STATE CLEARINGHOUSE

---

**SUMMARY  
OF  
POSTINGS**  
(Formerly SCH NEWSLETTER)

**December 16 – 31, 2011**

# STATE CLEARINGHOUSE SUMMARY OF POSTINGS

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Summary of Postings summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **December 16 – 31, 2011**.

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov](http://www.opr.ca.gov)

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

**Scott Morgan**  
Director

## CLEARINGHOUSE MAILING ADDRESS

The mailing address is:

### USPS:

State Clearinghouse  
P.O. Box 3044  
Sacramento, CA 95812-3044

OR

### USPS/Courier Service / Hand Deliveries:

State Clearinghouse  
1400 Tenth Street, Room 1113  
Sacramento, CA 95814

## INFORMATION AVAILABLE ON-LINE

The 2011 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE  
1999 through 2010**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

2010011079	<p>Agricultural Cluster Subdivision Program Recirculated Draft EIR Chapters San Luis Obispo County --San Luis Obispo</p> <p>The County of San Luis Obispo has existing ordinances and policies governing agricultural cluster land divisions. These ordinances and policies allow owners of eligible properties to apply for an agricultural cluster subdivision as an alternative to a conventional land division. The proposed ordinance and general plan changes will modify existing criteria and standards associated with agricultural cluster subdivisions in order to reduce environmental impacts and to protect lands for continued and enhanced agricultural production.</p>	<b>EIR</b>	01/30/2012
2005102131	<p>East 14th Street / Hesperian Boulevard / 150th Avenue Street Improvements San Leandro, City of San Leandro--Alameda</p> <p>A transportation improvement project funded by Measure B monies from Alameda County Transportation Commission (ACTC) that includes:</p> <ol style="list-style-type: none"> <li>1) Acquisition of center triangle-shaped parcel (APN 077D-1499-001). Demolition of existing building. Remediation of contaminated underground soil in accordance with approved remedial action plan. The remediated site will be developed as a multi-modal-oriented landscaping.</li> <li>2) Acquisition of approximately 300 s.f. of right-of-way on the east side of Bancroft Avenue (APN 077E-1606-006-03). Minor adjustment to landscaping area and parking lot striping will be constructed.</li> <li>3) Acquisition of approximately 1,100, 1,700, and 2,900 s.f. of right-of-way from the west side of East 14th Street (APN 077D-1475-026-04, 077D-1475-026-05, and 077D-1475-025-12, respectively). The existing parking lot serving these parcels will be reconfigured by relocating a 60' in height sign structure, restriping the parking lot, closing a commercial driveway, signaling an existing driveway on Hesperian Boulevard, and reconstructing landscape areas as well as curbs and gutters.</li> <li>4) Addition of traffic channelization improvements on E. 14th Street, north of Hesperian Boulevard, including concrete medians, and left-turn pocket on northbound E. 14th Street for accessing properties described in #3 above.</li> <li>5) Installation of concrete medians in the blocks between Hesperian Boulevard and 150th Avenue on East 14th Street, and between East 14th Street and 150th Avenue on Hesperian Boulevard.</li> <li>6) Updating of the existing traffic signal equipment at all three intersections.</li> </ol>	<b>MND</b>	01/17/2012
2011121055	<p>Allow an Exploratory Natural Gas Well and Related Facilities Fresno County Mendota--Fresno</p> <p>Allow an exploratory natural gas well and related facilities for the drilling operation on a 37,500 s.f. portion of a 160 - acre parcel in the AE-20 (Exclusive Agriculture, 20-acre minimum parcel size) Zone District. The project site is located 2,640 feet to the south of San Bernardino Avenue and 2,640 feet to the west of S. San Diego Avenue approximately 2.6 miles southwest of the City of Mendota (SUP. DIST.: 1) (APN: 019-110-26T).</p>	<b>MND</b>	01/17/2012

2011121056	Tentative Tract Map 18763, General Plan Amendment No. 2010-02, Zone Change No. 2010-02 Apple Valley, City of Apple Valley--San Bernardino General Plan Amendment No. 2010-02: A request to consider a change in the General Plan land use designation from (R-E) Residential Estate (1 DU per 1 to 2.5 gross acres) to (R-SF) Residential Single Family (1 DU per 0.4 to 0.9 net Acres). Zone Change No. 2010-02: The proposed Zone Change would change the project site from (R-E) Residential Estate (1 DU per 1 to 2.5 gross acres) to (R-SF) Residential Single Family (1 DU per 0.4 to 0.9 net Acres). Tentative Tract Map No. 18763: A request to subdivide approximately 135 acres into 169 single family residential lots ranging in size from 18,000 to 45,726 s.f. and a ten (10) acre park site.	<b>MND</b>	01/17/2012
2011121057	Allow a Moderate Intensity Park with Related Facilities Fresno County Sanger--Fresno Allow a moderate intensity park (includes restoration and addition of one-mile foot-trail, one-half mile handicap accessible scenic trail, one-half acre parking lot, two restrooms, three five-foot wide handicap accessible paths, three visitors feedback stations, picnic tables, trash receptacles, two interceptive kiosks with display, and a base rock bridge) on a 38-acre portion of a 47.16 acre parcel in the RE Zone District. The project site is located adjacent to the north bank of the Kings River approximately 2,300 feet to the east of the intersection of Trimmer Springs and Pine Flat Roads and 12.8 miles northeast of the City of Sanger (SUP. DIST.: 5) (APN: 158-320-01T)	<b>MND</b>	01/17/2012
2011122054	Marsh Creek Road Safety Improvements 1 Mile East of Russelmann Park Road Project Contra Costa County Clayton--Contra Costa Marsh Creek Road is a rural road in Eastern Contra Costa County. The project consists of widening approximately 1,900 feet of roadway along Marsh Creek Road in Contra Costa County. Marsh Creek Road is a narrow, two-lane rural collector road that is widely used by commuters as an alternate to the heavily congested SR 4. The road serves as a vital transportation link between Central and East Contra Costa County for passenger vehicles, heavy trucks, and vehicles with trailers.	<b>MND</b>	01/17/2012
2011122055	Lava Vine Winery - Winery and Bicycle Rental Calistoga, City of Calistoga--Napa The proposed project intends to establish a new 30,000 gallon (approximately 12,600 cases) per year winery on the subject parcel with the construction of a new 5,214 s.f. winery building and associated infrastructure. In addition, the project proposes to add to the available uses of the principal building, Building 1, to include a new bicycle rental business.	<b>MND</b>	01/17/2012
2011122056	Alhambra Valley Road Safety Improvements Project Contra Costa County Martinez--Contra Costa Contra Costa County Public Works Department proposes to realign and widen a 2,425-foot long section of Alhambra Valley Road that extends approximately 225 feet west of Bear Creek Road to 2,200 feet east of Bear Creek Road between	<b>MND</b>	01/17/2012

	Pinole and Martinez to provide shoulders and clear recovery areas for motorists to regain full control of their vehicles should they veer off the traveled way.		
2011121058	Roosevelt Elementary School New Construction Project Long Beach Unified School District Long Beach--Los Angeles The proposed project includes: Temporary relocation of the current Roosevelt student population to Butler Middle School (1400 E. 20th Street, Long Beach) during construction of the proposed project; Temporary relocation of the inter-school bus transfer station to an existing school site; Permanent removal/relocation of the existing bungalow and portable classroom buildings; Relocation of two sewer lines from the site into adjacent streets; Demolition of all permanent buildings and related infrastructure onsite; Construction of new school buildings and related infrastructure; and, Relocation of the Roosevelt student population and the inter-school bus transfer station back to the new campus. The total square footage proposed for the new buildings is ~110,000sf.	<b>NOP</b>	01/17/2012
2008092019	Yerba Buena Island Ramps Improvement Project San Francisco County Transportation Authority --San Francisco The project will replace the existing I-80 westbound on-ramp and the westbound off-ramp located on the eastern side of YBI with a new westbound on-ramp and a new westbound off-ramp that will improve the functional roles of the current ramps. The purpose of the project is to improve the traffic safety, geometric design, and traffic operation levels of service of the westbound on- and off-ramp located on the east side of YBI. The project will address geometric and operational deficiencies of the existing on- and off- ramps and their effects on the SFOBB I-80 mainline without degrading the Bridge operation. The proposed new westbound ramps will improve operations and provide connections between YBI and the transition structure of the new SFOBB East Space Seismic Safety Project, which is currently under construction.	<b>NOD</b>	
2011022067	2580 El Camino Real Residential Project Redwood City Redwood City--San Mateo The proposed project would demolish an existing one-story commercial building (bowling alley and restaurant) totaling 42,200 square feet and construct a 141-unit apartment complex (56 DU/AC) and a parking structure. The project site would have a total of 232 parking spaces with 229 spaces in the parking structure and three surface parking spaces located adjacent to the leasing office.	<b>NOD</b>	
2011082063	LIFEhouse Church (PMPA 20080340) Placer County Rocklin--Placer The project requests a Minot Use Permit to allow for the development of a two-story church building of a total 25,785 square-foot with 578 seats, 20 classrooms/officer, and 219 parking spaces on a 24.6-acre site.	<b>NOD</b>

	MTP and general plans, as well as provide new multi-modal options.		
2005042072	Monte Cresta Roadway Extension Project Belmont, City of Belmont--San Mateo The applicant is proposing an approximately 104-foot-long, two-lane extension of Monte Cresta Drive from its existing terminus approximately 1,000 feet northwest of Barclay Way, below (west of) All View Way in the San Juan Hills area of the City of Belmont. The site is currently an unimproved roadway/pathway primarily used by local residents as an open-space recreational trail. The roadway extension has been designed to comply with the design standard of the City's Hillside Road Standards - San Juan Hills, as specified in Section 7-13 of the City Municipal Code, Items (e) 4 through 9, as well as the Americans with Disabilities Act. The roadway would be a total of 38 feet in width, including two 10-foot wide travel lanes, two 5.5 foot-wide parking lanes, two 2-foot-wide curb and gutters, and one four-foot-wide sidewalk. A two-foot-wide planter strip would be included on the east side of the new roadway.	<b>MND</b>	01/17/2012
2011121059	Templeton Road Widening Project; 300386 San Luis Obispo County --San Luis Obispo Construct improvements to Templeton Road between South El Pomar Road and Bluebird Hill Lane including: widen Templeton Road to two 12-foot travel lanes with 4-foot paved shoulders, and improve drainage. The Project also includes realigning a jurisdictional roadside drainage ditch. The Project's goal is to improve safety by allowing for more recovery room for vehicles along Templeton Road. Most of the work will be conducted within the County right of way; however, 8 adjacent parcels will be subject to disturbance. The Project is anticipated to result in approximately 3.9 acres of total disturbance.	<b>MND</b>	01/17/2012
2011121060	Durable Properties, Inc. Warehouse Building - DPA 870 & TPM 71454 Santa Fe Springs, City of Whittier--Los Angeles The project site measures approximately 3.92 acres and is located at the northwest corner of Greenleaf Avenue and Los Nietos Road at 9951 Greenleaf Avenue. Durable Properties, Inc. is proposing to excavate the existing clay cap and oilfield waste material from the project site (APN: 8167-002-049), subdivide the site into two separate parcels measuring 76,044 s.f. (Parcel 1) and 92,682 s.f. (Parcel 2), respectively, and construct a 37,982 s.f. concrete tilt-up warehouse on Parcel A with Parcel B left in reserve for a future building once existing environmental conditions have been properly mitigated.	<b>MND</b>	01/17/2012
2011121061	Franklin Trail Santa Barbara County Carpinteria--Santa Barbara The proposed project is an approximately 7-mile long recreational trail, which begins in the City of Carpinteria and terminates at East Camino Cielo Trail at the Sutton Canyon ridgeline of the Santa Ynez range (approximate elevation of 3,650 ft). The northern part of the proposed trail is within the Los Padres National Forest (LNPF) and is part of an existing forest service public trail (the Franklin Trail), which has been removed from public use, but remained in the public trust. The new proposed Franklin Trail would be built as a multi-use trail for hikers, bicyclists, and equestrian uses. The trail would have a natural surface and would be 4-6 feet wide.	<b>MND</b>	01/17/2012

<b><u>Documents Received on Monday, December 19, 2011</u></b>			
1991103064	Grafton Plaza Dublin, City of Dublin--Alameda The Applicant is requesting a Site Development Review for the construction of 166 single-family residential dwelling units within two neighborhoods covering approximately 40.68 acres - (1) Windwood (81 homes) ranging in size from 2,251 to 2,668 square feet, and (2) Mariposa (85 homes) ranging in size from 2,971 to 3,436 square feet. The Applicant is also requesting approval of a Conditional Use Permit to amend the Planned Development Zoning Stage 2 Development Plan to modify the roof materials.	<b>NOD</b>	
2001052114	East Dublin Properties (PA 00-025) Dublin, City of Dublin--Alameda The Applicant is requesting a Site Development Review for the construction of 166 single-family residential dwelling units within two neighborhoods covering approximately 40.68 acres - (1) Windwood (81 homes) ranging in size from 2,251 to 2,668 square feet, and (2) Mariposa (85 homes) ranging in size from 2,971 to 3,436 square feet. The Applicant is also requesting approval of a Conditional Use Permit to amend the Planned Development Zoning Stage 2 Development Plan to modify the roof materials.	<b>NOD</b>	
2002122056	Ord Ferry Road Bridge Seismic Retrofit Butte County --Butte The California Department of Fish and Game is executing Lake or Streambed Alteration Agreement number 1600-2011-0122-R2, pursuant to Section 1602 of the Fish and Game Code to the project applicant, Butte County. The Project involves retrofitting of six of the eight bridge piers. This retrofitting will involve driving sheet piles into the Sacramento River approximately 3.5 feet from the existing pile cap and excavating approximately 15 feet of native material that is between the sheet pile and the existing pile cap. The area will then be de-watered and the water will be pumped to the shore for treatment. New 14 inch round steel pipe piles will be driven between the existing pile cap and the sheet pile. Each foundation retrofit will require 12 steel pipe piles, so a total of 72 permanent piles will be required for the Project. A concrete seal course will be placed over the steel pipe piles using the sheet pile as the form. The existing concrete pile cap will be enlarged to cover the new pile. The sheet pile will then be removed.	<b>NOD</b>

2011128144	San Joaquin Valley Unified Air Pollution Control District Rule Development: Rule 4402 (Crude Oil Production Sumps) San Joaquin Valley Air Pollution Control District --Fresno, Kern, Kings, Madera, Merced, San Joaquin, ... Rule 4402 applies to all first, second, and third stage sumps at facilities producing, gathering, separating, processing, and/or storing crude oil in an oil field. The purpose of this project is to ensure that District Rule 4402 satisfies federal Reasonably Available Control Technology (RACT) requirements. In response to a limited approval and disapproval of Rule 4402 by the U.S. Environmental Protection Agency (EPA). The District proposes to make several minor and administrative changes to Rule 4402. Proposed amendments include: administrative changes to clarify rule requirements, time limits for use of emergency pits in rule exemptions, new recordkeeping requirements to show compliance with exemption requirements, updated test methods, and deletion of Section 7.0 (Compliance Schedule) due to obsolete dates.	<b>NOE</b>	
2011128145	San Joaquin Valley Unified Air Pollution Control District Rule Development: Amendments to Rule 4625 (Wastewater Separators) San Joaquin Valley Air Pollution Control District --Fresno, Kern, Kings, Madera, Merced, San Joaquin, ... This is a rule development project to amend existing District Rule 4625 (Wastewater Separators). The purpose of this rule-amending project is to correct rule deficiencies as cited by EPA's recommendation to improve rule clarity, enforceability, strengthen RACT requirements. The proposed project includes the following administrative amendments: Section 2.0, language to improve clarity of applicability; Section 3.0, added definitions; Sections 4.0 and 7.0, removed as they are no longer applicable; and Sections 5.0 and 6.0, renumbered and amended to include measures to strengthen enforceability.	<b>NOE</b>	
2011128146	Pioneer High School Stadium Whittier School District Whittier--Los Angeles The proposed project consists of demolition and removal of the existing stadium and fields, and redevelopment of the existing facilities with upgrades and improvements. Although the proposed project would include a number of improvements encompassing approximately 16.02 acres of the 39-acre campus, the proposed project would increase the existing student capacity by only four classrooms, and all other improvements would involve reconfiguration and upgrades of existing athletic facilities that would serve the existing school programs and student population. As part of the project, the existing 4,500-seat stadium would be replaced with the 7,000-seat stadium (5,000-seat home team grandstand and 2,000-seat visitor team bleachers) and the existing grass field would be replaced with synthetic field.	<b>NOE</b>	
2011128147	California High School Stadium Whittier School District Whittier--Los Angeles The proposed project consists of demolition and removal of the existing stadium and fields, and redevelopment of the existing facilities with upgrades and improvements. Although the proposed project would include a number of improvements encompassing approximately 26 acres of the 55.3-acre campus, the proposed project would increase the existing student capacity by only four	<b>NOE</b>

	Disposal Site. SCWMA, as the Lead Agency responsible for administering the environmental review for the proposed project, determined that preparation of an EIR is needed because the project has the potential to cause significant effects on the environment. The proposed project would process (either through windrow or aerated static pile [ASP] methods) up to 200,000 tons of compost materials per year. The new compost facility may be selected from the three sites studied at project-level in this document.		
2011012034	Vallejo Transit Center at Curtola Parkway and Lemon Street Vallejo, City of Vallejo--Solano The Vallejo Transit Center at Curtola Parkway and Lemon Street will provide parking in two parking structures built in three phases that will provide approximately 1,160 structured spaces. The first phase will occur on the western most portion of the site and will include the construction of a four level, two bay structures with entry/exit off of Carlson Street. The second phase will be an almost identical structure located to the east of Phase one also with an entry/exit off of Carlson Street. Phase three will consist of a horizontal expansion of the Phase two structure that utilizes the Phase two ramping system and entry/exit location. Phases one and two will be separated by a bus/pedestrian plaza, and will include stair and elevator towers.	<b>EIR</b>	02/03/2012
2011031094	Montecito Fire Protection District Fire Station 3 Site Acquisition and Construction Montecito Fire Protection District --Santa Barbara MFPD proposes acquisition of property and development of a District Fire station. Structures would include a main building containing the apparatus bay, offices and living quarters, and two supporting structures. Infrastructure would include approximately 0.78 acres of non-structural paved surfaces, including two entry/exit driveways to East Valley Road. The western driveway would typically be used only for visitors and staff vehicle ingress and egress, while the eastern driveway would typically be used for staff vehicle and emergency vehicle ingress and egress. Grading would include approximately 16,500 cubic yards (cy) of cut and approximately 15,500 cy of fill; all grading would be balanced onsite. The project would require approval of a Major Conditional Use Permit and a Parcel Map Waiver, and issuance of a Certificate of Compliance.	<b>EIR</b>	02/02/2012
2011071083	Proposed Draft EIR for Cluster I (3 PV Solar Power Plants) Imperial County Calipatria--Imperial Note: Review Per Lead  The proposed Cluster I Solar Project would consist of three individual solar facility sites, totaling 1,738 acres about 2.5 miles north of the City of Calipatria in Imperial County. The proposed project includes the construction and operation of three separate solar energy generation facilities on three discrete sites. The three solar facilities are referred to as Calipatria I, Midway I, and Midway II. Each of the three facilities represents a stand-alone solar electric generation facility that could be developed and operated independently from any other facility.	<b>EIR</b>	02/08/2012

2011128160	Jefferson Parking Lot Improvements Phase 2 Parks and Recreation, Department of --Los Angeles This is the paving of a small parking area and sidewalk that was just created to improve safety for visitors coming to walk the stairs and entry road at Baldwin Hills.	<b>NOE</b>	
2011128161	La Jolla Valley Compost Toilet Parks and Recreation, Department of --Ventura There is currently a chemical toilet serving the backcountry campground at La Jolla Valley. This project replaces it with a solar composting toilet that only needs to be serviced once every 4 months instead of once a month. The service is the removal of a 3' cube sized bale of dried peat-like affluent, instead of a pumper truck removing 60 gallons of liquid.	<b>NOE</b>	
2011128162	Clover Valley Water Project, Streambed Alteration Agreement #1600-2011-0181-R2 Fish & Game #2 Grass Valley--Nevada The project is limited to installation of a screened pump and 1 1/2" PVC pipe on Wolf Creek and the diversion of up to 3/4 miners inch (6.7 acre-feet) of water annually during the season of April 15 through October 14 under contract with the Nevada Irrigation Distirct. The PVC shall be buried in an existing cleared area for about 25 feet. The PVC pipe shall emege from the trench at a point about 8 feet back from the top of the bank, and then be connected to the pump with a PVC elbow. Existing nylon/plastic mesh erosion control fabric shall be replaced with a biodegradable erosion-control mat.	<b>NOE</b>	
2011128163	Clean Technology and Renewable Energy Partnership Guidelines Energy Commission -- SBX 1_1 (Steinberg, 2011) requires the Energy Commission to adopt guidelines for use by the Superintendent of Public Instruction, Department of Education, in dispensing grants to new, energy-focused Partnership Academies. The Academies will train at-risk high school students in "green" technology and skills needed for renewable energy sector jobs. The Commission's guidelines are to ensure that school programs receiving these grants reflect state enerty policies and priorities, and that the programs provide skills an deducation linked to the current needs of clean energy industries.	<b>NOE</b>	
2011128164	Seismic Retrofit & Rehabilitation of Fire Station #39 Pasadena, City of Pasadena--Los Angeles The project includes amendment to the Capital Improvements Program to fund and complete the repair, stabilization and rehabilitation of Fire Station #39, constructed in the 1950's and closed in 2011 due to seismic instability. The building, eligible for listing as a landmark building pursuant to the National Register of Historic Places, will be improved with modern building upgrades, including ADA, elevator, new mechanical, electrical and plumbing systems and complete redesign of all building interior spaces. Exterior rehabilitation will be undertaken pursuant to the Secretary of the Interior's Standards for the Treatment of Historic Properties.	<b>NOE</b>

2011128165	Alhambra Cannery Leased Space University of California, Davis Sacramento--Sacramento The Alhambra Cannery Leased Space project will remodel approximately 32,000 square feet of the existing Alhambra Cannery building at 1651 Alhambra Boulevard in Sacramento. The space to be remodeled was previously general use office space. The remodeled space will accommodate approximately 270 personnel for UC Davis Medical Center's Information Systems division.	<b>NOE</b>	
2011128166	Install Entrance gates Parks and Recreation, Department of --Humboldt Install 2 double metal gates at FK Lane Grove and Tall Trees Parking Area, 4 single metal gates, 2 each at Founders Grove and Lower Bull Creek Flats to allow park staff to close the parking areas for emergencies to protect facilities and resources. Work will excavate twenty 3' diameter by 4' deep holes with an excavator and three by hand at Founders Grove to install 2.5" diameter and 4" diameter gate pipes. All gates will be installed between September 16th and January 31st. No roots greater than 2 inches will be damaged or severed.	<b>NOE</b>	
2011128167	Mt. Ralston Community Defense Zone Lake Valley Fire Protection District --El Dorado The excessive build-up of hazardous fuels within wildland-urban interface communities threatens life, property and the environment due to the risk of wildfire entering or leaving communities and causing catastrophic damage. For many land owners, it is not economically feasible to abate the fire hazard on their own land and certain even more difficult to protect their community. The Mt. Ralston Community Defense Zone will create a protected area surrounding the community.  Hand-spinning and chipping activities would serve to manipulate the vegetative structure to alter fire behavior and restrict fire from entering or leaving community. In the event of a wildfire, safety and effectiveness of fire suppression efforts would be greatly improved. Fuel reduction treatment would be completed by the District's experienced Agora Peak Fire Crew.  The crew will remove dead surface fuels, heavy accumulations of surface fuels and dead or dying trees that create a fuel ladder to the existing tree canopy. Trees less than 16 inches DBH and shrubs will be thinned to break up the horizontal continuity and remaining trees will be pruned to remove ladder fuels. All material generated will be chopped, or made into firewood.	<b>NOE</b>

2011061021	Highland Marketplace San Bernardino, City of San Bernardino--San Bernardino Home Depot U.S.A., Inc. and Mark Development, Inc. are proposing the redevelopment of a previously developed multi-family residential site into a commercial shopping center. The ~17.37 acre site would include a 107,979 sf home improvement store and 68,630 sf of additional commercial development to include a major tenant (43,830 sf) and four other tenants ranging in size from 2,900 to 5,500 sf. The project site is currently vacant and is located south of Highland Avenue and west of Arden Avenue, on the northwest corner of Arden Avenue and 20th Street. The proposed project includes a subdivision of the 17.37-acre site into seven parcels ranging in size from 0.73 acres to 8.93 acres. The proposed project would require a General Plan Amendment (GPA) to change the existing land use designation from Public Commercial Recreation (PCR) to Commercial General (CG-1), and approval of a Conditional Use Permit (CUP) to allow for the multi-tenant use of the Project Site.	<b>EIR</b>	02/03/2012
2011071014	San Bernardino Redevelopment Project Area Merger - Area B San Bernardino, City of San Bernardino--San Bernardino The proposed project is located generally in the western portion of the City of San Bernardino. The proposed project involves various redevelopment plan amendments, including 14 Added Areas, and the merger of six of the Agency's Redevelopment Project Areas. The Redevelopment Project Areas are currently surrounded by developed properties and have been deemed redevelopment areas based on their underutilization. Currently, the six Redevelopment Project Areas consist of many land uses, not all of which are being utilized to their highest and best use, but improving with the implementation of redevelopment projects.	<b>EIR</b>	02/03/2012
2007012021	Signalized Intersection West, LLC Grading Permit GRD 06-01 Butte County Chico--Butte Grading of approximately 3,300 feet (total area 1.7 acres) for a paved road leading to two driveways providing access to two home sites on separate parcels. The initial 400 feet from the encroachment onto Centerville Road involves completion of an existing cut into the hillside and laying back of side embankments. After emerging from the cut the access road connects with an existing dirt road that winds upslope some 1,500 feet to two driveways. Access road will be widened to 18 feet to meet Cal Fire PRC 4290 standards, with maximum slopes of 20 percent. Driveways will be paved and widened to 10 feet.	<b>MND</b>	01/19/2012
2011121075	Neville Chemical Site Anaheim, City of Anaheim--Orange The applicant proposes to rezone the 10-acre property from the Transition to the industrial zone to permit a future industrial project. Plans for a specific development project have not been submitted. The proposed industrial zone permits a maximum floor area ratio of 50%; resulting in a maximum of 228,250 s.f. at full build out.	<b>MND</b>	01/19/2012

2011121076	3801 E. 5th Street Long Beach, City of Long Beach--Los Angeles The property located at 3801 East Fifth Street in the City of Long Beach (APN 7255-017-013) was damaged by fire and is currently unsafe and uninhabitable. It is a Craftsman bungalow that was constructed in 1920 and is a contributing building within the locally designated Belmont Heights Historic District. The property owner is proposing to restore the building in a historically accurate manner.	<b>MND</b>	01/19/2012
2011121077	Sheep Creek Channel Invert Restoration San Bernardino County --San Bernardino The project consists of a 0.6 mile length of trapezoidal earth channel improvements with a base width of 30 to 60 feet. The County is proposing to install partial height concreted rock revetment along the channel side slopes and concreted rock grade stabilization structures in the channel bed and backfill and compact material excavated from the channel banks. The existing road and culvert at Lone Pine Canyon Road would also be replaced with a culvert (cast in place or precast) or a bridge. Water and gas utility lines will be relocated as necessary.	<b>MND</b>	01/19/2012
2011121078	Allow Expansion of an Existing Fertilizer Processing Operation by an Additional 29.18 acres of Storage Area Fresno County --Fresno Allow the expansion of an existing 38.40-acre agricultural fertilizer processing operation by an additional 29.18 acres of storage and circulation area on portions of a 67.58-acre parcel in the AE-20 (Exclusive Agricultural, 20-acre minimum parcel size) Zone District. The project site is located on the southwest corner of W. Kamm Avenue and the Butte Avenue alignment, approximately three miles west of the unincorporated community of Helm (20225 W. Kamm Avenue) (SUP Dist.: 1) (APN: 040-080-385, 040-080-385).	<b>MND</b>	01/19/2012
2011121079	Paso Robles Hourse Park, Exhibition Fields and Accessory Buildings Paso Robles, City of Paso Robles--San Luis Obispo Development Plan and CUP to develop an equestrian facility to provide for hunter/jumper competitive equestrian events. Events would be between 6 to 8 a year, generally during the months of January through November. During the times when there is not an event the only use of the property would be an on-site care taker managing for the property. No public horse boarding, breeding or training of horses are proposed for this facility. The project consists of the development of event fields/arenas, horse stables, care taker residence, office building, restroom buildings, hay barn, maintenance barn and associated parking and landscaping.	<b>MND</b>	01/19/2012
2011122061	Lost Coast Communication Towers Humboldt County Ferndale--Humboldt The proposed project is a request to construct a 199 foot tall steel lattice tower for Lost Coast Communications. The tower does not require the use of guy wires. A 900 s.f. transmitter outbuilding is also proposed. Once these facilities are installed, an existing 52 foot pole will be removed along with along with several metal equipment storage buildings. There are two other broadcasting facilities on	<b>MND</b>	01/19/2012

	the same parcel within 100 feet of the proposed tower. The proposed tower will be able to accommodate two Lost Coast Communications radio stations and will be large enough to allow for co-location of at least three others.		
2011122062	Comanche Creek Greenway Improvement Project Chico, City of Chico--Butte The project includes the Comanche Creek Greenway Improvement Project and the Comanche Creek Greenway Management Plan, which references the Comanche Creek Vegetation Management Plan prepared by DC&E in 2008. The improvement Project would enhance non-intensive recreation in the Comanche Creek Greenway and connect bicycle facilities in Southwest Chico. The Project diagram depicts general locations for site improvements including: A paved bicycle path, a bicycle bridge over Comanche Creek, trails, parking areas, signs, kiosks, benches and picnic tables. Exact locations for features will be determined through site-specific engineering at the time of implementation, likely occurring in phases as funding permits. Management of the site will be directed by the Comanche Creek Greenway Management Plan.	<b>MND</b>	01/19/2012
2011122063	Pacific Sports Complex and Burrell Field Project San Leandro Unified School District San Leandro--Alameda The project would demolish the existing football field and track, bleachers, concession building, term room building and restroom building and construct new stadium seating, concession building, team room facilities, public restrooms, parking facilities and new landscaping.	<b>MND</b>	01/19/2012
2005072165	Master EIR Update for the Genentech Master Plan South San Francisco, City of South San Francisco--San Mateo The City of South San Francisco is processing an application from Genentech to update the Master EIR (2007 MEIR) for the Genentech Corporate Facilities Research & Development Overlay District Expansion and Master Plan Update, which considered the environmental impacts of development on Genentech's 200-acre campus area (2007 Master Plan). The 2007 MEIR evaluated a study area of approximately 220 acres, of which 160 acres currently comprise the Genentech Master Plan District which is divided into the Lower, Upper, Mid, and West Campus neighborhoods. At build-out of the 2007 Master Plan, Genentech expects to almost double its 2006 size (from 2.8 million s.f. to roughly 6 million sf) of office, research and development, manufacturing space, amenities, and parking structures.	<b>NOP</b>	01/20/2012
2011122033	Single Use Carry-Out Bag Ordinance Ukiah, City of Ukiah--Mendocino AMENDED PER LEAD  The City of Ukiah is proposing to adopt an ordinance regulating the distribution of single-use carryout bags at the point of sale. The ordinance would consist of revisions to the Ukiah City Code and would apply to all retail businesses. The ordinance would prohibit single-use carryout bags at the point of sale. Recycled-content paper carryout bags would be allowed, but stores would be required to charge an amount sufficient to recover the cost of the bag to the store, and not less than 10 cents per bag. Certain exceptions to the charge would be	<b>NOP</b>	01/19/2012

2009014006	San Diego Harbor Maintenance Dredging U.S. Army Corps of Engineers San Diego--San Diego Note: Review per lead	<b>EA</b>	01/17/2012
	<p>The proposed project would serve the following purposes: 1) restore the channel that is subject to continual shoaling to design depths; 2) assure the continued navigation for marine traffic within the harbor; and 3) provide beach nourishment material for downcast beaches severely eroded by littoral processes. The primary benefits realized from the proposed project would be restoration of design depths and unimpeded navigation within the Federal Channel. Secondary benefits include the replenishment of the beach with placement of dredged material in the near shore to ensure that a pleasant shoreline environment is maintained for the public.</p>		
2011121080	General Plan Housing and Circulation Element Updates Redondo Beach, City of Redondo Beach--Los Angeles The project consists of updates to the Housing and Circulation Elements of the Redondo Beach General Plan. Consistent with State-law, the Housing Element will sets forth goals, objective and policies to guide future residential development and ensure the provision of housing opportunities for all current and future residents. The Circulation Element analyzes existing mobility conditions and anticipated conditions as a result of build-out of the existing Land Use Element of the General Plan in 2030. Included in the Circulation Element are capital and operational improvements that should be considered to reduce transportation and circulation-related impacts of future development.	<b>MND</b>	01/20/2012
2011121081	Los Carneros Overhead Replacement Goleta, City of Goleta--Santa Barbara The overhead bridge replacement would be approximately 100 feet wide and approximately 78 feet long. The overhead bridge will include the following elements: 1) Replace the existing overhead with a structure that meets current design standards to provide for public safety; 2) Provide a dedicated 12-foot wide right-turn lane to the southbound on-ramp from northbound Los Carneros Road in order to alleviate existing and future traffic congestion; and 3) Provide an enhanced design that accommodates bicyclists of all abilities, including two 12-foot wide southbound and northbound through lanes, a 10-foot wide striped median, 5-foot wide Class II bicycle lanes in both directions a 7-foot wide sidewalk on the west side of the bridge and a 6-foot wide additional outside Class II bicycle lane with a striped separation from the travel lane and located adjacent to the right turn lane in the northbound direction.	<b>MND</b>	01/20/2012

	D. Increase the maximum driveway gradient from 16% to 20% serving Lot 20. 5. Findings of Consistency with General Plan policy 7.3.3.4 in accordance with the Interim Interpretive Guideline to reduce setback from 50 feet to 25 feet from an identified wetland.		
2011122072	Elk Valley Rancheria - Coastal Grading Permit Humboldt Road Safety - GP2011-32C Del Norte County Crescent City--Del Norte Humboldt Road is located in Del Norte County in northwestern CA (see Attachment A - Figure 1). Humboldt Road is less than one mile east of the Pacific Ocean and approximately 2.5 miles southeast of Crescent City, the only incorporated city in Del Norte County. Under the maintenance jurisdiction of Del Norte County, the two-lane road serves as a direct connector to Hwy 101, the Elk Valley Rancheria. Bertsch-Oceanview neighborhood, Redwood National Park, a bypass to US Hwy 199, via Howland Hill Road and Elk Valley Road and an indirect connector to Jedediah Smith Redwood State Park and several beach trails. Humboldt Road is the most direct route from US Hwy 101 and the coast to the Elk Valley Rancheria and the surrounding neighborhoods. South of Humboldt Road, across US Hwy 101, is Enderts Beach Road, which provides many access points to beaches and other coastal recreation. From Roy Avenue to the north, Humboldt Road travels through the Bertsch-Oceanview neighborhood and terminates at the southern boundary of the Elk Valley Rancheria. The posted speed limit on the road is 45 miles-per-hour. As of 2005, the Average Daily Traffic (ADT) of Humboldt Road was 2,600 (W-Trans 2006).	<b>MND</b>	01/23/2012
2011122065	UCSF Medical Center at Mission Bay - Fourth Street Public Plaza University of California San Francisco--San Francisco The University of California, San Francisco (UCSF) proposes to construct and maintain a public plaza on the Fourth Street right-of-way between 16th and Mariposa Streets that would result in the closure of Fourth Street to vehicular through-traffic at this location. The City and County of San Francisco's planned pedestrian access and bicycle route through Fourth Street would be maintained. The proposed Project also includes two pedestrian bridges across Fourth Street, to be constructed if and when Phase II of the Medical Center at Mission Bay is approved and constructed. Finally, the project would include implementation of various transportation system improvement measures.	<b>NOP</b>	01/20/2012
2011122068	2650/2656 El Camino Real Residential Project Mountain View, City of Mountain View--Santa Clara The proposed project is the redevelopment of a 2.91-acre site with 193 one-and two-bedroom market-rate apartment residential units in two four-story buildings over a one-to two-level subterranean and partially subterranean garage podium. The project would include common areas and courtyards, and new landscaping and infrastructure. The existing development on the site, including a 60-room motel, an ~4,000 sf restaurant, a 1,600 sf commercial building, parking lots, and landscaping would be demolished for development of the project. The proposed project would amend the General Plan designation of the site from Linear Commercial/Residential to High-Density Residential, and would rezone the site from the CRA: Commercial/Residential Arterial zoning district to a to a Planned	<b>NOP</b>	01/20/2012

<b><u>Documents Received on Thursday, December 22, 2011</u></b>			
2011128185	<p>Multipurpose Science and Technology Building Fuel Cell System University of California, Irvine Irvine--Orange</p> <p>The project would install an approximately 300 kilowatt fuel cell system and 40 ton lithium bromide absorption chiller. Energy produced by the fuel cell would provide power to the MSTB's main panel. The absorption chiller would produce cooling to meet the building's needs. The installation site would be an approximately 45 foot by 65 foot area adjacent the building. The project would be fenced and a foundation wall would be installed where retention against the surrounding landscape is required. The project would also include electrical system improvements to the MSTB in support of the project. Utility connections to the building would be placed underground.</p>	<b>NOE</b>	
2011128186	<p>Caltrans, Highway 1 Sonoma Culvert Repair PM 33.1 &amp; 33.2 Regional Water Quality Control Board, Region 1 (North Coast), Santa Rosa --Sonoma</p> <p>At PM 33.10, Caltrans is proposing to remove an existing 42-inch diameter, 150-foot long corrugated steel pipe (CSP) and replace it with a 42-inch diameter, 140-long CSP with polymeric sheet coating. At PM 32.20, Caltrans is proposing to remove an existing 42-inch diameter 160-foot long CSP and replace it with a 42-inch diameter, 160-long CSP with polymeric sheet coating. Flared end sections and rock slope protection will be added to reduce erosion and scour. Caltrans has determined that the temporary project impacts to streams identified as waters of the U.S. and waters of the state will be approximately 1,283 feet<sup>2</sup> (330 linear feet). Construction activities will occur within the footprint of the existing structures, and will reduce the length of streams in culverts. Based on the extent and nature of the impacts associated with this project, compensatory mitigation is not required. Due to the current condition of the roadway and the threat of road failure, Caltrans proposes to conduct the work between January 30, 2012 and March 30, 2012. The project is anticipated to take 30 days to construct. Caltrans' contractor phases of the project to provide erosion and sediment control and pollution prevention throughout the project area. All graded areas within the project affected by the construction activities will be appropriately stabilized and BMPs will be implemented to ensure erosion and potential pollution is minimized and controlled.</p>	<b>NOE</b>

2003112039	Suisun Marsh Habitat Management, Preservation, and Restoration (SMP) Fish & Game #3 Suisun City, Fairfield--Solano, Contra Costa, San Joaquin Note: Final  The project is located in the Suisun Marsh. The Suisun Habitat management, Preservation, and Restoration Plan, is being pursued by the Suisun Principal Agencies, a group of agencies with primary responsibility for Suisun Marsh management, and is intended to balance the benefits of tidal wetland restoration with other habitat uses in the Marsh by evaluating alternatives that provide a politically acceptable change in Marshwide land uses. It relies on the incorporation of existing science and information developed through adaptive management.	<b>FIN</b>	
2001122087	Water Ski and Boat Storage Memberships (EIAQ-3592) Placer County Roseville--Placer The project proposes a Minor Use Permit (MUP) modification to add two cables systems used for water-based skiing and boarding recreational activities, a 1,500-2,000 s.f. ProShop, and associated facilities.	<b>MND</b>	01/23/2012
2011121085	Conditional Use Permit, CUP 06-11 Environmental Assessment EA 04-11 South Side Neighbor/Comm Park Yucca Valley, City of Yucca Valley--San Bernardino The environmental document has been prepared in response to a proposal to develop a multi-purpose neighborhood/community park. The neighborhood/community park project will be constructed in phases over multiple years. The park project is planned to include the development of approximately 10 acres of multi-use athletic fields; 3 acres of playground and picnic areas, including tot lots; informal open space; and a splash pad/water play improvements; an approximate 1.5 acre dog park; restroom and concession buildings; approximately 2 acres of vehicle parking; an approximate 1 acre native plant garden; sand volleyball courts; an approximately 5000 s.f. maintenance building; a Frisbee golf course; walking and exercise trails; a minimum 2 acre undisturbed area; and ancillary park improvements including field lighting; parking lot lighting; access and maintenance roads; hardscape and sidewalk improvements; picnic and shade shelters; barbecues; horseshoe and shuffleboard areas; jogging and exercise courses and related improvements. The neighborhood/community park is proposed to be constructed on an approximately 37.75 acre parcel.	<b>MND</b>	01/23/2012
2011121087	Peter Weber Equestrian Center Renovation Project Rolling Hills Estates, City of Rolling Hills Estates--Los Angeles The proposed project consists of renovating the City of Rolling Hills Estates' existing Peter Weber Equestrian Center. The proposed project involves improving the facility's horse keeping facilities by replacing 30 pipe corrals with a new barn (resulting in a net increase in boarding capacity of six horses); installing a new restroom; installing a new covered area for feed, manure, and shavings; providing an unimproved vehicular access for the Sanitation Districts; and installing water quality/drainage improvements. The project also involves temporary equestrian facilities to replace displaced facilities during construction and installing fire hydrants per the requirements of the Los Angeles County Fire Department.	<b>MND</b>	01/23/2012

2011122071	<p>Springtown Wetland Mitigation Livermore, City of Livermore--Alameda</p> <p>Construct 0.24 acre of seasonal wetland habitat within the City's Springtown Alkali Sink Preserve. The proposed wetland would re-introduce a seasonal wetland to an area that was predominantly seasonal wetlands and vernal pools prior to ground disturbances (grading/fill/plowing) that have occurring over time. Temporary impacts include mowing for the temporary access pathway and spoils area. These areas will not be graded. Approximately 2.07 acres of upland vegetation would be temporarily disturbed including the grading for the new wetland.</p>	<b>MND</b>	01/23/2012
2011122078	<p>Alexander Avenue/Danes Drive Intersection Improvement Project Golden Gate Bridge Highway and Transportation District Sausalito--Marin</p> <p>The project would reconfigure the Alexander Avenue/Danes Drive intersection, lengthen the left-turn lane along Alexander Avenue, and widen shoulders along both sides of Alexander Avenue within the project limits in the Golden Gate National Recreation Area.</p>	<b>MND</b>	01/23/2012
2011121084	<p>Traffic Signal Installation - Seventh Street at Mall Drive Hanford, City of Hanford--Kings</p> <p>The City of Hanford is proposing to install a traffic signal at the intersection of Seventh Street and Mall Drive to accommodate the increase in traffic. All required right of way has been acquired for the proposed project. The project extends through Planned Commercial on the west side and Office on the east side. Ground disturbance will reach a depth of up to 2 feet within the project. Ground disturbance is related to the following construction activities: Placement of traffic signal poles, excavation for handicap ramp construction; relocation and removal of old signage and the addition of new signage; removal of tree and bushes located directly west of the intersection due to signal mast arms.</p>	<b>Neg</b>	01/23/2012
2011121086	<p>Gallo Annexation Project Livingston, City of Livingston--Merced</p> <p>The proposed project consists of annexing the project area - 334.7 acres - into the City of Livingston city limits. The action includes rezoning the land for industrial, commercial, and residential uses, and amending the General Plan to re-designate portions of the project site for industrial, commercial and residential uses. There are no physical improvements, specific development projects, or construction activities proposed at this time. Any such activities would occur subsequent to the proposed annexation and subject to additional environmental review on a project-by-project basis.</p>	<b>Neg</b>	01/23/2012
2011122073	<p>Lucchesi Small Winery Site Approval (Lucca Winery) PA-1100122 San Joaquin County Ripon--San Joaquin</p> <p>A Site Approval application for a small winery to be completed in two phases over four years. Phase One to convert 1,200 s.f. of an existing agricultural storage building into a small winery. Phase Two to construct a 3,600 s.f. building to be used as the new location of the small winery. No marketing events are proposed.</p>	<b>Neg</b>	01/23/2012

201112043	Caulfield Lane Railroad Crossing Re-authorization Petaluma, City of Petaluma--Sonoma On June 21, 2004, the City of Petaluma filed an application with the California Public Utilities Commission (CPUC) requesting authority, under Public utility Code 1201-1205, to relocate an at-grade mainline railroad crossing from Hopper Street, just south of Lakeville Highway, to Caulfield Lane, just north of Hopper Street. The intent of the relocated railroad crossing was to improve vehicular access, pedestrian and traffic safety, and traffic circulation for the area in accordance with the approved 2003 Central Petaluma Specific Plan. The City has conducted this environmental review to evaluate potential environmental impacts associated with permanent authorization of the relocated railroad crossing. The project results in the continued operation of an existing at-grade rail road crossing and does not involve any physical change in the environment.	<b>NOD</b>

	variable frequency drives) and 500-kilowatt generator; 3) Relocation of 33-inch influent pipe and water service to new wet well location; 4) Relocation of gated entry from existing Hammond Road to Avenue 66; 5) Filling in existing wet well; 6) Construction of perimeter 8-foot block wall; and 7) Installation of odor control system, site lighting, and security system.		
2011122079	Sewer Maintenance District 3 Regional Sewer Project Placer County Loomis--Placer Placer County's proposed SMD 3 Regional Sewer Project (Proposed Project) consists of the construction of a pump station and force main to convey wastewater from the existing SMD 3 wastewater treatment plant (WWTP) to the Sewer Maintenance District 2 (SMD 2) collection system for treatment at the City of Roseville Dry Creek WWTP. As part of the Proposed Project, the SMD 3 service area would be annexed into the South Placer Wastewater Authority (SPWA) service area boundaries. The goal of the project is to bring the SMD 3 system into compliance with waste discharge requirements (WDR) issued by the CVRWQCB on June 22, 2007. Prior to approving the Proposed Project, the County must evaluate the project's potential to result in environmental impacts as required by CEQA (Public Resources Code [PRC] 21000 et seq.) Because the Proposed Project will be partially funded through a grant from the Energy and Water Development Appropriations Act administered by the U.S. Army Corps of Engineers, the Proposed Project is also subject to evaluation under NEPA (42 U.S.C. S4321-4370). The Corps is the lead agency under NEPA and the County is the lead agency under CEQA.	<b>NOP</b>	01/25/2012
1999062069	Coast Seafoods Company Clam Raft Expansion Project Humboldt Bay Harbor Eureka--Humboldt This project would add 20 additional clam rafts to the 10 rafts already in place existing in an existing area of mariculture operation in Humboldt Bay, increasing the footprint of the operation in that area by about .62 acres in this area. This is a small component of the larger Coast Seafoods mariculture operation, which was addressed in a prior MND (SCH#1999032069). The clam rafts are floating structures approximately 10 ft by 20 ft, anchored to the bay substrate in approximately 20 feet of water, on one side of the Mad River Slough channel. The rafts are used to grow clams for 1-6 months from seed to approximately 3600 um, at which point they are shipped elsewhere for grow-out, harvest, and sale.	<b>Neg</b>	01/25/2012
1998031109	1997 Water General Plan Indian Wells Valley Water District The water system has constructed and connected a 40,,000 water storage tank (Salisbury 2 Reservoir) to its existing distribution system. This construction and installation was described in the district's adopted 1997 Water General Plan.	<b>NOD</b>	
2007041101	South Gate Gateway Project South Gate, City of South Gate--Los Angeles The Gateway Project consisted of a retail shopping center that would contain up to 600,000 square feet of occupied building area, with site uses that are typical of those found in outdoor mainstream retail shopping centers. On February 12, 2008, the City of South Gate ("City") approved and certified a Final Environmental Impact Report ("EIR") and approved the South Gate Gateway Project ("Gateway Project"). A Notice of Determination concerning the certification of the EIR was filed with the	<b>NOD</b>

	Los Angeles County Clerk, State Clearinghouse Number 2007041101, on February 13, 2008 and stamped document no. 08 0028965.		
2011012076	Compost Facility Expansion Project Western Placer Waste Management Authority Roseville, Lincoln--Placer The project proposal in the environmental document includes the non-contiguous expansion of the existing approximately 7-acre cement compost pad by approximately 5.5 acres to the west of the existing composting operations onto Module 9 of the WRLF. In addition to the expansion of the compost pad, an additional 2 acres will be used for a second material screening and stockpiling area and 1-acre area will be used for a compost leachate collection and storage pond. The total proposed project 'footprint' analyzed in the Mitigated Negative Declaration (MND) is approximately 8.5 acres. However, the 'project area' that is proposed for approval also includes 4.2-acres of land that surrounds the 8.5 acres 'project footprint'/ The 4.2 acres include road access to the new compost pad, the new screening and stockpile area, and the leachate collection and storage pond located on the WRLF.	<b>NOD</b>	
2011042033	Harney Lane Specific Plan Lodi, City of Lodi--San Joaquin The proposed Harney Lane Specific Plan details roadway improvements, establish the necessary right-of-way required to accommodate the roadway improvements and it affects a total of 47 privately-owned parcels. Proposed right-of-way acquisitions would occur in conjunction with actual construction projects. No physical improvements or construction activities are proposed in conjunction with implementation of the Harney Lane Specific Plan. Subsequent development in the Plan Area, including all Subdivisions, Site plan Reviews, Planned Development Review, and Conditional Use Permits will be subject to environmental review on a project-by-project basis.	<b>NOD</b>	
2011101071	2011 Amendment to the 2007 French Valley Airport Land Use Compatibility Plan Riverside County Airport Land Use Commission Murrieta, Temecula--Riverside The 2011 Amendment would revise the boundaries of Airport Land Use Compatibility Zones (A, B1, B2, C, D, and E) identified in the previously adopted 2007 FVALUCP to reflect the removal and deletion of the previously planned (but never built) secondary runway from the French Valley Airport Master Plan.	<b>NOD</b>	
2011102057	2005-044 Tentative Parcel Map for James & Gloria Souza Calaveras County --Calaveras TPM to divide 15.09 acres into 3 parcels of five acres each. The parcels would be served by on-site sewage disposal and individual wells. Parcel 2-B would include an existing single family residence, well and septic system. Parcel 2-C would acquire a barn, horse arena and other existing structures.	<b>NOD</b>	
2011111029	Drinking Water Improvement Project Tranquility Irrigation District --Fresno The Project consists of the modification of up to two existing agricultural irrigation wells for use as drinking water wells or the construction of up to two new drinking water wells along the proposed pipeline alignment, along with pumping plants, electrical service, backup generator, controls, associated pipeline and	<b>NOD</b>
