevelopment Project Area San Jacinto, City of San Jacinto--Riverside</p> <p>The Redevelopment Agency of the city of San Jacinto is proposing an Amended and Restated Redevelopment Plan for the Merged San Jacinto Redevelopment Project Area (Amendment No. 7 to the San Jacinto Redevelopment Project Area and Amendment No. 2 to the Soboba Springs Project Area).</p> <p>The proposed Amended and Restated Redevelopment Plan incorporates Amendments Nos. 1 through 7 to the San Jacinto Redevelopment Project Area and Amendments Nos. 1 and 2 to the Redevelopment Plan for the Soboba Springs Redevelopment Project Area, collectively referred to as the "Merged Project Area." As such, the Plan incorporates the provisions of the redevelopment plans previously adopted for the San Jacinto and Soboba Springs Redevelopment Project Areas as amended most recently on April 21, 2005 and November 1, 1994, respectively. The Plan would supersede and replace all previously approved plans previously adopted for both project areas.</p> <p>By merging the two existing project areas, taxes attributable to each project area, which are allocated to the Redevelopment Agency of the City of San Jacinto pursuant to Section 33670(b) of the California Redevelopment Law (Health and Safety Code Section 33000, et. Seq.) may be allocated to the entire Merged Project Area for the purpose of the paying the principal of, and interest on, indebtedness incurred by the Agency to finance or refinance, in whole or in part, the Merged Project Area except that any such taxes attributable to either project area shall first be used to pay indebtedness in compliance with the terms of any bond resolution or other agreement adopted or approved by the Agency prior to the merging of the project areas.</p>	<b>NOP</b>	01/13/2010
2009122038	<p>Anderson Springs Sewer System Project Lake County --Lake</p> <p>The recommended alternative for collection and conveyance of the wastewater from the Anderson Springs community is through the use of a Septic Tank Effluent Pump (STEP) system. STEP systems are a hybrid of an on-site treatment and disposal system and a community gravity sewer. STEP systems continue to use on-site septic tanks to remove grit and solids and provide initial biological treatment for the wastewater. Rather than use on-site disposal of the Septic tank effluent, however, each septic tank is fitted with a small horsepower effluent pump. Septic tank effluent is pumped through a 2-inch effluent lateral to 4-inch effluent mains, then to the wastewater treatment plant. Typical depth of burial for effluent laterals and sewer mains vary from 30 to 42 inches. Trench width can be kept to a minimum (12-inches) because the pipe diameter is small and construction personnel do not have to enter the excavation to install the pipe.</p>	<b>NOP</b>	01/13/2010
2009121035	<p>GPA 09-004 Tulare County --Tulare</p> <p>General Plan Amendment No. GPA 09-004 - Halpen Industries - request to amend the Strathmore Community Plan, a component of the Land Use Element of the Tulare County General Plan, to change the land use designation of ~2.54 acres from High Density Residential to Service Commercial and rezone the project area from Multiple Family Residential-Site Plan Review (R-3-SR) to Service Commercial (C-3). Project site located in the Community of Strathmore on the northeast corner</p>	<b>Neg</b>	01/13/2010

	of Road 228 and Avenue 194. Proposed development will be a mini-storage facility adjacent to a residential subdivision.		
2009121039	Metro PCS Cell Tower Monterey County --Monterey Combined Development Permit consisting of: (1) a Use Permit to allow the establishment of a wireless communication facility to consist of one pole 40 ft in height with 2 antennas on the pole; (2) an Administrative Permit to allow development within a Site Plan Review of "S" zoning designation; (3) a Use Permit to allow the wireless communication facility to exceed the maximum height allowance of the Low Density Residential zoning district of "LDR" district by 19 ft in height (antenna height to be 49 ft) and (4) Design Approval.	<b>Neg</b>	01/13/2010
2009121040	Fairmount Park Improvements Riverside, City of Riverside--Riverside NOTE: Review Per Lead  The Fairmount Park Improvements project evaluated in this Initial Study consists of 3 improvements within the Fairmount Park Historic Core/Amphitheatre Area: 1) a new access road, 2) new amphitheater-style seating and rehabilitation of the existing Bandshell area, and 3) lake edge vista seating area; in addition to grading and drainage, and all other associated work including, but not limited to, paving, electrical installation, irrigation, and landscape improvements.	<b>Neg</b>	01/13/2010
2007021136	San Benito County Water District Recycled Water Facility Phase I Demonstration Project San Benito County Water District Hollister--San Benito NOTE: Shortened Review Per Lead  The proposed project would result in the use of recycled water treated at the City of Hollister's Domestic Wastewater Treatment Plant (DWTP) for agricultural irrigation on currently irrigated lands located along Wright Road adjacent to the recycled water distribution pipeline that extends to the Hollister Municipal Airport. The demonstration project would occur over the next 5 yrs during Phase I of the City's Long-Term Wastewater Management Plan (LTWWMP), prior to the demineralization of recycled water anticipated to begin in 2015 or earlier. Under the demonstration project, recycled water would offset use of CVP water or groundwater use for agricultural irrigation. Potential lands being considered for beneficial use of recycled water under the demonstration project consist of ~1,953 acres of currently irrigated lands within unincorporated San Benito County, just west of the City Hollister. Up to 800 acres of the total area identified may be selected for recycled water irrigation. Construction activities would be limited to the installation of minor pipeline turn-outs to provide a connection between existing irrigation systems and the approved recycled water distribution line extending from the DWTP to the Airport. No change to existing agricultural land uses would occur.	<b>SIR</b>	01/28/2010
