STATE CLEARINGHOUSE

NEWSLETTER

October 16-31, 2007

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **October 16-31, 2007**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Senior Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

DATE: February 13, 2007
TO: State Agency CEQA and Intergovernmental Review Coordinators
FROM: Scott Morgan, Senior Planner
SUBJECT: Distribution of Environmental Documents in CD-ROM Format

The State Clearinghouse has received an increasing number of requests from local and state lead agencies to distribute CEQA documents to state reviewing agencies in an electronic format, typically CD-ROM. The most common reason for these requests is to reduce cost. CD-ROMs are cheaper for the lead agency to reproduce and mail, and cheaper for the State Clearinghouse to distribute, especially in the case of multi-volume documents.

The State Clearinghouse has distributed EIR's and EIS's in CD-ROM format for state agency review and comment since August 1, 2003. Based on our experience with those documents, a survey conducted of state reviewing agencies and the potential cost savings to local and state agencies, we are extending this policy to other environmental documents including Negative Declarations, Mitigated Negative Declarations and Environmental Assessments. The State Clearinghouse will accept environmental documents under the following terms:

- CEQA Lead agencies may provide copies of draft environmental documents to the State Clearinghouse for state agency review in an electronic format. The document must be on a CD-ROM in a common file format such as Word or Acrobat.
- Lead agencies must provide fifteen (15) copies of the CD-ROM to the State Clearinghouse. In addition, each CD-ROM must be accompanied by 15 printed copies of the DEIR summary (as described in CEQA Guidelines §15123), executive summary, or introduction section of a Negative Declaration or Mitigated Negative Declaration. The printed summary allows both the State Clearinghouse and agency CEQA coordinators to distribute the documents quickly without the use of a computer.
- Final environmental documents may be provided in CD-ROM format without a printed summary. Distribution of the final documents is optional under CEQA.
- Federal lead agencies may send electronic copies of environmental documents to the State Clearinghouse in the same manner described for CEQA lead agencies. Distribution of NEPA documents to state agencies through the State Clearinghouse is encouraged pursuant to Presidential Executive Order 12372 and NEPA §102 (42 USC §4332)
- All notices of preparation must continue to be provided in printed format.
- Please provide one Notice of Completion Form with all submittals.

If your agency has difficulty downloading and reviewing any environmental documents please contact:

Scott Morgan, Senior Planner
916-445-0613
scott.morgan@opr.ca.gov

Thank you for your cooperation in the CEQA review process.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE
1999 through 2006**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

2003052054	<p>Samoa Town Master Plan Recirculation Draft 3 Master EIR Humboldt County Community Development Services Arcata, Eureka--Humboldt</p> <p>The town of Samoa is a former lumber mill company town that was developed before the turn of the century. The Master Plan area currently contains 99 single family residential units, a small commercial area, and extensive vacant industrial lands. The future development contained in the Master Plan would maintain the historic resources and develop additional residential units, a Recreational Vehicle Park, a Historic/Cultural Precinct, new tourist and resident-oriented retail, a business park, coastal dependent industrial uses, parks and open space. Prior to any new major development, the water and sewer lines in the town will need to be repaired or replaced. A new Sewage Treatment Plant will need to be constructed to handle the demand created by any new major development. The Master Plan also includes protections for natural resources and environmentally sensitive habitat areas, as well as design guidelines for the protection of historic resources.</p>	EIR	11/29/2007
2006112141	<p>Tuolumne County 2006/07 Regional Transportation Plan Tuolumne County --Tuolumne</p> <p>The proposed project is the adoption and implementation of the Regional Transportation Plan (RTP) in Tuolumne County. The RTP is a blueprint for the systematic development of a balanced, comprehensive, multi-modal transportation system, including but not limited to: roadways, transit, aviation, goods movement, bikeways, pedestrian facilities, transportation systems management and intelligent transportation systems. In addition, the RTP is action oriented and pragmatic, considering both the short-term (up to ten year) and long-term (ten to twenty year) periods.</p>	EIR	12/14/2007
2001042115	<p>Marin-Sonoma Narrows HOV Widening Project Caltrans #4 Petaluma, Novato--Sonoma, Marin</p> <p>The California Department of Transportation and the Federal Highway Administration propose to improve a 26.0-kilometer, or 16.1-mile segment of US 101, from Route 37 in the City of Novato (Marin County) northward to the Corona Overcrossing in the City of Petaluma (Sonoma County). The improvements involve, among other upgrades, constructing High Occupancy Vehicle lanes, widening and realigning portions of the roadway, construction of new interchanges, upgrading drainage systems, and construction of new frontage roads and bikeways.</p>	JD	12/14/2007
2007101078	<p>Plot Plan No. 21591 Riverside County Planning Department --Riverside</p> <p>Plot Plan No. 21591 proposes to legalize an existing 1,600 square foot winery and tasting room, 400 square feet of which will be used for the tasting room, and to construct a new 2,596 square foot wine storage building. The existing 2,400 square foot residence will remain. Additionally, special events, limited to those required by the Temecula Valley Sine Growers Associaten, will be held three times a year between the hours of 10 am and 5 pm.</p>	MND	11/14/2007

<u>Documents Received on Tuesday, October 16, 2007</u>			
2007101080	Dogwood Avenue and Interstate 8 Interchange Ramp Widening and Signalization Project El Centro, City of El Centro--Imperial The proposed Project, to modify the existing interchange to allow signalization and more storage capacity for vehicles, includes the widening of the west bound and east bound off-ramps at Dogwood Avenue and I-8 and all approaches of Dogwood Avenue. The proposed work also includes the design and installation of new traffic signals at these on- and off-ramps. All work is anticipated to be completed within the existing Caltrans right-of-way. Encroachment permits will be necessary from Caltrans and the Imperial Irrigation District (IID) who have facilities adjacent to the project site.	MND	11/14/2007
2007101084	Ronald Reagan Sports Desiltation Basin Long-term Maintenance Project Temecula, City of Temecula--Riverside Ongoing long-term routine maintenance of an existing sediment basin. The basin would be drained and sediment would be removed to restore the capacity of the basin to its original design elevation. The removed sediment would be spread in an adjacent disturbed area to dry, and then exported off site to an appropriate landfill. Willow riparian vegetation would be temporarily removed to accommodate the silt removal; a strip of willows (25 feet or greater) would be left around the edges of the basin to provide a visual buffer. Riparian vegetation would be allowed to grow between maintenance activities.	MND	11/15/2007
2007102091	Altamont Commuter Express Maintenance Facility San Joaquin Regional Rail Commission Stockton--San Joaquin The San Joaquin Regional Rail Commission (SJRRRC) maintains and operates the Altamont Commuter Express (ACE) system, which provides commuter rail passenger service between the City of Stockton and the City of San Jose. In order to provide public transportation services, SJRRRC maintains their current ACE passenger rail fleet in the UPRR Stockton Rail Yard, which is considered a temporary facility. The proposed ACE Maintenance Facility Project (proposed project) includes the development of a new maintenance facility for ACE's commuter rail passenger train. The proposed project provides for daily inspection, maintenance, and cleaning of ACE's rolling stock, as well as progressive maintenance, including light and heavy repairs of passenger coaches and locomotives. SJRRRC proposes to construct the new maintenance facility on a 14-acre site previously used as a rail yard.	MND	11/15/2007
2007101079	NoHo Artwalk East and West Project Los Angeles, City of --Los Angeles The proposed project is intended to demolish the existing industrial/commercial structures located on the project site and to relocate the single-family home located on-site. The proposed project includes the construction of multi-story residential structures located above three levels of retail uses and above ground parking in the North Hollywood-Valley Village community of the City of Los Angeles. 2001072066	<p>Chinatown YMCA Renovation and Building Additions Project (Planning Department Case No. 1999.536E) San Francisco Planning Department San Francisco--San Francisco</p> <p>The proposed Chinatown YMCA Renovation and Building Addition Project is located at 855 Sacramento Street (Assessor's Block 2042, Lot 027) in the Chinatown neighborhood. The project site is located on the block bound by Sacramento Street to the north, Grant Avenue to the east, California Street to the South and Stockton Street to the west. The proposed project would include additions to and renovations of the existing YMCA to create a larger, integrated facility containing approximately 48,750 square feet (sf) of expanded recreation, community services and residential uses. The proposed project would include three elements: (1) extensive interior renovation of the existing three-story-over-basement/ground floor, 45-foot-tall, 25,950-sf building; (2) construction of a new three-story, approximately 39-foot 9-inch-tall, 19,350-sf east wing addition; and (3) construction of a new four-story, approximately 32-foot 4-inch-tall, 3,500-sf rear addition to the existing building along Sabin Place. The proposed project would result in a total of 25 residential hotel rooms, a new aquatic center, new wellness center and expanded community center.</p>	EIR	11/30/2007
2006091037	<p>Merced County Enterprise Zone Merced County</p> <p>Atwater, Dos Palos, Gustine, Livingston, Los Banos, Merced--Merced</p> <p>The project would establish an Enterprise Zone in portions of Merced County and in certain areas within the cities of Atwater, Dos Palos, Gustine, Livingston, Los Banos, and Merced that are considered to be disadvantaged areas (i.e., high unemployment and low-income). The project objective is to generate new private sector economic growth in disadvantaged areas of Merced County and the cities of Atwater, Dos Palos, Gustine, Livingston, Los Banos, and Merced by providing access to incentives for increased employment and business investment within those areas.</p>	EIR	
2007042035	<p>Coleman Avenue/Autumn Street Improvements San Jose, City of San Jose--Santa Clara</p> <p>The project will widen Coleman Avenue to six lanes between Hedding Street and Autumn Street, a distance of approximately 0.8 mile. This segment of Coleman Avenue is currently four lanes. North of Hedding Street, Coleman Avenue has recently been widened to six lanes as part of the I-880/Coleman Avenue Interchange Improvement Project. The project will widen partially realign, and extend Autumn Street between Coleman Avenue and Park Avenue, a distance of approximately 1.1 miles. Autumn Street currently varies from two to three lanes and terminates north of Julian Street.</p>	EIR	11/30/2007
2007021086	<p>30th Street West and Avenue K Projects Lancaster, City of Lancaster--Los Angeles</p> <p>The proposed projects involve the development of commercial and residential uses on currently vacant land. Approximately 36,300 square feet of commercial uses would be developed on the southwest project site, and approximately 42,867 square feet of commercial development and 50 townhomes would be developed on the southeast project site.</p>	FIN

2007052135	Mather Interceptor Sacramento County Rancho Cordova--Sacramento The project would construct a pump station and odor control facility, a dual 24-inch diameter force main, a 54-inch diameter gravity interceptor, and a 72-inch diameter gravity interceptor and related transition, drop, and junction structures.	FIN	
2007082036	M&T Chico Ranch/Llano Seco Rancho Pumping Plant Maintenance of Channel Alignment Sacramento River Mile 192.5 U.S. Fish and Wildlife Service Chico--Butte, Glenn The proposed action would be to place 1,520 feet of rock and tree revetment on the west side of the Sacramento River and remove gravel on the east side of the river. The primary objective of placing longitudinal stone toe with tree revetment is to stabilize the site, thereby protecting the M&T Chico Ranch/Llano Seco Rancho pumping facility and the outfall for the City of Chico's Wastewater Treatment Plant. Approximately 9,120 tons of rock would be placed to about half of the bank height to an elevation of about 120 feet above mean sea level and the base of the revetment would be about 30 feet in width. Backfilling behind the stone toe will thicken the tow and provide a medium for revegetation. The top of the bench would be an average of approximately 10 feet. Woody brush material would be incorporated into the revetment by anchoring the material with cables and partially sunken large boulders to prevent loss during overtopping flows. The brush portion of the revetment would consist of multiple, alternative clusters of trees spaced approximately 10 to 15 feet apart at two elevations to provide instream and object cover at a range of flows.	FIN	
2007101083	Plot Plan No. 22513 Riverside County Planning Department --Riverside Plot Plan No. 22513 proposes two (2) industrial buildings totaling 73,878 square feet on a 4.42 gross acre site with a floor area ratio of 0.38 (Heavy Industrial requires a 0.15-0.50 floor area ratio) consisting of: 2,000 square foot mezzanines, 45,647 square feet of landscaping area, 75,037 square feet of paved area, and 126 parking spaces. The total building square footage proposed is 73,878 square feet as follows: building four (4) proposes 59,943 square feet with 2,000 square feet of mezzanine on Lot nine (9), (APNs: 163-400-12 and 163-400-013) and building five (5) proposes 13,935 square feet on Lot eleven (11) (APN 163-400-010). This project site is within the Mira Loma Warehousing/Distribution Center Policy Area and is within compatibility zone D of the Riverside Municipal Airport.	MND	11/15/2007
2007102087	Quartz Drive Self Storage (PCPB T20060611) Placer County Planning Department Auburn--Placer The project proposes developing about 6.5 acres of a 9.2 acre site, located north of the Auburn Crossroads Shopping Center, into a self storage facility consisting of approximately 130,000 sq. ft. of storage in 10 buildings, a 3,000 sq. ft. office and a 2,100 sq. ft. manager's residence. The remaining 2.7 acres of the site, west of the proposed facility, are proposed for future commercial/office development.	MND	11/15/2007

	and debris will be done in a 0.25 acre area of the riparian forest adjacent to the Los Osos Creek.		
2003041071	Morro Bay Partners in Restoration Permit Coordination Program Coastal San Luis Resource Conservation District Morro Bay--San Luis Obispo DFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1602 of the Fish and Game Code to the project applicant, Cheryl Turri. The applicant proposes to install pipeline from water sources on either side of San Luisito Creek, to tanks on 2 hills, and then subsequent conveyances to troughs to provide off stream water sources for cattle grazing.	NOD	
2003041071	Morro Bay Partners in Restoration Permit Coordination Program Coastal San Luis Resource Conservation District Morro Bay--San Luis Obispo DFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1602 of the Fish and Game Code to the project applicant, Marla Morrissey. The applicant proposes to perform selective pruning, hand removal of debris jams, cutting, hauling or reuse of the debris on Los Osos Creek.	NOD	
2003041071	Morro Bay Partners in Restoration Permit Coordination Program Coastal San Luis Resource Conservation District Morro Bay--San Luis Obispo DFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1602 of the Fish and Game Code to the project applicant, John Tonini. The applicant proposes to install a grade stabilization structure just upstream of an existing stone culvert. The 48" diameter drop structure will be connected to the existing culvert by way of a 36" x 24" reducing nipple extending into the existing culvert. Approximately 345 cubic yards of cut and fill will enable the stream bed to be graded to a slope of 3.3 percent upstream and 1.8 percent downstream of the existing culvert.	NOD	
2003041071	Morro Bay Partners in Restoration Permit Coordination Program Coastal San Luis Resource Conservation District Morro Bay--San Luis Obispo DFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1602 of the Fish and Game Code to the project applicant, Alan Eto. The applicant proposes to remove large woody debris that has the potential of causing debris jams in Los Osos Creek. All debris will be hauled out of the creek by hand and pulled into the adjacent cropland area to be chipped or burned.	NOD	
2003062075	Cupid Row Canal Vegetation / Sediment Removal Project San Mateo County San Bruno--San Mateo The County of San Mateo is proposing to clear sediment and vegetation from an artificial watercourse known as the Cupid Row Canal, on property commonly known as West of Bayshore (WOB). The channel carries runoff from the City of San Bruno to another canal known as North Channel, and eventually discharges into San Francisco Bay. The canal starts near Huntington Avenue in San Bruno and travels easterly, through two sharp bends, for approximately 1,700 feet. From there, the channel turns north and runs approximately 2,700 feet to San Bruno Avenue, where it flows through a concrete box culvert to North Channel. The channel is natural earth and has collected sediment over time, resulting in the deposition of 3-4 feet of material along the canal reach. Cattails and tules have colonized the channel, as have numerous willows, some of which are significantly	NOD

2007082036	M&T Chico Ranch/Llano Seco Rancho Pumping Plant Maintenance of Channel Alignment Sacramento River Mile 192.5 U.S. Fish and Wildlife Service Chico--Butte, Glenn The proposed action would be to place 1,520 feet of rock and tree revetment on the west side of the Sacramento River and remove gravel on the east side of the river. The primary objective of placing longitudinal stone toe with tree revetment is to stabilize the site, thereby protecting the M&T Chico Ranch/Llano Seco Rancho pumping facility and the outfall for the City of Chico's Wastewater Treatment Plant. Approximately 9,120 tons of rock would be placed to about half of the bank height to an elevation of about 120 feet above mean sea level and the base of the revetment would be about 30 feet in width. Backfilling behind the stone toe will thicken the tow and provide a medium for revegetation. The top of the bench would be an average of approximately 10 feet. Woody brush material would be incorporated into the revetment by anchoring the material with cables and partially sunken large boulders to prevent loss during overtopping flows. The brush portion of the revetment would consist of multiple, alternative clusters of trees spaced approximately 10 to 15 feet apart at two elevations to provide instream and object cover at a range of flows.	NOD	
2007091029	Orange Avenue Reinforced Culvert Crossing Perris, City of Perris--Riverside The proposed culvert crossing of the Perris Valley Drainage Channel at Orange Avenue will be a 11-barrel, 14 feet wide by 7 feet high, reinforced concrete box culvert with a total length of 162 feet and 56 feet in width. The proposed culvert will be designed for the 10-year storm event.	NOD	
2007109020	Lake or Streambed Alteration Agreement (Agreement) No. R1-07-0425 Del Norte County Planning Department --Del Norte The Department of Fish and Game (DFG) is issuing an agreement for one encroachment: extract 2,000 cubic yards of gravel.	NOD	
2007108223	Piedras Blancas Elephant Seal Viewing Boardwalk Parks and Recreation, Department of --San Luis Obispo Construct an ~1700 foot-long Americans with Disabilities compliant boardwalk with viewing platforms at key locations along an existing trail adjacent to and between 2 Caltrans operated parking lots in San Simeon State Park to improve public access to the Elephant Seal Viewing area. The boardwalk will be constructed of recycled plastic and pressure treated wood to resist decay. The entire boardwalk project will be constructed on upland fill along an abandoned roadbed and adjacent to the existing parking lots. The boardwalk will improve public access, eliminate use of a volunteer trail system, protect natural resources, and provide platforms at key locations for Elephant Seal viewing and interpretation.	NOE	
2007108224	Agreement 2006-0100-R4; Dry Creek and Unnamed Tributaries to Dry Creek; Low Ford and Culvert Installation Fish & Game #4 --Fresno Install a low-ford water crossing in Dry Creek with 3 10" diameter culverts to provide downstream water flow. Rock fill and cement slurry will be placed over the culverts. Install culvert crossings in 8 unnamed seasonal tributaries to Dry Creek.	NOE

	Culvert headwall collars and riprap outfalls will be placed at culvert crossings. Disturbed areas will be contoured and reseeded following construction.		
2007108225	Agreement R4-2003-0014; Maintenance Activities on Three Lakes Fish & Game #4 --Kern Maintenance activities to remove sediment and vegetation control on three lakes within Pine Mountain Club.	NOE	
2007108226	Caymus Vineyard Riparian Restoration Fish & Game #3 --Napa The project will involve riparian buffer establishment and restoration along Wooden Valley Creek and its tributary as part of the Caymus Vineyards Wooden Valley Creek project. Project will establish two wildlife corridors along the southern property boundary and adjacent to Wooden Valley Creek.	NOE	
2007108227	Meadowbrook Circle Creek Restoration Fish & Game #3 St. Helena--Napa The project will involve bank restoration on the north bank of Sulphur Creek, tributary to the Napa River on Meadowcreek Circle at Starr Avenue. Emergency work was completed during the winter of 2005-2006 to temporarily stabilize the streambank using large rock along ~70 feet of eroded bank.	NOE	
2007108228	Gentile Herrero Bank Stabilization Fish & Game #3 Calistoga--Napa The Operator proposes to stabilize the banks of Cyrus Creek. The banks will be re-vegetated and stabilized at three separate locations along 160' of the creek. A large tree will be trimmed back to balance the weight of the tree toward the bank. A combination of rock-barb, willow rock-barb, log crib, willow revetments, brush layering and an energy dissipater to a culvert outfall will be used to protect and rebuild the banks.	NOE	
2007108229	Napa Valley Yacht Club Dredge Fish & Game #3 Napa--Napa The project will involve dredging of ~8,500 cubic yards of sediment on the east bank of the Napa River. Accumulated sediment has created a one acre bar adjacent to the Napa Valley Yacht Club's dock, impeding access. The Napa River navigational dredge has been historically performed by the US Army Corps of Engineers, but due to funding issues will be performed privately by the Yacht Club.	NOE	
2007108230	Bayleat Bank Stabilization Fish & Game #3 --Napa The project involves bank stabilization activities on Maxwell Creek, tributary to Pope Creek, tributary to Lake Berryessa. An existing chronic slide is located on the west bank of Maxwell Creek and may be contributing to erosion along the east bank adjacent to an equipment staging area. In addition, a large oak is located along the top of east bank and is in the existing fallen oak on the opposite bank.	NOE

2007101095	ENV-2007-311-MND Los Angeles City Planning Department --Los Angeles Preliminary Parcel Map No. AA-2007-310-PMLA to permit the subdivision of one lot into 3 lots for the construction, use and maintenance of three single-family dwellings with code required parking spaces. The site is 76,259.2 sf (1.38 acres); Zone Change from A2-1 to (T)RA-1 Zone. Removal of trees. Demolition of existing single-family residence.	Neg	11/20/2007
2007101096	ENV-2007-868-MND Los Angeles City Planning Department --Los Angeles Tentative Tract Map to remove 2, single-family dwellings and construct a four-story, 45-foot tall, 21-unit residential condominium development with 47 subterranean parking spaces, on a 19,500 sf site, in the R3-1 Zone. 16 non-protected trees will be removed.	Neg	11/20/2007
2007101097	San Elijo Road Drainage Improvements Project San Diego County --San Diego The project proposes to replace the two existing 54" corrugated steel pipes with two 10-by-5 foot, 60-foot long box culverts able to convey 100-year storm capacity. The box culverts include two wing walls at each end (four total) to direct water flow, a debris nose to prevent debris build up, and erosion protection at the south end of the culverts.	Neg	12/04/2007
2007101101	New Wells #13 and #14, Storage Tank, and Connecting Pipelines Lemoore, City of Lemoore--Kings The proposed project is the construction and operation of two new wells, a new pipeline, and an associated storage tank. The wells are to be constructed to supplement the City's water supply and to offset the loss of production of Well #5 that will be abandoned due to arsenic contamination. The new Well #13 will provide the same or less water production capacity as Well #5, and will be drilled to a depth of ~1,500 ft. Well #14 will be similar in size and capacity to Well #13. Surface structures related to each well include a pump assembly and fencing to enclose the pump area.	Neg	11/20/2007
2007101102	Drilling and Equipping Wells 30 and 31 Colton, City of Colton--San Bernardino Colton's Drilling and Equipping Wells 30 and 31 Project consists of constructing, equipping, and operating 2 domestic water production wells. The project is anticipated to include the following activities: site clearing and fencing, drilling, casing, developing, and testing of the wells using air-lift equipment and temporary diesel-driven pumps; installing pumping units, motors, electrical switchgear, and electrical power service; installing site piping, valves and appurtenances; installing an 8" to 12" diameter discharge pipeline in Fogg St. from the well site northerly to the City's existing 12" diameter waterline within M St.; installing an 8" to 12" diameter discharge pipeline in Congress St. from the well site westerly to the City's existing 16" diameter waterline within the 8th St.; installing disinfection facilities; painting aboveground facilities; constructing enclosures for protection of aboveground facilities; disinfecting the wells; plant start-up and operating the wells and well pumping plants.	Neg	11/20/2007

	Element, the Safety Element, and the Noise Element. The City is also considering related revisions in its Land Development Code. The Draft EIR discusses the following environmental issues related to the proposed revision of the General Plan: land use; population/housing; transportation and traffic; geology, soils and mineral resources; hazards; noise; biological resources; air quality; cultural resources; public service and utilities; aesthetics and visual resources; and hydrology/water quality.		
2006011020	San Luis Obispo County Regional Airport Master Plan Update San Luis Obispo County --San Luis Obispo DFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1602 of the Fish and Game Code to the project applicant, Don Sather, County of San Luis Obispo Dept. of General Services. The project consists of installation of a temporary clear span bridge structure for a haul road over the East Fork San Luis Obispo Creek. Riparian vegetation will be removed to above the top of the bank to place footings; the bridge will be placed by a crane or similar equipment from outside of the stream.	NOD	
2006111059	Non-Domestic/Recycled Water Master Plan Update San Juan Capistrano, City of San Juan Capistrano, Dana Point--Orange The City of San Juan Capistrano has prepared a Non-Domestic Water Master Plan Update that identifies a system of pipelines, pump stations, and reservoirs to distribute recycled water to accommodate existing and future non-domestic demands within the service area. The recycled water would be produced at the proposed Advanced Wastewater Treatment Plant to be located at the J.B. Latham Treatment Plant in Dana Point.	NOD	
2007041033	North River Road Widening Project ED06-047 (300277) San Luis Obispo County --San Luis Obispo DFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1602 of the Fish and Game Code, to the project applicant, County of San Luis Obispo, represented by Glen Priddy, Deputy Director of Public Works. The applicant proposes to widen North River Road to provide standard 4-foot wide shoulders, over an unnamed tributary to Salinas River.	NOD	
2007051087	Cajon Well Transmission Main Replacement Project San Bernardino, City of San Bernardino--San Bernardino The City of San Bernardino Municipal Water Department (CSBMWD, MWD or Department) proposes to install a new water pipeline connection between existing wells and the City water distribution system in Cajon Creek. The proposed project includes the replacement of approximately 750 lineal feet of water transmission pipeline. The existing 12-inch pipeline connects the Cajon Canyon well and the Vincent well, which was damaged during winter flood events of 2005. The pipeline is located within the middle portion of Cajon Creek. The new pipeline will be installed by opening a trench along the existing pipeline alignment, either removing the existing pipeline or leaving it in place, installing the new 12-inch water pipeline, and then closing the trench, including compacting the soil cover to meet compaction requirements needed to protect the pipeline within the creek channel.	NOD

2007091032	Lakeplant Well No. 6 Project Big Bear Lake, City of Big Bear Lake--San Bernardino The objective of the proposed well is to increase water production to meet peak day demand requirements of existing development and future connections. The proposed Lakeplant Well No. 6 would allow increased well pump cycling so that existing DWP wells could be turned off more frequently, thereby reducing localized water table drawdown associated with pumping. The proposed production well would also serve to replace production lost because existing wells have been removed from production for maintenance, water quality, or other reasons. The DWP evaluated geologic literature, the mapping of sedimentary materials in Bear Valley, and the results of recently conducted test wells. The proposed project is the drilling of a new production well just west of Big Bear Boulevard located on the south side of Bear Valley. The proposed project site is located on a DWP owned property already developed with other well facilities. The property is a strip of land located between existing commercial developments and bounded on the northwest by Big Bear Boulevard and on the south by Fox Farm Road.	NOD

2002021127	Marymount College Facilities Expansion Project Rancho Palos Verdes, City of Rancho Palos Verdes--Los Angeles The project involves renovations to the campus consisting of the demolition of 7 of the 13 existing buildings, the modernization and expansion of four existing buildings (14,916 square feet), the construction of six buildings (121,092 square feet), the relocation/reconfiguration of recreational facilities, parking areas (463 off-street parking spaces), and the entry drive, and various site improvements. The proposed buildings/expansions would result in a total of 210,254 square feet of floor area, representing a net increase of 117,986 square feet over the existing floor area of 92,268 square feet. The proposed project would occur entirely within the boundaries of the existing campus. No change to the College's existing academic operation or student enrollment limit is proposed under the current development application. The proposed new buildings include two Residence Halls (128 rooms) with capacity for 255 persons (250 students and 5 adult supervisors).	EIR	01/04/2007
2006032073	New Paradise Church Los Angeles City Planning Department --Los Angeles Conditional Use to permit the construction of a 32' high, 11,000 square foot (sq ft) church, with 415 congregants and 83 on-site parking spaces (18 parking spaces in the front yard setback), on a 54,506 sq ft parcel in the RA-1 zone.	EIR	12/13/2007
2003062100	Highway 101 HOV Lane Widening and Improvements Project - Old Redwood Highway to Rohnert Park Expressway Caltrans #4 Petaluma, Cotati, Rohnert Park--Sonoma The project extends along Highway 101 in Sonoma County between Old Redwood Highway in Petaluma and the Rohnert Park Expressway in Rohnert Park, a distance of 10.3 km (6.4 mi). The following improvements are proposed within the project limits: widening in the median to provide high occupancy vehicle (HOV) lanes in each direction; standard outside shoulders; auxiliary lanes to facilitate weaving traffic movements between the SR-116 and Rohnert Park Expressway	FIN

EIR	12/10/2007
2007021135	<p>Monrovia General Plan Update - Amendments to the Land Use and Circulation Elements Monrovia, City of Monrovia--Los Angeles</p> <p>The proposed Land Use and Circulation Elements, together with other already adopted General Plan elements, guide the overall development in Monrovia through horizon year 2030. The proposed Land Use and Circulation Elements establish goals and policies to guide long-term decision-making regarding land use, circulation, public safety, and related issues. The Zoning Code is the primary tool for implementing land use plans and policies contained in the General Plan. In response to extension of light rail service, the City's desire to create broader circulation and land use connections to the planned station, and the anticipated economic benefits to be derived from transit service, the City has prepared a new land use plan that reflects land use changes in three areas: the Station Square Transit Village, West Huntington Drive, and South Myrtle Avenue corridors. The City has identified these existing developed areas as most suitable to accommodate a higher intensity of development necessitated by the Gold Line. The intent of the Circulation Element is to provide the City a circulation system which is safe, sensible, and provides efficient movement of people and goods throughout Monrovia. The anticipated level of future development in Monrovia will generate increased levels of traffic and place additional demands on the City's circulation system. In an effort to alleviate traffic congestion and improve mobility, street improvements, travel demand management strategies, and additional transit opportunities have been identified.</p>	EIR	12/10/2007

1994041043	<p>Busick Tract Map; ED 90-061 San Luis Obispo County Arroyo Grande--San Luis Obispo Request by Haythem Dawlett, Carlo Alfono, and John Scardino for a Tract Map (Tract 1789) to subdivide an existing 47.54-acre parcel into 16 parcels of 2.0 to 5.29 acres each for the purpose of sale and/or development (the project includes off-site road improvements). The project will result in the disturbance of approximately 70,000 square feet of a 47.54-acre parcel. The division will create three on-site roads. The project improvements are proposed from the western terminus of Castilla Del Mar Drive to Valley Road. The proposed project is within the Residential Suburban land use category and is located at the north end of Coast View Drive, approximately 700 feet northwest of Falcon Crest Drive, immediately southwest of State Route 101, and adjacent to the city of Arroyo Grande. The site is in the San Luis Bay (Inland) planning area.</p>	FIN	
2005062111	<p>Proposed Lower Yuba River Accord Yuba County Water Agency Marysville--Yuba The purpose of the Yuba Accord is to resolve instream flow issues associated with operation of the Yuba River Development Project (Yuba Project) in a way that protects and enhances Lower Yuba River fisheries and local water supply reliability, while providing revenues for local flood control and water-supply projects, water for the CALFED Program to use for protection and restoration of Sacramento-San Joaquin Delta (Delta) fisheries, and improvements in statewide water supply management, including supplemental water for the Central Valley Project (CVP) and the State Water Project (SWP).</p>	FIN	
2007032055	<p>Heenen Lake Wildlife Area Management Plan Update Fish & Game #2 --Alpine The project is the Heenen Lake Wildlife Area Management Plan Update. The project site is located four miles east of the Highway 4 and Highway 89 intersection and seven miles southeast of Markleeville, CA. This project is an update to the existing Land Management Plan for the wildlife area. The Plan Update provides habitat descriptions, wildlife and fish species found within the Wildlife Area and describes management goals to maintain wildlife and fisheries values. The Wildlife Area provides habitat for Special Status species, game and other native species.</p>	FIN	
2007032097	<p>Measure C Bond Spending Implementation Plan for College of Marin (2007-2013), Indian Valley Campus Marin Community College District Novato--Marin The Implementation Plan at the Indian Valley campus would be constructed over a six-year period. At completion, the Indian Valley Campus is expected to have an enrollment of about 1,180 students, which is about a 20-percent increase over the 2006-2007 enrollment of 987 students. This represents about a three-percent increase per year over the next six years. The EIR will evaluate a potential range in increased gross square footage (gsf) of 25,000 to 36,000 gsf.</p>	FIN

	public transportation to access the site. The Community School would be in use by high school-age students between 8:00 am and 4:00 pm. The facility would be available for public use during the evening hours.		
2007101117	The Village at Westfield Topanga Los Angeles, City of --Los Angeles The Village at Westfield Topanga would create a live-work-play environment within the community through the development of approximately 426,665 square feet of retail space, approximately 77,635 square feet of restaurant uses, an approximately 35,640 square foot specialty grocery store, 360 apartment units, a 300-room hotel, approximately 559,834 square feet of office uses, approximately 14,250 square feet of community/cultural uses, and courtyards and open spaces. The project would be developed in accordance with height zones established for the site that would range from up to 78 feet above grade to up to 219 feet above grade. The project would also include surface parking and multi-level parking facilities providing at least 4,650 parking spaces upon full buildout of the project.	NOP	11/26/2007
2007101119	Unitarian Universalist Fellowship Conditional Use Permit DRC2005-00276 ED06-007 San Luis Obispo County Planning --San Luis Obispo Request by Unitarian Universalist Fellowship of San Luis Obispo County for a Conditional Use Permit to allow a phased development of an 11,000 square foot religious facility. Phase I would include the construction of a 5,325 square foot building consisting of a sanctuary, chapel, entrance area, kitchen, and three offices; the renovation of an existing 1,565 square foot residence converted into four classrooms and a nursery; construction of two play areas; and 119 parking spaces. Phase II would include the demolition of the existing residence (that was converted into classrooms under Phase I); construction of a 2,640 addition to the building constructed under Phase I to result in a 7,965 square building consisting of a sanctuary, chapel, choir area, entrance area, kitchen, four offices, a work room, a music room, library, and two meeting rooms; construction of a new 2,765 building containing six classrooms, an office, and a nursery; and 150 parking spaces. The facilities will be used for Fellowship sponsored group meetings and events.	NOP	11/26/2007
2007102114	Incorporation of New City of Arden Arcade Sacramento County Local Agency Formation Commission Sacramento--Sacramento The Arden Arcade Incorporation Committee proposes that the new City of Arden-Arcade would be a General Law City with a city manager form of government. Section 57376 of the State Government Code requires the city council of a newly incorporated city to immediately adopt all county ordinances (such as the Sacramento County Zoning Ordinance) for a period of 120 days after incorporation or until such time as the city council has enacted ordinances superseding county ordinances. LAFCo indicates that this process also transfers the policies and land use designations of the adopted Sacramento County General Plan to the new city, as Section 65360 of the State Government Code provides that the city council of a newly incorporated city has 30 months following incorporation to adopt its own General Plan. As a result, the act of incorporation will not alter the existing county zoning designations or proposed land uses or development which is currently authorized to occur within the Arden Arcade incorporation area. After that time, the City may adopt its own General Plan.	NOP	11/26/2007

2007101120	PMB Retail Development Los Banos, City of Los Banos--Merced The proposed project is the construction of a commercial retail center on a 7.1-acre vacant lot in the H-C (Highway Commercial) zone district. The proposed project provides approximately 93,000 square feet of commercial space including two detached drive-through fast-food businesses, a detached pharmacy/drug store with drive-up service, a detached major anchor tenant building with outdoor display area, and an additional building with multiple tenant space. The proposed project includes loading areas at the rear of the major anchor tenant buildings and 316 off-street parking spaces.	Neg	11/27/2007
2007101126	North Shafter Sewer Project Shafter, City of Shafter--Kern A proposal to expand the City of Shafter's wastewater collection system in an area of the City not currently served by sewer. The proposed collection system will consist of approximately 12,434 linear feet of new 8" sewer line with 206.4" sewer laterals extending to the property lines at all existing developed parcels. The system will include sewer wyes with plugs for future connection to all potential developable lots (approximately 12) within the project limits. All work will occur within existing streets and public rights-of-way within the City limits of Shafter. Approximately 1,250 linear feet of existing sewer trunk line will connect the expansion area to an existing lift station located approximately 1/4 mile south of Tulare Avenue. Funding proposed: State Water Grant (SCWG-1019) \$2,000,000 and State Revolving Loan Fund \$484,698.	Neg	11/27/2007
2007101127	John/Mallory Lot Line Adjustment ED07-0008 (SUB2006-00159) San Luis Obispo County Paso Robles--San Luis Obispo Request by Guenna John and Ron Mallory for a Lot Line Adjustment (COAL 07-0055) to adjust the lot lines between five parcels of 0.85, 0.88, 0.89, 0.95 and 1.18 acres each. The adjustment will result in four parcels of 1.05, 1.12, 1.13, and 1.45 each. The proposed project is within the Residential Suburban land use category and is located at 2902 and 2990 Geneseo Road on the east side of Geneseo Road, at the intersection of Mack Lane approximately 5 miles north of the community of Creston. The site is in the El Pomar/Estrella planning area.	Neg	11/27/2007
2007101129	Environmental Assessment and Development Review DRC2006-00540 and Density Bonus Agrmt DRC2007-00119 Rancho Cucamonga, City of Rancho Cucamonga--San Bernardino A request to develop 225 workforce apartment units on 12.87 acres of land and a review of proposed Housing Incentive Agreement to implement Development Review DRC2006-00540 allowing a density bonus and modifying specific development standards for the construction of 225 workforce apartment units on vacant property.	Neg	11/28/2007

2007102125	Mt. Eden - KB Home Phase II Hayward, City of --Alameda The project proposes to change the zoning from Medium Density Residential (RM) to Planned Development (PD) and to subdivide and develop 22 single-family homes along one private street. Fourteen of the units are proposed to be attached, with the remaining eight units proposed as detached. The subject site is located in the annexed Mt. Eden area of Hayward, effective March 2007.	Neg	11/27/2007
2007102126	2006 Air Quality Attainment Plan Shasta County Air Quality Management District --Shasta The Shasta County Air Quality Management District has prepared an Initial Study and Negative Declaration regarding the District's adoption of the 2006 Air Quality Attainment Plan. The plan details the state of Shasta County Air Quality Management District's efforts to attain State Ambient Ozone Air Quality Standards. It also lists additional precursor control rules for adoption by the District.	Neg	11/27/2007
2007102127	Alamo Plaza Renovation and Expansion Vacaville, City of Vacaville--Solano This project proposal is to renovate the existing Alamo Plaza Shopping Center located at the southwest corner of Alamo Drive and Merchant Street.	Neg	11/27/2007
2007102133	Sheridan Spray Expansion Project Placer County Department of Facility Services --Placer The Placer County Department of Facility Services Plan and is proposing to expand wastewater spray irrigation on to ~11.5 acres of agricultural land. The application of spray irrigation on agricultural lands is subject to the current requirements included in the Sheridan Wastewater Treatment Plant's Waste Discharge Requirements (WDRs) (Order No. R5-2002-0208). The WDRs include provisions for the disposal of wastewater on land that would be applicable to the proposed project.	Neg	11/28/2007
2003051046	Old Armenian Town Redevelopment Project- Relocation of Historical Resources Fresno, City of Fresno--Fresno The OAT Project area of 9.72 acres is located in downtown Fresno and is generally bounded by "O" Street, Ventura Street, "M" Street, and State Route 41 (SR 41). The OAT Project includes the acquisition, clearance, and transfer of land, and development of mixed-use office and retail uses. A portion of the Project site (2.8 acres) was transferred to the State of California for the development of the 5th District Court of Appeals at "O" Street and Ventura Street; the remainder of the land (6.92 acres) is for the proposed OAT Project. The project evaluated in this SEIR (the "Relocation Project") consists of the relocation of five historic homes to one of the following receiver sites: Receiver Site 1 - ("L" Street); Receiver Site 2 - (Fire Station); and Receiver Site 3 - (Emerson School). The evaluation includes an analysis of the environmental suitability of each receiver site for receiving the five historic resources. Site size, land use and zoning, alternative uses, and other factors, as well as each site's ability to mitigate the OAT Project impacts on these historic resources, are examined.	SBE	12/12/2007

The proposed substation would step down 69-kV power to 12-kV for residential and commercial service. The proposed additional 69-kV circuit would be added to a 1.35-mile long section of existing overhead single-circuit 69-kV with 12-kV underbuild along the west side of W. Stockton Blvd., from Krammer Road to about 600' north of the proposed substation.	MND	11/28/2007
2007112003	Goodrick Avenue Warehouse Project Richmond, City of Richmond--Contra Costa The project consists of the construction and operation of a two-story 41,190 square-foot warehouse building with 49 on-site parking spaces and five off-site parking spaces. The building would be a high-bay warehouse building with related business offices. The building would be constructed for a minimum of two tenants. One tenant is planned to occupy approximately 20,000 square feet of the warehouse and 10,000 square feet of office space. The second tenant would be primarily a warehouse user with about 4,500 square feet of office for administrative staff. The warehouse would be constructed of a combination of concrete wall panels, metal parapet and aluminum windows with tinted glass. It would have a flat roof.	MND	11/30/2007
2007108374	Marin Country Club Stream Improvement Project Fish & Game #3 Novato--Marin Reconstruct and restore a 230-foot reach of Arroyo San Jose Creek. The reach is currently channelized, lined with concrete and between 2 on-stream storage ponds. The project involves a combination of grading, re-vetting (planted boulder revetments for grade control and toe stabilization), bank stabilization via rip rap and native riparian plantings. 2007091030	SP00369, GPA00846, GPA00889, CZ07481, TR35702/ Thermal 551 Riverside County Planning Department Coachella--Riverside The proposed Specific Plan would consist of a mix of single and multi-family residential villages ranging in density from 3.6 to 9.9 units per acre. A total of approximately 2,354 single and multi-family dwelling units are currently planned within the Specific Plan. The Thermal 551 Specific Plan will provide 107.3 acres of park and open space amenities. An electric power substation may also be located within the project boundaries. Roads and public services and facilities are expected to be developed incrementally to serve development within the community.	NOP	11/28/2007
2007101132	Highland Fairview Logistics Building Moreno Valley, City of Moreno Valley--Riverside The proposed project is a logistics building and provisions for another logistics building and commercial development, including grading, offsite infrastructure, roadway and ramp improvements, and additional logistics and commercial development. The proposed project includes a General Plan Amendment (GPA), a Change of Zone (CZ), a Tentative Parcel Map (TPM), and a Plot Plan (PP) to enable three phases of development.	NOP	11/28/2007
2007102130	West Sacramento Levee Improvements Program West Sacramento Area Flood Control Agency West Sacramento--Yolo The program area includes the entire WSAFCA boundaries which encompasses portions of the Sacramento River, the Yolo Bypass, the Sacramento Bypass, and the Sacramento Deep Water Ship Channel. The levee system associated with these waterways includes over 50 miles of levees in Reclamation District (RD) 900, RD 537, RD 811, DWR's Maintenance Area 4, and the Deep Water Ship Channel. These levees completely surround the City. For the purposes of this program, the levees have been generally divided into the nine reaches: Sacramento River Levee North, Sacramento River Levee South, Port North Levee, Port South Levee, South Cross Levee, Deep Water Ship Channel Levee East, Deep Water Ship Channel Levee West, Yolo Bypass Levee, Sacramento Bypass Levee.	NOP	11/28/2007
2007102131	Marina Playa Residential Project Santa Clara, City of Santa Clara--Santa Clara The southern 3.2 acres of the project site is currently developed with a three-story, 47,000 square foot commercial office building, a two-story 31,200 square foot commercial office building, and a surface parking lot. The northern 4.1 acres of the project site is currently developed with two (2) two-story commercial office buildings. Each building is approximately 30,650 square feet and both are surrounded by surface parking. All of the buildings on the project site are currently vacant. On the southern portion of the project site, the project proposes to remove the existing buildings and construct 276 multi-family residential units. The apartment building will be four (4) stories tall on a podium, with a maximum height of approximately 50-55 feet (including decorative architecture features) above the finished grade and will be comprised of studio, one-bedroom, and two bedroom units. The building will include two (2) internal courtyards, one with a swimming pool and spa. Two (2) levels of parking will be provided under the building.	NOP	11/28/2007

<u>Documents Received on Tuesday, October 30, 2007</u>			
2007102138	77-111 Cambon Drive Mixed Use Project San Francisco Planning Department San Francisco--San Francisco The project parcel, a triangular block of a single lot (Assessor's Block 7324, Lot 1), is approximately 123,000 square feet in size and is located at 33-111 Cambon Drive, bounded by Cambon Drive to the west, Felix Avenue (a private road) to the south, and 19th Avenue (State Route 1) to the northeast, in the Parkmerced Neighborhood. The propose project would involve the demolition of two existing single-story structures on the site and the construction of a mixed-use project consisting of approximately 192 condominium units, 14,000 sq. ft. of retail space, a fitness center and a club room, and below-grade parking for 248 cars and 61 bicycles. The proposed buildings would be for stories in height along Cambon Drive and range between two stories (retail) and four stories (residential) in height along 19th Avenue. The proposed structure, which would include a central courtyard and several walkways throughout the site, would reach a height of 40 feet with various rooftop elements, such as stair and elevator penthouses, extending to 50 feet.	NOP	11/28/2007
2006061049	City of Mendota Wastewater Treatment Plant Expansion Project Mendota, City of Mendota--Fresno The existing wastewater treatment plant has a wastewater discharge permit for 1.24 million gallons per day (MGD). Flows into the plant approach this maximum limit. The project proposes to continue expansion of the plant by completing the second of two phases. The first phase increased the disposal capacity and was constructed in the spring of 2003. The second phase will increase the treatment and disposal capacity to 2.5 MGD and is planned for completion by Dec. 2008.	Neg	11/28/2007
2007101128	Proposed Classroom Expansion Lost Hills Union School District --Kern Lost Hills Union School District is proposing to construct and operate six new elementary classrooms and four new middle school classrooms at Lost Hills Elementary School and AM Thomas Middle School, respectively. Each new classroom will accommodate ~28 students each and will be constructed on existing developed school grounds. It is anticipated that the new classrooms will open for use in the 2010/2011 school year.	Neg	11/28/2007
2007101130	City of Industry Housing Element Update Industry, City of Industry--Los Angeles The proposed project consists of an update to the City's Housing Element. State law requires each local jurisdiction to prepare a Housing Element that identifies existing and projected housing needs and establishes goals, policies, and programs for the construction, preservation, and implementation of housing. Every 5 years, the Southern California Association of Governments allocate a share of the region's need for new housing to each of its member cities commensurate with the share of population and employment growth projected within each jurisdiction. 2007032116	Crystal Bay Stockton, City of Stockton--San Joaquin The Crystal Bay Master Development Plan project proposes a General Plan Amendment, Rezoning, Master Development Plan, Vesting Tentative Map, Development Agreement, Precise Road Amendment and annexation of three parcels comprising the 173 acre site. The proposed project consists of residential uses at a variety of densities. The development plan consists of five types of housing units, major circulation roads, and a project created lake. The community is anticipated to include approximately 1,363 total units. A total of 13.1 acres of parkland will be dedicated as part of this project. Additional open space landscape areas total of 21 acres within the proposed project.	EIR	12/14/2007

2007081034	<p>City of Rialto Waste Water Treatment Plant Master Plan / Expansion Rialto, City of Rialto--San Bernardino</p> <p>As proposed in the Wastewater Treatment Plant (WWTP) Master Plan, the capacity of Plant 5 would be doubled by duplicating each major piece of equipment. The WWTP currently processes between 7 mgd and 12 mgd. The proposed expansion would increase the rated capacity of the plant to 16 mgd. This operational redundancy is critical to the City of Rialto's ability to perform maintenance to prevent equipment failures that could result in capital replacement. As par of the Proposed Project, Plants 1 through 4 would be decommissioned in place and later removed. In addition, new high efficiency filters and an ultraviolet (UV) disinfection system would be added. The replacement of plants 1 through 4 along with the new tertiary treatment equipment would change the hydraulic profile of the plant and allow the plant to operate by gravity without the need for booster pumping. The proposed expansion and modernization would accommodate approved projects and the projected growth of the City General Plan. The expanded facility would operate more efficiently, use less electricity, and would require less maintenance than what is currently required to maintain the older Plants 1 through 4.</p>	EIR	12/14/2007
2007101137	<p>Safran Affordable Senior Housing Project Calabasas, City of Calabasas--Los Angeles</p> <p>The proposed project involves the construction of 75 units of affordable senior housing on a 42,176 sf parcel. Project development would include the construction of two, three-story buildings. The buildings would be connected by a network of landscaped walkways, with a subterranean parking garage providing 74 standard spaces, two handicapped spaces, including one van accessible space, and 83 bicycle spaces situated beneath the development. Of the 75 senior dwelling units proposed, 74 would be one bedroom units ranging from ~550 sf to ~650 sf. One unit would have 2 bedrooms and ~1,124 sf, and is intended to house the onsite complex manager.</p>	MND	11/29/2007
2007101141	<p>CDP 07-22 / HDP 07-02 / SUP 07-04 / HMPP 07-08 - El Camino Real Road Widening Carlsbad, City of Carlsbad--San Diego</p> <p>The City of Carlsbad proposes to improve the section of the El Camino Real from Tamarack Ave. The improvements include widening this section to its full width of 6 travel lanes, with 3 northbound and 3 southbound lanes. Also proposed are bike lanes, sidewalks and a landscaped median island.</p>	MND	11/29/2007
2007101142	<p>Proposed Tentative PLN07-00121 Victorville, City of Victorville--San Bernardino</p> <p>To allow for the development of an 18-lot single-family residential subdivision.</p>	MND	11/29/2007
2007101146	<p>1 MW Wind Turbine Victor Valley Community College District Victorville--San Bernardino</p> <p>The Victor Valley Community College District proposes to construct and operate a 1 megawatt wind turbine on its campus. The proposed project would include removal of a temporary meteorological data collection tower, construction of the wind turbine west of the Mojave River, an underground electrical transmission line</p>	MND	11/29/2007

	and improvements of the access roadway to the turbine. The system would consist of a two-bladed wind turbine on a tubular steel tower, and would have a maximum height of approximately 326' measured from the base of the tower to the rotor blade tip at its highest point.		
2007102139	BART Replacement Parking Facility Hercules, City of Hercules--Contra Costa The project would involve the exchange of a parcel currently owned by the Bay Area Rapid Transit District (BART) known as the PNR parcel for a parcel currently owned by the City of Hercules Redevelopment Agency known as the C1 parcel, the subsequent construction of a replacement parking facility on the C1 parcel and the closure of the existing Hercules Transit Center on the PNR parcel after the Replacement Parking Facility is constructed and operational. The Replacement Parking Facility would occupy 6.7 acres of the 8.7-acre C1 parcel and would include 422 parking spaces, 13 bus bays, three covered passenger shelters, 6 bicycle lockers, one bicycle storage rack, two "pay to park" machines, appurtenant signs and fencing, and landscaping. In addition, a pedestrian and bicycle pathway is proposed on the south side of Willow Ave. from the Sycamore Ave. intersection to the C1 parcel.	MND	11/29/2007
2007102142	Kevin Moran Park Improvement Project Saratoga, City of Saratoga--Santa Clara The proposed project would result in changes to the existing Kevin Moran Park. These changes would include replacement of 4 acres of remnant orchard trees on the north and south ends of the park with developed park uses, and the construction of new park facilities, including a tennis court, half basketball court, two bocce courts, rolling grass areas, picnic areas, a mediation garden, a screened area for storage of sports equipment, associated park facilities, and a restroom.	MND	11/29/2007
2007101145	Travertine Point Specific Plan (SP00375) Riverside County Planning Department --Riverside The proposed project consists of a Specific Plan that would master-plan the approximately 5,130 acres as a residential mixed-use community. The preliminary land use concept illustrates the type and range of uses proposed. This concept plan includes several residential or mixed-use colonies, each with its own mix of land uses. The colonies included in the concept plan consist of (1) the Town Center, (2) the Resort and Marina, and (3) the Residential Colonies (Golf, East, and West).	NOP	11/29/2007
2007101147	Draft Integrated Water Utilities Master Plan Oceanside, City of Oceanside--San Diego The Draft Integrated Water Utilities Master Plan covers the entire City of Oceanside and addresses current and future Water and Wastewater needs for the City.	NOP	11/29/2007

2007102141	U.S. 101 Improvements Project (Monterey Road to State Route 129) Caltrans #4 Gilroy--Santa Clara, San Benito The project would widen a 7.6 mile segment of U.S. 101 to a 6-lane freeway from the Monterey Road interchange in Gilroy to the State Route (SR) 129 interchange in an unincorporated portion of northern San Benito County. Currently, this segment is a 4-lane highway. The project would also reconstruct the U.S. 101/SR 25 interchange; widen the southbound off-ramp at the U.S. 101/SR 129 interchange; add an auxiliary lane in each direction on U.S. 101 between the Monterey Road interchange; and extend Santa Teresa Boulevard from Castro Valley Boulevard to the new U.S. 101/SR 25 interchange. Frontage roads would be constructed as needed. A grade separation would be constructed at the Union Pacific Railroad crossing on SR 25, just west of Bloomfield Avenue.	NOP	11/29/2007
2007102143	Adoption of Statewide Regulations Allowing the use of PEX Tubing California Building Standards Commission -- The California Building Standards Commission proposes the adoption of new state plumbing regulations that would allow the use of cross-linked polyethylene (PEX) tubing in various cold and hot water plumbing (including potable water) applications. PEX tubing is a high-density material that is an alternative to the ferrous and non-ferrous piping for water distribution. The adoption of new regulations is considered a project as defined in Section 21065 of the California Environmental Quality Act (CEQA) and must therefore comply with the provisions of the Act.	NOP	11/29/2007
2007092050	Parcel Map Application No. 2007-21 - Hillar Parcel Map Stanislaus County Modesto--Stanislaus This is a request for approval of a tentative parcel map which would divide a 20.07 acre parcel into two (2) parcels of 10 + acres. Applicant requests land division in an effort to enhance the economic viability of the existing agricultural operation by providing the property owner financing options to allow the existing agricultural operations to continue. Currently there are no houses or structures on site. No new structures are planned to be built on site. Property is under Williamson Act Contract and is currently and will remain farmed in row crops.	Neg	11/29/2007
2007101136	Stoll/Tri Union Partners Minor Use Permit ED (DRC2006-00125) San Luis Obispo County Paso Robles--San Luis Obispo Request by Tri Union Partners/Roger Stoll for a Minor Use Permit to allow a two phased development of a 5,000 case winery with public tasting. Phase 1 includes: the conversion of an existing 1,036 sf storage building into a winery with a 144 sf wine tasting area, and the addition of a 56 sf restroom and a 676 sf covered crush pad. Phase 2 includes: the replacement of the Phase 1 winery facility with a 6,616 sf winery facility, and the conversion and addition of an existing residence into a 3,211 sf winery tasting, sales, storage, and administration building. All phases are to be constructed over a 2-7 year period. The proposed project also includes a request for 6 special events per year for no more than 80 people in addition to winery industry events. 2007101138	Constructing and Operating One Modified Record Firing Range and One Automated Combat Pistol/Military Police Qualification Course at Camp San Luis Obispo Army National Guard, California San Luis Obispo--San Luis Obispo The proposed action would reconfigure Ranges D and F at Camp San Luis Obispo to provide for operation of one Modified Record Firing Range at Range F, and a Combat Pistol/Military Police Qualification Course at Range D. The entire impact area was previously disturbed. The MRFR would be constructed on 34.6 acres, and the CP/MPQC would be constructed on 4.2 acres. The Modified Record Firing Range and Combat Pistol/Military Police Qualification Course ranges would be developed over a period of 9 months beginning no sooner than 3 months after the initiation of Range F construction. The proposed project includes environmental protection measures for worker protection, protection of cultural resources, dust control, and pollution prevention.	Neg	11/29/2007
2007101139	Avenue 416 and Road 56 Intersection Improvement Tulare County Dinuba--Tulare The project proposes improvements to the intersection of Avenue 416 and Road 56, west of the City of Dinuba.	Neg	11/29/2007
2007101140	Petition for Change Licenses 2685 & 11395 Merced Irrigation District --Merced The project proposes the continued release of surface water to the Merced River from New Exchequer Dam by the Merced Irrigation District (MID) for the benefit of the downstream water uses identified in the Cowell Agreement (Agreement), as set forth by the Merced County Superior Court Order dated March 20, 1926. The purpose of the petition for change is to authorize these storage releases to satisfy the Agreement under certain limited circumstances.	Neg	11/29/2007
2007101143	ENV-2007-2843-MND Los Angeles City Planning Department --Los Angeles Zone Variance to permit the over-night storage of vehicles on property located in the C2-1D-SN Zone, in conjunction with the demolition of an existing one-story building on the front of the lot, the construction of a two-story, ~6,713 sf office and storage buildings and a two-story, ~3,107 sf incidental storage building on the rear half of the lot; the continued use of an existing, one-story, ~1,952 sf storage building on the front half of the lot; and the maintenance of 27 parking spaces. No vehicle maintenance or repair is proposed on the site. The proposed facility is to be utilized by the City West Hollywood. As proposed, the project incorporates a landscaped setback from Santa Monica Blvd., a landscape buffer between parking spaces along the eastern property line and adjoining properties; a total of 11, 24" box trees along with additional ground-cover shrubs and vines; and drip irrigation.	Neg	11/29/2007
2007101144	ENV-2007-1545-MND Los Angeles City Planning Department --Los Angeles Site Plan Review Approval and possible Tract Map to develop a vacant site (previously occupied by warehouse having light manufacturing uses) into a 59'-5" tall, 8-story (four stories below grade) shopping center with ~162,620 sf of wholesale and 20,000 sf of retail uses containing 131 units (130 commercial	Neg	11/29/2007

	condominiums and one unit for spa use); below grade development proposes one level for wholesale and three levels for 367 subterranean parking spaces; Daily hours of operation from 9 am to 6 pm, on a 63,046 sf site, within the M2-2D Zone. Approximately 98,000 cubic yards of dirt will be exported.		
2007101148	5420 MDH 5-07; South Shafter Sewer Project - Kern County Engineering and Survey Department (PP07002) Kern County Planning Department Shafter--Kern Construction of sewer lines within the rural communities of West Shafter, Southwest Shafter, Thomas Lane, Smith Corner, Burbank and Cherokee Strip. Sewer lines will connect to the Shafter/North of the River Wastewater Treatment Facilities. Force main alignment includes the construction of ~34,500 linear feet of pipe, 3 lift stations operation in series, and 2 independent lift stations connecting to existing sewer lines between the communities and the S/NOR WWTF. A proposed average daily flow of 124,080 gallons per day, with a peak flow of 223,344 gpd.	Neg	11/29/2007
2007101149	California School for the Deaf - Riverside - Gymnasium and Swimming Pool Complex Replacement Project Education, Department of Riverside--Riverside The project entails the replacement of an existing pool, tennis courts and a field house/exercise building and replacement of the existing gymnasium on the California School for the Deaf campus.	Neg	11/30/2007
2007102053	Zoning Ordinance Amendment No. 2007-01 - Public Events & Outdoor Entertainment Stanislaus County --Stanislaus This is a request to amend the Stanislaus County Zoning Ordinance, by adding a Chapter that would address public events and outdoor entertainment in the agriculture and residential areas of Stanislaus County. This includes property located outside a Local Agency Formation Commission (LAFCO)-adopted Sphere of Influence (SOI) of a city or year-round activities inside a city's LAFCO SOI. The proposed regulations will apply to the location of any public event in an R-A (Rural Residential), R-1 (Single-Family Residential) or A-2 (General Agriculture) zoning district. This amendment will not apply to A-2 zoned land which is enrolled under a California Land Conservation Contract (Williamson Act Contract). As part of this amendment, both the A-2 (Chapter 21.20.030) and the R-1 (Chapter 21.28.030) zoning districts will be amended to add Public Events and Outdoor Entertainment, under Uses Requiring a Use Permit.	Neg	11/29/2007
2007102140	Nurserymen's Exchange Re-Zone - PDP-029-06 Half Moon Bay, City of Half Moon Bay--San Mateo The proposed project consists of three components: (1) the development of the Birds of Paradise Campground, (2) the re-designation of the 490 Wavecrest Road parcel to visitor serving commercial uses, and (3) the replacement of the Wavecrest Road sewer. The Birds of Paradise Campground would contain 85 lodging units for RVs and campers. The re-designation of the 0.5-acre Wavecrest Road parcel would change the designation of the parcel from agricultural uses to visitor-serving commercial uses; however, no development is currently proposed. The sewer replacement would replace the existing 4-inch sewer with an 8-inch sewer in anticipation of additional wastewater effluent generated by the	Neg	11/29/2007
