STATE CLEARINGHOUSE

---

# NEWSLETTER

**February 1 through 15, 2003**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **February 1 through 15, 2003.**

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse.html#clearinghouse](http://www.opr.ca.gov/clearinghouse.html#clearinghouse)

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Phillip Crimmins (for projects in Northern California)  
Scott Morgan (for projects in Southern California)

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE

**KEY:**

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

**NOTES:**

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.  
There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

# CEQA & Planning Case Law

## Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

**No Cases have been selected for the period of February 1-15, 2003.**

*Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.*

<b><u>Documents Received on Monday, February 03, 2003</u></b>			
	at the northwest border of the site along Manchester Avenue. All buildings will be single story. Surface parking will be provided to accommodate 367 cars.		
2003021002	St. Jerome Catholic Church San Diego, City of --San Diego The project would be constructed in two phases. Phase I would include construction of a 23,000 square-foot, 1,500 seat church with a 50-foot high central dome, an outdoor gathering area to the west of the church and a large circular drop-off zone adjacent to the sanctuary with potential future access from Otay Mesa Road. In addition, there would be a linear drop-off zone to the west of the Phase II school location on the west end of the project site. Parking for 532 vehicles is proposed along the south and west boundaries of the site. Phase II would include a 48,000 square-foot education center consisting of a single-story parish hall/gymnasium with a 42-foot high dome, an outdoor amphitheater located on the east side of the parish hall, and a two-story preschool/elementary school with a 49-foot dome. The proposal project also includes an 8,000 square-foot, one-story administrative office building for the church and the school. Outdoor facilities include a soccer playing field on the north side of the site, an outdoor kindergarten play area, outdoor lunch area and a basketball court on the north side of the school building. The project would require a Community Plan Amendment to reclassify future Street "A" and a portion of Otay Mesa Road, and may require a change in the current land use designation in the Otay Mesa Community Plan from Town Center (TC) to Commercial Center (CC).	<b>NOP</b>	03/04/2003
2003021008	County (Summit Station Area) Land Use Ordinance Amendment; ED98-397 San Luis Obispo County Nipomo--San Luis Obispo The Land Use Ordinance Amendment requests the deletion of two Summit Station area standards. The first proposed deletion would allow further subdivisions of all qualifying parcels. If the standard is deleted, it has been estimated that about 40 additional parcels could result when the existing 10+ acre parcels are considered. The second proposed deletion would remove the secondary residence limitation standard in the Summit Station area, which would allow up to 160 additional secondary residences.	<b>NOP</b>	03/04/2003
2003021011	Valley Durfee Redevelopment Project El Monte Community Redevelopment Agency El Monte--Los Angeles The project includes adopting a redevelopment plan to redevelop approximately 142 acres of urbanized land that is located in the southeast portion of the city.	<b>NOP</b>	03/04/2003
2003021012	Marina Heights Project/Abrams "B" Housing Marina, City of Marina--Monterey The Marina Heights project would consist of 1,050 new housing units on a 248 acre site. Currently on the 248 acre site are 828 abandoned residential units, all of which are proposed to be demolished. The makeup of the 1,050 new residential units is proposed. Development on the 248 acre project site would also include improvement of a 28 acre park/school site between Abrams Drive and Imjin Parkway, establishment of other parks and open spaces, and other appurtenant public improvements.	<b>NOP</b>	03/04/2003

2002102070	Pumping Plant No. 1 Improvements Reclamation District No. 1000 Sacramento--Sacramento Construction of a new pumping plant and outfall; minor modification to an existing pumping plant.	<b>Neg</b>	03/05/2003
2003021001	CDP 02-277 514-586 Washington Blvd., Marina del Rey, CA 90292 (Parcel 97) Los Angeles County Department of Regional Planning --Los Angeles The proposed project is a request for a Coastal Development Permit to allow for the demolition of two one-story commercial buildings (3,028 sq. ft. and 2,727 sq.ft.), the subsequent construction, operation, and maintenance of two new one-story commercial buildings (3,000 sq. ft. and 3,236 sq. ft.) and a "marina entry" area comprised of two sections totaling 3,360 sq. ft. of landscaping, decorative signage, and decorative pillars approximately 40-45 feet in height. Proposed is a total net increase of 486 sq. ft. of additional building area on-site. Also proposed are a variety of improvements to the facades of existing structures and walkway improvements within the shopping center. Also included in the project is a request for a Parking Permit to allow 50% of the project's parking space requirement to be provided by compact and tandem vehicle spaces.	<b>Neg</b>	03/04/2003
2003021003	ENV-2002-6895-MND Los Angeles City Planning Department Brentwood--Los Angeles Construction and remodeling of a single-family residence on a 4.63 acre site in the RE40-1 zone. The project will include the main house, accessory structures and hardscape, resulting in approximately 30,000 square-feet of floor area. Site preparation activities will require approximately 28,000 cubic yards of grading including 22,000 cubic yards of dirt to be exported. Project involves clearance by the California Department of Fish and Game through the request of the 1603 Stream Alteration Agreement (Rustic Creek) with accompanying Biological Assessment. Additionally, approximately 41 (Eucalyptus) of the 323 trees on site will be removed. Project will require a Haul Route Permit.	<b>Neg</b>	03/04/2003
2003021004	CDP 02-303 13525 Mindanao Way, Marina del Rey, CA 90292 (Parcel 44) Los Angeles County Department of Regional Planning --Los Angeles The proposed project is a request for a Coastal Development Permit to allow for the demolition of a vacant, one-story commercial building (10,730 sq. ft.) and the subsequent construction, operation, and maintenance of a new one-story commercial building (10,700 sq. ft., 30 feet in height) serving as a marine/boat-oriented retail store, an adjacent forty-three space surface parking lot, and for the construction and maintenance of a pedestrian walkway between the proposed building and waterfront lot, and for the construction and maintenance of a pedestrian walkway between the proposed building and waterfront (approximately 31' x 28' x 6"). Time necessary for demolition of the existing structure is estimated at approximately 20 days. A total of sixteen truck loads are anticipated to be necessary for material and debris removal during the demolition period.	<b>Neg</b>	03/04/2003
2003021005	EA KM 2-02; (Full Force Paintball LLC) Kern County Planning Department Bakersfield--Kern A Conditional Use Permit to allow a paintball facility in an A District.	<b>Neg</b>	03/04/2003

<b><u>Documents Received on Monday, February 03, 2003</u></b>			
2003021007	Proposed Amendments to Rule 67.3-Metal Parts and Products Coating Operations San Diego County Air Pollution Control District --San Diego Amendment of Rule 67.3 to clarify specified definitions and provide a limited exemption for low-use coating used at a stationary source for specialty, custom-made signs or sign-related objects, including those fabricated either from metals or from the combination of metals with other substrates, where the coating of all substrates match exactly in appearance and performance.	<b>Neg</b>	03/04/2003
2003021010	Land Use Conservation Plan for the Irish Hills Natural Reserve San Luis Obispo, City of San Luis Obispo--San Luis Obispo Land use and conservation plan for 722 acres of City-owned open space known as the Irish Hills Natural Reserve. The plan provides direction on the management of recreational activities, wildlife protection, wildfire management, and sensitive habitat conservation. The ultimate aim of the plan is to reconcile public use of land for recreation with the conservation of natural resources and protection of sensitive species.	<b>Neg</b>	03/04/2003
2003022001	Oregon Gulch Migration Barrier Removal Project Trinity County Planning Department --Trinity Replacement of a concrete box culvert on Oregon Gulch at Sky Ranch Road with a 30 ft. long, 28 ft. wide bridge. The project will eliminate a migration barrier to salmonids, reduce a partial velocity barrier to juvenile salmonids, create a natural stream bottom condition and increase the flood capacity of the crossing. The new structure will allow for passage of the 100-year storm and debris.	<b>Neg</b>	03/04/2003
2003022002	Furtado Final Map Humboldt County --Humboldt A Coastal Development Permit and Final Map Subdivision for the creation of 35 lots and a 55-acre Remainder. The approximate 7.4 acres, planned and zoned residential, will be developed for residential use. The Remainder, planned and zoned agricultural, will continue to be used for agricultural purposes. The residential lots range from 5,800 to 13,000 square feet. The project will site the detention basin on the Remainder. The project requires exception to lot frontage requirements to allow flag lot configuration and exception for reduced rights-of-way. Access to the property will be from Bugenig Lane off School Road. The parcels will be served by community water and sewer. Project also includes a Street Name Change for the new access roads within the subdivision.	<b>Neg</b>	03/04/2003
2003022003	Cingular Wireless (Zone File 2002-144) Yolo County Planning & Public Works Department Woodland--Yolo The proposed project is a conditional use permit to allow a 63 ft. high monopole up to 12 antennas (6 to be installed initially with possible addition of 6 in the future); and three base transceiver station (bts) equipment cabinets (each 5'8" tall, 4'3" wide and 2'4" deep) within a 30x90 lease area. The lease area will be enclosed within a 6-ft high chain link fence.	<b>Neg</b>	03/04/2003

2003022004	Bongio Parcel Map Subdivision Humboldt County Fortuna--Humboldt A Parcel Map Subdivision of an approximate 14.98-acre parcel into the three parcels of approximately 5 acres each. All parcels will be accessed via Airport Road and served by on-site sewage disposal system. The applicant proposes to use city water subject to LAFCO approval or develop on-site sewage disposal system. The applicant proposes to use city water subject to LAFCO approval or develop on-site wells. A common detention basin is proposed on resultant Parcel 1 as required by the County Land Use Division.	<b>Neg</b>	03/04/2003
2003022005	Sloughhouse Vineyard Villas Rezone, Subdivision Map and Variance Sacramento County --Sacramento A Rezone from AG-20 to AR-5; a Subdivision Map to create 14 lots, and a Variance to reduce the public street frontage.	<b>Neg</b>	03/04/2003
2003022007	Rezone (02RZ-02) Agricultural Preserve Alteration (02AP-01), Application to LAFCo for a County Service Area Tuolumne County Community Development Dept. --Tuolumne Resolution for Agricultural Preserve Alteration (02AP-01) to remove the 5.31 +/- acre project site from the 793,5+/- acre Agricultural Preserve #81. Ordinance to Rezone (02RZ-02) a 5.31+/-acre parcel, which is currently zoned RE-5 (Residential Estate, five acre minimum) under Title 17 of the Tuolumne County Ordinance Code. Revised Vesting Tentative Subdivision Map 02TSM-08 to divide the 5.31+/- acre parcel into eleven lots, which range in size from 0.3+/-acre to 0.8+/-acre. Resolution of Application to LAFCo for a County Service Area for maintenance of interior roads and street lighting, and for support for the annexation to the Service Area Boundaries of the Jamestown Sanitary District.	<b>Neg</b>	03/04/2003
2003022009	Sims Road Parcel Rezoning Santa Cruz County Scotts Valley--Santa Cruz Proposal to rezone a parcel from PF (Public Facility) to R-1-6 (Single Family Residential). Project requires a Rezoning. The property is improved with a fire station building and detached weight room, and about 85% asphalt paving. The Scotts Valley Fire Protection District has two other fire stations, and has abandoned plans to build a new fire station at this location due to the lack of funding. The project is located on the southwest corner of the intersection of Sims Road and Fire House Lane.	<b>Neg</b>	03/04/2003
2003022010	Ron Turner Humboldt County Planning Department --Humboldt A Parcel Map Subdivision of a 20.4 acre parcel into four parcels ranging in size from 3.0 to 8.0 acres. A lot size modification of the five acre minimum lot size requirement pre zoning, along with Density Averaging as established by a Board of Supervisors Resolution allowed for parcels divided by two Airport Compatibility Zones is proposed. The parcel is currently developed with a single family residence, outbuildings, an agricultural building and an onsite wastewater disposal system. Water service is provided by the McKinleyville Community Services District. The new parcels will be served by on-site sewage disposal and community water.	<b>Neg</b>	03/04/2003

1997031043	Spring Canyon; Project 96-044 (C.U.P. Oak Tree Permit, Zone Change, Plan Amendment and Tract 48086) Los Angeles County Department of Regional Planning Santa Clarita--Los Angeles The proposed Spring Canyon residential project will be on a site of approximately 548 acres. The project will consist of the subdivisions of a currently vacant site into 542 single family residential lots on approximately 211 acres, one 3.2 acre fire station lot, two private park sites totaling 18 acres and one lot for future elementary school use (Sulphur Springs School District) on about 9 acres. Three open space lots would occupy about 279 acres. The project requires a General Plan Amendment, Conditional Use Permit, Oak Tree Permit Zone Change and Tract Map (No. 48086).	<b>SIR</b>	03/19/2003
2003021006	Hotel & Residential Condominiums Long Beach City Planning Commission Long Beach--Los Angeles Construct a 21-story building (with roof top terrace) consisting of 162 hotel rooms including 18 suites and 6 one-bedroom units with 8,500 square feet of conference space, 2,500 square feet of retail, 7,000 square feet for restaurant and a 10,000 square foot spa/health club. The project also includes 108 permanent resident dwellings. Parking for 162 spaces will be provided.	<b>SIR</b>	03/19/2003
1987061704	Hidden Meadows General Plan Amendment San Diego County Escondido--San Diego The project is for the grading associated with the Island Residential and Oak Woodlands I areas of the Hidden Meadows project. The grading permits were issued by the Department of Public Works on January 29, 2003.	<b>NOD</b>	
1992052017	Granite Bay Townhouse Vesting Subdivision Map Modesto, City of Modesto--Stanislaus This is a vesting tentative subdivision map to divide 2.19 acres into 24 lots. The property is located on the southeast corner of Carson Oak Drive and Bridgewood Way. Each lot is proposed to contain one townhouse unit and its associated parking.	<b>NOD</b>	
2001082018	Los Guilucos Juvenile Hall Replacement Project Sonoma County Santa Rosa--Sonoma The Sonoma County Department of General Services proposes to replace the existing 120-bed Los Guilucos Juvenile Hall facility and support buildings with a new 140-bed facility and associated support buildings, located in the southeastern portion of the City of Santa Rosa. The new facility would be on vacant land immediately adjacent to the existing facility and already owned by the county. The facility will be a new generation design that will provide for a variety of housing types for program and management flexibility. As part of the facility, two new courtrooms to replace the two existing courtrooms will also be constructed, as will all of the necessary support operations for the entire facility.	<b>NOD</b>

2002101139	Greenhouse and Parking Lot 14 South Orange County Community College District Mission Viejo--Orange New, 9,216 square foot metal building that will replace obsolete greenhouse located in lower campus. In addition, a 75 space parking lot will be built.	<b>NOD</b>	
2002101142	Vallejo Avenue Sewer Eastern Municipal Water District Temecula--Riverside The existing sewer force main that crosses the 15 Freeway just north of Highway 79 South in Temecula has exceeded its useful life. The proposed sewer pipeline project includes installation of approximately 1200 lineal feet of 12" PVC below-ground gravity sewer main in place of the existing sewer force main. The sewer pipeline will be installed between the northeast corner of the intersection of Front Street and Highway 79 on the west side of the 15 Freeway and extend easterly across the Freeway to Vallejo Avenue on the east side of the Freeway. The portion of sewer pipeline to be installed across the 15 Freeway will be bored and jacked under the Freeway through the existing steel encasing. The remaining sewer pipeline to the east and west of the Freeway will be installed by open cut. The boring will require two bore pits. The bore pit east of the 15 Freeway will be in the existing gravel parking lot on the west side of Vallejo Avenue to the north of the Community Church. On the west side of the 15 Freeway, the bore pit will be located on the northeast corner of the intersection of Front Street and Highway 79. The project will allow EMWD to continue to provide adequate and dependable sewage flow for existing customers.	<b>NOD</b>	
2002111060	Castroville Storm Drain Master Plan Monterey County Public Works Department --Monterey The project consists of the improvement of existing infrastructure within an existing County Redevelopment Area. The improvements to be installed will implement the Final Storm Drain Master Plan for CSA 14 (Castroville) and are intended to correct existing facility deficiencies currently affecting properties in the project area. The Master Plan will create a framework for enhanced storm water collection,	<b>NOD</b>

	treatment and discharge that addresses significant drainage problems in the project area. The installation of the improvements will benefit future infill development; however, future projects will require project specific environmental review, in accordance with CEQA.		
2002112075	Trail Development Canda del Oro Section of Calero County Park Santa Clara County Parks and Recreation Department San Jose--Santa Clara Development of trails within Canada del Oro section of Calero County Park trail development and maintenance is in accordance with the "County Wide Trails Master Plan" and "Uniform Inter-Jurisdictional Trail Design, Use and Management Guidelines". On March 6, 2002 the Parks and Recreation Commission approved trail names for proposed trails in Canada del Oro. They are Chisnantuck Peak Trail, Canada del Oro Trail, Bald Peaks Trail, Serpentine Loop Trail, and Canada del Oro Cutoff Trail. Three are existing fire/ranch roads and the remainder existing paths. The existing alignments are Bald Peaks, Serpentine Loop Trail and Canada del Oro Cutoff Trails and the northern section of Canada del Oro Trail. The new trail alignments are Chisnantuck Peak Trail, and the southern section of Canada del Oro Trail. Only one new trail segment is proposed, it is an east-west trail connector segment of the Serpentine Loop Trail paralleling Casa Loma Road.	<b>NOD</b>	
2002121121	Northwest Elementary School Visalia Unified School District Visalia--Tulare Construction and operation of a new elementary school on a 12-acre site on Ferguson Street at Linwood Avenue. The school will accommodate a minimum of 750 students and will have a staff of 55 persons.	<b>NOD</b>	
2002122003	Valley of the Moon Children's Home Replacement Project Sonoma County Santa Rosa--Sonoma The Sonoma County Department of General Services proposes to build a new Valley of the Moon Children's Home and Redwood Children's Center in a vacant area just westerly of the existing facility. The new facility would be located approximately 100 feet westerly of the current site, within the same county owned parcel. The new facility will be a single story, wood framed structure organized around courtyards and the existing trees in the area. In total, the size of the new facility is projected to be approximately 46,000 SF, divided into two buildings; one building will provide living, dining, and food services, the second building will provide paces for administrative and medical and mental health services as well as the Redwood Children's Center.	<b>NOD</b>	
2002122010	Millbrae Pedestrian Overcorssing Bridge Project Millbrae, City of Millbrae--San Mateo Pedestrian/bikeway bridge across U.S. 101 along Millbrae Avenue in the City of Millbrae.	<b>NOD</b>

2002042071	Central City East Redevelopment Plan DEIR Oakland, City of Oakland--Alameda The City of Oakland has prepared a redevelopment plan for a substantial portion of Central and East Oakland (identified as the Central City East Project.) This plan contains redevelopment policies and objectives and general projects, programs and other activities to be undertaken in furtherance of the Redevelopment Plan. These projects, programs and activities are described in a programmatic manner and are not site specific. The Redevelopment Plan provides a basic framework and process within which specific programs and projects will be established and implemented over an approximately 25 year planning period or until the year 2025.	EIR	03/21/2003
2003022027	Pleasant Hill General Plan Pleasant Hill, City of Pleasant Hill--Contra Costa The City of Pleasant Hill is updating the General Plan. The last General Plan was completed in 1990 and was in need of revision. The project includes the General Plan maps, policies and goal to guide the City's Development through build out.	EIR	03/21/2003
2003021023	Amendment No. 4 to Redevelopment Plan for Redlands Redevelopment Project Redlands, City of Redlands--San Bernardino The project is the adoption and implementation of the Amendment to Redevelopment Plan to reestablish eminent domain power of the Redlands Redevelopment Agency for the acquisition of residential property within the Redlands Redevelopment Project Area. No development project or plan is associated with the Amendment. The Project Area extends from the downtown area at Church Street and Alabama Street south of I-10 Freeway to Vine and Pine Street, north of I-10 near I-10/SR-30 interchange to Lugonia Avenue on both sides of SR-30, and along the south side of Colton Avenue. 2000101123	Palazzo Westwood Los Angeles City Planning Department Los Angeles, City of--Los Angeles Palazzo Westwood is a proposed 528,490 s.f. mixed use project in Westwood Village which features 350 residential units and 115,000 s.f. of ground floor retail. The residential portion is 413,490 s.f.. The project is comprised of three parcels: Parcel A (2.724 acres) and C (0.292 acres) on the east side of Glendon and Parcel B (1.234 acres) on the west side of Glendon. The project has an overall FAR of 2.85. The development will be 65 ft. in height, as measured from the highest point of the roof structure or parapet wall to the elevation of the ground surface which is vertically below that point of measurement; the buildings will not exceed 55 ft. as measured to the top of the habitable space. The retail/commercial component consists of a variety of neighborhood-serving shops and services, including uses such as drug stores, markets, clothing stores, home furnishing stores, repair shops and other similar types of retail establishments. One or more restaurants with outdoor dining may also be featured. There will be 1,452 parking spaces provided within three subterranean levels. Glendon Avenue will be narrowed to 36 ft. in order to accommodate 17-foot sidewalks. The project site is approximately 4.25 acres in the C4-2D-O zone.	EIR	03/24/2003

2003028090	Water Treatment Plant Parks and Recreation, Department of Hollister--San Benito This project will install a water treatment facility to remove inorganic chemicals and minerals in order to meet the California Safe Drinking Act for the Lower Ranch well #1 water system. The water treatment facility will be self contained within the structure. The structure will be a steel shipping container, 8 feet wide by 8 feet high by 20 feet long with a roll up door and pedestrian door. Some leveling of the area may be required.	NOE	
2003028091	ADA Restroom Installation at 4x4 Course / Practice Track Parks and Recreation, Department of Gorman--Ventura The purpose of this project is to install a new pre-cast "CXT Tioga" vault restroom, with the odor-free vent design. The new CXT restroom will be installed in the northwest corner of the existing 4x4 course at the Hungry Valley State Vehicular Recreation Area. The foot print dimensions of the new restroom are 16'8" by 11'11", the height of the new restroom is 9'7". The required excavation for the two new ABS lined sealed vaults will be 14'4" x 11'11" x 4'4" deep. The new pre-cast concrete/ steel reinforced double restroom structure meets all current earthquake, hurricane and ADA requirements. A 20' x 20' ADA parking pad will be installed adjacent to the new restroom.	NOE	
2003028092	ADA Parking Pad at Dormitory Parks and Recreation, Department of Gorman--Los Angeles The purpose of this project is to install an ADA compliant parking pad with one ADA van and one ADA passenger vehicle space. This pad will be located in front of the Dormitory, at the Hungry Valley State Vehicular Recreation Area. The footprint dimensions of the parking pad will be 30' x 30', there will also be a 30' x 6' walkway from the pad to the entrance of the Dormitory. The pad and walkway areas will be excavated to a depth of six inches to facilitate forming and concrete installation. Appropriate signage and insignias will be installed adjacent to, and on the pad surface. This project is required to make the Dormitory facility ADA accessible and compliant.	NOE	
2003028093	U.S. Filter Recovery Services Class 1 Permit Modification No. 4, (Prior Approval Required) Toxic Substances Control, Department of Los Angeles, City of--Los Angeles U.S. Filter Recovery Services has requested a Class I Permit Modification to their Hazardous Waste Facility Permit. The modification amends and modifies the 1996 Part B portion of the Permit. The modification requests seven specific changes. (1) The addition of roofs to tanks 3, 4, 19, 20, 21. (2) Replacement of existing tank systems 31 ABC, 32 ABC, 33 ABC, and 34 ABC. (3) Installation of up-graded, state-of-the-art tank level control systems. (4) Use of liquid reagent chemicals and automation of chemical reagent feeds. (5) Installation of mixing control systems. (6) Installation of a radiation detector. (7) Clarification of flammable waste acceptance criteria. Ancillary to the addition of roofs and replacement on tanks is the addition of an air pollution control system, which will be approved by the South Coast Air Quality Management District.	NOE

2003024004	Housing Development/Trust to Fee Bureau of Indian Affairs, Sacramento Area Palm Springs--Riverside Develop and construct 62 single-family homes.	<b>EA</b>	03/11/2003				
2001112085	Lower Northwest Interceptor Project Sacramento County --Sacramento The LNWI project involves construction of wastewater conveyance facilities as well as facilities to support ongoing operation and maintenance.	<b>EIR</b>	03/27/2003				
2003024002	Environmental Assessment-Eagle Mountain Casino & Resort Project, Tule River Indian Tribe Bureau of Indian Affairs, Central Calif. Agency Porterville--Tulare Construction of hotel resort and casino on Tribal Trust lands acquired after 1988 requiring compliance with 25 USC Section 2719.	<b>JD</b>	04/11/2003				
2003021051	Cross Valley Connector East Project Santa Clarita, City of Santa Clarita-- The project would involve the extension of two roadways, Newhall Ranch Road and Golden Valley Road, in the City of Santa Clarita. Newhall Ranch Road would be extended by approximately 2.0 miles to the east of Bouquet Canyon Road. The new segment of Golden Valley Road would extend approximately 2,000 feet north of Soledad Canyon Road, where it would connect with the proposed Newhall Ranch Road. The proposed typical section of the alignment would include a six-lane roadway of approximately 128 feet in width, with 24-foot median island and pedestrian and bicycle lanes. The proposed Golden Valley Road segment would require the construction of a bridge across the Santa Clara River and would traverse undeveloped open space (e.g., vacant lot, natural riverbed, scrub habitat) parallel to an overhead power line corridor. The proposed roadways are included as Major Arterial Highways in the City's General Plan.	<b>NOP</b>	03/12/2003

<b><u>Documents Received on Tuesday, February 11, 2003</u></b>			
2003021052	Regional Water Facilities Master Plan for the San Diego County Water Authority San Diego County Water Authority --San Diego The purpose of the Regional Water Facilities Master Plan is to evaluate the ability of the Water Authority to continue to meet its mission based on current plans for water supply and facility improvements, and to recommend new facilities or improvements to existing facilities need to meet the Water Authority's mission through 2030.	<b>NOP</b>	03/12/2003
2003022060	Greyhound Bus Station Parking Garage Project San Jose, City of San Jose--Santa Clara The proposed project, on the Garage Site, would involve demolition of the existing one-story Greyhound Bus terminal and the Kleidon's Bar building at the corner of San Pedro and Post Streets. The Greyhound Bus terminal building has potential historic significance in that it may be eligible for the National Register of Historic Places and the California Register of Historical Resources. These buildings would be replaced by a mixed-use project consisting of approximately 1025 parking spaces, 250 residential units, and 20,000 square feet of retail space.	<b>NOP</b>	03/12/2003
2003021053	Planned Development No. 2002-2 with Development Review No. 2002-42 Burbank, City of Burbank--Los Angeles The site is approximately 188,000 square feet (sf) or approximately 4.32 acres. The portion of the site located east of Third St. (Block bounded by Glenoaks Blvd., Olive Ave., Third St., and Orange Grove Ave.) is approximately 157,000 sf or approximately 3.60 acres. The portion of the site located west of Third St. (southwest corner of Orange Grove and Third St.) is approximately 31,000 sf or approximately 0.72 acres. The project consists of demolition of institutional buildings (some were previously demolished) and surface parking lots. The project involves construction of the following buildings on the 3.60 acre eastern portion of the site: a 66,000 sf City office building (Development and Community Services Building), an 80,000 sf full service City Central Library, and a parking structure consisting of approximately 500 spaces. The project also includes construction of a 39,000 sf City office building (Administrative Services Building) with approximately 90 parking spaces on the 0.72 acre western portion of the site. The first phase of the project includes construction of Development and Community Services Building only. The remaining buildings will be constructed in the future.	<b>Neg</b>	03/12/2003
2003021054	Chapman Heights Road Extension Yucaipa, City of Yucaipa--San Bernardino The proposed project consists of the extension of Chapman Heights Road from the western boundary of the Cahpman Heights Planned Development, westerly to Sand Canyon Road. From the Chapman Heights Planned Development the proposed alignment would trend in a southwesterly direction, south of the existing water tank and through the northern portion of the animal shelter, before concluding at Sand Canyon Road. The length of the proposed road segment that would eventually connect to 13th Street west of the animal shelter property. The road, desinated as a Controlled/Limited Access Collector by the City of Yucaipa General Plan, would be within an 86-foot-wide right-of-way and would look the same as Chapman Heights Road within the Chapman Heights Development. It would consist of a 44-foot-wide paved road with 2 lanes; 11-foot-wide landscape	<b>Neg</b>	03/12/2003

2003021068	<p>North Green Valley Interceptor Sewer Upgrade Project Leucadia County Water District Carlsbad--San Diego</p> <p>North Green Valley Interceptor consists of two parallel pipelines located in or adjacent to El Camino Real. The pipelines are approximately 6,700 feet (1.3 miles) in length and extend from Olivenhain Road to La Costa Avenue in the City of Carlsbad. The first pipeline was built in 1966 and the second was constructed in the early 1980s. In order to address issues elated to deficient capacity in the older pipeline, LCWD is proposing to divert some of the flows in the existing pipeline into a newer pipeline which can accommodate these flows. A total of 300 feet of new pipeline and one new manhole would be constructed to connect the two pipelines. In addition, LCWD proposes to repair 2,150 feet of pipeline that has been damaged or cracked as a result of tree root and groundwater infiltration using trenchless lining methods. Other project features include: conduct point repairs at five locations, and rehabilitate 23 manholes. Construction of the North Green Valley Interceptor Sewer Upgrade Project covered in this MND would take approximately two months to complete and is expected to begin in the fall of 2003. The objective of the proposed project is to provide continued service to existing customers, and to serve approved development anticipated by the cities of Carlsbad and Encinitas in their respective general plans.</p>	<b>Neg</b>	03/13/2003
2001121037	<p>San Diego and Arizona Eastern Railway Lease San Diego Unified Port District Chula Vista--San Diego</p> <p>The project is a 66-year lease of approximately 480,773 square feet of land area consisting of the San Diego and Arizona Eastern Railway right-of-way located west of Interstate 5 between Lagoon Drive and Palomar Street in Chula Vista, California. The lease allows only and exclusively for the surface uses of pedestrian and vehicular access, vehicular parking, landscaping and directional signage and for subsurface utility easements. No permanent structures of any kind will be allowed within the leasehold area.</p>	<b>NOD</b>	
2002121102	<p>South Bay Power Plant Aboveground Fuel Oil Storage Tanks Removal San Diego Unified Port District Chula Vista--San Diego</p> <p>Duke Energy North America wants to remove two above ground fuel oil storage tanks and appurtenant equipment on approximately 5 acres at the South Bay Power Plant: Tank No. 3 (195 feet diameter, 45 feet high), and No. 7 (175 feet diameter, 45 feet high). Above ground associated piping, fuel unloading station, and related equipment will also be removed.</p>	<b>NOD</b>	
2002122056	<p>Ord Ferry Road Bridge Seismic Retrofit Butte County --Butte</p> <p>The proposed project is a seismic retrofit of State bridge 12C-120 on Ord Ferry Road across the Sacramento River approximately seven miles south of Hamilton City, and 10 miles west of the City of Chico. State bridge 12C-120 is a nine-span reinforced box girder having a total length of 1308 feet and width of 32 feet 7 inches. The structure is supported on round columns founded on driven pile-supported footings. This structure has been deemed by the State to be inadequate for the seismic region in which it is located.</p>	<b>NOD</b>

2003021067	<p>Policies and Ordinances for the Abandonment of Oil and Gas Fields Offshore Santa Barbara County, Related Infrastructure, and Oil Refineries Santa Barbara County Santa Barbara--Santa Barbara In land-use and planning law, the term abandonment represents the willful or legally required permanent termination of an operation or use. Generally speaking, the operator of an oil and gas facility ceases operations permanently after depleting economically recoverable reserves. Shortly following termination of operations, the operator plugs and abandons all wells, dismantles and removes facilities, remedies any contaminated soils and water, and restores the sites as stipulated by applicable laws, regulations, lease obligations and permit conditions. For offshore structures, the term abandonment does not have the same legal standing as it does onshore except for offshore wells; in recent years, federal and state agencies have made a concerted effort to use the term decommissioning when addressing platform removal.</p>	<b>NOP</b>	03/14/2003
2003022062	<p>Rancho Laguna Moraga, City of --Contra Costa Rancho Laguna, L.L.C, has submitted an application for a proposed residential community of 34 single-family lots on a 180.2 acre property (APN 256-040-024) located on the east side of Rheem Boulevard between Morago Road and St. Mary's Road in the Town of Moraga. Access to the project would be from Rheem Boulevard. In conjunction with the project, improvements are planned along a portion of Rheem Boulevard, including 6-foot-wide bike lanes on both sides of the road, the addition of turning lanes near the proposed entrances to the project, and a park and ride lot. Widening of Rheem Boulevard for turning lanes and transition sections would extend approximately 350 to the north and south of the proposed project entrance.</p>	<b>NOP</b>	03/14/2003

	minimum) Zone.		
2003021061	General Plan Amendment and Zone Reclassification #2002-01/Stanton Inyo County Planning Department --Inyo Change zoning to allow for the construction of a single family residence.	<b>Neg</b>	03/14/2003
2003021062	Jeffery Road/Smoketree Lane Intersection Improvements Irvine, City of Irvine--Orange Alternative 1 includes signalization of the Jeffrey Road/Smoketree Lane intersection, widening Smoketree Lane at Jeffery Road, roadway connection of Montpellier Avenue to Smoketree Lane, and modifying the median at Triomphe Avenue to preclude left turns onto northbound Jeffery Road. Alternative 2 including signalization of the Jeffrey Road/Smoketree Lane intersection and widening Smoketree Lane at that intersection.	<b>Neg</b>	03/14/2003
2003021064	City of Chowchilla Railroad Spur Line Expansion and Improvement Project Chowchilla, City of Chowchilla--Madera Extension of approximately 1,100 feet of railroad spur line in existing right-of-way, two railroad crossings, maintenance on approximately 150 linear feet of existing track and the construction of approximately 600 linear feet of planned roadway.	<b>Neg</b>	03/14/2003
2003021065	Windsail Restaurant Malibu, City of Malibu--Los Angeles The proposed project consists of a request to replace an existing 7,500 square foot vacant restaurant building (Former Windsail Restaurant) with a new 9,555 square foot building to be occupied with a new Windsail Restaurant and a day spa facility on property located at 22706 Pacific Coast Highway. The proposed project involves the demolition of the existing restaurant building and replacing it with a new two-story restaurant and day spa facility building. A demolition permit is required as part of this project in order to tear down the existing facility. A conditional use permit is required in order to permit a restaurant and bar facility in the CV zone district. In addition, two variances are requested as part of the project. One variance is to allow parking within the required front yard setback area; and the second variance is a request for the reduction in the amount of required landscaping from 40% to 10%. A Development Agreement will also be required to allow for an increase in the allowable Floor Area Ratio (FAR) from .15 to .20 as permitted by the City General Plan, in exchange for public benefit. An existing public beach access way (Zonker Harris) located along the east side of the subject property will be maintained as part of the proposed project. In addition, new public restrooms alongside the access way are proposed as part of the project.	<b>Neg</b>	03/14/2003
2003021066	Dooley's Site Elementary School/Sutter School Conversion Long Beach Unified School District Long Beach--Los Angeles The project involves construction of a new 1,200-student elementary school and conversion of the existing 1,200-student Sutter Elementary School to a middle school facility. The new elementary school is to include 28 classrooms, computer labs, a library, a multi-purpose facility and kitchen, administrative areas, playgrounds, and an 83-space parking lot. New facilities at Sutter School would include two modular buildings, a gymnasium, a soccer field, and an expanded	<b>Neg</b>	03/14/2003

	parking area.		
2003022063	Pittsburg Marina Dock Replacement Project Pittsburg, City of Pittsburg--Contra Costa Construction of approximately 33,200 square feet of floating docks to berth 85 boats ranging in size from 32 to 50 feet in length, to replace a previous berthing facility. Dock appurtenances including electricity, water, fire equipment, and waterside fueling facility. Enlargement of a landslide walkway/dock access area, to include handicap access, from existing parking lot.	<b>Neg</b>	03/14/2003
2003022064	Fitch and Gauntlett Well Water Treatment Project Healdsburg, City of Healdsburg--Sonoma The proposed project is to construct a water treatment facility to treat water from the City of Healdsburg's two Russian River well fields. Under Alternative A, separate facilities would be built at a site adjacent to the Fitch Well Field and just south of the present community garden adjacent to Badger Park and at a site serving the Gauntlett Well Field just northeast of the City's existing Panorama water reservoir. Under Alternative B, a combined facility would be built at a site adjacent to the City's existing Panorama Reservoir only.	<b>Neg</b>	03/14/2003
2003022065	Hidden Valley Lake Water System Improvements Hidden Valley Lake Community Services District --Lake The project includes eight pressure release valves and associated pipelines to be constructed within the above-listed roadway rights-of-way. Two booster pump stations and associated pipelines will be installed (a third housed in an existing structure will be replaced); one at the CSD corporate yard on Hartman Road, and a second adjacent to an existing pump station on Greenridge Road. Two 500,000-gallon water storage tanks (approximately 62 feet diameter by 24 feet in height) will be constructed at a site located above Meadow View Drive (Tank 1C) and a site located above Park Ridge Drive (Tank 4A). Both sites are currently improved with water storage tanks.	<b>Neg</b>	03/14/2003
2003022066	Vallejo Sanitation and Flood Control District (VSFCD) Project Vallejo Sanitation and Flood Control District Vallejo--Solano The proposed project consists of five storm drainage improvements designed by the VSFCD to solve six flooding problems. The majority of the drainage improvement sites are located in Solano County and include such things as the replacement and installation of storm drain infrastructure, the construction of earth drainage ditches, an earth berm, and curb and gutter. The proposed project also consists of modifications to existing drainage channels one of which is located in Setterquist Park, Vallejo, CA, and the other which is located in the Hanley Street vicinity.	<b>Neg</b>	03/14/2003
2003022067	Carol Commons (GPA and Planned District) PLN 2003-00018 Fremont, City of Fremont--Alameda The project sponsor submitted a PD to develop a 20-unit townhouse development with podium parking, and landscaping on a 1.078 acre site. The applicant is requesting adoption of a general plan amendment from medium density residential (15-18 du/acre) to medium density residential (18-23 du/acre).	<b>Neg</b>	03/14/2003

1996071011	<p>City of Coachella (City), Wastewater Treatment Plant Expansion Project - State Revolving Fund Loan No. C-06-4450-110 Coachella, City of Coachella--Riverside</p> <p>The proposed project consists of expansion of the existing WWTP. The expansion will consist of the removal of the two aeration ponds from service, the construction of a new head-works and influent pump station, two oxidation ditches with four clarifiers, a distribution box for the clarifiers, one return activated sludge pump station, a new chlorine contact chamber, and associated chlorine building. The southern end of the WWTP will be utilized for the expansion of the sludge drying beds. Existing drying beds will be decommissioned as necessary.</p>	<b>NOD</b>	
2001121083	<p>City of San Diego (City), North City Water Reclamation System Project - State Revolving Fund Loan No. C-06-3905-110 San Diego, City of San Diego--San Diego</p> <p>The main components of the first phase improvements are:</p> <ul style="list-style-type: none"> <li>- Gap Pipeline - 11,000 feet of 24-inch diameter pipe installed using an open trench construction technique. The trench would be located within the southbound lanes and its width would vary between six and eight feet with depths varying between three and 20 feet. Select areas require blasting;</li> <li>- Canyonside Reclaimed Water Pump Station - The pump station would be constructed below-ground, slab-on-ground and consist of a steel-reinforced, concrete structure approximately 24 feet wide by 66 feet long by 16 feet deep. Pit excavation would be completed by backhoes. Portions of the bottom 4 feet would need a jackhammer for excavation. Total excavation quantities would be approximately 2,400 cubic yards, with 80 percent exported off-site and 20 percent used for backfilling;</li> <li>- Segment 6C Pipeline - this segment extends approximately 160 feet and would supply reclaimed water through a 36-inch suction line and disperse it through a 24-inch discharge line. The pipeline would be installed by open trench construction in existing roads; and</li> <li>- Black Mountain Reclaimed Water Storage Tank - this storage tank would be 130 feet in diameter, 35 feet in height, and located entirely within the existing fenced-in potable reservoir site. The proposed tank pad would require both excavation and fill placement to achieve a relatively level surface at planned grade. Excavation would not be expected to exceed 10 feet.</li> </ul>	<b>NOD</b>

2002051156	General Plan Amendment Bakersfield, City of Bakersfield--Kern Concurrent General Plan Amendment/Zone Change No. 02-0030. Amendment to the Land Use Element of the Metropolitan Bakersfield 2010 General Plan by changing the land use map designation from SI (Service Industrial) to GC (General Commercial) on 78 acres. A change in zoning from M-2 (General manufacturing) to PCD (Planned Commercial Development) on 73.53 acres. The PCD zone change involves the development of approximately 700,000 square feet of various retail commercial and service uses anchored by several major "big-box" retail tenants. The major anchor buildings would comprise a total of approximately 53,000 square feet. Additionally, several small pads for fast food businesses are proposed, comprising a total of approximately 12,500 square feet.	<b>NOD</b>	
2002061042	East San Gabriel Valley Library Los Angeles County Department of Public Works --Los Angeles The project consists of a single story, 45,000 square-foot library facility with associated parking on 5.1 acres in the northwest corner of Peter F. Schabarum Regional County Park, near the intersection of Colima Road and Azusa Avenue. The East San Gabriel Valley Library is intended to meet the project year 2020 library service needs of Los Angeles County residents and visitors from the surrounding communities of Hacienda Heights, La Habra Heights, and Rowland Heights. The project includes an amendment [Case No. 02-163(4)] to the Resource Management Plan and General Development Plan for Peter F. Schabarum Regional County Park to authorize the development of the library facility within the park and the relocation of existing park amenities on the proposed library site to other locations in the park. The oak tree permit associated with the project is scheduled for final approval by the Board of Supervisors on February 18, 2003.	<b>NOD</b>	
2002071051	Concurrent General Plan Amendment/Zone Change #02-0193 Bakersfield, City of Bakersfield--Kern Amendment to the Land Use Element of the Metropolitan Bakersfield 2010 General Plan by changing the land use map designation from LR (Low Density Residential) on 33.95 acres and OS-P (Open Space-Park) on 3 acres to GC (General commercial) on 34.5 acres. The concurrent zone change consists of a change from MH (Mobile Home) and C-2 (Commercial) to P.C.D. (Planned Commercial Development) on 37.52 acres to allow development of a commercial shopping center.	<b>NOD</b>	
2002101157	Corona Electrical Municipalization Project Corona, City of Corona--Riverside The City of Corona is proposing to acquire and operate an electric utility system to distribute electricity to residential business, and industrial customers within its boundaries and in small portions of adjacent unincorporated Riverside County territory as authorized by California Constitution Article XI, Section 9(a).	<b>NOD</b>

	the southeastern City limits. The proposed project would consist of two separate and distinct phases. Phase 1 is the construction of a regional retail mall, while Phase II establishes general land use categories for the parcels surrounding the retail mall. The regional indoor retail mall would consist of four anchor tenants, a cinema, auto service facility, and supporting retail stores on approximately 80 acres. Phase II is programmed for commercial and residential uses.		
2003021071	<p>San Clemente Graduate Student Housing Project and El Colegio Road Improvements University of California, Santa Barbara Goleta--Santa Barbara</p> <p>UCSB is proposing to construct the San Clemente Graduate Student Housing project to provide on-campus housing opportunities including 164 studio apartments, 199 four-bedroom apartments, and eight two-bedroom flats for a total of 371 units or 976 bed spaces. 730 on-site parking spaces are proposed beneath the housing units. The development is proposed on approximately 12 acres located on the Storke Campus of UCSB, north of El Colegio Road, west of Stadium Road and east of Los Carneros Road. Other components of the project include: reconfiguration of Storke Field (athletic fields); relocation of existing tennis and volleyball courts; relocation of a putting green; relocation of Parking Lot 38; and a new field house to provide restroom, storage and concession facilities. The County of Santa Barbara is proposing improvements to El Colegio Road to accommodate existing traffic, the proposed housing project and other future development in the Isla Vista and the Goleta area. Two roadway options are being considered: 1) Widening El Colegio from two- to five-lanes (including a center turning-lane) or 2) Two-lane roadway and the construction of roundabouts at the intersections of El Colegio Road and Los Carneros Road, Camino Pescadero, Embarcadero Del Mar, Embarcadero Del Norte, and Stadium Road.</p>	<b>NOP</b>	03/17/2003
2003021076	<p>Visalia Auto Plaza Visalia, City of Visalia--Tulare</p> <p>The project consists of an automall on approximately 72 acres located north of State Highway 198 and west of Neeley Street/Road 80, west of Plaza Drive. The proposed land uses consist of exclusively automobile dealerships within a comprehensively planned and designed project. The site will accommodate up to 11 auto dealerships and will be developed in two phases.</p>	<b>NOP</b>	03/17/2003
2003022070	<p>EIR for the Proposed Altamont Pipeline Project Zone 7 Water Agency Livermore--Alameda</p> <p>Zone 7 Water Agency (Zone 7) is in the early stages of design for the Altamont Pipeline Project (hereinafter, Project). The project will include the construction and operation of a pipeline to convey potable water to portions of eastern Alameda County by connecting the future Altamont Water Treatment Plant to Zone 7's existing Cross Valley Pipeline near Kitty Hawk Road and Interstate 580 (I-580) in Livermore.</p>	<b>NOP</b>	03/17/2003

2003022071	Bel Marin Keys Community Services District Levee Repair Project Bel Marin Keys Community Services District Novato--Marin The Bel Marin Keys Community Services District, through the Governor's Office of Emergency Services, has applied to the Federal Emergency Management Agency (FEMA) for Public Assistance Program funding to repair the levees and associated facilities along the District's navigable channel. These facilities were damaged during the El Nino storms of 1998, when wind-drive floodwaters from San Pablo Bay overtopped the levees, damaging the levee embankments, riprap protection, and a concrete pad for a utility bridge that crosses the channel. Additionally, the overwash deposited silt in the adjacent South Lagoon. The District is proposing to repair the levee embankments with imported fill and riprap, remove silt from the lagoon, and repair the concrete pad.	<b>Neg</b>	03/17/2003
2003022072	Alum Rock Library San Jose, City of San Jose--Santa Clara Site Development Permit to construct a 26,000 square-foot library on a 1.82 gross acre site.	<b>Neg</b>	03/05/2003
