# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **March 16-30, 2007**.

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse/clearinghouse.shtml](http://www.opr.ca.gov/clearinghouse/clearinghouse.shtml)

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

**Scott Morgan**  
Senior Planner

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

## MEMORANDUM

DATE: February 13, 2007  
TO: State Agency CEQA and Intergovernmental Review Coordinators  
FROM: Scott Morgan, Senior Planner  
SUBJECT: Distribution of Environmental Documents in CD-ROM Format

The State Clearinghouse has received an increasing number of requests from local and state lead agencies to distribute CEQA documents to state reviewing agencies in an electronic format, typically CD-ROM. The most common reason for these requests is to reduce cost. CD-ROMs are cheaper for the lead agency to reproduce and mail, and cheaper for the State Clearinghouse to distribute, especially in the case of multi-volume documents.

The State Clearinghouse has distributed EIR's and EIS's in CD-ROM format for state agency review and comment since August 1, 2003. Based on our experience with those documents, a survey conducted of state reviewing agencies and the potential cost savings to local and state agencies, we are extending this policy to other environmental documents including Negative Declarations, Mitigated Negative Declarations and Environmental Assessments. The State Clearinghouse will accept environmental documents under the following terms:

- CEQA Lead agencies may provide copies of draft environmental documents to the State Clearinghouse for state agency review in an electronic format. The document must be on a CD-ROM in a common file format such as Word or Acrobat.
- Lead agencies must provide fifteen (15) copies of the CD-ROM to the State Clearinghouse. In addition, each CD-ROM must be accompanied by 15 printed copies of the DEIR summary (as described in CEQA Guidelines §15123), executive summary, or introduction section of a Negative Declaration or Mitigated Negative Declaration. The printed summary allows both the State Clearinghouse and agency CEQA coordinators to distribute the documents quickly without the use of a computer.
- Final environmental documents may be provided in CD-ROM format without a printed summary. Distribution of the final documents is optional under CEQA.
- Federal lead agencies may send electronic copies of environmental documents to the State Clearinghouse in the same manner described for CEQA lead agencies. Distribution of NEPA documents to state agencies through the State Clearinghouse is encouraged pursuant to Presidential Executive Order 12372 and NEPA §102 (42 USC §4332)
- All notices of preparation must continue to be provided in printed format.
- Please provide one Notice of Completion Form with all submittals.

If your agency has difficulty downloading and reviewing any environmental documents please contact:

Scott Morgan, Senior Planner  
916-445-0613  
[scott.morgan@opr.ca.gov](mailto:scott.morgan@opr.ca.gov) .

Thank you for your cooperation in the CEQA review process.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE  
1999 through 2006**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

2003052054	<p>Samoa Town Master Plan Recirculation Draft 2 Master EIR Humboldt County Community Development Services Arcata, Eureka--Humboldt</p> <p>This is the Recirculation Draft 2 Master EIR of the Samoa Town Master Plan. The MEIR is being recirculated for a second time because it contains new information, and analyses, not contained in the original draft, distributed January 2006 or the Recirculation Draft 1 MEIR distributed May 2006.</p> <p>The Future development contained in the Master Plan would maintain the historic resources and develop additional residential units, a Recreational Vehicle Park, a Historic/Cultural Precinct, new tourist and resident-oriented retail, a business park, coastal dependent industrial uses, parks and open space. Prior to any new major development, the water and sewer lines in the town will need to be repaired or replaced. A new Sewage Treatment Plant will need to be constructed to handle the demand created by any new major development. The Master Plan also includes protections for natural resources and environmentally sensitive habitat areas, as well as design guidelines for the protection of historic resources.</p>	<b>EIR</b>	04/30/2007
2005081152	<p>Perris Marketplace Perris, City of Perris--Riverside</p> <p>The draft EIR is being recirculated to address sir quality issues identified during review period. The proposed project consists of development on 49.3 acres divided between three Planning Areas (PAs). PA I is located in the southwestern portion of the project site and will include a single major retail building of approximately 250,000 square feet in size. The new Wal-Mart Supercenter will offer groceries, general retail merchandise, alcohol for off-site consumption, pool chemicals, petroleum products, pesticides, paint products, a drive-through pharmacy, vision and hearing care center, arcade, food service, photo studio and photo finishing center, banking center, tire and lube facility, seasonal sales, a garden center with exterior pick-up facility, and a 16 pumps self-service gas station. PA II, located along Perris Boulevard would be divided into five parcels and developed with three drive-through restaurants and other retail and/or restaurant uses. Total square footage in PA II will not exceed 30,000 square feet. PA III will include one major retail building and six out-parcels for drive through restaurants and general retail sales. The Lowe's Home Improvements Warehouse will include a building footprint of approximately 173,000 square feet containing the following uses: sales floor; office area; receiving area; utility rooms and vestibule area. A garden center will adjoin the building to the south. Lowe's will operate a sales/display area immediately in front of its store for seasonal items as well as a parking lot sales area in front of its lumber canopy area for 3 to 4 events throughout the year. Total square footage within PA III is approximately 233,650 square feet.</p>	<b>EIR</b>	04/30/2007
2006102053	<p>2935 Telegraph Ave. (File #: ER06-0012) Oakland, City of Oakland--Alameda</p> <p>The project proposal intends to demolish the fitness club and surface parking lot and construct approximately 142 residential units. About 2,900 square feet of ground floor retail and on-site parking for approximately 204 automobiles, in a</p>	<b>EIR</b>	04/30/2007

	<p>five-story building (four stories of residential construction above a two-level parking garage; one level of parking would be below ground and one at ground level, accessed by in internal ramp). The maximum height of the building would be approximately 50 feet, measured to the top of the roof. The development would be about 276,000 square feet in size. The ground floor would contain two retail spaces, a residential lobby, an HOA room and a Community room along the Telegraph Ave. elevation. Two access points to the parking garage would be located along 29th and 30th Sts. The remainder of the ground floor elevations along 29th and 30th Sts. would contain a total of seven one bedroom flats and three studios that would be accessible directly from the 29th and 30th Sts. frontages. The dwelling units on the second through fifth floors would consist of a mix of studios (16 percent) one bedroom flats (35 percent) and two bedroom flats (45 percent) totaling approx. 137,300 sq. ft. of residential space. The residential lobby off Telegraph Ave. would provide elevator access to a series of internal hallways to access the residential units. A total of nine landscaped courtyards would be on the podium (second) level, totaling approx. 18,450 sq. ft. of common open space. Two of the courtyards would face the rear (western) elevation of the building. Over 6,000 sq. ft. of open space would also be provided in the form of balconies for a total of about 24,530 sq. ft. of project open space. Landscaping provided by the project would include approx. 20 deciduous trees and shrubbery to be planted within the project site courtyards, as well as approx. 20 new street trees to be planted along Telegraph Ave., 29th St. and 30th St.</p>		
2006111116	<p>NorthGate Crossing Specific Plan Indio, City of Indio--Riverside Project site includes approximately 88.1 gross acres. The Specific Plan calls for a mixed use project, consisting of 398 residential units, commercial and office space to include retail, restaurants, possibly a motel/hotel and service stations.</p>	<b>EIR</b>	04/30/2007
2007032027	<p>Harbor Bay Village VI Alameda, City of Alameda--Alameda The Proposed Project involves construction of 104 new residential units on about 12 acres of vacant land. The new homes would be two-story, single family, detached units.</p>	<b>EIR</b>	04/30/2007
2005072045	<p>Meriam Park Chico, City of Chico--Butte The proposed project includes text amendments to add a new Special Mixed Use (SMU) designation to the General Plan and establish standards for density and development intensity and to the Chico Municipal Code to add a Traditional Neighborhood Development (TND) zoning district. The project also includes amendments to the General Plan and zoning to apply the SMU designation and TND zone to the Meriam Park project site.</p>	<b>FIN</b>	
2007031094	<p>Presbyterian Intercommunity Hospital Renovation, Expansion and Medical Office Building Whittier, City of Industry, Santa Fe Springs--Los Angeles The proposed Project consist of proposed improvements to the Presbyterian Intercommunity Hospital (PIH), including: Seismic retrofit, renovation and on-site expansion of existing PIH facilities on its approximately 26-acre campus; a new</p>	<b>MND</b>	04/16/2007

	<p>medical office building (MOB) located on an approximately 8.4 acres on property owned and adjacent to the PIH campus. To proceed with the development, the project will require the following entitlements: Conditional Use Permit, permitting a revision to the existing PIH Master Plan; Variance to permit an increased building height to 75 feet from the current WBSP maximum of 65 feet; amendment to the Whittier Blvd. Specific Plan (WBSP) deleting the reference to "orchard" planting arrangements in surface parking lots.</p>		
2007032085	<p>2005-190 Zoning Amendment, Tentative Subdivision Tract Map, and Planned Development Permit for Floyd and Marilyn Norried and The Mark Pringle Company, LLC Calaveras County Planning Department --Calaveras</p> <p>The applicants are requesting a Zoning Amendment from Multiple Family Residential-Planned Development (R3-PD) and R3-MHP-PD (Mobile Home Combining Zone) to Single Family Residential - Planned Development (R1-PD) for 33.8 +/- acres and from Multiple Family Residential - Planned Development (R3-PD) to Recreation - Environmental Protection Combining Zone- Planned Development, with no further division of the parcel (REC-FP-PD) for 0.7 +/- acres (Parcel B as a single lot).</p>	<b>MND</b>	05/17/2007
2007032087	<p>Walgreens Grass Valley, City of Grass Valley--Nevada</p> <p>Development Review (06DRC-18) application for the demolition of an existing commercial structure and construction of a 14,500 square foot commercial building "Walgreens" and related improvements on a 99,160 square foot site. The project includes the development of a building to be used as a retail drug store in the center of the lot.</p>	<b>MND</b>	04/16/2007
2007032089	<p>Sleepy Hollow Properties State Water Resources Control Board, Division of Water Rights Petaluma--Sonoma</p> <p>On January 3rd 1990, Sleepy Hollow Properties filed water right application 29698 with the State Water Board, Division of Water Rights (Division). The application was permitted on September 9, 1992. A Petition for Extension of Time and Petition for Change in Place if Use (POU) were filed on June 6, 2001. The project site is located in Sonoma County, approx. two miles north of Highway 37 on Lakeville Highway, northwest of Sears Point. The project is the approval of the Petitions for Change in place of use and extension of time.</p> <p>Permit 20636 (A029698) allow for the diversion of 104-acre-feet (af) of water per year to an on-stream reservoir. Water is diverted from an Unnamed Stream tributary to the Petaluma River hence the San Pablo Bay from November 1st of each year to March 31st of the succeeding year and is used for the purpose of stock watering and irrigation. The POU consists of 60 acres of pasture. The Petitioner requests to increase the POU by 115 acres, for a total of 175 acres and an extension of time to make full beneficial use of the water authorized under Permit 20636 (A029698). Between 2001 and 002 the 175 acres of existing and proposed POU, which had been used as pasture and dry farmed oat hay crops, converted to vineyards. The petition was filed to accurately reflect how the project is being operated.</p>	<b>MND</b>	04/16/2007

2006031098	Tentative Tract Map 17406 Twentynine Palms, City of Twentynine Palms--San Bernardino Subdivide 80 acres into 32 lots for future development of single family residences, RS-E zone, on APN 614-281-03, 07, 09, and 10.	<b>NOD</b>	
2006071080	99 Pasadena Avenue Development South Pasadena, City of South Pasadena--Los Angeles The proposed project includes an expansion of the existing Picture/Arts office building located at 99 Pasadena Avenue. The proposed project includes the expansion of the existing office building located at 99 Pasadena Avenue by adding an additional 20,650 square feet of office space and 134 additional parking spaces. The proposed project includes a vacation of a portion of Marmion Way and an irregular shaped City owned parcel located between Arroyo Verde Road and Pasadena Avenue, referred to as the "Marmion traffic island." Both of the vacated areas would be used to accommodate the new office building and subterranean parking.	<b>NOD</b>	
2006072098	Local Funding Mechanism for Comprehensive Flood Control Improvements for the Sacramento Area; Natomas Cross Canal South Levee Phase I Improvements Sacramento Area Flood Control Agency -- This project would involve constructing a cutoff wall in the westerly 12,500 feet of the Natomas Cross Canal south levee to remediate through-seepage and underseepage conditions. SCH# 2006072098 represents EIR volumes I and II; volume I related to programmatic evaluation of the proposed funding mechanisms and volume II relates to project-level evaluation of Natomas cross canal south levee phase 1 improvements. This NOD only represents the work and approval for volume II.	<b>NOD</b>	
2006102101	Bar-or Subdivision, Coastal Permit, Lot Line Adjustment, Use Permit Marin County --Marin The applicants are seeking approval of a 5-unit subdivision. The proposed Lot Line Adjustment would transfer approximately 4,356 square feet (0.10-acre) from APN 119-140-38 to 119-182-02, resulting in an adjusted lot area of 5.41 acres for APN 119-182-02. APN 119-182-02 would then be divided into five separate lots. The Use Permit would designate either proposed Lot 1, 4, or 5 for construction of 2 residences, one of which would be restricted to an affordable rental unit in order to meet the County's inclusionary housing requirements. The applicants propose construction of an on-site individual septic system on each of the five lots. The proposal calls for mound systems to serve a four-bedroom residence on Lot 1, and 5-bedroom residences on Lots 2, 3, 4, and 5. Water would be provided by North Marin Water District, which would require looping of water mains between Viente Way and State Highway One.	<b>NOD</b>	
2007011112	Initial Study/Mitigated Negative Declaration College of the Sequoias Nursing and Allied Health Center College of the Sequoias Visalia--Tulare Construction and operation of a 11,820 sq. ft. Nursing and Allied Health Center. The proposed building is located within the campus footprint and will be constructed at the site of the current Life Science building that will be demolished.	<b>NOD</b>

2007021018	Elsinore Valley Municipal Water District Blending Project Elsinore Valley Municipal Water District Lake Elsinore--Riverside The proposed EVMWD Blending Project is a water blending pipeline project that would improve the marginal quality of potable well water by blending it with higher quality potable water.	<b>NOD</b>	
2007022037	Copco Road at Jenny Creek Bridge Replacement Project Siskiyou County Department of Public Works --Siskiyou Siskiyou County proposes to replace the existing bridge (02C-061) on Copco Road over Jenny Creek. The purpose of the project is to replace the existing structurally deficient timber bridge with a new bridge that will provide safer travel for the traveling public and meet minimum recommended standards of Caltrans and FHWA. The new proposed bridge will be a single-span, concrete structure on sixteen piles. It will sit within the existing right of way and will be 24 feet wide and 109 feet in length, on two abutments; there will be no center pier. The new bridge will be placed in the same location as the existing bridge. A detour will be established using the old road that loops around the existing bridge to the north. The detour will require the installation of an 80-foot temporary bridge across Jenny Creek. A contractor's staging area will be a turnout along Copco Road, just east of Jenny Creek.	<b>NOD</b>	
2007039015	TPM20679/ER 0209-015/William & Janet Herold San Diego County Department of Planning and Land Use --San Diego This is a subdivision of 4.67 acres into four residential parcels, ranging in size from 1.09 to 1.27 gross acres. There is an existing single-family residence, which is to remain, on the property site. Access will be by way of a private easement road off of Hillcrest Lane.	<b>NOD</b>	
2007038153	Onsite Wastewater Treatment Systems Ordinance Revision Alameda County --Alameda Revise existing County Ordinance to allow the use of advanced onsite wastewater treatment system designs, including pretreatment of wastewater and pressure distribution of wastewater effluent.	<b>NOE</b>	
2007038154	Demolish Dilapidated Barn and Outbuildings San Joaquin River Conservancy --Fresno Demolish a decaying barn, outbuildings, and a dilapidated uninhabitable single family residence located on San Joaquin River Conservancy property. The improvements include the installation of new sidewalk ramps at the intersection corners as well as audible pedestrian signal equipment and poles. Pedestrian push buttons and pedestrian signal heads will be upgraded to meet current Sacramento County standards and ADA requirements.	<b>NOE</b>	
2007038175	Intersection Improvements for Disabled Access 2005/06 Sacramento County --Sacramento The project proposes the installation of new audible pedestrian signal equipment, detectable warning surfaces and the removal and replacement of existing pedestrian ramps. Four new seven foot 1-B signal poles and one new signal mast arm pole will be installed. The existing crosswalks will be slurry sealed and re-striped as necessary to realign with the proposed pedestrian ramps.	<b>NOE</b>	
2007038176	6307 Stonehouse Road Use Permit Sacramento County --Sacramento The proposed project consists of a Use Permit to allow the co-location of six (6) antennas at the 85-foot elevation on an existing 101-foot tall monopole located on 59.8+/- acres in the AR-2 (PD) zone.	<b>NOE</b>	
2007038177	Conditional Use Permit P05-07 (McMillian Commercial Building and Vehicle Rental) Santee, City of Santee--San Diego The proposed project is a new 6,228 square foot, two story industrial building on a currently undeveloped, 0.88 acre property in the IL zone. An automotive vehicle rental business is proposed as one of the tenants. The proposed project conforms to the existing general plan and zoning code and is not located within or surrounded by an area that is environmentally sensitive.	<b>NOE</b>

2007038179	Treat and Remove Invasive Non-Native Broom within Folsom Lake State Recreation Area Parks and Recreation, Department of --Sacramento, El Dorado, Placer Treat infestations of non-native broom throughout Folsom Lake State Recreation Area (SRA). Broom plants will be treated with herbicide, manually out and removed, or some combination of the two. Treatment areas have been or will be mapped using GIS to monitor effectiveness. Broom is a highly invasive exotic species that usurps wildlife habitat. Treatment will also include isolated patches of pampas grass, tamarisk shrubs and non-native thistle mixed in with the broom.	<b>NOE</b>	
2007038180	Performing Arts Center at Carmont High School Sequoia Union High School District Belmont--San Mateo Construction of a new 500 seat (22,000 sf) Theater to include restrooms and three (3) classrooms.	<b>NOE</b>	
2007038181	Macready Ranch Conservation Easement Resources Agency, The --Mariposa The Resources Agency is funding, under the Proposition 50 Sierra-Nevada Cascade Conservation Grant Program, the Sierra Foothill Conservancy's purchase of a conservation easement on two parcels of the Macready Ranch for the protection of open space, relatively natural habitat, and scenic resources.	<b>NOE</b>	
2007038182	El Capitan Fire Restoration 07 Parks and Recreation, Department of --Santa Barbara Replacement of shrubs and trees that were burned in this park unit during the accidental fire in 2005. Plants used will be provided by Union Pacific Railroad as mitigation for their trestle vegetation management program. A drainage swale will be created to manage the accelerated runoff.	<b>NOE</b>	
2007038183	Refugio Education Garden 07 Parks and Recreation, Department of --Santa Barbara Installation of a garden using local California native plants in a predisturbed area that is currently a lawn. This garden will function as an interpretive exhibit.	<b>NOE</b>	
2007038184	"Sea Doo" Commercial Fish & Game #5 Long Beach--Los Angeles SAA # 1600-2007-000-R5 Filming for a "Sea Doo" commercial for promotional purposes in San Gabriel River and Coyote Creek.	<b>NOE</b>	
2007038185	Anza Fire Station Septic System Repair Forestry and Fire Protection, Department of --Riverside The project is necessary to meet the health and safety code requirements for a state fire station facility and involves replacing the existing leachfield with a new leachfield or two verticle leaching pits. The current leachfield is clogged and incapable of leaching liquids at a sufficient rate to meet the needs of the station. The project would require excavation, installation and covering of the new leachfield or leaching pits at the same approximate location on the property along the driveway.	<b>NOE</b>

2005012083	Sequoia Hospital Campus/Precise Plan Redwood City Redwood City--San Mateo The Sequoia Hospital Campus/ Precise Plan project proposes: 1) text changes to the General Plan; 2) adoption of a Precise Plan; and 3) zoning changes from PO (Professional Office) and R1 (Residential) to Planned Community District (P District) within the 18-acre Precise Plan area. The proposed zoning and Precise Plan would allow construction of new hospital facilities, a medical office building, and parking facilities to support the Sequoia Hospital campus. The Sequoia Hospital Precise Plan is proposed to guide future growth within the entire Precise Plan area including building orientation, vehicular and pedestrian circulation, parking and emergency vehicle access, building heights, setbacks, and architectural character.	<b>EIR</b>	05/03/2007
2006012130	North Sonoma County Agricultural Reuse Project Sonoma County Water Agency --Sonoma NSCARP involves construction and operation of a recycled water project to store and distribute recycled water throughout northern Sonoma County. NSCARP involves: approx. 21,500 acres of presently developed agricultural lands within the Russian River, Alexander, and Dry Creek valleys; nineteen recycled water storage reservoirs totaling about 11,200 af in storage capacity; approx. 112 miles of transmission pipeline; eight booster and nine distribution pumping stations; approx. 7,234 af of recycled water that could presently be made available from the City, the Town, and the ALWSZ; and, a projected future available supply of recycled water of 21,134 af.	<b>EIR</b>	05/18/2007
2006071060	City of Palm Springs General Plan Update Palm Springs, City of Palm Springs--Riverside The proposed project is an update to the City of Palm Springs General Plan. This update involves a revision to the land use map and a revision to elements required by the State of California as well as optional elements. The General Plan contains seven state-mandated elements including: Land Use, Housing, Circulation, Safety, Noise, and Recreation, Open Space and Conservation. Since opportunities for redevelopment and reinvestment into the community are a prominent issue for the City, economic development and improved community quality are a considerable focus of the updated General Plan and its policies. As a result, two additional elements were included in the General Plan to provide additional direction for the City's future: the Community Design Element and Air Quality Element.	<b>EIR</b>	05/07/2007
2006062042	Olympic Estates (PSUB T20050813) Placer County Planning Department --Placer Proposed subdivision of one 4+ acre parcel into 16 single-family residential lots and two open space lots.	<b>MND</b>	04/18/2007

2007031105	Anaheim Bay Bridge Rock Slope Protection and Drainage Maintenance Plan Regional Water Quality Control Board, Region 8 (Santa Ana), Riverside Seal Beach--Orange Re-construct the existing north-east abutments and roadway embankments to a 1:1.5 slope, place rock slope protection over the slope to join the existing rock slope protection. Erosion control blanket will be placed up to the top of the slope. Two metal beam guard rail ends will be replaced. A new chain link fence will be installed, a maintenance vehicle pull-out will be constructed, existing drain pipes will be lined, 4 new storm drain inlets will be constructed and 7 outfalls will be re-constructed along with new rip-rap energy dissipation. Landscaping will be installed and impacted wetlands will be restored. Rock slope protection will be placed along 311 meters (1,020 linear feet) of shoreline and an additional 273 meters (896 linear feet) of shoreline will be impacted by grading. The estimated construction period is 3 months.	<b>MND</b>	04/18/2007
2007032100	Conditional Use Permit #2005-05 and Reclamation Plan #2005-02 Glenn County Public Works and Development Services Agency Orland--Glenn NVR is proposing to extract sand and gravel material from APN 044-150-001. The volume of material extracted will be approximately 63,000 cubic yards. Mined material will be stored on APN 044-150-003 and subsequently will be hauled to NVR's main processing plant.	<b>MND</b>	04/18/2007
2007032101	Brookdale Drive (Tentative Subdivision Map No. 03-01) (Garden Ranch Estates Subdivision) Oroville, City of Oroville--Butte The project proposes a Planned Development overlay rezone (R-1/PD) on a +/- 8.35 acre parcel currently zoned R-1. The existing parcel would be subdivided into 42 lots (numbered 1-42 on the TSM) measuring approximately 4,000 sq. feet each. The proposed homesites would occupy approximately 4.73 acres of the project site and would be accessed via 1.26 acres of roads within the subdivision. A 1.94-acre homesite is proposed in the eastern portion of the project site. This parcel (labeled Lot 42 on the TSM) is home to a large number of native oak trees that currently occupy the project site. The oak woodlands present on Lot 42 would be protected by easements that prevent future subdivision or tree removal in perpetuity.	<b>MND</b>	04/18/2007
2007031102	Southeast Madera Development Project Madera, City of Madera--Madera The annexation, General Plan Amendment, Specific Plan Amendment and Rezoning of 336+/- acres of County land within the City of Madera Sphere of Influence adjacent to the southeasterly corner of the City of Madera for residential and commercial usage. 	RCO (parks), I (school). Approximately 1,412 dwellings, 272,000 sq ft of commercial, Elementary School (existing), and parkland.		
2007031098	Portola Springs Elementary School Irvine Unified School District Irvine--Orange The proposed project involves the construction and operation of a new elementary school (kindergarten through fifth grade) on approx. 11 acres within Planning Area 6 (PA 6) of the Northern Sphere Area of Irvine, California. The proposed project would accommodate approx. 700 students, with a maximum enrollment of 1,000 students during peak enrollment periods per IUSD Board policy. The proposed school would serve both the existing and future student population within the IUSD. The new elementary school will provide essential public educational facilities for children in grades K-5 within a new development area of Irvine.	<b>Neg</b>	04/18/2007
2007031101	Tentative Tract Map 18211 Adelanto, City of Adelanto--San Bernardino The applicant, Frontier Homes, is proposing Tentative Tract Map 18211 to subdivide a 45.67 acre site into 180 single family residential lots with a minimum lot zone of 7,200 sq. feet located west of Raccoon Ave. and south of Bartlett Ave., in the City of Adelanto, County of San Bernardino.	<b>Neg</b>	04/18/2007
2007031103	Zoning Text Amendment, Z-2007-002, E-2007-013 for Planning Commission Santa Maria, City of Santa Maria--Santa Barbara Amendment to Title 12 of the City's Municipal Code (Zoning Regulations).	<b>Neg</b>	04/18/2007
2007031104	Super Loop Transit Project San Diego Association of Governments San Diego--San Diego The Super Loop Transit Project is a new bus circulator route providing frequent, higher-speed service with state-of-the-art vehicles and upgraded transit stop amenities. The bi-directional transit route is an 8-mile loop with 15 transit stations.	<b>Neg</b>	04/18/2007
2007032102	#06-03 Site Plan Review - Cedar Ridge Apartments Colfax, City of Colfax--Placer The proposed project consists of 55 apartment units on a 9.7-acre parcel located on the northeastern portion of a parcel adjacent to Canyon Creek Drive, east of South Canyon way in the City of Colfax. The buildings will include 10 single story units, and 45 two story units, contained within a total of 18 buildings. An additional two buildings will house laundry facilities. A total of 113 parking spaces are proposed, including 106 standard, three (3) compact, and six (6) handicapped spaces. Approximately 4.3 acres will be landscaped, a portion of which will include a tot-lot area and picnic area. The project will include fill slopes to extend an additional 30-120 feet down slope. A detention basin will be constructed at the base of the fill slope which would receive run-off from the project, and an existing drainage inlet in Canyon Creek Drive. Approximately one-half of the project site would remain in open space.	<b>Neg</b>	04/18/2007

2007032103	Wildhurst Winery Lake County --Lake The applicant is requesting a major use permit to increase annual production at an existing winery from 10,000 cases to 60,000 cases. The winery proposes to use constructed wetlands for wastewater treatment. This is a change from the previous proposal, circulated in January 2006, which called for aeration ponds for wastewater treatment. The treated wastewater will be recycled and stored in a 1.5 acre foot irrigation pond to be used to irrigate a 4.5-acre vineyard. The winery does not intend to have tasting or special events onsite. There is anticipated to be a decrease in traffic associated with the project site as the property owners are transitioning from pear to vineyard crops which require fewer employees.	<b>Neg</b>	04/18/2007
2007032104	15881 Linda Court Los Gatos, City of Los Gatos--Santa Clara Zone change from R-1:8 to R-1:8:PD to demolish a single family residence, a seven lot subdivision with seven detached single family residences.	<b>Neg</b>	04/18/2007
2007032105	Frank Family Vineyards, File #P06-0102-MOD Napa County Conservation Development & Planning Department Calistoga--Napa The proposed project would result in no change to the previously approved annual production capacity of 564,500 gallons per year. The overall floor area and winery development would be reduced to 105,500 sq. ft. and 131,640 sq. ft. respectively, covering 58.6% of the site. The number of full-time employees would be 28 and 2 part-time/seasonal employees. A total of 92 parking spaces would be provided on site. Crush activities would be added to the site. The proposal also includes additional marketing events, private tours and tasting, extending business hours an additional hour, removing conditions of approval regarding custom producers, and eliminating various reporting requirements.	<b>Neg</b>	04/18/2007
2002091018	Canyon Hills Project Los Angeles City Planning Department Los Angeles, City of--Los Angeles The applicant's proposed project includes development only on the north side of I-210. The area south of I-210 and north of La Tuna Canyon Road, including La Tuna Canyon Creek, encompassing 746 acres, shall be preserved as open space. The proposed project includes the construction of 221 single-family home lots requiring grading of approximately 3.24 acres of ephemeral and annual streams and riparian habitat.	<b>NOD</b>

	<p>units. Also included in the amended Specific Plan is 3.1 acres of park space, and 3.2 acres of open space. The proposed amendment to the Specific Plan eliminates 13.4 acres of commercial/mixed use from the original Lake Nuevo Specific Plan (251) and replaces it with residential uses. The maximum number of dwelling units proposed increases from 190 in the original plan, to 315 in the amended plan. The Change of Zone proposes to develop zoning standards and design guidelines for the Specific Plan Amendment. The Tentative Tract Map is a schedule A subdivision of 67.2 acres into 309 residential lots with a minimum lot size of 4,000 sq. ft., 5 water quality basins, 18 Open Space lots totaling 4.9 acres and three park lots totaling 5.44 acres. A community trail required by the General Plan spans the Nuevo Road frontage and park access trails are located throughout the project connecting interior parks as well as connecting with parks in the McCanna Hills Specific Plan Amendment No. 1 (246A-1) area to the north and east. The map includes four proposed phases. The first phase is proposed to contain 103 residential lots, two detention/water quality basins, and 4 open space lots. The second phase will contain 62 residential lots, one detention/water quality basin, a 4.42 acre park site, and 7 open space lots including a 3.18 hilltop with rock outcroppings. The third phase will contain 60 residential lots, one detention/water quality site, 8 open space lots, and a park site. The last phase will contain 84 residential lots, one detention/water quality basin, and one open space lot.</p>

2004111049	Salk Institute Master Plan San Diego, City of San Diego--San Diego Salk Institute Master Plan: The project site is located at 10010 North Torrey Pines Road, south of Salk Institute Red Road. The project proposes amendments to the following existing permits: Conditional Use Permit No. 3841, Coastal Development/Conditional Use/Hillside Review Permits No. 90-1140. Also required with this Master Plan are a Planned Development Permit, Site Development Permit and a sewer easement abandonment. The project proposes to construct an additional 210,000 square feet of building area to include: a core facility to house specialized equipment, day care facility for employees, support buildings, a laboratory building, temporary residential quarters, central plant expansion and underground parking. The proposed project also contains development and design guidelines for several of the buildings proposed on the Salk Institute campus. The existing campus contains approximately 290,000 square feet of building area and 600 parking spaces.	<b>EIR</b>	05/04/2007
2005072174	Murieta Gardens I and II Sacramento County Rancho Cordova--Sacramento Two projects - one proposing commercial development and the other residential development on flat land adjacent to the Rancho Murieta Airport and Highway 16.	<b>EIR</b>	05/04/2007
2005112116	Route 238 Corridor Improvement Project Hayward, City of Hayward--Alameda The Route 238 Corridor Improvement Project is intended to improve traffic conditions along Foothill and Mission Boulevard between Highway 580 and Industrial Parkway. The proposed project includes changes in circulation, changes in lane directions and controls, a downtown one-way loop street system, grade separations at the Foothill Boulevard/Mission Boulevard/Jackson Street intersection and at the Jackson Street/Watkins Street intersection, improvements to the Mission Boulevard/Carlos Bee Boulevard intersection, and other roadway improvements along Foothill and Mission Boulevards.	<b>EIR</b>	05/04/2007
2007031111	Initial Study 5478, Director Review and Approval 3769-R Fresno County --Fresno The application is to follow an approximately 4,300 square foot church and parochial school on a 4.34 acre parcel in the AE-5 zone district. The proposed facility will serve 75 to 90 people from the surrounding area, and hold services twice a week, Sunday and Wednesday. Occasional use of the facility will occur for weddings, special events and an annual evening conference. A 1,200 square-foot storage facility is proposed as a second phase of development.	<b>MND</b>	04/19/2007
2007032106	Fog Crest Winery - James Manoogian Sonoma County Permit and Resource Management Department Sebastopol--Sonoma Request for a (phased) Use Permit for a winery with a maximum annual production capacity of 10,000 cases, with a public tasting room to include tours and retail sales (no special events, but participation in industry-wide events) on 30.20 acres.	<b>MND</b>	04/19/2007

2007032107	TPM2006-0050 Yuba County --Yuba The applicant is requesting approval of a tentative parcel map to create a 5-acre parcel, labeled as "Parcel 1", and a designated "Remainder" parcel. There is also a 5-acre parcel, labeled as "Not a Part" that has two single family residences, located in the middle of the "Remainder" parcel that belongs to the same property owner but is legally a separate piece of property. Consequently, although it is referred to throughout this report, it is not part of the project. The site (15802 Indiana School Road) is located in the community of Dobbins and is identified as Assessor's Parcel Number 060-140-053 (Attachment 1). The new parcel, "Parcel 1", will be accessed by Indian School Road. The project site is zoned as Agricultural/Rural Residential (A/RR05) and (A/RR40) as well as designated Agricultural/Rural Residential in the General Plan. The east side of the "Remainder" (A/RR05) is inside of the community boundary while the west side (A/RR40) is outside of the community boundary.	<b>MND</b>	04/19/2007
2007032108	2004-162 Zoning Amendment and Tentative Subdivision Tract Map for Paul & Tarja Martin (Crestview Estates Subdivision) Calaveras County Planning Department --Calaveras The applicants are requesting a Zoning Amendment from A1 (General Agriculture) to RA (Residential Agriculture - 5 acre minimum parcel size) for about 203.17 +/- acres. Concurrently requested is approval of a Tentative Subdivision Tract Map to divide the property, about 203.17 +/- acres into 33 lots, ranging in size from 5.00 plus to 5.99 +/- acres and 1 "Open Space" area of 31.09 +/- acres.	<b>MND</b>	04/19/2007
2007032109	Pollock Pines Community Park El Dorado County --El Dorado Proposed community park on approximately 26 acres. Facilities would include ball fields, basketball court, picnic areas, walking trail, playground, volleyball court, restrooms, etc.	<b>MND</b>	04/19/2007
2003072020	Joerger Ranch (Planned Community 3) Specific Plan Truckee, City of Truckee--Nevada A mixed use project consisting of general commercial uses including a 153,600 s.f. shopping center, industrial uses, and multi-family residential rental units.	<b>NOP</b>	04/19/2007
2007031106	Buena Vista Lagoon Restoration Project Fish & Game #5 Carlsbad, Oceanside--San Diego Creation of a predominantly saltwater regime would be achieved through elimination and disposal of existing freshwater vegetation (principally reeds), dredging and disposal to remove excess sediment (up to approximately 2 million cubic yards), and establishment of continuous tidal exchange through an ocean inlet/outlet. Habitat creation as a result of dredging would include saltwater and eelgrass habitat at appropriate depths for those respective systems. The existing 50-foot wide weir would be removed and an open channel would be constructed to provide continuous tidal exchange between the lagoon and the ocean. Depending on the final distribution of habitats to be created and inlet maintenance considerations, the ocean inlet/outlet may require stabilization with one or two jetties of similar length to those constructed for the Batiquitos Lagoon inlet/outlet,	<b>NOP</b>	05/24/2007

2007032110	PA-0600678 San Joaquin County Community Development Department Stockton, Lodi--San Joaquin This project is a 360-foot tall radio tower and two equipment buildings for a local radio station on a 10-acre parcel.	<b>Neg</b>	04/19/2007
2001041082	Harbor/Pier Area Zoning Specific Plan, Coastal LUP & General Plan Amendments Redondo Beach, City of Redondo Beach--Los Angeles The project consists of amendments to the land use designations and development standards for property in the Harbor and Pier area within a portion of the area formerly known as the Heart of the City Specific Plan. Amendments are proposed to the General Plan, Harbor/Civic Center Specific Plan, Coastal Land Use Plan and the Coastal Zoning Ordinance. These planning documents currently have conflicting land use and development standards and it is required that they be brought into consistency. The proposed amendments provide for visitor and resident serving commercial uses, boating and marina related uses, offices, recreational uses, and public uses. The proposed amendments would not permit any new residential uses.	<b>Oth</b>	04/19/2007
2005062160	Parkmoor/Race Residential General Plan Amendment and Planned Development Rezoning San Jose, City of San Jose--Santa Clara The proposed General Plan Amendments would change the City's General Plan Land Use designation on the entire 21.5-acre site from Industrial Park to High Density Residential (25-50 dwelling units per acre). Two Planned Developed (PD) zonings proposed on 19.3 acres of the site would allow development of up to 969 residential units and 5,000 square feet of commercial space. The first rezoning (PDC06-024) includes the 8.7 acres located north of the UPRR and LRT tracks and would allow development of up to 435 residential units on this portion of the site. The second rezoning (PDC06-025) includes the 10.6 acres located south of the tracks and would allow up to 534 residential units and 5,000 square feet of commercial space. The project includes demolition of the existing 348,000 square feet of offices and research and development (R&D) space on the site. The specific development project proposed on a 19.3-acre portion of the site would consist of up to 969 units, including townhouses and up to four stories of apartment/condominium development above a partially below-grade parking garage. The project also includes approximately 5,000 square feet of retail space near the intersection of Race Street and Parkmoor Avenue, adjacent to the existing Race Street LRT station.	<b>Oth</b>	
2001022021	Pentz Rock Mine Butte County --Butte The California Department of Fish and Game is executing Lake and Streambed Alteration Agreement Number 1600-2007-0012-R2, pursuant to Section 1602 of the Fish and Game Code to the project applicant, Cary Gunn of Daimler Rock. This agreement pertains to the Pentz Rock Mine project, which involves installing a temporary 18-inch culvert into the creek channel, and backfill with earth such that the overall dimensions of the crossing will be approximately 3 feet deep in the channel, 30 feet long and 25 feet wide, representing 750 square feet and 83 cubic yards of temporary fill.	<b>NOD</b>

	residence from the southwest to the northeast portion of the property for use as a second unit on a 66,568 square foot (1.53 acre) parcel in Lagunitas. Due to the location of two streams that straddle the property along the northerly and southerly boundary lines, the property falls entirely within the Marin Countywide Plan's Stream Conservation Area (SCA).		
2007031114	The Neptune Marina Apartments and Anchorage/Woodfin Suite Hotel and Timeshare Resort Project Los Angeles County Department of Regional Planning --Los Angeles Proposed project is the Neptune Marina Apartments and Anchorage/Woodfin Suite Hotel Timeshare Resort Project on Parcels 10R, FF, and 9U as well as adjacent Marina Basins. The proposed project consists of five components requiring Coastal Development Permits, Plan Amendments, Conditional Use Permits, a Tract Map, and a Variance. Components 1 (Parcel 10R) and 2 (Parcel FF) consist of demolishing all existing apartment structures to build a total of 526 apartment units and two waterfront public pedestrian promenades. Component 3 is for the development of the northerly portion of Parcel 9U to construct a 19-story building with 288 hotel and timeshare suite units and accessory uses. The proposed building will include a six-level parking garage, with one level below grade, for a total of 360 parking spaces. Component 4 consists of a 1.46-acre public wetland and upland park on the southern portion of Parcel 9U. Component 5 is to construct a public transient boat anchorage that would be situated proximal to parcel 9U within the Marina Del Rey Basin B. This public anchorage would contain approximately 2,923 s.f. of dock area and would provide approximately 542 linear feet of transient boat docking space. Approximately 215,000 c.y. of grading will be required with excess cut material to be exported to the La Puente Landfill.	<b>NOP</b>	04/20/2007
2007032116	Crystal Bay Stockton, City of Stockton--San Joaquin The Crystal Bay Master Development Plan project proposes a General Plan Amendment, Rezoning, Master Development Plan, Tentative Map, and annexation of three parcels comprising the 173 acre site. The proposed project consists of residential uses at a variety of densities. The development plan consists of five types of housing units, major circulation roads, and a project created lake. The community is anticipated to include approximately 1,360 total units. A total of 13.1 acres of parkland will be dedicated as part of this project. Additional open space landscape areas total 11.4 acres within the proposed project.	<b>NOP</b>	04/20/2007
2007032118	Shoreline Communities Area Plan Lake County Community Development Department Unincorporated--Lake Preparation of a 20-year planning and zoning document for the Shoreline Communities planning area, as required by the Lake County General Plan. The plan will address natural resources, public safety, and community development and include policies and implementation measures regarding future development within the planning area. The Shoreline Communities Planning Area is one of the eight designated planning areas in the Lake County General Plan.	<b>NOP</b>	04/20/2007

2006042162	Cathedral Square Project Sacramento, City of Sacramento--Sacramento The project involves the demolition of the existing structures and the construction of a 25-story, 472,020 square foot (sq. ft.) building located on 0.67 acre. The Cathedral Square project would contain 233 residential units, approximately 10,100 sq. ft. of ground floor retail, and 326 parking stalls. The project entitlements include certification of the EIR, Tentative Map approval to subdivide the site into 233 condominium units, a Special Permit for a Major Project, a Special Permit for condominium development, a Special Permit for tandem parking, Design Review Commission, and Preservation Commission review.	<b>EIR</b>	05/07/2007
2007011077	Fresno Biosolids Project Fresno, City of Fresno--Fresno Transport of biosolids generated at Regional Wastewater Reclamation Facility in Fresno, Fresno County, CA to McCarthy Family Farms Biosolids Treatment Site in Lost Hills, Kern County, CA for compost treatment.	<b>EIR</b>	05/07/2007
2005121006	Transfer of State Water Project Table A Amounts from Berrenda Mesa Water District to Coachella Valley Water District and Desert Water Agency Coachella Valley Water District --Riverside, Kern Permanent transfer of 16,000 acre-feet per year of State Water Project (SWP) Table A Amounts from Berrenda Mesa Water District (BMWD) to Coachella Valley Water District (CVWD) and Desert Water Agency (DWA). The transfer would use existing conveyance and recharge facilities and involve no construction or expansion of facilities. Potential effects on the CVWD and DWA service areas, the Sacramento-San Joaquin Delta, Colorado River and SWP of the water transfer were fully addressed in a 2002 Program EIR for the Coachella Valley Water Management Plan and State Water Project Entitlement Transfer. Potential effects on BMWD were addressed in the February 1996 Final EIR for Transfer of Water Entitlements from Berrenda Mesa Water District for Use in Dougherty Valley Area and the 2002 Addendum to that EIR and updated for this project. This Subsequent EIR tiers off those documents. BMWD, DWA, Kern County Water Agency, and the California Department of Water Resources are responsible agencies.	<b>FIN</b>	
2007031123	Rose Canyon & Lang Wells Upgrades to Treatment Facilities Trabuco Canyon Water District --Orange The Department of Health Services (DHS) has determined that groundwater produced at the Trabuco Canyon Water District's (District) Rose Canyon Wellfield is under the direct influence of surface water, and is therefore subject to USEPA's Surface Water Treatment Rule. As a result, the District must provide filtration to protect against microbiological contaminants. Various treatment alternatives were evaluated by the District to meet the filtration requirements, including the proposed use of riverbank with dual media pressure filters followed by ultraviolet (UV) and chlorine disinfection. The District has produced groundwater at the Rose Canyon Wellfield since 1962 and is seeking to continue use of these wells at the historical pumping average of 350 acre-feet per year (AF/YR), but with the additional level of treatment required by DHS. Additional improvements would consist of the expansion of the existing well house 18 feet in length to provide a separate 12' by 18' building. A 10' masonry wall would be constructed along the perimeter of the	<b>MND</b>	04/23/2007

	<p>SR 104; installation of a stop sign at the northbound lane of Foothill Boulevard accessing SR 104; widening of the northbound SR 1-4 left turn lane into the project at Foothill Boulevard; construction of a 443-foot long, 12-foot wide, left turn lane, a 90-foot long bay taper and a 718-foot long approach taper at the northbound left turn movement of SR 104; construction of a left turn lane, bay taper and approach taper for the southbound, SR 104 movement to Foothill Boulevard; construction of a 346-foot long, 12-foot wide, left turn, 90-foot long right turn bay taper for the southbound, SR 104 movement. The project also includes installation of an 8-foot shoulder on both the north and south sides of SR 104 and construction of various storm drainage improvements with the right-of-way of the proposed Foothill Bouelvard extension. In addition, a 249-foot long type 6A retaining wall is proposed along the south side of the SR 104 widening between Station 337+17 and 339+60. The retaining wall would be constructed of poured in place reinforced concrete or reinforced concrete masonry unit (CMU) and range in height between 5 and 7 feet.</p> <p>It should also be noted that a 10-inch backwash line is proposed by the Amador Water Agency, separate from the proposed roadway improvements, within the Foothill Bouelevard right-of-way south of SR 104 and through the intersection of SR 104 and foothill Boulevard. The backwash line would be constructed as part of the backwash pump station plans and extend to the lone water treatmnet plant, north of SR 104 beyond the proposed improvements. Construction of the backwash line may occur concurrent with the proposed roadway improvements or at a later date.</p>		
2000071014	<p>Planning Area 40/Spectrum 8 Subsequent EIR - Planning Areas 40/12 General Plan Amendment and Zone Change Irvine, City of Irvine--Orange</p> <p>In March of 2002, the voters, through passage of Measure W, determined that MCAS El Toro would not be developed as an international airport and instead supported the creation of the Orange County Great Park (OCGP), with supporting opportunities for transit-oriented residential, recreational and commercial development. The commitment to the OCGP Development Plan allows for the opportunity to expand residential uses further east of Jeffrey Road. The proposed project consists of a General Plan Amendment and Zone Change to allow for a change in land use in Planning Area 40 and Planning Area 12. The residential uses will consist of an array of single family detached, attached, and clustered homes with medium and medium-high residential densities. The plan also provides for an elementary and middle school as well as a community park, a public neighborhood park and several private neighborhood parks. The Multi-Use land use will allow for residential, commercial, office, and institutional uses.</p>	<b>NOP</b>	04/24/2007
2006062053	<p>Stoneridge Drive Specific Plan Amendment/Staples Ranch DEIR Pleasanton, City of Pleasanton--Alameda</p> <p>Staples Ranch is approximately 124 acres of undeveloped land within the larger 293-acre Stoneridge Drive Specific Plan (Specific Plan) area. The Alameda County Surplus Property Authority proposes to amend the 1989 Specific Plan to revise planned land use designations, development intensities, and circulation patterns. The Alameda County Surplus Property Authority is the owner of the project site, and Hendrick Automotive Group and Continuing Life Communities propose to develop portions of the property. Hendrick Automotive Group proposes to develop an auto mall with space for about six automobile dealers, and</p>	<b>NOP</b>	04/24/2007

	Continuing Life Communities proposes to develop a senior continuing care community, including a skilled nursing facility.		
2006122098	Osborne Hill Project Nevada County Grass Valley--Nevada Combined applications: (1) Tentative Final Map proposing to subdivide 224 acres into 56 residential lots, 2 multi-family parcels including 20 condominium units, and a common parcel; (2) Rezone to add the Planned Development (PD) combining district to the existing Residential Agriculture base zoning district; and (3) Use Permit for the creation of 20 multi-family town homes and allowed uses on the common areas. The residential development proposes treated annexation into the Nevada County Sanitation District. A small portion of the project site, an area not containing any of the new development, is within the Nevada County Consolidated Fire District and should be annexed into the Ophir Hill Fire District.	<b>NOP</b>	04/24/2007
2007031128	Henry J. Kaiser High School Stadium Fontana Unified School District --San Bernardino The Fontana unified School district proposes to the construction of a new 4,108 seat athletic stadium on-site at Henry J. Kaiser High School. The stadium would be constructed along the south side of the campus in an area presently developed with the school's football field and athletic track. The project would include the construction and installation of home and visiting team bleachers, elevated field lighting, a public address/sound system, scoreboard, and two concession stand/restroom facilities.	<b>NOP</b>	04/24/2007
2007031129	California State University, Dominguez Hills Master Plan California State University Trustees Carson--Los Angeles The CSUDH Campus Master Plan was prepared in 2006 as an update to the original 1964 Master Plan, in order to provide CSUDH with a framework for future campus development. The Master Plan proposes new academic and student service facilities as well as remodeled existing facilities to accommodate near-term future student enrollment of 11,000 full-time-equivalent students (FTES) by 2017, and long-term student enrollment of 20,000 FTES by 2040. Current student enrollment is approximately 9,000 FTES. The EIR analyses will focus on the environmental effects of the near-term (2017) development and student enrollment levels. The near-term development proposed includes remodeling of 4 existing buildings, and construction of 2 academic buildings, student and faculty/staff housing, an approximately 2,400-space parking structure, and a new co-generation plant. A new entrance to the campus is proposed on Central Avenue at Beachey Place that would connect into the east campus circulation system, including the proposed parking structure. Facilities proposed in the Master Plan would be implemented in phases and only as needed based on student enrollment and the availability of funding. The Master Plan solely addresses the academic and student services core of the CSUDH campus and does not include any new facilities or development within the Home Depot Center complex.	<b>NOP</b>	04/27/2007

	proposed facility would produce approx. 9 mgd. of recycled water.		
2007031135	Vault Self Storage Westminster, City of Westminster--Orange The project proponent proposes to build seven (7) single-story, mini-storage buildings totaling 71,951 sq. ft. and one (1) single-story rental/retail office totaling 2,346 9565 storage units) sq. ft. on 6.0 acres. The vacant property is located in the Southern California Edison Easement (SCE) right-of-way between Trask Ave. and the Garden Grove (SR-22) Freeway. There is no existing development on the site and the site encompasses an area covering 6.0 acres (262,809 sq. ft.) of SCE right-of-way. The site consists of two parcels and is relatively flat and unimproved with two major power line towers located on the property. The site is currently utilized for a plant nursery storage area. Access to the site is proposed via a private driveway off of Trask Ave. The hours of operation of the proposed storage facility would be from 7:00 a.m. to 7:30 p.m. seven days a week and there will be no outdoor public address system. The project will provide 84 parking spaces on site. The project proposes landscaping that includes planting of 27 trees. The entitlements required for the project include a site plan review, design review, variance and conditional use permit.	<b>MND</b>	04/25/2007
2007031137	Ruben Ingold Slope Stabilization/Trail Improvement Project Los Angeles County Department of Public Works --Los Angeles The Ruben Ingold Park contains a surfaced walkway (also referred to as a trail or jogging path) that is approx. one-half mile in length. The park contains a fence around the surface perimeter and is the shape of a long rectangle. The proposed project site is located on a parcel that is approx. 3.55 acres. Currently, the project site is developed by the existing park facilities, which includes exercise stations, seating areas, jogging path, and chain link fence. There are several mature trees and ornamental shrubs throughout the park. The sloped areas of the perimeter are steep, resulting in the parks' elevation of 425 ft. above sea level.	<b>MND</b>	04/25/2007
2007032134	Roadway Improvements to Morada Lane and West Lane Stockton, City of Stockton--San Joaquin The proposed project consists of grading, utility pole relocation, traffic signals, underground storm drainage, asphalt pavement and concrete curbs and gutters. An open graded storm water retention basin will be constructed on private lands adjacent to the street work. The basin will be replaced in the future with a permanent storm water pump station facility to be considered under subsequent CEQA review. The project limits are West Lane from Morada Lane to Bear Creek, and Morada Lane from West Lane east to the Union Pacific Railroad.	<b>MND</b>	04/25/2007
2007032140	Village at Ruddy Creek (GPA, Rezone, and Tentative Subdivision Map) Oroville, City of Oroville--Butte Annexation, General Plan Amendment (GPA 06-04), Zoning Amendment with a request for a PD overlay (ZC 06-06), and Tentative Subdivision Map (TSM 06-05) to create 172 single family lots. The GPA request is to amend the Land Use Element designation on 24.41 acres from Medium Density Residential to Medium/High Density Multiple Family. The Tentative Subdivision Map would create 172 single family lots ranging in size from 3,150 square feet to 4,500 square feet. Approximately 3.7 acres will be retained as open space to be utilized	<b>MND</b>	04/25/2007

	for drainage detention and recreation facilities for project residents.		
2007032143	Shirley Lake Chairlift Upgrade (PCPB T20060935) Placer County Planning Department --Placer Proposed to re-grade the existing detachable quad to a six-pack chair lift.	<b>MND</b>	04/25/2007
2007032145	Pilot Park (GPA, Rezone, and Tentative Subdivision Map) Oroville, City of Oroville--Butte The project proposes to create 140 lots (with an avg. size of 0.13 acres) for single-family homes, 6 lots (with an average size of 0.76 acres) for mini-storage, and 39 lots (with an avg. size of 0.4 acres) for light industrial uses. The applicant is proposing to amend both the General Plan and the Zoning Map designation to RMD and R-1 for a 4-acre triangular area of land located south of Feather Avenue, in order to extend residential uses to that portion of the site. The General Plan Diagram designation of the remaining 35 acres south of Feather Ave. and north of Biggs Ave. would be amended to "Industrial" area. A "Planned Unit Development" overlay zone would be applied to the entire 66 acres of the project site, thereby allowing for approval of flexible lot sizes and development standards.	<b>MND</b>	04/25/2007
2007032146	126 East E Street Project Benicia, City of Benicia--Solano Demolish an existing potentially contributing building to the City's Historic Downtown. Construct a new first floor and place a historic two-story building relocated from the City of Napa above the newly built first floor. This proposed three-story building would be used for commercial and office use only. The project site would require a total of 23 parking stalls, however, due to site constraints only two parking spaces are proposed to be established onsite.	<b>MND</b>	04/26/2007
2007032147	140 East G Street, Leary Residence Benicia, City of Benicia--Solano The proposal is for the demolition of an existing 880 square foot, 1 1/2 story rear residential addition. In its replacement a 1,240 square foot single story addition would be constructed. The proposed addition would contain a master bedroom, kitchen, dining room, and a family room. The proposal also includes the construction of a redwood deck that would be located on the northwest side of the new addition. The subject property is identified as a local historic resource that is eligible for the California Register of Historic Places.	<b>MND</b>	04/26/2007
2006101105	Hoag Health Care Center Project Newport Beach, City of Newport Beach--Orange Newport Beach, Healthcare Center, LLC, is requesting the approval of an amendment to Use Permit No. 2006-010 to allow: (1) the conversion of the remaining 232,414 square feet of general office/R&D floor area, of the total 329,414 square feet of floor area currently permitted on-site, to medical office use within the M-1-A (Controlled Manufacturing) zoning district; and (2) the construction of an additional 20,586 square feet of medical office and ancillary medical uses on-site, for a total of 350,000 gross square feet of medical office floor area. The total new medical office floor area requested in the proposed Use Permit amendment is 253,000 square feet.	<b>NOP</b>	04/25/2007

2007031138	KFI Radio Broadcast Tower Reconstruction Project La Mirada, City of La Mirada--Los Angeles The applicant, Capstar Radio Operating Company, is proposing to replace the 760-foot high radio broadcast tower destroyed in 2004 with a 684 foot-high guyed uniform cross section radio tower on the subject property. The replacement facility will be constructed with a capacity "hat," which would not exceed 50 feet in diameter. This capacity hat would increase the electrical height of the tower, which allows for a reduction in the vertical height of the structure. The tower will be lit and marked in accordance with Federal Aviation Administration (FAA) recommendations. The replacement tower is 76 feet lower than the tower that was destroyed in 2004. The Federal Aviation Administration completed an aeronautical study under the provisions of 49 United States Code (USC), Section 44718 and, if applicable, Title 14 of the Code of Federal Regulations (CFR), Part 77. Based on that aeronautical study, the FAA issued a "Determination of No Hazard to Air Navigation" on June 28, 2006. Project implementation will necessitate the approval of a Development Agreement.	<b>NOP</b>	04/25/2007
2007031139	Los Gatos Creek Estates Annexation Coalinga, City of Coalinga--Fresno The proposed project is planned as a community with single family residential, school, parks, and open space uses.	<b>NOP</b>	04/25/2007
2007031140	Belmont Pier Boat Mooring Project Long Beach, City of Long Beach--Los Angeles The mooring project consists of 45 total mooring buoys in three mooring areas in Long Beach Harbor: on the east side of Belmont Veteran's Memorial Pier, on the west side of Belmont Veteran's Memorial Pier, and on the lee side of Oil Island White.	<b>NOP</b>	04/25/2007
2007032138	Case No. 2007.0118E - San Joaquin Pipeline System Project San Francisco, City and County Planning Dept. --Tuolumne, Stanislaus, San Joaquin The proposed San Joaquin Pipeline (SJPL) System Project includes construction of two new pipeline segments, totaling approximately 17.4 miles within the existing 47.5-mile long SJPL right-of-way, collectively called SJPL No. 4. One pipeline segment would begin at Oakdale Portal in western Tuolumne County and end approximately 6.4 miles to the west in Stanislaus County; the other would begin west of the San Joaquin River and end approximately 11 miles to the west at Tesla Portal in San Joaquin County. To improve flexibility and reliability, the project also includes construction of two new crossover facilities and rehabilitation of a third existing crossover facility, the Roseville Crossover.	<b>NOP</b>	04/25/2007
1999071065	Rijlaarsdam Dairy (PSP 99-052) Tulare County Traver--Tulare Special use permit (PSP 99-052) and a permit by the California Regional Water Quality Control Board, Central Valley Region, of a Notice of Intent under a General Waste Discharge Order, to establish a new dairy to accommodate a maximum of 5,437 animal units (Holstein) (3,160 milk cows plus support stock) on 165 acres of a 1,353-acre total site.	<b>Neg</b>	04/25/2007

	landscaping.		
2007031151	Change of Zone No. 7355 & Tentative Parcel Map No. 32805 Riverside County Planning Department --Riverside Change of Zone No. 7355 proposes to change the project site's current zoning classification from Residential Agriculture - 10 acre minimum (R-A-10) to Residential Agriculture - 5 acre minimum (R-A-5).  Tentative Parcel Map No. 32805 Amended 2 - Proposes a schedule H subdivision of 10.03 acres into two residential parcels.	<b>MND</b>	04/27/2007
2007031152	Rough Grading Permit for a 10-acre Parcel Located North of Sandalwood Drive on 7th Street Calimesa, City of Yucaipa, Calimesa--San Bernardino The proposed project consists of a Rough Grading Plan for an approximate 10-acre site. No development project is planned for this site at this time, though the parcel is zoned for commercial development in the future. Approximately 15,680 cubic yards of soil will be moved as part of the grading operations. The proposed grading plan would not require the export or import of soil; the existing soils would be balanced on site.  There are two drainages and an unnamed stream that would be filled as part of the proposed project. The two drainages are intermittent and are located in the middle and southern portions of the project site, respectively. The unnamed stream is a blue-lined stream (also intermittent) in the northern part of the project site. In the northern portion of the project site, the unnamed blue-line stream would be filled and drainage across that portion of the site would be via a new 30-inch and 24-inch underground pipeline. This new pipeline would connect to an existing 30-inch pipeline at I-10 and the eastern project boundary, and to an existing 36-inch pipeline at 7th Street on the west. The new pipeline would be built along a proposed City of Calimesa Drainage Easement. As part of this portion of the project, the existing 7th Street drain would be removed and replaced with a new "V" gutter drain and a desilting basin drain pipe and riser would also be installed. In the southern portion of the project site, the two intermittent drainages would be filled and one 24-inch pipeline would be constructed. The new pipeline would be connected to an existing 24-inch pipeline located at I-10 and the eastern project boundary and to an existing 30-inch pipeline at 7th Street to the west. A City of Calimesa Drainage Easement is also proposed at this location. Both pipelines include the installation of manholes and pipe headwalls.  The existing on-site Yucaipa Valley Water District pipeline located near the middle of the site would be protected in place with 48-inches of cover, mounding over the pipeline would be required. A 2-foot by 6- to 12-inch deep V-ditch is proposed around the northern, eastern, and southern portion of the site to transport runoff water to the existing storm drain system along 7th Street. In addition, the onsite power poles would be protected in place per Southern California Edison guidelines.	<b>MND</b>	04/27/2007

	General Plan. It is a mixed-use project that combines industry, commerce, housing, open space, and civic and associated uses. Buildout of the proposed project would be split into five residential/mixed-use development phases and five employment center development phases and is anticipated to occur over approximately 30 years.		
2007031150	Tippecanoe Avenue Street Improvement Project Inland Valley, City of San Bernardino--San Bernardino The Tippecanoe Avenue street improvement alignment encompasses the approximately 3,200 feet of Tippecanoe Avenue from the southern corner of Mill Street to a point just north of the Santa Ana River. Tippecanoe Avenue is identified as having a 100-foot right-of-way (right-of-way will be 120-feet in width following construction) and the segment that will be constructed under this action is approximately 3,200 feet in length. The project also includes installation of associated curb and gutter, medians, sidewalk, and storm drain and a new outlet into the Santa Ana River. The proposed storm drain facility will be installed on the east side of the Tippecanoe Avenue alignment and it will outlet into the River, just east of the Tippecanoe bridge that presently crosses the Santa Ana River. No alterations are proposed for the bridge. A median will be constructed as part of the proposed project. The proposed curb system will range from six to eight inches.	<b>Neg</b>	04/27/2007
2007032156	Application to Appropriate Water No. 30451 Elk County Water District --Mendocino The project proposed includes the following elements: a permit from the SWRCB for the appropriation of groundwater under the influence of surface water; installation, maintenance and operation of the existing wells 1 and 2; initiation and repair of a streambank revetment on Greenwood Creek to protect wells 1 and 2 from lateral migration into their flood terrace position; and possible relocation of the Points of Diversion (POD) from existing locations 1 and 2 to locations A and B as mapped on Figure 6. Total water groundwater under the influence of surface water resources proposed for extraction are consistent with those previously applied for under water right application 30451 with the SWRCB to authorize year-round diversion of 0.097 cfs of water for a total diversion of 40.31 afa.	<b>Neg</b>	04/27/2007
1991011023	SEIR for 2851 Alton Parkway Residential Project; Irvine Business Complex (IBC) Irvine, City of Irvine--Orange The proposed project consists of a General Plan Amendment (00377519-PGA - PGA), Zone Change (00388322 - PPP), and Tentative Tract Map (00387974 - PTT) to allow for the development of 82 residential units within Planning Area 36 (Irvine Business Complex).	<b>NOD</b>	
2005041138	Castaic Lake Water Agency's Recycled Water Master Plan (RWMP) Castaic Lake Water Agency Santa Clarita--Los Angeles CLWA proposes to develop and construct a recycled water system to serve the Santa Clarita Valley in an attempt to reduce the present and future demands on its potable water supplies. In 1993, CKWA prepared a Draft Recycled Water System Master plan (1993 Master Plan) that outlined a multi-phase program to integrate recycled water into the overall water supply system in the CLWA service area.	<b>NOD</b>

2005092086	Sawmill I Bicycle Path Project El Dorado County South Lake Tahoe--El Dorado The County of El Dorado proposes to construct and maintain the Sawmill I Bicycle Path and bridge over the Upper Truckee River, as part of the Tahoe Regional Planning Agency's (TRPA) "Tahoe Regional Bicycle and Pedestrian Master Plan," adjacent to the US Highway 50 corridor.	<b>NOD</b>	
2006082144	Christmas Valley 1 Erosion Control and Stream Environment Zone Restoration Project El Dorado County South Lake Tahoe--El Dorado The project proposes to construct and maintain storm water facilities and implement erosion control practices as identified in the Lake Tahoe Environmental Improvement Program, and proposes to enhance and restore several small SEZ areas. The project also includes the possible acquisition of easements on the above-mentioned parcels.	<b>NOD</b>	
2006111074	Old Creek Road Bridge Crossing Improvement Project Ventura County --Ventura The County of Ventura Public Works Agency, Transportation Department (the County), in cooperation with the California Department of Transportation (Caltrans), the Federal Highway Administration, and the California Department of Fish and Game (CDFG), proposes to replace the Old Creek Road crossing over San Antonio Creek. The proposed project would replace the existing dry-weather crossing with a two-lane, multi span bridge across the creek. The purpose of the Old Creek Road Bridge Crossing Improvement Project is to improve the safety and operation of the bridge over San Antonio Creek. Specific objectives of the proposed project include improving local access and circulation, enhancing vehicle safety while crossing the creek, and enhancing the passage of steelhead trout in San Antonio Creek.	<b>NOD</b>	
2006112020	West Sunnyside Erosion Control Project (PCRE T20060687) Placer County Planning Department --Placer Throughout the project area extensive source control efforts will be implemented to stabilize the numerous cut and fill slopes where roads were cut into the hillsides. Stormwater conveyance paths will be stabilized with rock and vegetation in all of the steeper areas. Where possible, high velocity flows will be attenuated by diversion structures coupled with infiltration areas constructed on less steep public lands.	<b>NOD</b>	
2007012101	2004-09 General Plan Amendment and Zoning Amendment within the Valley Springs Community Plan Calaveras County Planning Department --Calaveras The County of Calaveras is requesting a General Plan Amendment to the Valley Springs Community Plan to change the land use designation from Agricultural Rural to Commercial and a Zoning Amendment from U (Unclassified) to C1 (Local Commercial) for six (6) parcels for a total acreage of 5.79 acres.	<b>NOD</b>

2003032087	Vista Village Planning Agency Tahoe Regional Planning Agency -- The Tahoe Regional Planning Agency (TRPA) has directed the preparation of a Draft Environmental Impact Statement and Draft Environmental Impact Report and (DEIS/DEIR) in compliance with the provisions of the California Environmental Quality Act for the Vista Village Workshop Housing Project (Vista Village). The Vista Village Project would provide professionally managed affordable housing to local workers and their families in the north Tahoe area. The need for affordable housing in the north Lake Tahoe area has been documented by both TRPA and Placer County.	<b>EIR</b>	05/14/2007
2005062017	Coyote Valley Specific Plan San Jose, City of San Jose--Santa Clara The Coyote Valley Specific Plan (CVSP) proposes the urban development of a minimum of 25,000 residential units and 50,000 new jobs on approx. 3,400 acres in northern and mid Coyote Valley, located on an existing rural area south of the Santa Teresa neighborhood and Tulare Hill. The project includes a proposed strategy to implement the South Coyote Greenbelt on an area of approx. 3,500 acres that is intended to be a permanent non-urban buffer between San Jose and Morgan Hill. The CVSP would create a new pedestrian and transit oriented community in southern San Jose, with a projected population of approx. 70,000 to 80,000 people (based on Census 2000 household data). The CVSP includes urban land uses such as workplace, residential, retail, and mixed use development, as well as structured / shared parking, and new roadways. The new roadways include a multifunctional Parkway and an extension of Bailey Ave. to the southwest towards Almaden Valley. The Plan includes an internal Bus Rapid Transit (BRT) system with a connection to a multi-modal Caltrain station on the west side of the existing Caltrain line. Additionally the plan includes schools, a library, a community center, parks, trails, playfields, and services and utilities necessary to support a community this size. The CVSP includes a lake and urban canal, and proposes to relocate and restore Fisher Creek to a historic alignment. Build-out of the proposed project is anticipated to occur over a 25-50 year timeframe.	<b>EIR</b>	05/14/2007
2006082130	Northern Sacramento Enterprise Zone Sacramento Housing and Redevelopment Agency Sacramento--Sacramento The proposed project is an adoption and implementation of the Northern Sacramento Enterprise Zone for the project area described above. The Enterprise Zone Program is a State tax credit program providing a variety of state tax incentives and local financial and technical assistance to Enterprise Zone businesses to enhance economic investment and job creation within the application area.	<b>EIR</b>	05/14/2007

2007031155	<p>Moreno Valley Regional Water Reclamation Facility Expansion to 18 MGD Eastern Municipal Water District Moreno Valley--Riverside</p> <p>The Eastern Municipal Water District (EMWD) Moreno Valley Regional Water Reclamation Facility (MVRWRF) collects and treats municipal sewage and produces recycled water for reuse. This facility currently has a reliable treatment capacity of about 11.6 million gallons per day (MGD). The MVRWRF service area is experiencing a high growth rate and based on current sewage flow projections, the MVRWRF's treatment capacity must be increased. To accomodate projected sewer flow increases in the service area, EMWD is proposing to expand the MVRWRF's raw sewage capacity to 18 MGD. EMWD will construct new facilities and modify existing facilities at the MVRWRF. Upon completion, the proposed plant expansion will provide greater treatment capacity as well as more effective and efficient operation of the treatment facilities.</p>	<b>MND</b>	04/30/2007

	Agricultural preserve.		
2007031159	The Lexington Los Angeles, City of --Los Angeles The Lexington Project is a proposed mixed use residential and retail development within the Hollywood community of the City of Los Angeles. The proposed project would include the development of approximately 787 residential units with approximately 22,200 square feet of community-serving retail/restaurant uses. The residential uses would be located within six buildings ranging from five to eight stories in height and would include open space and recreational amenities. The community-serving retail/restaurant uses would be located on the ground level along the Santa Monica Boulevard frontage. Additionally, a three level parking facility, providing 1,660 spaces within two subterranean levels and one ground level, would be located below the residential uses.	<b>NOP</b>	04/30/2007
2007034007	Delta Mendota Canal Water Resources, Department of --Contra Costa, San Joaquin, Stanislaus, Merced, Fresno, ... The intent of the proposed project is to lower salinity, increase dissolved oxygen, and meet and/or augment flow requirements on the lower San Joaquin River by utilizing excess capacity in the Delta-Mendota Canal while reducing reliance on the New Melones Reservoir water supplies. The project will provide greater flexibility in meeting existing water quality and flow standards.	<b>NOP</b>	04/30/2007
2007031153	Norwalk Tank Farm General Plan Amendment/ Zone Change Norwalk, City of Norwalk--Los Angeles The project site is designated as Low Density Residential in the City of Norwalk General Plan and is designated as Single Family Residential (R-1) in the City's Zoning Code. The project site is currently developed with a city park (Holifield Park) and an abandoned industrial fuel tank farm with 12 above ground storage tanks, above and below ground pipelines, and associated structures and equipment. The project proposes to change the General Plan and Zoning designations from low density residential to Specific Plan Area (SPA), to allow for future implementation of a Specific Plan with retail, light industrial, and active recreational uses on the site. However, no physical development of the project site is proposed at this time.	<b>Neg</b>	04/30/2007
2007031154	Public Works- Cypress Mountain Drive Bridge Repair Project; ED06-271 (245R12B501) San Luis Obispo County --San Luis Obispo A proposal by the County Public Works Department for a project to protect the existing Cypress Mountain Drive at Las Tablas Creek Bridge from damage by scour. The project involves replacement and reinforcement of bridge footings, construction of new scour protection wall, and replacement of support posts, resulting in the disturbance of approx. 4,000 square feet immediately around and below the bridge. The project is located in the Agriculture and Rural Lands land use categories, on Cypress Mountain Road, approx. 1,000 feet northwest of Klau Mine Road, approx. 9 miles west of the community of Templeton and 6 miles north of Cayucos, in the Adelaida planning area.	<b>Neg</b>	04/30/2007
