# NEWSLETTER

**February 16 through 29, 2004**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **February 16-29, 2004.**

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse/clearinghouse.shtml](http://www.opr.ca.gov/clearinghouse/clearinghouse.shtml)

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

**Scott Morgan**  
Senior Planner

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

## MEMORANDUM

### Governor's Office of Planning and Research State Clearinghouse

**Date:** December 5, 2003  
**To:** All CEQA Lead Agencies  
**From:** Terry Roberts, Director, State Clearinghouse  
**Re:** Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CD must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov).

<b><u>Documents Received on Tuesday, February 17, 2004</u></b>			
2003042170	San Mateo Land Use/Transportation Corridor Plan and the Bay Meadows Specific Plan Amendment San Mateo, City of San Mateo--San Mateo Rail Corridor Plan: A long-term transit oriented development plan for a 600 plus acre area along the Cal Train corridor between the Hillsdale and Haywood Park stations.  Bay Meadows Specific Plan Amendment: A redevelopment plan for an 83 plus acre area that is currently the Bay Meadows Race Track and which is located within the corridor plan study area and adjacent to the Hillsdale CalTrain station.	<b>EIR</b>	04/16/2004
2003051076	City of Carlsbad North Agua Hedionda Interceptor (NAHI) - Western Segment - EIR 03-02 Carlsbad, City of Carlsbad--San Diego The project involves the reestablishment of the sewer maintenance access road, the construction of a shoreline protection wall, the relocation of 600 feet of the sewer pipeline, the rehabilitation of manholes, and future maintenance and operation activities along the northern shore of Agua Hedionda Lagoon.	<b>EIR</b>	04/01/2004
2003024008	Silver Pearl Land Exchange U.S. Department of Agriculture --El Dorado, Placer The purpose of this proposed land exchange is to consider land ownership of both El Dorado National Forest land and SPI land.	<b>FIS</b>	
2002101011	Costco La Habra Project La Habra, City of La Habra--Orange The proposed project consists of the development of a 149,705 sf Costco facility. In addition to the main store area (143,463 square feet), the Costco building would contain a 5,200 square foot tire center and a 1,042 square foot food service area. A loading dock would be provided on the east side of the building (next to Beach Boulevard) with space for four delivery trucks.	<b>NOP</b>	03/17/2004
2004021071	Fancher Creek Project (Rezone Application No. R-04-14) Fresno, City of --Fresno The project is proposed to be developed with approximately 1,530,000 square feet for a business park; approximately 1,320,000 square feet of commercial retail uses; and residential development up to 2,000 dwelling units.	<b>NOP</b>	03/17/2004
2004021072	P&L Souza Heifer Ranch (Legalize Existing Animal Confinement Facility) Merced County Gustine--Merced, Stanislaus Consideration of a use permit to legalize an existing 1,320 animal unit heifer ranch to house 1,200 dairy heifers on a site bisected by the Merced County/Stanislaus County border.	<b>NOP</b>	03/17/2004

## CEQA Daily Log

Documents Received during the Period: 02/16/2004 - 02/29/2004

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Tuesday, February 17, 2004</u></b>			
2004021074	Hughes Magnet Span School Los Angeles Unified School District Los Angeles, City of--Los Angeles Proposes to re-open the former Hughes Middle School as a Magnet Span School serving up to 1,620 Districts 6th through 12th grade students and relocate the El Camino Real-Canoga Park Adult School to the former Enadia Way Elementary School.	<b>NOP</b>	03/17/2004
2004021075	Southwest Campus of Mt. San Jacinto College Mt. San Jacinto Community College District --Riverside The proposed Southwest Campus would provide college and adult education facilities for approximately 16,000 students and 400 faculty and staff at full build out. The campus would consist of low-profile (one and two story structures) academic classroom and administrations buildings; art and cultural program buildings; sports facilities, including fields; and staff, student, and visitor parking facilities. Buildings on the campus are planned to total approximately 413,000 gross square feet of laboratory, lecture, and other space including physical fitness facilities, library, and miscellaneous administrative office and support space with a total of 1,789 parking spaces. The campus will have a balanced day/evening program with weekend classes and activities. The campus would also provide physical education courses and intercollegiate athletics.	<b>NOP</b>	03/17/2004
2004022066	Guerneville River Park Sonoma County Regional Parks --Sonoma The proposed Guerneville River Park project consists of the development of a passive regional park facility. It is anticipated that the Guerneville River Park would be developed in three phases over several years, depending on the availability of funding sources. The facilities proposed for development generally include the following: Picnic areas, Boat portage, Paths, Landscaping, Utilities, Parking and Vehicle access.	<b>NOP</b>	03/17/2004
2004022067	Foster Avenue Annexation and Zoning Modification Arcata, City of Arcata--Humboldt The project site is made up of two parcels that are within the City of Arcata Sphere of Influence. The Annexation Parcel (APN 505-161-011) is proposed for residential uses and the Agricultural Parcel (APN 505-151-001) is proposed to remain in agricultural use. The Annexation Parcel is partially within the City of Arcata, within the Urban Services Boundary of the City of Arcata, and has been pre-zoned for residential use by the City. The Agricultural Parcel is within the Sphere of Influence and is proposed to have a 1.3 acre storm water detention basin and agricultural uses, but will remain in the unincorporated area.	<b>NOP</b>	03/17/2004
2004022072	Blue Mountain Minerals Use Permit 02CUP-56 and Reclamation Plan 02REC-01 Tuolumne County Community Development Dept. --Tuolumne Use Permit 02CUP-56 and Reclamation Plan 02REC-01 to allow the following: 1) Combining the Columbia and Blue Mountain quarries under a single conditional use permit; 2) Increasing the permitted average annual production rate to a total of 1.1 million tons of high-grade, screen-grade carbonate product and 80,000 tons of	<b>NOP</b>	03/17/2004

	miscellaneous product; 3) Changing the hours of processing plant operations to 24 hours per day, while maintaining the current hours for mining and hauling activities; 4) Integrating reclamation plans for both quarries; and 5) Modifying the existing permitted mining boundary to be consistent with the areas identified for site reclamation, specifically including the Agricultural Fill Area.		
2004022076	Marin Countywide Plan Update 2004 (General Plan Update) Marin County --Marin Marin Countywide Plan Update 2004.	<b>NOP</b>	03/17/2004
2003021028	ENV-2003-428 Los Angeles City Planning Department Los Angeles, City of--Los Angeles A proposed project consisting of the demolition of an existing furniture factory and the construction of a total of 573 residential units including 154 affordable apartment units, 154 senior housing units, 165 residential condominium units and 10 commercial condominiums. The structures will be a maximum of 6 stories 170' in height. The retail component of the project will be 16,507 square feet in size and will include a childcare center for up to 50 children and 10,822 sq. ft. of commercial space. Project entitlements will include a Tentative Tract Map for 165 residential condominiums and 10 commercial condominiums, either a Variance of a Conditional Use to permit an increase in the project Floor Area to exceed the 1.5:1 FAR for the CM zone and to allow childcare in a CM Zone; a Variance to decrease required project parking to 289 spaces for 165 residential units and 16,507 sq. ft. of commercial space adjacent to the Metro Gold Line Commuter Line station; and a shared parking agreement between the commercial and residential uses.	<b>Neg</b>	03/17/2004
2003122138	PA-0300618 (WA) Contract Cancellation of June Mills San Joaquin Community Development Department Lodi--San Joaquin A Williamson Act Contract cancellation of approximately 5,644 square feet to facilitate a lot line adjustment.	<b>Neg</b>	03/17/2004
2004021066	Hi Hope Ranch Oceanside, City of Oceanside--San Diego 175 single family residences on a 142-acre site.	<b>Neg</b>	03/17/2004
2004021067	City of Buellton Housing Element Update Buellton, City of Buellton--Santa Barbara The proposed project is an update of the 1993 City of Buellton Housing Element. A Draft Housing Element has been proposed by the City to comply with the legal mandate that requires each local government to adequately plan to meet the existing and projected housing needs of all economic segments of the community. The proposed Housing Element provides programs, policies, and actions that together evidence the ability to meet the City's regional fair share of housing needs by the year 2008. The number assigned to the City of Buellton pursuant to the Regional Housing Needs Allocation (RHNA) process is 536 new dwelling units. Through various implementing actions including density bonuses and application of a new Affordable Housing Overlay Zone, an even greater number of units may result. The Housing Element does not require the construction of these units but rather establishes policies that will allow for and support their development.	<b>Neg</b>	03/17/2004

2004021068	City of Livingston 2001-2008 Housing Element Livingston, City of Livingston--Merced The city of Livingston 2003-2008 Housing element is designed to address the housing needs of current and future residents of the community. The City's 2003-2008 housing element has been prepared to comply with the requirements of the State law (Sections 65580-65589 of the California Government Code). The Draft Initial Study and Negative Declaration has been prepared for the Draft City of Livingston 2003-2008 Housing Element and will go before a Planning Commission review and Public Hearing on April 13, 2004.	<b>Neg</b>	03/17/2004
2004021069	Tentative Tract Map No. 15286 Apple Valley, City of Apple Valley--San Bernardino A request for approval of a tentative tract map to subdivide approximately 40 acres into 61 single-family residential lots ranging in size from 18,475 to 42,668 square feet. The site generally slopes from the northwest toward the lowest point of the property in a southeasterly manner. The property is transversed by dirt roads and appears to have land disturbance due to off-road vehicle use.	<b>Neg</b>	03/17/2004
2004021070	Almanson Park Gymnasium Roof Replacement Project Alhambra, City of Alhambra--Los Angeles Replacement of existing roof structure, including beams if necessary, and installation of new roofing materials, flashing and coping.	<b>Neg</b>	03/17/2004
2004021073	Proposed Tentative Tract TT-04-011 (16174) Victorville, City of Victorville--San Bernardino To allow for the subdivision of 35.6 acres into 158 single family lots.	<b>Neg</b>	03/17/2004
2004021076	Jamann Minor Subdivision Hollister, City of --San Benito The applicant is requesting approval for a Minor Subdivision of a 7.41 acre parcel into a 3 lot subdivision with two lots designated as "Remainder Lots."	<b>Neg</b>	03/17/2004
2004021077	Velasquez Streambank Stabilization Project Westside Resource Conservation District --San Benito The project consists of implementing an erosion control, bank stabilization and habitat restoration project with the Panoche Creek channel and adjacent riparian zone and/or stream terrace.	<b>Neg</b>	03/17/2004
2004021078	Little Lake Rehabilitation Project, US Hwy 395 Caltrans #6 --Inyo The California Department of Transportation (Caltrans) proposes to rehabilitate and bring to current standards U.S. Highway 395 near Little Lake from the Kern County line approximately 13.8 Kilometers (8.6 miles) north in Inyo County. The work would include realigning a curve, reconstructing metal beam guardrail, widening shoulders to current standards, placing asphalt concrete overlay, adding shoulder backing, and modifying the existing drainage systems.	<b>Neg</b>	04/02/2004

<b><u>Documents Received on Tuesday, February 17, 2004</u></b>			
2004022071	Tentative Subdivision Tract Map TPM2003-0027 (Deubel/von Geldern) Yuba County --Yuba A request to subdivide two parcels totaling 189+/- acres into 31 lots ranging in size between 5+/- acres and 12.5 +/- acres for residential/agricultural development. Individual wells and septic systems are proposed to serve each parcel. Construction of a bridge across Tennessee Creek is anticipated as part of the project improvements.	<b>Neg</b>	03/17/2004
2004022073	Siskiyou County Road Department/Richard Moore Siskiyou County Planning Department Yreka--Siskiyou Establish a site for the temporary location of a portable asphalt concrete batch plant to serve the needs of the Cecilville Road/Forest Highway 93 (County Road No. 1C02) reconstruction project (Project CA PFH 93-01). The project consists of 30 miles of Cecilville Road, beginning at the community of Cecilville and ending in Callahan at the intersection with SR3. The project is proposed by the Federal Highway Administration (FHWA) in partnership with the Klamath National Forest (USFS) and Siskiyou County. The project is likely to take two seasons, with construction some time between May and October.	<b>Neg</b>	03/17/2004
2004022075	Truck Climbing Lane Project at Red Top Road Caltrans #4 --Solano Adding a new lane to westbound Route 12 for trucks and heavy vehicles near Route 80 and Red Top Road. Caltrans also proposes to improve right turn lanes at the intersection of Red Top Road and Route 12.	<b>Neg</b>	03/17/2004
2004022077	Cook Final Map Subdivision/Coastal Development Permit Humboldt County Planning Department Eureka--Humboldt Approval of a Coastal Development Permit and tentative map for the subdivision of 1.31 acres into 8 lots ranging in size from 5,000 to 16,941 square feet. The subdivision will site existing single family residences and detached garage onto Lots 4 and 7 and duplexes onto Lot 8. The duplexes will remain non-conforming. The subdivision requires an exemption to the lot frontage requirement and 40-foot right of way standard to allow for flag lot configuration. The subdivision will be accessed via Quaker and 18th Avenues. Water and sewer services will be provided by Humboldt Community Services District. The Coastal Development Permit also includes proposed demolition of a detached garage and for the demolition of existing residence and kennel that was completed without permits.	<b>Neg</b>	03/17/2004
2004022078	Robin's Animal Hospital Santa Cruz County --Santa Cruz Application 03-151 is a proposal to grade about 2,750 cubic yards of material and construct a 7,466 square foot animal hospital with related parking lot and landscaping. The project requires a Commercial Development Permit, Preliminary Grading Approval, a Geological Report Review, Riparian Exception, and Soils Report Review. The project is located on the north side of intersection of Soquel Avenue and 7th Avenue.	<b>Neg</b>	03/17/2004

2003031072	<p>Uptown/Central City North Redevelopment Project Area - Reinstatement of Eminent Domain and Other Entitlement Actions San Bernardino, City of San Bernardino--San Bernardino</p> <p>The proposed project includes several actions including the reinstatement of eminent domain in the CCN and Uptown Redevelopment Project areas, and the deletion of certain provisions of the Central City North Redevelopment Plan dealing with special development project design standards applicable solely within the Central City North Project Area. Also included in the proposed project is proposed General Plan Amendment/Zone Change in a 17.15 acre area bounded by 3rd, 2nd, and K Streets and I-215. The area of the proposed GPA/Zone Change is currently designated IL, Industrial Light. The project proposes to change the land use designation of this area from IL to CG-1, Commercial General, and to vacate portions of I Street and Kendall Avenue. The proposed GP/Zone Change could allow for approximately 332,798 square feet of commercial uses. Finally, the proposed project includes a development project in a portion of the Uptown North Redevelopment Project Area (Subarea B). The proposed "Mercado Santa Fe" project consists of a retail center of approximately 96,241 square feet of retail use and parking for approximately 440 vehicles included in the preliminary project concept is a 59,241 square foot market, and 37,000 square feet of space of additional retail uses. The Mercado Santa Fe retail project site is located south of 3rd Street across from the historic Santa Fe Depot (which is undergoing restoration). Development of the Mercado Santa Fe project will necessitate the demolition of ten structures (including four residential units and approximately 85,075 square feet of commercial buildings). The proposed retail project would also require the vacation of a portion of K Street, and the extension of L Street through the project site.</p>	<b>NOP</b>	03/18/2004
2004021080	<p>Tentative Tract Map 203-217 (No. 16611), Conditional Use Permit 2003-218, and Variance 2003-359 Big Bear Lake, City of Big Bear Lake--San Bernardino</p> <p>The project proponent proposes to subdivide an existing 3.19-acre property, bounded by Big Bear Boulevard to the north and west, by Talbot Drive, an existing public road, and single-family residences to the east, and by the San Bernardino National Forest to the south, into eight single-family custom home lots. A new 618-foot long cul-de-sac street extended from the intersection of Talbot Drive is proposed to serve the lots to provide access to Big Bear Boulevard. The proposed roadway is designed with street gradients of up to 12%. Talbot Drive has an existing street gradient of up to 16%. The property is heavily treed and contains natural slopes between 10 to 40 percent. Implementation of the project would include typical improvements that are required to support subdivisions including, but not limited to, grading, roadway and utilities.</p>	<b>NOP</b>	03/18/2004

<b><u>Documents Received on Thursday, February 19, 2004</u></b>			
2004021088	La Cresta Tanksite Grading Permit, L 14385, Log No. 03-14-008 San Diego County Department of Planning and Land Use --San Diego The proposal is an application for grading permit to allow future residential development. The project proposes grading for the construction of 3 detached, single-family homes, on 3 existing parcels, ranging 4 to 13-acres, located northwest of the existing Crest water tanks and the adjacent microwave tower in the Cest-Dehesa Community Planning Area. Building pads will range from 7,300 to 10,000 square feet. The 2 homes planned for immediate construction will be predominately single, level, Spanish branch/adobe style architecture, with possibly small second stories, and a maximum height of 25 feet. The project's grading will be contained on approximately 2.6 acres, and will involve an estimated 12,200 cubic yards of cut and 12,000 cubic yards of fill, including a balance area at the driveway entrance. The maximum cut slope ratio will be 1:1 for minor slopes and 1.5:1 for major slopes, with a maximum height of 20 feet. The maximum fill slope ratio will be 2:1, with a maximum height of 25 feet. Blasting is anticipated on all three lots, and some isolated areas of the driveway, as the site contains many granite rock outcroppings.	<b>Neg</b>	03/19/2004
2004021089	Doyle Ranch Residential Subdivision Imperial, City of --Imperial Single-family residential subdivision with 6,000 sq. ft. lots. A total of 376 single-family homes are included. A 5.90 acre park/retention area is included.	<b>Neg</b>	03/19/2004
2004021090	Ruffin Tentative Parcel Map San Diego County Department of Planning and Land Use --San Diego The project is the proposal for a minor subdivision of 73-acres for the creation of 4 parcels and a remainder parcel for single-family residential development.	<b>Neg</b>	03/19/2004
2004021091	Finn Springs 72, LLC Boundary Adjustment with a Certificate of Compliance; B.C 02-0125 San Diego County Department of Planning and Land Use --San Diego The proposal is a Boundary Adjustment with a Certificate of Compliance by Finn Springs 72, LLC to reconfigure the lot lines between parcels A, B, and C to create smaller individual parcels (Parcel B and C) for resale of residential lots for the 9 acres on Parcels B and C. Parcel A will measure approximately 90.55 acres and will remain a vacant lot with the proposed boundary adjustment. Parcel B will measure 4.55 acres and Parcel C will measure 4.47 acres. Parcels B and C will be developed with one single-family residence. Parcels B and C will be accessed by Soldin Lane.	<b>Neg</b>	03/19/2004
2004021092	Girdner Residence San Diego, City of San Diego--San Diego Site Development Permit (SDP) and Neighborhood Use Permit (NUP) to construct new 7,748 square-foot, two-story single family residence with a 1,498 square-foot attached garage, and a separate accessory structure consisting of a 438 square-foot undeveloped 656 square-foot RV storage and a 598 square-foot porte cochere on a 44,072 square-foot undeveloped site.	<b>Neg</b>	03/19/2004

<b><u>Documents Received on Friday, February 20, 2004</u></b>			
	<p>be lined or replaced with minimum excavation.</p> <p>Replace 6" sewer line and suspension crossing at Opal Creek, working from banks and above stream. No work will occur in stream bed.</p> <p>Replace the existing chlorine disinfection system with ultraviolet or sodium hypochlorite system.</p> <p>Replace the emergency generator system and relocate just outside treatment plant gate; upgrade generator from 30kW to 60kW.</p> <p>Upgrade existing trickling filter, plumbing and electrical systems.</p> <p>Replace the existing 400 - sq-ft. modular building with and 800-sq-ft modular building on the same site, using existing utilities.</p> <p>No excavation will occur within the structural root zone of scenic, mature trees (such as redwood and Douglas fir). No trees over 20" DBH (diameter at breast height) would be impacted or removed as a result of this project. No work will occur from March 24 through September 15 to avoid impacts during marbled murrelet nesting season. A spill prevention and response plan will be implemented, along with the use of accepted BMPs for control of soil erosion and runoff.</p> <p>To avoid any potential impact to California red-legged frogs, a DPR-qualified resource ecologist will monitor all ground-disturbing activities within the boundary of the Wastewater Treatment Plant. If a California red-legged frog is found within a work area, work will be temporarily halted or diverted while a USFWS-approved biologist relocates the frog to a suitable habitat outside the project area. A DPR-qualified resource ecologist will also instruct construction personnel in ways to recognize and protect California red-legged frogs or other sensitive natural resources prior to authorizing them to work in the proposed project area.</p> <p>Due to the historic nature of the park, a DPR qualified archeologist will monitor all ground-disturbing activities. If potentially significant resources are unearthed, work in the immediate area of the find will be temporarily halted or diverted until identification and proper treatment are determined and implemented.</p>		
2004028370	<p>Replacement of Temporary Office Trailers at Horsepark 22nd District Agricultural Association San Diego--San Diego</p> <p>The 22nd District Agricultural Association is proposing to replace two existing temporary office trailers on the Horsepark property with two new temporary office trailers that will have substantially the same size, purpose, capacity, and located on the same site. The current offices were installed approximately 25 years ago and have significantly deteriorated over time. The dissipated condition of the trailers limits the function and capacity of Horsepark operations. Similarly, the condition of the trailers allows no weather insulation, which represents a health hazard to the employees.</p> <p>The existing offices are located east of the covered arena on the Horsepark property. The modular type existing offices are single department office trailers. The size of each of the two offices is 720 square feet. One office is used year-around by three employees for the operation of the Horsepark and the other office is only used during the show season for registration and operation of the shows at Horsepark. The existing interior design of Horsepark operation office includes three offices, one closet, and a kitchenette/coffee bar. The show season office trailer includes three offices.</p>	<b>NOE</b>

<b><u>Documents Received on Monday, February 23, 2004</u></b>			
2004028379	Culvert Replacement Fish & Game #3 --Monterey Issuance of a Streambed Alteration Agreement Number 1600-2004-0024-3 pursuant to Fish and Game Code Section 1602 for the following project. The work will consist of the plugging and abandonment of a collapsed 48 inch culvert and its replacement with another 48 inch culvert and headwall just to the south. The new culvert will be installed using a jacking and boring method under the roadway. The only work in the creek will be the placement of some rock and soil drainage to block the old culvert and the creation of a new channel to connect the existing drainage to the new culvert inlet location. The new installation of a down drain at the outlet of the new culvert will open the existing drainage.	<b>NOE</b>	
2004028380	Spring Creek Urban Streambank Stabilization and Riparian Revegetation Project Fish & Game #3 St. Helena--Napa The Operator proposes to restore a 2830-foot section of Spring Creek located on the Spottswoode Vineyard at the western limits of the City of St. Helena near Modrona Avenue, Napa County. The activities that will occur are clearing sediments from four culverts to increase capacity and decrease flooding, reduce bank failures by using bioengineering techniques for bank stabilization and revegetation, clear exotic invasive such as Himalayan blackberry and vinca and replacing them with native riparian and wetland species, planting of native riparian species, recontouring unstable vertical banks, and grade stabilization structures. Issuance of a Streambed Alteration Agreement Number 1600-2003-0463-3 pursuant to Fish and Game Code Section 1602.	<b>NOE</b>	
2004028381	Silverie Properties, LLC Fish & Game #3 Monterey--Monterey The project site is located within a 2.16 acre residential parcel in the Monterra Ranch subdivision. During construction of the residence, approximately 84,000 cubic feet of fill material consisting of clean native soil originating from the site placed in a drainage swale. The swale provides hydrologic and biological function and helps prevent sediment deposition within the watershed. The proposed project would remove the fill, grade the area to pre-project topography, and replant the area with locally occurring native species. Near the downstream end of the swale, the drainage becomes more defined and passes through an earthen berm. At this location, the drainage banks would be graded to a slope of approximately 2:1 (horizontal : vertical) and rock-filled gabion baskets would be placed to stabilize the site and prevent erosion from occurring. Issuance of a Streambed Alteration Agreement Number 1600-2003-5177-3 pursuant to Fish and Game Code Section 1602.	<b>NOE</b>	
2004028382	Conroe Revegetation Fish & Game #3 Palo Alto--Santa Clara Replanting of riparian and native plants and shrubs. SAA #R3-2002-0007	<b>NOE</b>	
2004028383	Moraga-Orinda Fire Station No. 44 Fish & Game #3 Orinda--Contra Costa The Operator proposes to expand and renovate its existing fire station No. 44, located at 295 Orchard Road in Orinda, Contra Costa country. The project	<b>NOE</b>	

## CEQA Daily Log

Documents Received during the Period: 02/16/2004 - 02/29/2004

<b><u>Documents Received on Monday, February 23, 2004</u></b>			
	includes the demolition and removal of some existing fire station structures and the construction of a new larger and fully renovated fire station. The new fire station has been designed for rear access/entry to the facility by fire fighting and other emergency vehicles. The access will require the building of a driveway across an existing underground culverted section of the unnamed drainage. The work would require the import of 7,000 to 8,000 cubic yards of fill material to raise portions of the property site and bring the access to the existing grade of the station. The final slope of the channel will not exceed 2:1 at any point. Issuance of a Streambed Alteration Agreement Number 1600-2003-5354-3 pursuant to Fish and Game Code Section 1602.		
2004028384	Hensley Creek Bank Stabilization Fish & Game #3 Ukiah--Mendocino The project involves bank stabilization along a 40-foot section of southern bank of Hensley Creek, tributary to the Russian River, Mendocino County. Approximately 40 feet along the southern bank of Hensley Creek has failed due to high creek flows and improper drainage. The failing bank is threatening to undermine a section of the vineyard road property. The operator wishes to excavate a 3-foot trench at the base of the original bank and place angular rip rap at the toe. The Department of Fish and Game recommended that the toe and tie rip rap be placed in a manner which will protect the existing bank and a large oak tree downstream of the site. The rip rap will be back filled and the fill sloped to the existing road. The site is located at Yokayo Vineyards at 740 Hensley Creek Road, Ukiah California (Section 5; T16N; R12W of the Ukiah 7.5 minute U.S. Geological Survey quadrangle). The Department of Fish and Game is issuing a Streambed Alteration Agreement Number 1600-2003-5291-3 pursuant to Fish and Game Code Section 1602.	<b>NOE</b>	
2004028385	Replace Chlorine Contact Tanks Parks and Recreation, Department of --Mendocino Replace four existing 520 gallon metal chlorine contact tanks with a series of 6 inch PVC pipes. The tanks are located behind the Van Damme State Park water treatment plant within the campground. The metal tanks are deteriorating and no longer function properly to provide the required contact time before water can be discharged for portable use. The PVC pipes will be installed in the existing concrete pad that now supports the tanks. Plywood will be placed over the ground surface so that a backhoe can access the tanks for removal without causing excessive soil and vegetation disturbance.	<b>NOE</b>

2002082057	<p>West Roseville Specific Plan and Sphere of Influence Amendment Roseville, City of Roseville--Placer On February 4, 2004, the Roseville City Council certified a Final EIR for the West Roseville Specific Plan (WRSP) and Sphere of Influences Amendment (SOI), and adopted resolutions approving amendments to the City's General Plan and approving the Specific Plan. On February 23, 2004, the City Council approved ordinances for the following purposes: 1) Pre-zoning property located within the unincorporated Placer County (WRSP) proposed for annexation; 2) Amending Section 19.10.030 of Chapter 19.10 of Title 19 of the Roseville Municipal Code relating to Residential Zone; 3) Adopting two Development Agreements (Roseville Fiddymment Land Venture LLC and Placer Investors LP). the basis for these actions is the certified Final EIR, which evaluated the environmental impacts of a proposed project that includes: 1) amending the City's sphere of influence to include a 5,527-acre area immediately west of the City of Roseville; 2) adoption of the West Roseville Specific Plan (WRSP) and implementing ordinances, covering a 3,162 acre portion of the 5,527 acre Amendment Area; and 3) annexation of the WRSP area into the City's jurisdiction. The project site is located in western Placer County, is bounded by the City of Roseville boundaries and Fiddymment Road on the east, Baseline Road on the south, and is approximately two miles west of the Blue Oaks interchange on State Route 65.</p>	<b>NOD</b>	
2003021032	<p>Expansion of the Greater South San Joaquin Valley Recycling Market Development Zone Porterville, City of Porterville--Tulare The project proposes to expand the existing Greater South San Joaquin Valley Recycling Development Boundary Zone (RMDZ) to include the entire Urban Area Boundary of the City of Porterville.</p>	<b>NOD</b>	
2003051057	<p>Destination O-4 Retail Center Palmdale, City of Palmdale--Los Angeles Conditional Use Permit (CUP) 03-03 is an application by Rothbart Development Corp. to construct a 342,062 square foot regional shopping center including the construction of a 214,030 square foot retail store, four smaller major retailers, two</p>	<b>NOD</b>

	drive-through restaurants and two retail pads. Also included within the CUP application is a request for a determination of public convenience or necessity for a Type 21 license for the sale of alcoholic beverages. Tentative Parcel Map (TPM) 27019 proposes to subdivide the 34.92-acre site into 11 parcels.		
2003091068	Sun Street Transfer Station and Material Recovery Facility Salinas Valley Solid Waste Authority Salinas--Monterey The project will be developed in two phases: Project Phase 1 with Crazy Horse Landfill as the primary disposal site and Project Phase 2 following the closure of Crazy Horse Landfill at which time disposal will shift to Johnson Canyon Landfill. This project would serve as a replacement of the existing Salinas Transfer Station (a privately owned and operated facility). The TS/MRF would accept and transfer solid waste materials delivered by residential and commercial self-haulers and franchise haulers. The TS/MRF will operate 6 days per week Monday through Saturday.	<b>NOD</b>	
2003091078	Economic Development Element Santa Maria, City of Santa Maria--Santa Barbara A new Economic Development Element of the General Plan.	<b>NOD</b>	
2004011027	Verhelle Bridge Replacement at Santa Barbara Airport Santa Barbara, City of Santa Barbara--Santa Barbara The project consists of replacing the Verhelle Road Bridge on Santa Barbara Airport property. The existing Verhelle Bridge is a two-lane bridge across San Pedro Creek located on the east side of the Santa Barbara Airport. The bridge provides access to several Airport tenants from Fairview Avenue. The bridge is old and in deteriorating condition. In addition, the creek banks at the bridge are eroding due to the floods of 1995 and 1998. The Airport has determined that the existing bridge should be replaced due to its poor condition, and the potential failure of the creek banks at the bridge abutments.	<b>NOD</b>	
2004012032	West Leland Road Extension - Phase 1 Pittsburg, City of Pittsburg--Contra Costa The City proposes to extend West Leland Road from its current terminus near Woodhill Drive, at the eastern boundary of the Alves Ranch property, in a westerly direction across the Alves Ranch property.	<b>NOD</b>	
2004012066	Donato Grading Abatement and Residence Santa Clara County --Santa Clara Grading Abatement to restore a 3-acre site to pre-graded condition and a Grading Permit/Building Site Approval for a new single-family residence with associated driveway and septic system.	<b>NOD</b>	
2004029046	Lake or Streambed Alteration Agreement for Notification #03-5245 Fish & Game Commission --Del Norte The applicant proposes 2 (two) crossings for timber harvesting activities on tributaries to the South Fork Winchuck River.	<b>NOD</b>

2004029056	Total Maximum Daily Load for Bacteria at Marina del Rey Harbor Mothers' Beach and Back Basins Regional Water Quality Control Board, Region 4 (Los Angeles) --Los Angeles, Ventura Amendment to the Water Quality Control Plan for the Los Angeles Region to incorporate a Total Maximum Daily Load for Bacteria at Marina del Rey harbor Mothers' Beach and Back Basins.	<b>NOD</b>	
2004028391	"CRSP - Green Valley Connector" 03/04-CD-11 Parks and Recreation, Department of --San Diego Project consists of installing a split rail fence approximately 35 feet long along Green Valley Connector Trail where it crosses Arroyo Seco Creek. Excavation for fence posts will be to an approximate depth of 24 inches. An archaeological monitor is required to ensure that no subsurface archaeological deposits are impacted by the project.	<b>NOE</b>	
2004028392	"PMSP - Emergency Sewer Repair" 03/04-CD-14 Parks and Recreation, Department of --San Diego This project consists of replacing a collapsed drainpipe between the dining hall at the Palomar Outdoor School and a grease trap located under a paved driveway. The project is necessary to maintain services and protect public health. The existing asphalt will be saw cut and removed over the existing trench in an area no longer than 50 feet long by 3 feet wide. The existing pipe and associated connections will be removed and new pipe placed in the same trench.	<b>NOE</b>	
2004028393	"ABDSP - Proboscidean Limb Excavation"03/04-CD-10 Parks and Recreation, Department of --San Diego This project consists of excavation and recovery of vertebrate fossils, tentatively identified as a mammoth limb bone, in order to protect and conserve the specimen. The extremely fragile and friable specimen is exposed in the wall of an actively eroding wash bank in the Hidden Canyon area of the Borrego Badlands. Because the fossil is embedded in the wash wall, the project will involve the removal of about one cubic meter of sedimentary deposit that directly overlies the bone.	<b>NOE</b>	
2004028394	"ABDSP - Stout Research Center Paleontology Addition" 03/04-CD-13 Parks and Recreation, Department of --San Diego The project consists of expanding the existing paleontology collections hall by 1692 square feet. The 36 by 47 foot structural addition will occupy an area that is currently an unpaved driveway and parking area, and will directly connect to the existing building on the southeast side of the addition to Palm Canyon Drive. There will be no impacts to cultural resources and the only impacts to natural resources will be the removal of several creosote bushes within the driveway route.	<b>NOE</b>	
2004028395	Replacing Inductive Loop for (6) Six Count Stations Caltrans Sacramento, Auburn--Sacramento, Nevada, Placer, El Dorado Project consists of replacing inductive loops for 6 (six) count stations. All proposed work will be done in the existing State right of way, excavation will be limited to roadway access concrete slabs, trenches for conduits, drainpipe and controller/service cabinet foundations. The area required for work is clear of all obstructions and/or improvements. No Railroad involvement, utility relocations is	<b>NOE</b>

2004028466	Variance to Kings County Department of Agriculture to Conduct a Limited Regional Collection of Agricultural Chemicals Toxic Substances Control, Department of --Kings Variance to Kings County Department of Agriculture from hazardous waste facility permitting requirements. The variance is limited to a one-day collection on February 25, 2004, of banned, unregistered, or outdated agricultural chemicals from farmers or 500 kilograms of agricultural chemical wastes. The collection provides an appropriate and economical means of disposing of banned, unregistered, or outdated agricultural wastes.	<b>NOE</b>	
2004028467	Kettleman Hills Facility, Landfill B-16 Closure Certification Schedule Extension, Class 1* Permit Modification Toxic Substances Control, Department of --Kings CWMI was granted a 6-month extension to Permit Condition V.5 (A) that specifies June 16, 2004 for submittal of a closure certification report for Landfill B-16. This will avoid or minimize closure construction activities during the rainy season. No change in the method of closure or the approved closure plan is proposed. DTSC concurs that there will be less operational impacts and no new potential for environmental impacts from closure construction activities if they are postponed until after the rainy season.	<b>NOE</b>	
2004028468	Crosby & Overton, Long Beach Facility Class 1 Permit Modification Toxic Substances Control, Department of Long Beach--Los Angeles The Crosby & Overton Long Beach Facility has requested a Class 1 Permit Modification to their Hazardous Waste Facility Permit.	<b>NOE</b>	
2004028469	Concurrence in the Issuance of Revised Solid Waste Facility Permit (SWFP) No. 15-AA-0061 for the Taft Sanitary Landfill (STLF) in Kern County California Integrated Waste Management Board Taft--Kern The proposed SWFP includes the extension of the landfill's hours of operation by one hour during the months of November through February and a reduction in hours during the months of May through August in order to be consistent with the 5:00 pm. closing time for the months of March, April, September and October; a reduction of the landfill Design Capacity to 8,787,547 cubic yards; and an increase in the Estimated Closure Date to the year 2123, due to an anticipated reduction in municipal solid waste being disposed at the TSLF.	<b>NOE</b>	
2004028472	Install Interpretive Panels Parks and Recreation, Department of --Sonoma Install interpretive panels in four locations at the Beauty Ranch at Jack London State Historic Park. Locate an 8' x 4' shelter at the entrance near the parking lot and ADA-compliant panels on the knoll above the ranch along the trail, in the eucalyptus grove across from the vineyards, and adjacent to the stone dining room building at the top of the trail northwest of the winery ruins.	<b>NOE</b>

	new Chapter 17 for the Mountain Springs Community Plan, and amend the land use designations for the ten subject parcels from AG (Agricultural), ER (Estate Residential), MU (Mixed Use) and LDR (Low Density Residential) to a combination of residential, commercial, recreation, open space and public land use designations; and (3) Zone Change 03RZ-50 to rezone the project site to be consistent with the land use designations; and (4) Development Agreement 03DA-11 to authorize the development over a 25-year period and establish parameters for the development; and (5) Tentative Subdivision Map 03TSM-155 to implement Phase I of the development, dividing the 1063.2+/- acre project site in 266 parcels.		
2003111044	Berth 206-209 Container Terminal Reuse Project Los Angeles, City of --Los Angeles The proposed project is the interim use of the former Matson/SSAT Container Terminal at Berths 206-209 capped at the capacity achieved during the last five years of full operation. In 1959, Matson Navigation made its first shipment of 20 cargo containers, marking the beginning of the containerized cargo revolution at the Port of Los Angeles. Matson began to operate Berths 206-209 as a container and auto terminal facility in 1970, prior to the adoption of CEQA. In 1999 Matson's lease was taken over by SSA Terminal, Inc. (SSAT), a joint venture between Matson Navigation and Stevedoring Services of America (SSA). Both Matson and SSAT opted as a municipal wharf with no lease or permit limitations on cargo throughout. The primary objective of the proposed project is to allow for use of the existing facilities at the Berth 206-209 Container Terminal on Terminal Island while including green measures to minimize environmental impacts.	<b>NOP</b>	03/25/2004
2004012004	Moonshine Dairy Stanislaus County --Stanislaus The establishment and operation of a 2,000 Holstein milk cow dairy on a 648-acre project site. The dairy facilities site occupies approximately 82 acres, with the remaining 565 acres to be in agricultural row crop production.	<b>NOP</b>	03/25/2004
2004021109	First Assembly of God Miracle League Community Sports Complex and Church Campus Ventura, City of --Ventura The approximate 25.5-acre project consists of sports fields including baseball/softball and soccer areas, a bicycle racing track, and various structures for use in support of instruction/worship/social services offered by the 1st Assembly of God Church.	<b>NOP</b>	03/25/2004
2004022114	Cabrillo Corners Commercial Project Half Moon Bay, City of Half Moon Bay--San Mateo The proposed project consists of a new retail and commercial center, which is sited on an undeveloped parcel of land, bordered by Pilarcitos Creek to the south. The center is comprised of three commercial buildings and on-grade as well as underground parking. This includes the development of 101,292 square feet of office-retail and 406 vehicular parking spaces. The primary driveway for ingress and egress is located on State Route 92, across from the existing Albertson's Center.	<b>NOP</b>	03/25/2004

	per day, seven days per week.		
2001041007	View Point School Campus Expansion, City of Calabasas Calabasas, City of Calabasas--Los Angeles CDFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1602 (SAA#1600-2003-5219-R5) of the Fish and Game Code to the project applicant, Viewpoint School. The applicant proposes to alter the streambed to modernize an existing school. New development would occur primarily in developed areas. A buried section of Dry Canyon Creek daylights into a degraded but soft-bottomed drainage for about 330 feet folowed by a series of open and closed boxed culverts for an additional 885 feet. The creek is contained within a natural setting of riparian willow woodland on the eastern portion of the campus for an additonal 1,459 feet. Direct impacts include the installation of 5 culverts outfalls. All stormwater would be treated either by fossil filter or additional pretreatment in grassy swales. Permanent impacts from the new outfalls would total 0.001 acres of unvegetated concrete and soft bottomed drainage. Temporary impacts would result from trenching through nonnative and unvegetated areas to reach culvert outlets and will be approximately 0.002 acres. An additional 1,450 linear feet (0.13 acres) of soft bottomed creek will be enhanced as a mitigation measure by the removal concrete debris form the creek bed.	<b>NOD</b>	
2002081110	Canyon Lake Improvements Program Lake Elsinore and San Jacinto Watersheds Authority Canyon Lake--Riverside The proposed project involves the installation of a lake aeration system and dredging a portion of the lake.	<b>NOD</b>	
2003032079	South Bay Salt Pond Initial Stewardship Project Fish & Game #3 Hayward, Fremont, San Jose, Menlo Park, Mountain View, ...--Alameda, Santa Clara, San Mateo The United States Fish and Wildlife Service and the California Department of Fish and Game are proposing an interim management strategy for 15,100 acres of former commercial salt ponds in south San Francisco Bay to be utilized while a long-term restoration plan is developed and implemented. This Initial Stewardship Plan (ISP) would use existing and new water control structures to release any remaining saline pond waters to the Bay and to prevent further salt concentration by circulating waters through the ponds. The ponds are located at the Don Edwads San Francisco Bay National Wildlife Refuge and at the Eden Landing State Ecological Reserve.	<b>NOD</b>	
2003121145	Jacob Wiens Elementary School Hemet Unified School District Hemet--Riverside New elementary school with 750 student enrollment capacity.	<b>NOD</b>	
2003122089	Hayer Dam Renovation and Debris Removal Project Sacramento Area Flood Control Agency --Sacramento Removal of an existing dam and bridge within the south branch of Dry CReek, replacement with an infiltration gallery and rock weirs, and removal of debris levees.	<b>NOD</b>

2004021123	CUP/CDP/LCP Amendment 02-247 Fuel Storage Tank, Santa Catalina Island Los Angeles County Department of Regional Planning --Los Angeles Application for a CUP and a Coastal Development Permit to allow a new above ground fuel with 24/7 automated service. The facility will consist of two 12,000 gallon double contained, ballistic fuel storage tanks which will be contained by a 2 hour fire rated wall and a steel canopy roof structure. Under the canopy will be two fuel dispensers for land based vehicle fueling. In addition, several double contained fuel lines will be installed in an underground trench that will originate from the proposed fuel tanks and terminate at the base of the pier to supply the existing marine fueling dispensers located on the Isthmus Cove pier/floats. The existing 40,000 gallon underground fueling facility located in the View Corridor sub-district at the base of the pier will be removed. Temporary 8,000 gallon fueling tanks will be installed at the existing fuel dispensing location and will be removed once the proposed facility is complete. Application also includes a request for LCP amendment from the existing designation of residential sub-district to utilities/services sub-district. Only two employees will be required to be at the facility during routine cleaning, maintenance, and for the re-fueling of the proposed tanks which will occur on an as needed basis. Approximately 215 c.y. of grading will be required which will be balanced onsite.	<b>Neg</b>	03/29/2004
2004021124	Colonel Leon H. Washington Park New Gymnasium and General Park Improvement Los Angeles County Department of Public Works Los Angeles, City of--Los Angeles The County of Los Angeles proposes to construct and operate a new gymnasium/ community building at an existing public park. Colonel Leon H. Washington County Park. The project includes construction of a 10,500 square-foot gymnasium building with a 2,500 square-foot assembly room addition, renovation of the existing Community Building and courtyard, expansion and renovation of the existing parking areas, construction of a new group picnic shelter, and various landscaping and irrigation improvements.	<b>Neg</b>	03/29/2004
