

Jerry Brown, Governor

STATE CLEARINGHOUSE

**SUMMARY
OF
POSTINGS**

December 16 – 31, 2013

STATE CLEARINGHOUSE SUMMARY OF POSTINGS

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Summary of Postings summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **December 16 – 31, 2013**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Director

CLEARINGHOUSE MAILING ADDRESS

The mailing address is:

USPS:

State Clearinghouse
P.O. Box 3044
Sacramento, CA 95812-3044

OR

USPS/Courier Service / Hand Deliveries:

State Clearinghouse
1400 Tenth Street, Room 113
Sacramento, CA 95814

INFORMATION AVAILABLE ON-LINE

The CEQA Statute and Guidelines are available through the Natural Resources Agency's website at:

<http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

Environmental Document Filings with the State Clearinghouse 1999-2012

All CEQA documents filed with the State Clearinghouse are available for viewing on the internet at www.ceqanet.ca.gov .

<u>Documents Received on Monday, December 16, 2013</u>			
2010031030	Rosamond Solar Array by First Solar, Inc. Kern County --Kern Note: Extended Review The proposed project would construct and operate a solar photovoltaic power generating facility that would generate a combined 150 MW of electricity on 1,175 acres within the A FPS (Exclusive Agriculture Floodplain Secondary Combining) and E(5) RS FPS (Estate 5 Acres/Floodplain Secondary Combining) zone districts, in unincorporated portions of southeastern Kern County, CA.	EIR	02/18/2014
2011092022	Diridon Station Area Plan (PP09-163) San Jose, City of San Jose--Santa Clara Adopt the Diridon Station Area Plan (DSAP), which establishes a vision for future development of the Diridon Station and surrounding areas in response to the planned extension of the Bay Area Rapid Transit to San Jose and the construction of the CA High Speed Rail project. The DSAP includes the following components: 1) A conceptual plan for the expansion of the existing Diridon Station and transit center to accommodate BART and HSR; 2) An amendment to the Envision San Jose 2040 General Plan Transportation and Land Use Diagram; 3) Transportation Improvement Strategies, and; 4) Design Guidelines to encourage transit and pedestrian-oriented development within an approx. 0.5 miles radius of station.	EIR	01/29/2014
2013042031	Sacramento Entertainment and Sports Center and Related Development Project (P13-065) Sacramento, City of Sacramento--Sacramento The Entertainment and Sports Center Project (proposed project) would be located in the Downtown project site and would include incremental demolition of up to 857,943 sf of the existing Downtown Plaza buildings and the below-grade parking garages, and the construction and operation of an approximately 780,000 sf, 17,500 seat entertainment and sports center, and up to 1,500,000 sf of office, retail, housing and hotel uses at the ESC Project Site. The ESC is intended to replace the existing Sleep Train Arena in North Natomas as a regional center for sports and entertainment events, and would include a practice and training facility and administrative offices for the Sacramento Kings. Upon opening of the proposed ESC, the existing Sleep Train Arena and adjacent practice facility would be closed. The ESC Project also includes a comprehensive signage program at the Downtown project site, as well as up to six digital billboards at other locations within Sacramento. The Proposed Project may be developed in one or more phases, with the ESC being developed in the first phase for opening by September 2016.	EIR	01/29/2014

<u>Documents Received on Monday, December 16, 2013</u>			
2013082012	Housing Element Update Elk Grove, City of Elk Grove--Sacramento The proposed project consists of the adoption and implementation of the 2013 Housing Element Update (Project). The Project has been prepared to ensure the City's ability to accommodate housing needs, including Elk Grove's fair-share of the 2013-2021 Regional Housing Needs Allocation. In accordance with State law, the Housing Element contains a housing plan that establishes goals, policies, and actions to address the City's housing needs. These policies and actions ensure adequate sites to accommodate housing needs, as well as provide incentives for production of affordable and special-needs housing and reduce barriers to the production of housing. The Project identifies housing sites that total 393.5 acres to accommodate 7,371 multifamily units.	EIR	01/29/2014
2008091155	Crummer Site Subdivision Malibu, City of Malibu--Los Angeles FYI Final The proposed project consists of a subdivision of the project site into seven individual lots. Lots 1 through 5 would be developed with single-family residences and various accessory structures. Lot 6 would be developed with a private gated street, a gatehouse, an onsite wastewater treatment system (OWTS) plant, landscaping, and open space to be owned and maintained by the homeowners association (HOA). Lot 7 would be dedicated to the City of Malibu for active and passive recreational use.	FIN	
2012092050	M&T Chico Ranch/Llano Seco Rancho Fish Screen Facility Short-Term Protection Project Fish & Game #2 Chico--Butte, Glenn CDFW and the U.S. Fish and Wildlife Service, along with the M&T Chico Ranch and Llano Seco Rancho, are proposing to implement interim measures to protect and maintain the viability of the M&T Chico Ranch/Llano Seco Rancho fish screen and pumping facility (M&T/Llano Seco Pumps Facility) to meet existing CDFW and National Marine Fisheries Service (NMFS) fish screen criteria and to provide a reliable water supply to farmland, Federal wildlife management areas, and a CDFW wildlife area. These areas include the eastern portion of the Llano Seco Rancho, which is under conservation easement and is served by the M&T/Llano Seco Pumps Facility. The facility provides Sacramento River water to wetlands and associated habitats owned or managed by USFWS, CDFW and Llano Seco Rancho, which creates wetland habitat for waterfowl, shorebirds, and other wetland-dependent and special-status species.	MND	01/14/2014
2013121003	Metro Billboard Reduction Agreement MC#13-00184 Santa Clarita, City of Santa Clarita--Los Angeles The applicant is requesting a Zone Amendment to the text of the Unified Development Code (UDC) and Municipal Code, a General Plan Amendment, Zone Change, and Development Agreement (DA) to allow the construction and operation of three digital billboards on three freeway-adjacent City-owned sites and the removal of all 62 existing outdoor advertising structures in the Metro Right-of-way (ROW) within the City. Each digital billboard to be a 14' x 48' sign face and 40'-50' distance of bottom of sign from ground.	MND	01/14/2014

<u>Documents Received on Monday, December 16, 2013</u>			
2013122033	Site Development Permit SDP-2013-00864, by Palm Communities Redding, City of Redding--Shasta The project is a request for construction of a 75-unit affordable housing apartment project, consisting of a 14 one-bedroom, and 25 three-bedroom units. The project includes the public-street extension of Polk Street between the intersection of Ellis Street and the terminus of Garage Street. All building would be on the westerly side of the Polk Street extension.	MND	01/14/2014
2013122034	Brentwood Country Club Project Brentwood, City of Brentwood--Contra Costa The project applicant is proposing two site plan options for 19 acres of the site and four site plan options for the remaining 7 acres. The former site plan options consist of 183 or 311 dwelling units (senior detached units and high-density attached units). The latter site plan options consist of (1) 70,000 sf of retail; (2) a 160-room hotel and 20,000 sf of retail; (3) 200 high-density senior attached units and 20,000 sf of retail; or (4) 70,000 sf of automotive retail. All of the site plan options would require a General Plan Amendment and Zone Change.	MND	01/14/2014
2013122031	Reusable Bag Ordinance Sacramento, City of Sacramento--Sacramento The proposed reusable bag ordinance would prohibit certain stores in the City from distributing single-use plastic bags, and would require a minimum \$0.10 fee on recycled paper bags and reusable bags distributed by the store. The intent of the proposed ordinance is to mitigate environmental impacts associated with single-use plastic bags and encourage consumers to use reusable shopping bags.	NOP	01/14/2014
2013121045	2014-2021 Housing Element Update Temecula, City of Temecula--Riverside The CA State Legislature has identified the attainment of a decent home and suitable living environment for every Californian as the State's major housing goal. Recognizing the important role of local planning programs in the pursuit of this goal, the Legislature has mandated that all cities and counties prepare a housing element as part of their comprehensive General Plans.	Neg	01/14/2014
2013122035	Auburn Municipal Airport Land Use Compatibility Plan (ALUCP) Placer County Auburn--Placer Note: Extended Review per lead The Auburn Municipal Airport Land Use Compatibility Plan (ALUCP) will replace the existing plan adopted in 2000. The proposed ALUCP is included as Appendix A to the IS. Preparation of compatibility plans for public-use airports is required by the State Aeronautics Act. The ALUCP is intended to promote compatibility between airport operations and surrounding land uses considering noise, safety, airspace protection and overflight effects. Neither the ALUCP nor the Airport Land Use Commission have authority over existing land uses or operation of airports; nor does the plan propose any future airport or land use development, or other physical changes to the environment. Based on the analysis performed, adoption and implementation of the ALUCP will not create a significant effect on the environment.	Neg	01/31/2014

	sotrm water outlet and the bridge widening. A total of 0.0209 acres of permanent impacts to jurisdictional streambed will result from the construction activities.		
2009072025	Reuse of the Mare Island Drydocks Vallejo, City of Vallejo--Solano This amendment to the project involves operation of a ship repair/dismantling at four dry docks for use and conducting necessary dredging to allow ship passage.	NOD	
2011071042	EA/IS Application No. 6241 (County Service Area 34, Winchell Cove Pipeline Project) Fresno County Fresno--Fresno The project located within and in the immediate vicinity of Millerton Lake State Recreation Area (MLSRA), in Fresno County, California, purposes from Phase I of County Service Area (CSA) 34 Millerton Lake Pumps and Pipeline Maintenance Project and involves construction of a parallel pipeline extending from the Winchell Cove submerged pump station. The new pipeline would branch from where the existing pipeline reduces from 14 to 12 inches diameter or at the blind flange, on either side of the platform, and would run parallel with the existing CSA 34 12-inch pipeline. From the pumps, the pipeline would extend fro approximately 0.56 miles through the Millerton Lake bed to the Winchell Cove Marina.	NOD	
2012041037	DANA Land Use Ordinance Amendment and Conditional Use Permit San Luis Obispo County Nipomo--San Luis Obispo A request by DANA (Dana Adobe Nipomo Amigos) for a Land Use Ordinance (LUO) Amendment to: 1) Section 22.112.030.B (South County Planning Area Standards, Combining Designations, Historic Area (H) Dana Adobe), and 2) Section 22.112.080.G (South County Planning Area Standards, Nipomo Urban Area, Recreation - Dana Adobe) to allow the applicant to process a CUP for the site to include a visitor's center, outdoor amphitheater, Chumash Interpretive Area with exhibits and interpretive features, and associated support features.	NOD	
2012101061	Parker Barn Bridge Embankment Protection Project California State Polytechnic University, San Luis Obispo San Luis Obispo--San Luis Obispo Stabilizing the banks adjacent to the Parker Barn bridge over Stenner Creek and removing a vegetated gravel bar that has developed immediately upstream of the bridge and is currently directing flows to the eroded banks.	NOD	
2013041032	Duarte Station Specific Plan Duarte, City of Duarte--Los Angeles The General Plan currently designates the project site as Gold Line Specific Plan. The Final Zoning Map now designates the project site as M. Manufacturing. The Specific Plan being considered at this time will amend the General Plan designation and change the area's zoning to Duarte Station Specific Plan. These changes are designed to align the area's land uses and zoning with the intentions of the 2007 General Plan.	NOD

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Monday, December 16, 2013</u>			
2013051062	Gaviota Curve Realignment Project Caltrans #5 Goleta--Santa Barbara Caltrans proposes a safety improvement project along Highway 101, from 0.7 mile north of Beckstead Overcrossing (PM 45.6) to 0.9 mile south of Gaviota Tunnel (PM 46.4) in Santa Barbara County near Gaviota. The project proposes to realign the existing northbound compound curve (two separate curve segments with decreasing radii) with a single radius curve. In addition, the project proposes to widen the existing shoulders along the 2 northbound lanes, modify the median barrier, culverts and vertical profile located on the northbound side of Hwy 101.	NOD	
2013052076	800 Bransten Road LED Billboard Project San Carlos, City of San Carlos--San Mateo The project is the construction of a double-sided digital billboard in the public right-of-way adjacent to 800 Bransten Road and the southbound lanes of Hwy 101 in the City of San Carlos. The billboard would be a V-shaped structure with light-emitting diode (LED) displays that would be visible to vehicles traveling north and south on Hwy 101. The project also includes the removal of an existing 12-foot by 25-foot single-faced billboard measuring 20-25 feet in height at 303 Old County Road in the City of San Carlos.	NOD	
2013082085	Rail Road Flat Road Bridge Replacement Project Calaveras County --Calaveras The existing structure has been given a Sufficiency Rating of 68.2 and a status of "Functionally Obsolete" by Caltrans and needs to be replaced. The proposed Project will replace the existing bridge over Esperanza Creek with a new structure accompanying two 12-foot lanes with 4-foot shoulders. The adjacent Wharregard Road will be shifted to avoid conflict with the new bridge and improve site distance. The alignment of Rail Road Flat Road will be shifted to the north approximately seven feet to allow for staged construction of the new bridge. The new bridge will be a precast prestressed concrete voided slab bridge, 50-feet long by 35 feet wide, and will be a clear span over the creek.	NOD	
2013101092	Millerton Road Widening Project Fresno County --Fresno The proposed Millerton Road Widening Project would reconstruct a 4.7 mile stretch of Millerton Road from a two-lane rural roadway to a four-lane arterial roadway with four 12-foot-wide travel lanes, two 6-foot-wide paved shoulders that would function as bike lanes, and a 4-foot-wide treated dirt shoulders. A 16-foot-wide median would separate the eastbound and westbound traffic. Implementation of the Millerton Road Widening Project would require expansion of the existing right-of-way from approximately 60 feet wide to approximately 106 feet wide (53 feet on either side of the roadway centerline, except where additional width is necessary for cut and fill slopes).	NOD	
2013102022	Artist Walk Planned District (PLN2013-00269) Fremont, City of Fremont--Alameda On December 10, 2013, the City Council of the City of Fremont (the "City") conducted a noticed public hearing and approved a Disposition and Development Agreement (the "DDA") between the City and BHV CenterStreet Properties, LLC	NOD

2013128276	Lyon Avenue Recycled Water Service Connections Eastern Municipal Water District San Jacinto--Riverside Install approximately 50 to 100 feet of 12-inch PVC pipeline at the intersection of Lyon Avenue and Ramona Expressway in the City of San Jacinto. The proposed pipeline will connect the stub-out of an existing 36-inch pipeline, to an existing 12-inch pipeline that serves two recycled water services. This pipeline will enable six existing recycled water customers to receive service from the 36-inch pipeline.	NOE	
2013128277	I-5 Overlay - FRE Co. Caltrans #6 --Fresno The project iwll place a 1" hot mix asphalt overlay on the highway. The project is needed to repair and maintain the highway providing safety for the traveling public. All work is within the existing right-of-way.	NOE	
2013128278	Chowchilla Bridge Repair - 0X440 Caltrans #10 --Mariposa Caltrans proposes to replace existing AC bridge deck with HMA. Purpose of project is to extend service life of bridge. All construction activities would occur in Caltrans' right-of-way.	NOE	
2013128279	Wastewater INfrastructure Improvements Delta Diablo Sanitation District Antioch, Pittsburg--Contra Costa Sequenitally construct multiple wastewater improvements/repairs in existing wastewater pump stations and deteriorated sewer pipeline infrastructure within Delta Diablo Sanitation District service area to improve system reliability. Work will be phased over multi-year period. Project includes open cut sewer pipeline replacements in existing roadways/previously disturbed areas; sewer pipeline inspections; and priority pump station improvements. Pump station work includes ventilation analysis and improvements; cathodic protection improvements; existing access road and station yard repairs; concrete structure repairs and coating work; mechanical and electrical replacements and repairs.	NOE	
2013128280	Pole Mountain Acquisition California State Coastal Conservancy --Sonoma Acquisition of 238-acre Pole Mountain property to protect wildlife and natural resource habitat and open space from development and fragmentation. The project will also enhance pubic access opportunities.	NOE	
2013128281	Proposed Geotechnical Drilling/Yellow Creek Bridge Replacement Project Caltrans #2 --Plumas Conduct geotechnical drilling for the proposed Yellow Creek Bridge Replacement Project. Sub-surface data, will be collected for both the preparation of the preliminary and final foundation recommendations. Three (3) borings, are proposed for the preliminary investigation, while 4 to 6 are proposed for the final investigation. All borings will take place within the existing roadway, while one (1) will take place through the existing bridge deck and within Yellow Creek. The borings will range from 4 to 6 inches in diameter and extend to a maximum depth of 150 feet.	NOE

2013128282	Highway Drainage System - Maintenance Caltrans #2 --Shasta State funded Project to maintain the highway drainage system (HDS), at (PM) 14.82 on (SR) 273 in Shasta county. The Project is located at the drainage ditch-at the outlet end of a culvert system around a viaduct. The existing culvert system consists of multiple drop inlets and a unified outlet into a ditch. The outlet and the ditch are on the opposite side of the ACID Canal from the drop structures. The Project consists of hand clearing vegetation with Caltran' maintenance easement, to alleviate flooding problems.	NOE	
2013128283	Highway Drainage System (HDS) Improvements - Eight Locaitons Caltrans #2 --Trinity State funded Project to improve the Highway Drainage System at eight locations on (SR) 3 in Trinity County. The Project is located near the community of Hayfork at the following (PM's): 19.45, 19.96, 20.44, 20.88, 21.72, 22.64, and 28.55. The existing culverts are deteriorated and in need of replacement. The work will consist of the removal and replacement of cross drain culverts, installation of new inlets, if necessary, and placement of rock at inlets and/or outlets to prevent erosion.	NOE	
2013128284	Tule River Indian Tribe Tulare County --Tulare The project can be described as the replacement of an irrigation pipeline extending from a weir in the Lower Tule River to the northern terminus of the existing pipeline under Reservation Roads. The pipeline is located on an easement located on APN 305-120-07. In addition, there will be a complete replacement of the existing PVC pipe with a ductile iron pipe. The purpose of the project is to obtain irrigation water from the Lower Tule River to serve the Tule River Indian Tribe.	NOE	
2013128288	Emergency Permit of Treatment of Hazardous Waste, University of California Berkeley Toxic Substances Control, Department of Berkeley--Alameda DTSC has issued an emergency permit to UC Berkeley. UC Berkeley requested the campus bomb squad to remove, transport and treat a highly reactive hazardous waste by detonation. The hazardous waste to be treated is 10 ml of expired Tert-butoxycarbonyl azide. The emergency permit is effective beginning December 18th, 2013.	NOE

2013031072	Fresno Canyon Flood Mitigation Project Ventura County Watershed Protection District --Ventura The Ventura County Watershed Protection District is proposing to reduce the risk of flooding in the community of Casitas Springs through the construction of a new bypass storm drain facility to transport floodwaters, sediment, and debris from Fresno County to the Ventura River. The project is anticipated to start construction in 2015 and will take about eight months to complete.	EIR	01/30/2014
2013122039	County File #MS13-0001 - Melting Pot Communities 2-Lot Minor Subdivision Contra Costa County --Contra Costa The applicant seeks approval of a vesting tentative map for a minor subdivision to divide a .53 acre (23,086 sf) property into two (2) parcels. The proposed parcel sizes are 11,293 sf for Parcel-A and 10,442 sf for Parcel-B. The project also consists of the following elements: Construction a 6-foot sound wall in the area of Parcel-A along the eastern boundary with San Pablo Dam Road. No proposal for the construction of a residence or any other improvements in the area of Parcel-B are proposed as part of the project; Request for approval of a tree permit to allow the removal of code-protected 8-inch Cedar tree to allow for construction of a sound wall; and Annexation into the Countywide Streetlight Financial District (CFD 2010-1).	MND	01/15/2014
2013031081	The Los Coyotes Country Club Development Plan - Formerly the Resort at Los Coyotes Buena Park, City of Buena Park--Orange Note: Revised The project includes the demolition of the existing management office space, former swimming pool and tennis courts located north of the main clubhouse to allow construction of 125 private residences and two tennis courts. The applicant also proposes to construct 10,000 sf of new space atop the existing club house consisting of 5,000 sf of gathering/even space, 1,000 sf of private meeting space and 4,000 sf of country club management office space. The project also includes enhancements to the existing 5.9 acre golf practice area.	NOP	01/15/2014
2013121046	West Desert Hot Springs Master Drainage Plan Desert Hot Springs, City of Desert Hot Springs, Palm Springs--Riverside The WDHS MDP is a conceptual planning document that identifies the drainage needs to the Garnet Wash, Mission Creek and Morongo Wash watersheds and proposes regional and local drainage facilities that would relieve flooding problems with the Project area. The proposed Project consists of three components: (1) administration of the WDHS MDP; (2) future construction of the various flood control facilities proposed in the WDHS MDP; and (3) future operations and maintenance of the flood control facilities. Regional facilities include earthen levees, groundwater recharge basins, and allweather bridges. Local facilities include open drainage channels and detention basins.	NOP	01/15/2014

2013122043	<p>Los Carneros Recycled Water Pipeline Project Los Carneros Water District Napa--Napa</p> <p>The Proposed Project would serve approximately 106 parcels or 3,800 acres of irrigable land within the District with recycled water. The recycled water supply would consist of approximately 1,300 acre-feet per year that meets Title 22 unrestricted use requirements, and would be supplied from Napa Sanitation District's existing wastewater treatment plant. The Proposed Project would primarily consist of approximately 9.2-miles of 20- to 6-inch recycled water pipeline to serve portions of the 3,800 acres of residential landscape and agricultural land within the District. The majority of the proposed pipeline network would be located within existing public and private roadways.</p>	MND	01/16/2014
2013122045	<p>2013 Regional Transportation Plan Colusa County --Colusa</p> <p>The proposed project is the adoption and implementation of the Colusa County 2013 Regional Transportation Plan. The RTP is a comprehensive transportation plan for all modes including: highways, local streets and roads, transit, bicycle, aviation, rail, and goods movement. The RTP contains policies, actions, and financial strategies for short-term and long-term transportation projects. The RTP has a planning horizon through 2038, but is updated every five years.</p>	MND	01/17/2014
2013121055	<p>Los Alamitos General Plan Update Los Alamitos, City of Los Alamitos--Orange</p> <p>The proposed project is an update to the City of Los Alamitos General Plan. The Los Alamitos General Plan Update is intended to shape development in the City and the unincorporated community of Rossmoor over the next 20-plus years. The Los Alamitos General Plan Update involves reorganization of the current General Plan into the following six required and two optional elements: Land Use Element, Circulation and Transportation Element, Open Space and Recreation Element, Conservation Element, Safety Element, Noise Element, Economic Development Element, and Growth Management Element. The General Plan Update would result in a total of 8,735 residential units, a population of 23,003 people, 8,881,442 sf of non-residential development, and 18,430 jobs in the City and unincorporated community of Rossmoor.</p>	NOP	01/16/2014
2013121048	<p>Safety Element Update Laguna Woods, City of Laguna Woods--Orange</p> <p>The purpose of the General Plan Safety Element is to identify natural or human activity-related hazards that exist in Laguna Woods and define policy objectives and implementation actions to address them. Some naturally occurring hazards may be unavoidable, but the potential impact on Laguna Woods can be reduced through advance planning and preparation. The Safety Element addresses geologic, seismic, flood, and fire hazards and hazards created by human activity such as hazardous materials and incidents that call for emergency protection. The Safety Element describes the City's efforts to prepare for and respond to emergencies.</p> <p>As part of the update, the City has initiated revisions to the existing goals and policies from the 2002 General Plan Safety Element. These revisions are based on new information contained in the City's approved Local Hazard Mitigation Plan and updates associated with recent changes to state law and new legislation</p>	Neg	01/16/2014

1999022060	Tahoe Keys Marina Master Plan EIR South Lake Tahoe, City of South Lake Tahoe--El Dorado Allocation and assignment of up to 15,000 square feet of land coverage by the California Tahoe Conservancy to the Tahoe Keys Marina (TKM) under an existing long-term lease for a 1.5-acre portion of APN 22-210-50. TKM shall construct, operate, and maintain shared-use parking, restrooms, and associated amenities on APN 22-210-50. This transaction and the proposed improvements area consistent with the Tahoe Keys Marina Master Plan.	NOD	
2011112011	Broadway Plaza Long Range Master Plan Walnut Creek, City of Walnut Creek--Contra Costa The Project studied in the EIR included a net increase of up to 300,000 gross square feet of commercial space, or a net increase of up to 400,000 gross square feet of mixed commercial and residential uses. It also anticipated demolition and reconstruction of approximately 200,000 square feet of commercial space, vacation of most Broadway Plaza Street and construction of new garages, including a central underground garage located underneath Broadway Plaza Street. The project that was approved (the "Approved Project") is a minor variation of the Refined Project Alternative studied in the EIR. The Approved Project includes a net increase of up to 300,000 gross square feet of commercial uses (no residential uses), no central underground garage, no vacation of Broadway Plaza Street, and more underground parking in the southeast area of the project site compared to the Project. The approved project also locates some the new square footage in an area that spans a portion of the concrete-line San Ramon Creek Culvert, and it includes redevelopment of an existing narrow bridge that spans a portion of that culvert.	NOD	
2012092036	Lower Feather River Gravel Supplementation and Improvement Project (A102) Water Resources, Department of Oroville--Butte The proposed project is located in adjacent to the Feather River in the city of Oroville, Butte County, California. It is located downstream of Oroville Dam near the Feather River Hatchery between River Mile 66 and 67, and is less than 0.25 mile downstream of the Feather River Fish Barrier Dam. The proposed project would improve five spawning sites within the project area. Improvements to spawning sites would require active restoration in the stream channel to modify the channel hydraulics through changes in channel elevations, gravel augmentation, and loosening of armored surface layers. Addendum to IS/MND prepared December 2013.	NOD

2011101072	Wal-Mart Expansion Project Santee, City of Santee--San Diego The Wal-Mart Expansion Project consists of a proposal to enlarge an existing Wal-Mart retail store in the City of Santee, CA, from its current size of 131,220 s.f. to 180,339 s.f., thereby adding 49,119 s.f. The existing Wal-Mart store sells general consumer merchandise, including household and soft goods, automotive supplies, electronics, pharmaceuticals, limited food items, clothing, kitchenware, hardware, sporting goods, and a variety of other merchandise. The proposed expansion would allow the business to offer a larger selection of groceries to its customers. An application to amend the City of Santee Town Center Specific Plan has also been submitted to clarify that the sale of groceries in conjunction with other retail sales is an allowed use in the Town Center zone. Accompanying the proposed store expansion would be the development of new parking, mostly on a 5.26 acre undeveloped lot situated adjacent to and immediately south of the existing Wal-Mart store site. Development of the undeveloped lot would necessitate the approval of a merger of two parcels as well as abandonment and/or relocation of easements on the site, including water, utilities, and access/open space easements. The merger would eliminate the lot line separating the 14.78-acre lot on which the existing Wal-Mart is located and the 5.26 acre undeveloped parcel needed for the expansion and additional parking. Landscaping and infrastructure improvements would also be constructed.	EIR	02/03/2014
2013072002	Capitola General Plan Update Capitola, City of Capitola--Santa Cruz The General Plan Update for the City of Capitola includes both an update of the 1989 General Plan and the preparation of a Climate Action Plan. The General Plan and the Climate Action Plan seek to advance the following key objectives: - Preserving and enhancing Capitola's unique community identity. - Enhancing opportunities for residents to meet and gather and engage in civic life. - Protecting and enhancing residential neighborhoods. - Protecting natural resources and promoting environmental sustainability. - Strengthening the local economy. - Promoting fiscally-responding municipal decision making. 2003071157	Harper Canyon / Encina Hills Subdivision RDEIR Monterey County Salinas, Monterey--Monterey NOTE: Final 1 CD	FIN	
	<p>The project applicant, Harper Canyon Realty, LLC has submitted to the Co. of Monterey Resource Management Agency - Planning Department an application for a Combined Development Permit (PLN000696) for a Vesting Tentative Map in order to subdivide land pursuant to the Subdivision Map Act and the Monterey Co. Subdivision Ordinance (Title 19). The proposed project includes the subdivision of 344 acres into 17 lots on 164 acres with one 180 acre remainder parcel. The residential lots would have an average density of one dwelling unit per 9.64 acres within the subdivided area, as lots would range in size from 5.13 acres to 23.42 acres.</p> <p>Improved lots would be sold individually for the construction of homes. The proposed project also includes Use Permits for grading on slopes greater than 30 percent and for the removal of 79 Coast Live Oak trees. The project site includes a 180 acre remainder parcel. The project applicant has committed to donating approx. 154 acres of the remainder parcel by deeding the property to the Monterey Co. Parks Department as an expansion of the adjacent Toro Park pursuant to Section 66458(a)(2) of the Subdivision Map Act. No development is proposed on the remaining 26 acres of the remainder parcel at this time.</p>		
2010032054	Trancas Street Bridge Scour Repair Project Napa, City of Napa--Napa Note: Recirculation	MND	01/17/2014
	<p>The proposed project consists of placing riprap around Pier No. 3 of the Trancas Street Bridge due to erosion at the base of the pier. Activities would involve placement of large rocks (loose riprap) to cover the top of the pier footing. The riprap would be 2 ft 6 in deep with an apron outside of the pier footing that would slope downward toward the ebb and flow direction of the Napa River. A 5-foot-deep cutoff trench would be excavated around the perimeter of the riprap and filled with rock to minimize the potential for future undermining of the riprap and pier. The needed repairs would require dewatering of a portion of the river, and an approximately 400-foot-long access road would be extended from an existing gravel road located north of the bridge and into the river from the west bank.</p>		
2013121059	Griffith Park Outdoor Performing Arts Center Los Angeles, City of Los Angeles, City of--Los Angeles	MND	01/17/2014
	<p>The proposed project includes the development of an open air outdoor stage measuring 45 feet by 45 feet on a landscaped grassy part of Griffith Park known as the Old Zoo area that currently hosts several regular annual events. The proposed project includes other ancillary improvements such as a new switchboard, resurfaced parking lot, improvements to existing rest rooms, path lighting, resurfaced walkways, a new path and bridge meeting American with Disabilities Act (ADA) requirements, and undergrounding of an existing overhead power line.</p>

2013121061	Zurich Tank Site Project Crestline Village Water District --San Bernardino The Project entails the construction of a new 0.2 million gallon water storage tank (known as Zurich II), which will consist of a 40-foot diameter and 24-foot shell height; the demolition of the existing 0.17 million gallon water storage tank (known as Zurich I), which currently consists of a 36-foot diameter and 24-foot shell height; and the construction of a replacement Zurich I water storage tank which will achieve a 0.2 million gallon capacity and will achieve a 40-foot diameter and 24-foot shell height for a combined water storage capacity of .4 million gallons for the Zurich Pressure Zone in the Crestline Village Water District service area. The new water storage tanks will be designed and built in compliance with the current standards of the American Water Works Association. New piping interconnecting the tanks will be on site, and no new off-site piping is necessary. At the time the existing Zurich I Tank was constructed in the 1980s, the portion of the Project site where the Zurich II Tank will be located was graded in anticipation of the second tank; thus, the existing District-owned parcel will be the only area of disturbance for construction and operation of this Project. Additionally, the Project alignment is not located on or around known of listed hazardous sites pursuant to Government Code Section 65962.5.	MND	01/17/2014
2013121062	Munro Valley Solar, LLC Inyo County --Inyo Munro Valley Solar is proposing to construct and operate a 4.0 megawatt (MW) alternating current (AC) solar photovoltaic (PV) generating facility ("Solar Facility") over two separate parcels located south of Olancho, CA. The first parcel is 20.02 acres (APN: 033-400-02) and is located along the east side of Hwy 395, approximately 1,400 feet north of Walker Creek Road. The second parcel consists of 160 acres (APN: 033-060-19), however the Solar Facility will only require 10.03 acres of the 160 acre parcel. This parcel is located approximately 4,500 feet east of Hwy 395, south of Fall Road near Olancho. The zone reclassification is only being requested for the 10.03 acres that is being proposed to be split from the larger 160 acre parcel. In addition, the applicant intends to purchase the southern 40 acres of APN 033-460-08 to provide access to the easterly site.	MND	01/17/2014
2013122044	North Flynn Road Slipout Caltrans #6 Livermore--Alameda Caltrans proposes to repair and permanently restore a storm damaged median slipout on westbound I-580, approximately one mile east of North Flynn Road. Included in the project is the construction of a tie-back retaining wall, the reconstruction of the number one lane, the widening of the inside shoulder, placement of concrete barrier, the repair or modification of drainage facilities, and the relocation of electric conduit.	MND	01/17/2014
2013122047	Balentine Drive Auto Dealerships Signage Upgrade Project Newark, City of Newark--Alameda The Project involves replacement of the column facade and display faces of an existing double-faced on-premise sign that advertises exclusively for auto dealerships in the immediate vicinity. The current sign consists of a 7' high digital	MND	01/17/2014

	sign with two columns of four internally lit static panels above. The proposed sign would be entirely digital. The height, orientation and total size of the sign faces would remain substantially the same.		
2013122048	Harbor View Mutual Water Company, Major Use Permit, UP 13-07, IS 13-21 Lake County --Lake The Harbor View Mutual Water Company previously known a Riviera West Mutual Water Company is requesting approval of a major use permit to allow construction and operation of a new water treatment plant, piping, control cables and cessation of a portion of the old treatment plant. The current water treatment plant has components up to 45 years old and has outlived its useful life. It also has a direct filtration plant that does not meet minimum Federal or State drinking water standards for surface water supplies. The new water treatment plant building will be located within an approximately 140 foot by 60 foot area located adjacent to the existing paved access road and outside the 100-year floodplain. New piping will be installed to connect the new treatment plant to the existing treatment plant. This new building area has been used for overflow paring when the existing parking spaces near the existing treatment plant and restrooms are occupied. New parking spaces will be made available near the existing treatment plant. The site also has a marina which is available for use by the Riviera West residents. The facility has a capacity of 175 gallons a minute. Construction of the New Water Treatment system will not increase capacity beyond current permitted uses.	MND	01/17/2014
2013122049	Parady, Major Use Permit, UP 12-09, IS 12-32 Lake County --Lake The applicant is requesting approval of a use permit to allow construction and operation of a cottage industry ceramic studio on a 75 acre parcel. A cottage industry is defined as a small-scale commercial or manufacturing activity on low-density agricultural or residential property accessory to the residential use of the property. The owner is proposing to construct a 1,800 sf ceramic studio and a 1,200 sf outdoor covered area. A cottage industry is permitted with a minor use permit and limits activity related to the conduct of the cottage industries within an enclosed structure and shall not exceed 1,200 sf in area. This proposal is being processed as a major use permit to exceed the 1,200 sf size limitation and to allow operations within an outdoor covered area. The applicant indicated that the additional space is being requested largely due to the extensive equipment to produce ceramic work that varies widely in scale and firing methods. Anagama wood firing and creating large-scale ceramic sculpture requires a great deal of space.	MND	01/17/2014
2013122050	The 2014 Fisheries Restoration Grant Program Fish & Wildlife #2 --Sacramento The project will use grant funds approved by the CA Legislature to initiate activities that are designed to restore salmon and steelhead habitat in coastal streams and watersheds.	MND	01/21/2014

2013121056	<p>Los Valles / Project No. 98-34/Case No(s): ENV201300138, Revised Tract 52584, VAR 201300003, CUP 201300081, OAK 2-1300023 Los Angeles County --Los Angeles</p> <p>The Applicant is proposing construction of a single family residential development of 497 dwelling units on lot sizes ranging from approximately 7,000 - 12,000 sf, together with community amenities for residents and the public including a community recreation center controlled by a homeowner's association, an approximately 19 acres community park, seven private recreational lots, and approximately 5 miles of pedestrian trails and accompanying infrastructure and public and private roadways.</p>	NOP	01/17/2014
2013121057	<p>Chollas Triangle Community Plan Amendment and Rezone San Diego, City of San Diego--San Diego</p> <p>The project is to amend the Mid-City Communities Plan - Eastern Area to redesignate approximately 12.5 acres of Commercial Mixed Use and approximately 3.4 acres of Industrial to Neighborhood Village in an approximately 36 acres area between University Avenue to the north, Chollas Creek and Chollas Parkway to the south and east, and 54th street to the west. The Neighborhood Village land use designation would allow for the development of multi-family housing in a mixed-use setting and convenience shopping and services. The amendment would also revise the Future Recommended Street Network to vacate the approximately 11.4 acres Chollas Parkway and designate approximately 5.4 acres as population-based park land, with the remaining land being designated as open space. The proposed project would add a two lane collector at the location of Lea Street, extending north to intersect with University Avenue. The proposed project would also include a rezone to the current CC-5-3 and IL-3-1 zones to zones consistent with the new land use designations as recommended in the General Plan. The proposed project zones would include CC-3-5 with the adoption of the Community Plan Implementation Overlay Zone (CPIOZ Type B) to limit the total sf on non-residential development to no more than 130,000 sf of commercial; and OP-2-1 consistent with the Park land use designation. At build out the project area could produce approximately 486 dwelling units of multi-family housing, and approximately 130,000 sf of non-residential development that could include a mixture of retail, office, and other commercial uses.</p>	NOP	01/17/2014
2013121060	<p>Orange County Distribution System Infrastructure Protection Program Metropolitan Water District of Southern California Orange, Chino Hills--Orange, San Bernardino, Riverside</p> <p>The Metropolitan Water District of Southern California (Metropolitan) is proposing the implementation of an Operations and Maintenance (O&M) Manual and the design, construction, and operation of Capital Investment Plan (CIP) projects for the conveyance and distribution system within its Orange County Operating Region (proposed project). The proposed project is part of Metropolitan's Distribution System Infrastructure Protection Program (DSIPP), which is a comprehensive assessment program that identifies, prioritizes, and executes needed surface infrastructure protection projects for Metropolitan's conveyance and distribution system. Ongoing maintenance, rehabilitation, and/or replacement of Metropolitan's existing facilities and construction of new facilities are necessary to ensure water supply reliability.</p>	NOP	01/24/2014

<u>Documents Received on Friday, December 20, 2013</u>			
2013052012	Boulder Ridge Golf Club Fitness and Swim Center Santa Clara County San Jose--Santa Clara The proposed project is to modify an existing Use Permit to allow construction of the fitness and swim center at the Boulder Ridge Golf Course, as proposed by Garcia Development Co.. The fitness and swim center would involve construction of a 3-story fitness building, a 25-yard swimming pool, a smaller children's instructional pool, parking spaces to accommodate users of the new facilities, and associated landscaping. The pool facility would be used for lap swimming and a competitive age group swimming program. The age group swim program would include daily work-outs and up to six annual swim meets. Associated improvements would involve grading to expand the maintenance yard at the maintenance facility south of the clubhouse.	EIR	02/03/2014
2013071026	8899 Beverly Boulevard West Hollywood, City of West Hollywood--Los Angeles Note: Review Per Lead The proposed project is a mixed-use development of the adaptive re-use of the existing 10-level retail/commercial office building at 8899 Beverly Blvd (Existing Building) and development of new residential uses to the rear along Rosewood Avenue on the existing surface parking lot serving the Existing Building. The total number of units within the project would be 81, including 69 market-rate units and 12 affordable units.	EIR	02/18/2014
2013121066	Claremont Housing Element Update Claremont, City of Claremont--Los Angeles The project is an update of the City's Housing Element as mandated by State law, in order to facilitate meeting the City's housing needs and accommodate the City's share of projected regional housing needs, including identification and analysis of existing and projected housing needs, and goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing. The project includes application of a high density residential land use and zoning overlay designations on two sites in order to help the City meet its housing needs that would lead to a potential net increase of 101 housing units on these sites compared to that allowed under existing land use designations and zoning.	MND	01/21/2014
2013121067	Proposed Residential Development at 14751 Brookhurst Street Westminster, City of Westminster--Orange The proposed project involves a Tentative Tract Map (TTM) to subdivide the project site into 80 single family lots and 8 lettered lots for privately owned streets and landscaping. The residential lots would have minimum dimensions of 45 feet wide by 75 feet deep, a minimum lot size of 3,375 sf and a density of 8.7 units per acre. Each single-family lot will be developed with a two-story home, with a maximum height of 34 feet, and a maximum living area of 2,649 sf. The development would require a zone change from R-1 (Single-Family Residential) to R-2-PD (Multiple-Family Residential (8-12 unit/acre)-Planned Development) in order to permit a proposed density of 8.7 units per acre. The PD designation is being requested to allow the project to establish development standards that waiver from the R-2 Zone standards including: 1) reduced lot size; 2) reduce building setbacks; 3) increased lot coverage; 4) and increased height of property	MND	01/21/2014

	perimeter walls above the six and eight foot maximum allowed. The project also requires annexation of the project site to the Midway City Sanitary District (MCSD) to provide sewer and solid waste collection services. Annexation to the MCSD requires approval by the Orange County Local Agency Formation.		
2013121068	Habitat Enhancement and Creation: Geotube Technology and Solar PV on the Salton Sea Playa, Torres Martinez Salton Sea Authority --Riverside The Salton Sea Authority (SSA) has partnered with the Torres Martinez Tribe of Desert Cahuilla Indians (Tribe) to propose implementation of a habitat enhancement and creation and renewable energy pilot project on Reservation land. The proposed project is partially funded through grant money awarded to the SSA from the DWR, and by grant money awarded to the Tribe by the BIA, and USEPA, and through in-kind contributions in the form of infrastructure construction and operations (i.e., labor and materials).	MND	01/21/2014
2013121097	Los Penasquitos Adobe Drainage Project San Diego County San Diego--San Diego Project involves installation of 350 feet of subdrain intended to protect the foundation of the Johnson-Taylor Adobe, which is on the National Register of Historic Places, from groundwater associated with a nearby spring. The subdrain will run along the east side of the adobe and discharge into an existing cement retention basin. The subdrain water will combine with spring water also stored in the basin and be used to irrigate an adjacent orchard.	MND	01/21/2014
2013122051	Rezone # 13-02, Mendenhall (Owners) Tehama County Red Bluff--Tehama The County proposes to rezone approximately 36.85 acres from AG-2; Agriculture/Valley District to R-4; General Apartment District on lands classified as Urban in the 2009-2029 Tehama County General Plan in order to satisfy Implementation Measure HE-3A of the Tehama County Housing Element. Implementation Measure HE-3A of the Tehama County Housing Element provides that in suitable areas adjacent to the City of Red Bluff and/or the City of Corning, where adequate water, sewer and fire protection services are or can be made available, the County shall rezone a total of 36.85 acres to the R-4 zoning designation to accommodate higher density residential use.	MND	01/21/2014
2013122052	PA-1300007-Site Approval Application for Truck and Trailer Parking for a Total of 83 Trucks and 32 Trailers San Joaquin County Lathrop, Manteca, Stockton--San Joaquin A Site Approval application for a truck parking facility to be built in two phases over three years. Phase one to include the parking of 32 tractor trailers and 11 trailers, the construction of a 64 sf restroom building, and a 60 sf guard shack. Phase two includes the parking of 51 tractor trailers and 21 trailers.	MND	01/21/2014
2013051088	Surf City Nights Huntington Beach, City of Huntington Beach--Orange Surf City Nights Surf City Nights is an existing downtown street festival which occurs every	NOP	01/21/2014

	<p>Tuesday night. Surf City Nights includes a Certified Farmer's Market, live entertainment consisting of amplified music, street performances, children's games and activities, local merchant displays, sidewalk sales, a food-court, and the sale of prepackaged food and hand-crafted items.</p> <p>Which includes renewed discretionary permits for 1) the current operation; and 2) the expansion of Surf City Nights from its current location on Main Street between Pacific Coast Highway and Orange Avenue, onto 5th Street, between Pacific Coast Highway and Walnut Avenue.</p>		
2013121065	<p>Kensington Assisted Living Redondo Beach, City of Redondo Beach--Los Angeles</p> <p>The project consists of the demolition of the existing structures, the construction and operation of a two-story building totaling approximately 80,000 gross square feet containing a 96-suite assisted living facility accommodating 130 people, with zoning and land use plan amendments necessary to allow the proposed use, on property located at the southwest corner of Pacific Coast Highway and Knob Hill Avenue (320 Knob Hill Avenue). Also included is the repurposing of an existing one-story 2,600 square foot building, which may potentially become available for a community use.</p>	NOP	01/21/2014
2013122053	<p>Bay 101 Casino and Mixed Use Project, Planned Development Rezoning file number PDC13-017 San Jose, City of San Jose--Santa Clara</p> <p>The project proposes a rezoning of the site to CG(PD) Planned Development, to facilitate the construction of a 125,000 square foot casino, two hotels with a total of 470 rooms, and a five-level, 884-space parking structure and surface parking, including a long-term airport parking lot. Approximately 680 of the parking spaces would serve airport patrons. The EIR will also evaluate several development options with reduced hotel rooms. The EIR will also evaluate a scenario in which 350,000 square feet of office space would be constructed on site instead of a casino, along with two hotels with a total of 470 rooms and associated parking.</p>	NOP	01/21/2014
2013121064	<p>Lot Merger, Lot Line Adjustment and Construction of Two Residences at 6800 and 6804 Dume Drive Malibu, City of Malibu--Los Angeles</p> <p>The proposed project consists of two applications for coastal development permits on three adjacent legal lots. Coastal Development Permit (CDP) No. 12-073 includes a lot merger for the merger of Parcel 1 (6804 Dume Drive) with the adjacent unaddressed Parcel 2 (APN 4466-016-040) and a lot line adjustment to transfer a total of 1,190 sf from the merged parcel to Parcel 3 (6800 Dume Drive). No new parcels will be created by the project applications.</p>	Neg	01/21/2014
2013122054	<p>UC Davis Tercero Student Housing Phase 4 University of California, Davis Davis--Yolo</p> <p>UC Davis proposes to demolish Lysle Leach Hall (Leach Hall), which is a part of the existing Tercero Residence Hall Area, and construct and operate three, four-story residential buildings. The Tercero Student Housing Phase 4 project site is located to the north of La Rue Road and east of Bioletti Way in the UC Davis core campus. The six existing buildings that comprise Leach Hall, were constructed in 1969 and provide student housing for 180 students. Demolition of</p>	Neg	01/21/2014

	<p>the buildings would include recycling of specific materials prior to removal of the building structures. Existing trees on the site would be retained where possible. The campus would replace the demolished housing with modern buildings that would provide improved energy efficiency and an upgraded design for improved livability and student enjoyment. The proposed project would develop the site at a higher density than under existing conditions, with three four-story buildings providing housing for a total of 495 students. The residential buildings would also provide space for study lounges, and a minor amount of accessory space for conference rooms, and offices.</p>		
2013112021	<p>St. James Towers Residential Project San Jose, City of San Jose--Santa Clara</p> <p>Most of the site is currently developed with a pay-for-parking surface parking lot. The southwest corner of the site is occupied by a single-family house. As proposed, the project would demolish the existing hardscape, relocate the existing house, remove all trees on the property, and construct two residential towers with ground floor retail and a shared parking structure. The east tower would be 22 stories in height with 335 residential units and the west tower would be 20 stories with up to 308 residential units. Both towers would have double height retail and residential lobby space and a parking level on the first floor, a parking level on the second floor, and a parking level and residential apartments on the third floor. The fourth floors and above would be all residential apartments. The entire site would be underlain by three levels of underground parking.</p>	SIR	02/03/2014
2004022076	<p>Marin County Draft 2005 Countywide Plan Update Final EIR Amendment Marin County --Marin</p> <p>The Multi-family Residential Design Guidelines (MFR Guidelines) define positive design attributes regarding the character of multi-unit and mixed-use buildings in unincorporated Marin County communities. They are also intended to assist applicants, staff, design review boards, and County decision-makers by clarifying design objectives used to evaluate multi-family developments. The MFRR Guidelines provide general design criteria that would apply in every type of community, including building proportion, scale, and relationship to the public realm, street frontages, building materials, outdoor space, lighting and landscaping.</p>	NOD	
2006101047	<p>Riverdale Public Utility Arsenic Treatment Project - Well Nos. 4 and 5 Riverdale Public Utility District --Fresno</p> <p>The California Department of Public Health (Department) is a responsible agency for this project. The Department's Safe Drinking Water State Revolving Fund Program is providing state funds for the project. The Riverdale Public Utility District proposes to construct a treatment plant to treat up to 1,000 gpm of water per day. The existing well pumps will not be operated simultaneously in an effort to avoid exceeding the design flow rate. The recommended technology for the treatment plant is sorption by ion-oxide media. The project will be located within an existing water well facility located within a residential neighborhood.</p>	NOD

2007121033	Westlake Development Project Fresno, City of Fresno--Fresno Granville at Westlake, Inc. is proposing to develop a 460-acre project with residential and commercial uses in an area located west of SR 99 bounded by West Gettysburg Avenue, West Shields Avenue, and North Garfield Avenue. The project will consist of approximately 2,600 residential units at various densities and construction of up to 295,000 square feet of community and neighborhood commercial buildings. At full buildout, the project would accommodate 7,956 residents (based on a 3.06 person per household ratio).	NOD	
2008041038	Barren Ridge Renewable Transmission Project Los Angeles, City of --Kern, Los Angeles The project includes the development of 3.7 acres of undeveloped land to expand the Barren Ridge Switching Station.	NOD	
2008071017	Grand Terrace Town Square Master Development Plan Grand Terrace, City of Grand Terrace--San Bernardino The TSMDP will develop, over time, in 5 Development Units that correspond to five development Phases. The TSMDP would permit the ultimate development of a 209,611 sf commercial and retail center on ~21 gross acres within the General Commercial designation of the Barton Road Specific Plan (BRSP). Master Development Sign Program 09-01 establishes a comprehensive sign program for the TSMDP. In addition to approval of the master planning documents, the applicant has filed SA 07-07, TPM 08-01, Sign Program - Development Unit 1 to construct Development Unit 1 of the TSMDP consisting 65,737 sf of commercial space, re-subdivision of 7 existing lots into 7 new lots, and the associated sign program for Development Unit 1.	NOD	
2008121091	Mill Creek Wetlands Recreation and Retoration Demonstration Project Ontario, City of Chino--San Bernardino CDFW is executing a Streambed Alteration Agreement (SAA #1600-2013-0127-R6) pursuant to Section 1605 of the Fish and Game Code to the project Applicant: City of Ontario, represented by Louis Abi-Younes, 303 East B Street, Ontario, CA 91764. The project is limited to the long-term operation and maintenance of the Mill Creek Wetlands Facilities.	NOD	
2009021036	Amendment to the Anaheim Resort Specific Plan Anaheim, City of Anaheim--Orange The proposed project would convert the existing Anaheim RV Village located at 333 West Ball Road in the City of Anaheim into a surface parking lot for theme park cast (employee) members. The parking lot would be known as the Nigel Cast Lot and would provide up to 1,375 parking spaces exclusively for cast members with electronic key-card access. Access to the Nigel Cast Lot would be provided via right-turn-in/right-turn-out driveways on Ball Road and Harbor Boulevard.	NOD

2008102033	<p>San Francisco 2004 and 2009 Housing Element San Francisco, City and County of San Francisco--San Francisco</p> <p>The subject of this EIR is the proposed revision of the Housing Element of the San Francisco General Plan (General Plan). The Housing Element is a policy document that consists of goals and policies to guide the City and private and non-profit developers in providing housing for existing and future residents to meet project housing demand, as required under Government Code section 65580 et seq. State law requires the housing element to be updated periodically, usually every five years. The City adopted a Housing Element in 2004, updating the 1990 Residence Element. Subsequent to adoption of the 2004 Housing Element, the California Court of Appeal determined the Negative Declaration prepared for the 2004 Housing Element inadequate, and directed the City to prepare an EIR for the 2004 Housing Element. Meanwhile, the City has undertaken a subsequent planning process and prepared the next update of the housing element, the 2009 Housing Element. This EIR is intended to satisfy the City's legal requirements for preparing an EIR on the 2004 Housing Element and also analyzes the environmental effects of the 2009 Housing Element.</p>	EIR	02/05/2014
2013062004	<p>Riverfront Mixed Use Project Petaluma, City of Petaluma--Sonoma</p> <p>The proposed project consists of a mixed-use development on an existing 35.7 acre project site. Approximately 19 acres will be developed with a mix of residential, commercial and office uses, with approximately 13 acres for right-of-way dedication and approximately 3.7 acres for civic spaces. The project would allow for future development of 273 residential units, 60,000 sf of office space and 30,000 sf of commercial space, a 120-room hotel, and a parcel dedicated to the City for the future development of a community boathouse adjacent to the Petaluma River. The project also includes an emergency access route and a 3.5-acre riverfront park.</p>	EIR	02/06/2014
2008091155	<p>Crummer Site Subdivision Malibu, City of Malibu--Los Angeles FYI Final</p> <p>The proposed project consists of a subdivision of the project site into seven individual lots. Lots 1 through 5 would be developed with single-family residences and various accessory structures. Lot 6 would be developed with a private gated street, a gatehouse, an onsite wastewater treatment system (OWTS) plant, landscaping, and open space to be owned and maintained by the homeowners association (HOA). Lot 7 would be dedicated to the City of Malibu for active and passive recreational use.</p>	FIN

2009051072	Rio Santiago Project Orange, City of Orange--Orange NOTE: Final 1 CD This DEIR evaluates the potential environmental impacts of the Rio Santiago project proposed for development by JM1 Properties/Santiago Partners, LLC. The proposed project contains approximately 110 acres on-site and 2.01 acres off-site.	FIN	
2012091020	Rancho Vista Village (formerly Mira Loma Apartments) Temecula, City of Temecula--Riverside PA13-0217, a revision to a previously approved Tentative Tract Map (TTM 33584) to minimize retaining wall heights, balance earthwork quantities on site, provide a water quality basin, and to reduce the density from 62 single-family condominium units to 59 units on a 7.24 acres site located at the northeast corner of Rancho Vista Road and Mira Loma Road.	MND	01/21/2014
2013121071	Project No. PM071006 Los Angeles County --Los Angeles The applicant is requesting approval of a Tentative Parcel Map to create three single-family lots on 18.04 gross acres. Project grading will be balanced on-site and includes 21,200 cubic yards of cut and fill for a total is 42,400 cubic yards of earthwork. The applicant is also requesting approval of a Hillside Management Conditional Use Permit pursuant to section 22.56.215 of the Los Angeles County Code due to the fact that the property has slopes of 25% of greater.	MND	01/21/2014
2013121072	601 Cypress Street: The Inn @ the Pier Hotel Project Pismo Beach, City of Pismo Beach--San Luis Obispo The proposed project includes the development of a hotel featuring 108 lodging rooms, a business conference/social events facility (125-guest capacity), street frontage retail (898 sf) and outdoor dining space, roof-top pool, and fitness centers.	MND	01/21/2014
2013121073	Plano Lift Station Force Main Relocation Project Rancho Santa Margarita, City of Rancho Santa Margarita--Orange The Rancho Santa Margarita Water District is proposing to replace the current Plano Forcemain that runs under Tijeras Creek and relocate it onto a new bridge that would cross the creek and connect the Linda Vista Trail with the Tijeras Creek Trail. The bridge would be built within the District's permanent sewer easement. The new forcemain would begin at the Plano Lift Station and tie back into the existing sewer main on the other side of Tijeras Creek. Also proposed as part of the project is a new lift station and small-diameter forcemain. The new lift station would be placed in Canada Vista Park and the small-diameter forcemain would run along the proposed bridge.	MND	01/21/2014

	anaerobic digestion system (SmartFerm), manufactured by Zero Waste Energy, LLC. For a more detailed project description, please see the MND that was prepared for the project.		
2013121077	Carmel Canine Sports Center Monterey County Carmel-by-the-Sea--Monterey Combined Development Permit: 1) Use Permit for the development of a canine training/sports facility and event center for daily member usage and up to 24 "event days" per year. Project to include fenced pastures and fields, permeable parking area and walking paths, irrigation system and reservoir. Modular structures to include an 800 sf office trailer, 600 sf members trailer, 600 sf restroom trailer and 400 sf electrical/storage room. Site to also accommodate up to seventy recreational vehicles on a short-term basis during "events"; and 2) Design Approval. All structures to be wood-tone color. Grading to include 90 cubic yards of cut and fill.	MND	01/21/2014
2013121078	Berolzheimer Monterey County --Monterey Combined Development Permit consisting of: 1) a Coastal Administrative Permit and Design Approval to allow construction of a 425 sf guesthouse that will be attached to an existing single family residence by a wall approximately 10 feet long and 7 feet-3 inches tall, extension of an existing fence to attach to guesthouse and restoration of approximately 687 sf of paved areas to native dune habitat; 2) a Coastal Development Permit to allow development within 100 feet of environmentally sensitive habitat; and 3) a Coastal Development Permit to allow development within 750 feet of known archaeological resources. The property is located at 1149 Spyglass Hill Road, Pebble Beach (APN 008-012-006-000), Del Monte Forest Land Use Plan, Coastal Zone.	MND	01/21/2014
2013121082	MWF Properties / McDonalds Minor Use Permit DRC2012-00099 San Luis Obispo County --San Luis Obispo Request by MWF Properties LLC / McDonalds for a Minor Use Permit to allow a change of use from an office (former Bank of America) to a restaurant; in an existing building of 3,978 sf (3,078 sf to restaurant and 900 sf remaining office space). The proposed restaurant will utilize the existing drive-thru. The project will result in a disturbance of 500 sf (for modifications to the drive thru) of the 21,408 sf parcel (to make minor modifications to the drive thru configuration). The project is located at 1076 Los Osos Valley Road, in the community of Los Osos, in the Estero planning area.	MND	01/22/2014
2013122057	Canyon Creek Quarry Conditional Use and Surface Mining Permits and Reclamation Plan Humboldt County --Humboldt The project is for approval of Conditional Use/Surface Mining Permits and Reclamation Plan and review of Financial Assurances to develop an upland surface mining site for use by Humboldt County Department of Public Works. The material quarried and processed at the site will be used on public roads operated and maintained by Humboldt County. As proposed the project would result in the extraction of up to 30,000 cubic yards aggregate per year, not to exceed 150,000 cubic yards over the 15-year life of the permit. Material will be crushed and stored	MND	01/21/2014

	on site.		
2013122058	Beachfront Park Coastal & Non Motorized Boating Trail Crescent City Crescent City--Del Norte The project includes the installation of a ADA accessible coastal access & non motorized boating trail. The trail head will have a 15 space parking lot, walking path and picnic facilities.	MND	01/21/2014
2013122061	Graphic Packaging International at the Oroville Municipal Airport Oroville, City of Oroville--Butte The project involves the construction of 350,000 sf of new industrial buildings of which 13.6 acres of airport property will be leased for a non-aeronautical use to Graphic Packaging International. This 13.6 acre property surrounds a 6.5 acre property currently supporting an existing GPI facility and is part of the Land Release Request submitted by the City to the Federal Aviation administration. Once the 13.6 acres receives a non-aeronautical land use designation, with FAA approval, the 13.6 acres of property will be leased to GPI at fair market value to facilitate a planned 350,000 sf plant expansion, 282,325 sf of which is on the 13.6 acre lease parcel. Entitlements for the planned plant expansion project will be subject to the City's review process, which will include the applicable environmental review, and will include any applicable City land development regulations. The project includes filling a .06 acre seasonal wetland swale. Filling the swale requires a Nationwide 29 Permit issued by the U.S. Army Corps of Engineers under Section 404 of the U.S. Clean Water Act and Section 401 Certification issued by the CA RWQB.	MND	01/21/2014
2013051044	San Marcos K-8 School San Marcos Unified School District San Marcos--San Diego The proposed project involves the construction of a K-8 school for 1,500 students on a 36-acre project site in the San Elijo Hills community. The area to be graded and sloped for the project is approximately 20 acres.	NOP	01/21/2014
2013121069	Chino RV Storage Project Chino, City of Chino--San Bernardino The project proposes development of a recreational vehicle (RV) storage facility consisting of 313 spaces and a 384-sf leasing office on a 7.19-acre site in the City of Chino. The project is located at the northwest corner of Mountain and Edison Avenues. The project includes requests to amend the General Plan and East Chino Specific Plan to allow development of the proposed RV storage facility. The General Plan amendment will change the land use designation for the project site from Recreation/Open Space (R/OS) to Light Industrial (LI). The East Chino Specific Plan amendment will allow recreational vehicle storage as a conditionally permitted use in the Edison Easement (EE) land use that underlies the project site. The project also includes a request for approval of a conditional use permit and a site approval.	NOP	01/21/2014

2013121074	F.E. Weymouth Water Treatment Plant Improvement Program Metropolitan Water District of Southern California La Verne--Los Angeles The Proposed Project would upgrade existing and/or construct new facilities at Metropolitan's Weymouth Plant to accommodate the plant's maximum operating capacity and update the overall facility. The Proposed Project would involve rehabilitating and refurbishing aging treatment structures, upgrading systems to improve treatment processes, enhancing rehabilitating and refurbishing aging treatment structures, upgrading system to improve treatment processes, enhancing worker safety, reducing carbon emissions, improving stormwater management, and ensuring compliance with recent legislation pertaining to the State Drinking Water Act.	NOP	01/21/2014
2013121076	Community Plan Update for the Uptown-North Park-Greater Golden Hill Community Plan Areas San Diego, City of San Diego--San Diego -Three comprehensive community plan update to be consistent with and to incorporate relevant policies from the 2008 City of San Diego General Plan; -Amendment to the 2008 General Plan to incorporate the updated community plans as components of the Land Use Element; -Implementation Program to include the application of citywide zoning pursuant to the City of San Diego Land Development Code (LDC) and community-specific tailored zoning similar to the existing adopted Planned District Ordinances (PDOs). It is anticipated that the community-specific tailored zoning will occur through a Community Plan Implementation Overlay Zone (CPIOZ). The Implementation Program may change land uses and development standards within existing zone districts or within specific sites or areas within each community; and -Comprehensive updates to the three existing Public Facilities Financing Plans.	NOP	01/21/2014
2013122059	Santa Row Expansion (PDC13-050) San Jose, City of San Jose--Santa Clara The project proposes to expand the Santana Row site by 1.91 acres (the expansion area is referred to as Lot 17), increase the allowable office space entitlement by 510,000 sf, and increase the retail entitlement by 55,641 sf. In addition, the project proposes to increase the allowable number of residential units by 47 and the allowable number of hotel rooms by six. The expansion is proposed on four adjacent parcels (collectively referred to as Lot 17), an approximately 1.91-acre site comprised of four parcels (APNs 277-38-003, -004, -005, and -010). In addition, the project proposes to permanently close Santa Row to automobile traffic from Olin Avenue to Olsen Drive. The area between Olin Avenue and Olsen Drive will become a pedestrian thoroughfare, terminating at a plaza near the existing movie theater.	NOP	01/21/2014
2013121070	Elementis Specialties, Inc. San Bernardino County --San Bernardino Elementis Specialties, Inc. is proposing to redesign and increase the capacity of their existing overburden stockpiles by (1) increasing their height by approximately 65 to 95 feet; and (2) increasing the surface area or footprint of the stockpiles within the approved mine and reclamation areas by approximately 32.5 acres; and (3) to extend the life of the project by 20 years to February 28, 2057 from its approved expiration date of February 28, 2037. <u>Documents Received on Monday, December 23, 2013</u>			
2013032063	Life Time Fitness Center Project Roseville, City of Roseville--Placer On December 4, 2013, the City Council approved the applicant's request for a Design Review Permit (DRP) to allow the construction of a 120,000 sf fitness center, outdoor pool, and 14 tennis courts with related site improvements: a Conditional Use Permit (CUP) to allow for outdoor recreation in the CC zone; and a Specific Plan Amendment to eliminate two parcel specific conditions. Prior to taking these actions, the City Council certified the Final EIR for the underlying project. On that same date, the City Council also introduced, on a "first reading," an Ordinance Amendment (OA) to add outdoor recreation as a conditionally permitted use in the Community Commercial (CC) zone. On December 18, 2013, the City Council, on second reading, formally approved the Ordinance Amendment. No further environmental review was necessary under Public Resources Code section 21166 or CEQA Guidelines section 15162 through section 15164 because the project did not change between December 4th and December 18th, and because no changed circumstances triggered a subsequent EIR, supplement EIR, or an addendum to the certified EIR.	NOD	
2013062058	AT&T Foundation Repair / Hillside Support and Pathway Project Calistoga, City of Calistoga--Napa The project is limited to: 1) removing an ~65 foot long chain link fence, and five existing concrete pads; 2) injecting compaction grouting into the existing building foundation; and 3) installing grade beams ~65 feet long by 1-foot-wide to stabilize a hillside; decomposed granite in four separate areas; an ~11 foot wide by 12 feet long concrete pad; an ~11 foot long ornamental steel fence adjacent to the existing sidewalk; and an ~ 65 foot long, 6 foot high chain link fence at the edge of existing retaining wall. The CA Dept. of Fish and Wildlife is executing a Lake and Streambed Alteration Agreement Number 1600-2012-0365-3 pursuant to Section 1602 of the Fish and Game Code to the project Applicant, AT&T Telephone Company, as represented by Phoebe Hsu.	NOD	
2013072059	Gutierrez Vineyard Conversion #P13-00403-ECPA Napa County Napa--Napa The project includes earthmoving activities and installation and maintenance of erosion control measures associated with development of an approximately 1.14-acres of new vineyard (approximately 0.88 net vine acre). The site plan designates development on topography that ranges from moderately to steeply sloping lands (typical slopes from 20% to 35%), at elevations between approximately 160 and 200 feet above mean sea level.	NOD	
2013072064	American River Common Features, WRDA 96 Remaining Sites: Sites L7, L10, R3A, and R7 Central Valley Flood Protection Board Sacramento--Sacramento Levee repair work which involves constructing a jet-grout cutoff wall through the levee at 4 sites along the American River, Sites L7 and R7 are located at the H Street Bridge, Site L10 is located at the south end of the Howe Avenue Bridge, and site R3A is located on the north bank near the Business 80 Bridge. Construction activities at each site would take place for ~3 to 4 months.	NOD

	<p>Historic Places. The Project would rehabilitate the Hay Barn in a manner consistent with the Secretary of the Interior Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings (Secretary of Interior Standards). A significant portion of the building has collapsed and there is widespread evidence of severe termite damage on the portions of the building that are still standing. Because of the extent of the deterioration, the University is proposing to dismantle and components that match the originals.</p>		
2013128350	<p>Bay Area Biosolids to ENergy Energy Commission Antioch--Contra Costa</p> <p>This agreement is being amended for budget reallocation purposes. The reallocation does not affect the primary initiative, which is to demonstrate an innovative technology that will process wastewater and biosolids at moderate temperatures and pressures to produce high grade fuel suitable for energy generation, heat, and useful solid by-products (primarily micro-nutrient fertilizer). Specific critical aspects related to biosolids-to-energy conversion will be explored, such as: fuel supply characterization; process design requirements; energy production; site suitability issues; economics; environmental impacts; and by-product constituents, uses, management and permitting.</p>	NOE	
2013128351	<p>The Proposed Effects of Climate Change Induced Changes in Vegetation on Future Hydrologic Energy Generation in California Energy Commission --Santa Barbara</p> <p>The researchers are examining on-going vegetation changes in areas of high fire activity and subsequent changes to hydrologic cycles (e.g., timing and amounts of stream flow, nutrients in run-off) caused by fire in specific watersheds of southern California, where invasive species have come to dominate over portions of the watersheds. The researchers selected sites in recently burned watersheds in Los Angeles and Ventura County. In northern California, a parallel set of accessible sites with non-native infestations are being examined. Local scale water infiltration, vegetation evapotranspiration, and soil surface conditions are being measured to parameterize watershed scale models that predict changes in water yield and nitrate run-off relative to vegetation condition.</p>	NOE	
2013128352	<p>Investigations of Potential Induced Seismicity Related to Geologic Carbon Dioxide Sequestration in California Energy Commission Berkeley--Alameda</p> <p>It is important to be able to predict seismic events resulting from CO2 injection. Induced motion on faults is expected to create new flow paths through natural systems, and induced microearthquakes provide an important means of monitoring the evolution of CO2 plumes. However, such fault slip events may be large enough to be felt at the ground surface and even to cause damage. Although larger events are rare and occur only under certain circumstances, recent public reaction to seismicity associated with geothermal activities has highlighted the fact that the induced earthquakes will remain a key public concern that must be addressed. This task will begin the work necessary to quantitatively incorporate induced seismicity into overall seismic hazard assessment for CCS sites.</p>	NOE

2004081014	Melrose Triangle West Hollywood, City of Beverly Hills, West Hollywood--Los Angeles The proposed project would demolish the existing buildings and structures on the project site and would construct a mixed-use commercial and residential development. The development would consist of three primary structures, referred to as Buildings A (the Gateway Building), B1 (the Boulevard Building), and B2 (the Avenue Buildings). Building A is a single structure on the southwest corner of the project site. Buildings B1 and B2 would be a series of buildings around a central landscaped courtyard. Portions of three buildings would surround a broad paseo running through the center of the project site, which would allow pedestrian access between Santa Monica Boulevard and Melrose Avenue.	EIR	02/06/2014
2013121079	36-Unit Live/Work Project Costa Mesa, City of Costa Mesa--Orange Planning Application PA-13-21 - Urban Master Plan for development of a 36-unit live/work project at the site of existing boat storage and repair uses within the Mesa West Bluffs Urban Plan area. The Project consists of the development of 36 units (30 lofts and live/work units and six residential units) with a Floor Area Ratio (FAR) of 0.92. The buildings are designed in duplex, four-plex, and six-plex clusters. The proposal includes attached three-story and two-story townhome style development and a three-story attached six-unit building facing Placentia Avenue. A total of 69 garage parking spaces and 39 open parking spaces are proposed (three spaces per unit).	MND	01/22/2014
2013121080	Road 600 Over Madera Canal Bridge Project Madera County Madera--Madera Review Per Lead The proposed Project is designed to replace the existing bridge on Road 600 at the Madera Canal. The proposed Project will include demolition of the existing bridge in stages, construction of new abutments, railings, and the bridge deck. The new bridge will be located on the existing alignment within County right-of-way, and will employ a single-span, precast voided slab design such that falseworks in the canal bed will not be necessary. A traffic handling plan with temporary signals will allow traffic through at all times during construction, which will be approximately 1,100 feet from the center of the bridge in each direction.	MND	01/29/2014
2013121084	IS 6738 and AA 3800 (The Clarksfield Company, Inc): Rezone from AL-40 to AL-20 Zone District Fresno County --Fresno Rezone a 36.25 acre parcel, a 41.23 acre parcel and a 71.00 acre parcel from the AL-40 (Limited Agricultural, 40-acre minimum parcel size) to the AL-20 (Limited Agricultural, 20-acre minimum parcel size) Zone District. The subject parcels are located approximately one mile northwest of the intersection of Millerton Road and Winchell Cove Road, approximately one and three quarter miles northeast of the unincorporated community of Friant (6092 Millerton Road and 6100 Millerton Road) (SUP. DIST.: 5).	MND	01/22/2014

2013121083	Mackay Place Project Cypress, City of Cypress--Orange The project site was previously part of Makay Elementary School, which permanently closed in 1980. Currently, the project site is developed with the former Mackay Elementary School facilities and buildings. A total of eight buildings, two parking lots, and grass and landscaped areas exist on-site. As part of the proposed project, all on-site buildings, parking lots, and grass and landscaped areas would be demolished and removed. The preferred land use plan consists of 47 detached single-family homes located around a central street system with access to Walker Street on 6.8 acres. The remaining 2.9 acres would be acquired by the City of Cypress from the Cypress School District for a future park.	NOP	01/22/2014
2013121081	Project No. TR060513 Los Angeles County Whittier--Los Angeles The applicant is requesting approval of a Tentative Tract Map, a CUP, and a Housing Permit to construct 15 attached townhouse units in two buildings on one parcel of land 0.98 gross acres in size. The project will be processed as an infill project which will allow the applicant to use the next higher General Plan land use designation which is "2" - Low/Medium Density Residential (6-12 du/ac). The Housing Permit will give the project a 20% density bonus (3 additional units) in which two units will be set aside for lower income residents.	Neg	01/22/2014
2013122062	Miller TPM13-0010 Butte County Chico--Butte Tentative Parcel Map to divide a 11.13-acre parcel into four parcels (1.41 acres, 1.08 acres, 1.15 acres and 7.49 acres each). Homes will be served by public water and septic systems. Access to the parcels will be off of the private road portion of Speedway Avenue. The applicant is requesting an exception to county improvement standard RS-3C, excluding rolled curb, gutter, and sidewalk.	Neg	01/22/2014
2013122063	2013-2021 Housing Element Marysville, City of Marysville--Yuba Project is the 2013-2021 Housing Element for the City of Marysville.	Neg	01/22/2014

2013128370	<p>Rule Development Amentments to Rule 4622 (Gasoline Transer into Motor Vehicle Fuel Tanks) San Joaquin Valley Air Pollution Control District --Fresno, Kern, Kings, Madera, Merced, San Joaquin, ...</p> <p>This is a rule development project to amend existing District Rule 4622 (Gasoline Transfer into Motor Vehicle Fuel Tanks). Rule 4622 applies to any gasoline storage and dispensing operation or mobile fueler from which gasoline is transferred into motor vehicle fuel tanks except as provided in section 4.0 of the rule. The proposed amendmets include: Adding new definitions in Section 3.0 for E85 fuel, IOM Manual, In-Station Diagnostics (ISD) system, and Liquid Condensate Trap; In Section 4.5 a new exemption was added to allow mobile fuelers registered under District Permit Exempt Equipment Registration program to not be subject to the testing requirements of Section 6.4.1; In Section 4.6 a new exemption was added to exempt E85 fuel dispensing operations from rule requirements.</p>	NOE	
2013128371	<p>Penny Well Rehabilitation and Site Improvements Camrosa County Water District Unincorporated--Ventura</p> <p>Installation of a new well pump, distribution piping, disinfection facilities, enclosure structure, emergency standby generator, fencing, electrical upgrades, and roadway access improvements to improve water service reliability for Camrosa Water District customers.</p>	NOE	
2013128372	<p>Meter Station 7 Interconnection and Pipeline Camrosa County Water District Unincorporated--Ventura</p> <p>(1) Interconnection to an existing potable water meter station and tie onto and existing 12" waterline for agricultural purposes. (2) Installation of approximately 2200 feet of new potable waterline to provide domestic and fire service to existing Camrosa customers. Project will allow Camrosa to provide water from alternate source.</p>	NOE	
2013128373	<p>Rule Development Amendments to Rule 4621 (Gasoline Transfer into Stationary Storage Containers, Delivery VEssels and Bulk Plants) San Joaquin Valley Air Pollution Control District --Fresno, Kern, Madera, Merced, San Joaquin, Stanislaus, ...</p> <p>This rule development project is to amend the existing San Joaquin Valley Air Pollution Control District Rule 4621 (Gasoline Transfer into Stationary Storage Containers, Delivery Vessels, and Bulk Plants). The purpose of the rule amendment is: 1) remove Air Resource Board (ARB) certification requirements for aviation gasoline bulk loading operations because ARB does not certify these operations, and 2) improve the understanding of existing rule requirements by removing expired and redundant language, and adding clarifying language.</p>	NOE

2013061048	<p>Stoneview Nature Center Los Angeles County Culver City--Los Angeles</p> <p>The proposed project would include demolition of the existing structures on the project site, the re-abandonment of the Dabney Lloyd No. 3 oil well, located under an existing building, and the construction of a new public nature center. The new center will include a one story, approximately 4,000 sf building with a multi-purpose room, staff offices, accessible restrooms, and a terrace and observation area; landscaping elements such as botanical garden, nature grove, interpretive signage, yoga deck, native garden, demonstration/community garden, seating, passive meadow, an exercise area, walking paths/trails, detention basin, and bioswale; and parking.</p>	MND	01/27/2014
2013121095	<p>Bunyon Brothers / Perozzi Conditional Use Permit (DRC2005-00211) San Luis Obispo County San Luis Obispo--San Luis Obispo</p> <p>Request by Ron Rinell and the Perozzi Family Trust for a Conditional Use Permit to allow for the construction and operation of a green waste management composting facility that collects and processes organic materials such as tree waste, leaves, manure and similar feedstock into a soil amendment material. The facility would consist of two composting sites, approximately 4 acres in size each.</p>	MND	01/28/2014
2014011011	<p>Project No. R2010-01797-(3) / Conditional Use Permit No. 201000169 Los Angeles County --Los Angeles</p> <p>The project is a request for a Conditional Use Permit (CUP) to authorize the construction of a 3,213 sf single-family residence with an attached garage on a 0.16-acre parcel in the unincorporated Santa Monica Mountains North Area. The subject parcel is rectangular-shaped and has a northeast to southwest downward slope of 30% from Latigo Canyon Road to the rear property line. A 20-foot wide driveway off of Latigo Canyon Road leads to the 420 sf, two-car garage. There are an additional three residential levels that are built below the garage level, which is at-grade with Latigo Canyon Road, and the residence has a maximum height of 35 feet. There is a minimum five-foot setback on the north and south side of the residence, which comprise the side yards. Part of the side yard setbacks along the residence will be developed with a four-foot wide stairwell that is required by the County Fire Department. The back yard stretches approximately 88 to 97-feet from the back of the house to the rear property line and is proposed to be landscaped with native plants. The undeveloped subject property is zoned A-1-5 (Light Agricultural) and is designated an Antiquated Subdivision Area under the Santa Monica Mountains North Area Plan. The project is also located in the Zuma Canyon Significant Ecological Area CSD. The subject parcel is bisected by the Malibu Coastal Zone boundary and is therefore subject to the Malibu Coastal Zone Local Coastal Plan, but the entirety of the residence is located in the Santa Monica Mountains North Area.</p>	MND	02/04/2014

2011061056	<p>Wiseburn High School (201 N. Douglas Street Site) Wiseburn School District El Segundo--Los Angeles</p> <p>The District proposes to develop and operate a joint-use sports complex comprising a gymnasium and an aquatics center with lighted outdoor 50-meter swimming pool, spectator bleachers, and an aquatics building and equipment/storage building. The new gymnasium would house three basketball courts (one with bleachers), lockers, restrooms, and storage. The District would enter into an agreement with the City of El Segundo to share the sports complex for school and City programs. The existing 335,000 sf building would be renovated by demolishing 137,357 sf and constructing 13,727 sf of new construction. New district office use also be added for 20 district staff. The new sports complex and associated parking lot would have public access from Duley Road.</p>	NOP	01/27/2014
2011111065	<p>Issuance of Hazardous Waste Facility Permit for CleanTech Environmental, Inc. Toxic Substances Control, Department of Irwindale--Los Angeles</p> <p>CleanTech Environmental Inc. submitted an application to the Department of Toxic Substances Control for approval to construct and operate a used oil recycling facility. The project consists of making a final decision on CleanTech's permit application. If approved, the Permit would allow CleanTech to construct and operate the facility. CleanTech collects used oil from offsite generators (gas stations, oil changers, auto repair shops, etc.) and consolidates the used oil in tanks at the facility. The used oil is treated by blending, gravity separation, and by adding a chemical reagent if necessary, to remove metals and enhance dehydration, to meet the recycled oil standards. CleanTech would then certify the treated used oil as "recycled oil."</p> <p>CleanTech also collects drums of used oil, waste antifreeze, and non-RCRA wastewater and stores them in a drum storage area. The liquid waste in containers may then be pumped into the appropriate storage/treatment tanks. Additionally, CleanTech collects drums of solid waste including solid waste contaminated with oil, oil/water separation sludge, contaminated soil with oil, contaminated containers, etc., and places the drums into the drum storage area.</p>	NOP	01/27/2014
2013121089	<p>Spieker Senior Development Project San Juan Capistrano, City of San Juan Capistrano--Orange</p> <p>The project applicant is proposing the development of a Continuing Care Retirement Community (CCRC) designed for residents over the age of sixty years. The CCRC would include two main components: Independent Living residences, for residents capable of residing in the community without daily assistance; and a Health Care Center, for residents requiring daily assistance or medical attention. The proposed residential uses are described in more detail below. The proposed Independent Living residences will be licensed as a CCRC through the State of CA Dept. of Social Services Continuing Care Contracts Branch and as a Residential Care Facility for the Elderly. The proposed Health Care Center will be licensed to provide assisted living and special care (dementia services) as an RCFE by DSS and to provide skilled nursing by the California Dept. of Public Health. The DDS's Continuing Care Contracts Branch is responsible for the oversight of continuing care providers.</p>	NOP	01/27/2014

MND	01/31/2014
2013121093	Olson San Gabriel Residential Community Project San Gabriel, City of San Gabriel--Los Angeles The proposed project consists of 88 new condominium residential units of 5.4 acres and demolition of a portion of a 170,000 sf warehouse building that overlaps the cities of San Gabriel and Rosemead. The entire property occupies 9.18 acres and spans both sides of the Rubio Wash, a Los Angeles County flood control channel, and is also just south of the UPRR line. The EIR will examine the impacts of the new proposed housing and demolition of the warehousing within San Gabriel. The existing warehousing use in Rosemead will continue and is being processed as Categorical Exemption (Class I - Existing Facilities) but the EIR will examine the cumulative effects of both discretionary actions. The portion of the building located west of the Rubio Wash in the City of San Gabriel will be demolished and the remaining 77,000 sf building located in Rosemead will be converted to a freestanding warehouse building.	NOP	01/28/2014
2013121096	10th Street Center Industrial Park Azusa, City of Azusa--Los Angeles The proposed project consists of the construction of a 342,629 sf industrial/warehousing development. The project would include three industrial buildings that would range from 75,278 to 179,002 sf, and would include office and distribution/warehousing/manufacturing uses. In addition, three stormwater retention basins totaling approximately 72,643 sf would be located along the southern project boundary to retain on-site surface water runoff. All buildings on-site would include office and distribution/warehousing/manufacturing space, as well as truck loading stalls for loading/unloading equipment and supplies. Construction of the project is anticipated to begin in mid- to late-2014 and take approximately one year to complete. Operations are anticipated to begin in the year 2015.	NOP	01/28/2014

2013121094	2014-21 Update of the Housing Element of the General Plan (GP Amendment 2013-01) Rolling Hills, City of Rolling Hills--Los Angeles The project is the City of Rolling Hills Update of the Housing Element of the General Plan for the 2014-2021 planning period. In the Housing Element Update, the City of Rolling Hills outlines its program to preserve and promote housing opportunities, including affordable housing opportunities, in the community.	Neg	01/28/2014
2013122065	State Route 85 Express Lanes Project Caltrans #4 --Santa Clara Note: Extended review per lead Caltrans, in cooperation with the Santa Clara Valley Transportation Authority (VTA), proposes to convert the existing High-Occupancy Vehicle (HOV) lanes on SR 85 to express lanes. Use of the HOV lanes is currently restricted to vehicles with two or more occupants, motorcycles, and certain alternative fuel vehicles. The conversion of the HOV lanes to express lanes would allow single-occupant vehicles (SOVs) to pay a toll to use the lanes, while HOVs would continue to use the lanes for free. The express lanes would extend along the entire 24.1 mile length of SR 85 and 1.5 miles of US Hwy 101 from the southern end of SR 85 to Metcalf Road in San Jose.	Neg	02/28/2014
2013062015	Etter General Plan Amendment/Zone Reclassification/Final Map Subdivision Humboldt County --Humboldt The project is a GPA, Zone Reclassification and Final Map Subdivision application. The GPA extends the Rural Community Center (RCC) and re-designates from Agriculture Grazing to RCC: (1) the Cal Fire 3-acre site, (2) a 36-acre portion of the Etter Ranch and (3) the 32-acre homesite for Ray Etter and the PG&E Switching Station. The rezone proposes a reclassification from Agriculture Exclusive and Unclassified to: (1) Qualified Neighborhood Commercial (C-1-Q), (2) Agricultural General with a B-6 combining zone that fixes the lot size to the map of record (AG-B-6) and (3) Rural Residential Agriculture (RA-2.5) consistent with the proposed GPA and the existing and proposed uses of the properties. Both the GPA and rezone will facilitate a major subdivision of the Etter Ranch into five parcels ranging in size from 3 to 12 acres and a designated remainder of 1,912 acres. Lands zoned TPZ or within the designated Remainder are not affected by the GPA or rezone. The project will facilitate development of businesses on Parcels 1, 2, and 3 and will modify the use of existing dwellings on these parcels to caretaker units, and will separate the Mary Etter homesite as Parcel 5, apart from the remaining Ranch property.	NOD	
2013101082	Minor Use Permit San Luis Obispo County --San Luis Obispo Construction of a 3-level single-family 2,134 sf residence with the first floor containing a garage and the second and third floors containing living areas in the Community of Cayucos. The project will result in the disturbance of ~2,700 sf of the 3,500 sf lot.	NOD

2006042175	Davis Woodland Water Supply Project (DWWSP) Davis, City of Woodland, Davis--Yolo Note: Addendum Since certification of the Final DWWSP EIR in 2007, and approval of addenda #1 through #5, design refinements have identified the need for additional solids drying facilities to support operations at the RWTF. In addition, a floodplain modeling assessment was completed to analyze the change in flood water elevations associated with development of the RWTF and associated drying beds. As a result the WDCWA has prepared this addendum #6 to the 2007 DWWSP EIR.	ADM	01/29/2014		
2011042037	Jasud Estate Vineyards Timberland Conversion Project (TCP 10-593) Forestry and Fire Protection, Department of Calistoga--Napa The purpose of the Jasud Estate Vineyards Timberland Conversion Project is to convert approximately 15+- acres of timberland to a commercial vineyard (12 acres net) on a 38-acre property. A Timber Harvest Plan is being processed by CAL FIRE for the harvest of 15+- acres, which will be the total disturbed acreage on the property. A Timberland Conversion Permit and approval is also required from CAL FIRE. An ECP has been prepared for the project to be approved by Napa County. The interrelated nature of the ECP, THP, and TCP are discussed as single proposed project in the Final EIR.	FIN

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Tuesday, December 31, 2013</u>			
2013121098	Sweetwater Reservoir Wetlands Habitat Recovery Project Sweetwater Authority --San Diego The Sweetwater Reservoir Wetlands Habitat Recovery Project (HRP) is a habitat improvement action in support of the Sweetwater Reservoir Habitat Management Program (HMP), which provides management/conservation of habitat for the state and federally endangered least Bell's vireo (<i>Vireo bellii pusillus</i>). The project would entail the comprehensive restoration of the riparian habitat at the confluence of the Sweetwater River and Sweetwater Reservoir (i.e., the area managed under the HMP), resulting in a self-sustaining ecosystem supporting high quality least Bell's vireo habitat.	MND	01/29/2014
2013122067	Cordova Creek Naturalization Project Sacramento County Rancho Cordova--Sacramento The proposed project will restore natural form and function to a channelized stream, currently named the Clifton Drain that discharges treated groundwater, storm water runoff and residential irrigation runoff to the American River. The project will fit the existing gunite lined channel and construct a wider meandering channel, which will be called Cordova Creek.	MND	01/29/2014
2013122066	Sheridan Community Plan Update (PGPA 20130025) Placer County --Placer The project proposes a General Plan Amendment to rescind the 1976 Sheridan General Plan and adopt a new Sheridan Community Plan; a Zoning Consistency Ordinance; and Amendments to the County's Zoning Ordinance.	Neg	01/29/2014
2008122067	Lake Forest Erosion Control Project - Area B Placer County --Placer The CA Dept. of Fish and Wildlife is executing Lake or Streambed Alteration Agreement number 1600-2013-0128-R2, pursuant to Section 1602 of the Fish and Game Code to the project applicant, Placer County Department of Public Works The project consists of erosion control, water quality improvements, and the restoration of stream reaches that have been degraded by human activity. The project consists of a total of two stream reaches that will be restored, including the construction of new channels west of Bristlecone Street and in Skylandia Park. Except where precluded by adjacent infrastructure and buildings, constructed stream channels will consist of non-rigid margins. Stream banks will be constructed using biodegradable erosion control materials and long-term stability will be provided by new riparian vegetation.	NOD	
2012072063	Lucia Abreu Vineyard Howell Mountain Conversion Project Forestry and Fire Protection, Department of --Napa The purpose of the Lucia Abreu Howell Mountain Vineyard Timberland Conversion Project is to convert ~12.8+/- acres of timberland to a commercial vineyard (15.3 acres net) on the 17-acre project area. A Timber Harvest Plan is being processed by Cal Fire for the harvest of 12.8+/- acres, which will be the total acreage converted from timberland on the property. A Timberland Conversion Permit and approval is also required from Cal Fire. An ECP has been prepared for the project to be approved by Napa County. The interrelated nature of the ECP, THP, and TCP are discussed as a single proposed project in the Final EIR.	NOD
