STATE CLEARINGHOUSE

NEWSLETTER

September 1 through 15, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **September 1 through 15, 2003**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE
1999 through 2002**

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.
There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of September 1 through 15, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Tuesday, September 02, 2003</u>			
2003092003	Parcel Map App #2003-44- R&R Brah, G&A Basrai, D Grewal, G&P Basrai & J Basrai Stanislaus County Patterson--Stanislaus Request to create four parcels of 45+/- acres from a 181.48+/- acre site in the A-2-40 (General Agriculture) zoning district.	CON	09/17/2003
1997051059	Estero Area Plan Update San Luis Obispo County Los Osos, Cayucos, Morro Bay--San Luis Obispo The purpose of the update is to recognize changed conditions, accommodate any change in direction needed for the planning area, and bring relevant data up to current levels of accuracy. A number of text and mapping changes are proposed. Textual changes are found throughout the document with portions being added or deleted. These include, but are not limited to: clarifying and adding new plan goals, policies, programs and standards for land use planning and circulation; completely updating census statistics, figures, land use acreage, and other data; correcting mistakes, ambiguities, and other minor reorganization of text; reviewing and revising programs and standards that function as mitigating measures for growth anticipated by the plan; updating resource management data for water, sewage disposal, schools, and air quality; and, projecting housing and population growth.	EIR	10/16/2003
2003062016	Approval of Alternative Compliance Plan to Permit Pacific Gas and Electric Company to use Interchangeable Emission Reduction Credits Bay Area Air Quality Management District San Francisco--San Francisco PG&E proposes to use an ACP (Alternative Compliance Plan) to comply with a limit on emissions of nitrogen oxides (NOx) in Bay Area Air Quality Management District (BAAQMD or the District) Regulation 9, Rule 11 (Rule 9-11) starting in 2004.	EIR	10/16/2003
2003092002	Empire Ranch Road Interchange on U.S. Highway 50 and Related Improvements Folsom, City of Folsom--Sacramento Construct a new interchange on Route 50 at Empire Ranch Road. Extend the eastbound truck climbing lane and construct eastbound and westbound auxiliary lanes between Empire Ranch Road and El Dorado Hills Boulevard. Modify the El Dorado Hills Boulevard undercrossing and construct an additional eastbound lane to the Bass Lake truck climbing lane.	JD	10/01/2003
1996052011	Proposed Changes to the Housing Element of the General Plan for Humboldt County Humboldt County This project is comprised of two parts. One part of the project is the update of the Humboldt County Housing Element, a required Element of the General Plan. The Element is currently certified as in compliance with State law by the State Housing and Community Development Department. It identifies housing needs in the unincorporated areas of the County, and directs the implementation of programs to address those housing needs. The update is necessary to respond to changes in housing needs over the past five years; new information provided by the 2000 Census; to comply with State law regarding Housing Elements; and to adopt local	NOP	10/01/2003

	demands, fire flow plus maximum daily demand, and a minimum pressure of 20 psi under fire flow conditions. It is proposed that the elevated water storage tank will be replaced by a ground-level storage tank with a capacity of no more than 400,000 gallons. Finally, two additional components proposed for installation are fire hydrants and new services including water meters. There will also be a pipeline, from 1/2 mile to one mile in length, installed connecting the new well to the proposed new water storage facilities.		
2003091006	Proposed Tentative Tract Extension TT-00-009 (2nd ext) Victorville, City of Victorville--San Bernardino To allow for a 52-lot single family residential subdivision with a remainder parcel.	Neg	10/01/2003
2003091007	Proposed Tentative Tract TT-03-033 Victorville, City of Victorville--San Bernardino To allow for a vested 267-lot single family residential subdivision.	Neg	10/01/2003
2003091010	EA RP 2-03; Conditional Use Permit Case No. 38, Map No. 237 (Isaac Martin PP04202) Kern County Planning Department --Kern A Conditional Use Permit to allow the construction of a church with an accessory cemetery on an undeveloped 32.8 acre parcel in the O'Neil Canyon area of the County.	Neg	10/01/2003
2003092004	Markham Vineyards Combined Wastewater Management System Modification 03205-UP Napa County St. Helena--Napa Modification to an existing wastewater treatment facility to acknowledge increased usage from 9,985 million gallons per year to 16.07 million gallons per year and allow for additional irrigation application rates.	Neg	10/01/2003
1989010088	Orange County Fair and Exposition Center Master Plan Orange County Costa Mesa--Orange The proposed project is the adoption and implementation of a Master Plan for the Orange County Fair and Exposition Center. Implementation of the Master Plan will involve removing and replacing existing structures, constructing additional parking areas, and establishing coherent and thematic landscape, sign, and lighting plans for the Fairgrounds. In general, the project will result in a core of facilities surrounded by a parking area.	NOD	
1992031048	City of San Luis Obispo Reclamation Project San Luis Obispo, City of San Luis Obispo--San Luis Obispo The proposed project would install pipelines to deliver recycled water for irrigation purposes in southern portion of the City of San Luis Obispo. At each site, the stream flows through an existing concrete box culvert. A steele casing would be installed to cross under the concrete bottom of the box culvert at each site using "jack and bore" methodology. Pits would be excavated on each side of the stream and the casing would pass under the culvert by forcing it through the soil.	NOD

	concrete block (ACB) mats or an Arizona-style concrete crossing. The sandy bed would be excavated to accommodate the crossing, the top of which would be installed at the current stream bed elevation. No work would occur when water flows in the stream. No riparian vegetation would be affected by the project. Issuance of a Streambed Alteration Agreement Number 1600-2003-0512-3 pursuant to Fish and Game Code Section 1603.		
2003098037	Line 400 Dent Repair - San Luis Obispo Creek Fish & Game #3 San Luis Obispo--San Luis Obispo An underground pipe carrying semi-refined pipeline quality crude petroleum products passes under the creek. A dent was discovered in the pipe where it crosses the creek. The proposed project would repair the dented pipeline by excavating the stream bottom and installing a sleeve around the line. Issuance of a Streambed Alteration Agreement Number 1600-2003-0535-3 pursuant to Fish and Game Code Section 1603.	NOE	
2003098038	Righetti Reservoir Maintenance Fish & Game #3 San Luis Obispo--San Luis Obispo A permitted dam stores water near the headwaters of the creek forming a reservoir covering 30 surface acres and storing up to 750 acre feet of water at maximum capacity. Over time, gravel has accumulated in the upper portion of the reservoir where the creek flows into the reservoir. The proposed project would remove approximately 5,000 cubic yards of gravel from the upper portions of the reservoir. A bulldozer would be used to push the material into a pile where it would then be loaded into a dump truck. All material removed from the reservoir would be distributed along roads outside of the project site, stockpiled for other farm projects, or otherwise disposed of where it cannot reenter the stream channel. No vegetation would be removed and work would be completed while the stream is dry. Issuance of a Streambed Alteration Agreement Number 1600-2003-0595-3 pursuant to Fish and Game Code Section 1603.	NOE	
2003098039	Bank Erosion Repair for Good Shepard Church Fish & Game #3 Salinas--Monterey The proposed project would use sacked concrete to protect the bank from further erosion. A trench would be dug in the channel along the toe of the left bank using a Bobcat loader or hand labor. The bags would be staggered to form a wall with a slope of approximately 2:1 (horizontal:vertical). The wall would be approximately 85 feet in length and would follow the natural sinuosity of the channel and would be keyed into the bank at the upstream and downstream ends to reduce the chance of being washed out during high flows. Issuance of a Streambed Alteration Agreement Number 1600-2003-0466-3 pursuant to Fish and Game Code Section 1603.	NOE	
2003098040	Culvert Crossing Over Ephemeral Drainage Fish & Game #3 Nipomo--San Luis Obispo An ephemeral channel traverses a highly disturbed lot in an industrial area of Nipomo. The channel averages approximately 20 feet in width and 4 to 5 feet in depth. The proposed project would construct a road crossing across the channel to provide vehicular access to each side. The site would be excavated to accommodate placement of two to three corrugated metal pipe culverts	NOE

2003098048	Routine Maintenance Activities at Specified Locations, Monterey County Fish & Game #3 --Monterey At many locations along the Arroyo Seco, Carmel, Pajaro, and Salinas rivers, accumulations of excessive vegetation and/or large woody debris may result in backwatering and potential flooding during high flows. The Monterey County Department of Public Works (Operator) proposes to conduct routine maintenance activities that are subject to Fish and Game Code, Section 1601. Maintenance activities which both parties agree may be considered "routine" are defined in this 1601 Routine Maintenance Agreement (Agreement). These activities include clearing of debris from existing culverts, minor removal of vegetation, removal of debris that may block or retard water flow, bank stabilization and erosion control using bioengineering techniques, and removal of hazardous man-made structures from channels for public safety and habitat improvements projects. Issuance of a Streambed Alteration Agreement Number R3-2002-0981 pursuant to Fish and Game Code to Section 1601.	NOE	
2003098049	Willow Trimming on Paso Robles Creek Fish & Game #3 --San Luis Obispo The proposed project would involve trimming the overhanging vegetation along the exterior of the creek to provide clearance for a small tractor that is used to cultivate the land. No vegetation would be cleared within a five-foot wide zone between the cultivated field and the creek channel in order to leave a small buffer zone, and the vegetation would be trimmed to a height of not more than ten feet. A few small willows, no more than four feet in height, would be removed from shallow areas of the stream channel. Prior to removal, each willow proposed for removal would be marked and its removal approved by a Department biologist or other Department representative. Only hand tools would be used to trim branches, and removal of small windows within the creek would be done by hand. The project is needed to provide clearance along the creek channel for tractors and other cultivation equipment. Issuance of a Streambed Alteration Agreement Number R3-2001-0932 pursuant to Fish and Game Code Section 1603.	NOE	
2003098050	Codornices Park Playground Renovations Fish & Game #3 Berkeley--Alameda Upgrading an existing park facility including installation of a new drainage system into Codornices Creek. 2003098121	Ruth Airport Obstruction Analysis. Trinity County Planning Department --Trinity Ruth Airport Obstruction Analysis.	NOE	
2003098122	Private Recreational Boat Dock Fish & Game #2 Stockton--San Joaquin Install four steel pilings into streambed to secure 38' x 40' preassembled dock with boathouse. Install gangway using pilings and cement pad at top of the levee.	NOE	
2003098123	Maintenance Dredging, R2-2003-107 Fish & Game #2 --Placer Dredging within the perimeter of the Homewood Marina to a bottom elevation of 6219.0 Lake Tahoe Datum. An estimated 557.25 cubic yards will be excavated.	NOE	
2003098124	Storm Drain Maintenance Fish & Game #2 Grass Valley--Nevada Routine maintenance (debris, vegetation, silt removal) of channels to prevent flooding. Hand crews primarily at use, but heavy equipment may be used to reach into creek as needed.	NOE	
2003098125	New River Geotechnical Drilling Exploration Project Fish & Game Eastern Sierra-Inland Deserts Region --Imperial Conduct geotechnical exploration drilling to collect soil samples for future bridge construction across the New River.	NOE	
2003098126	City of Santa Cruz Routine Maintenance Agreement Fish & Game #3 Santa Cruz--Santa Cruz The City of Santa Cruz proposes to conduct routine maintenance activities that are subject to Fish and Game Code Section 1601. The routine maintenance activities will require alteration of the bed, bank, or channel of rivers, streams, or lakes within the City limits (approximately 12 square miles) of watershed lands in the City of Santa Cruz, County of Santa Cruz. Routine maintenance shall be defined as those periodically scheduled and implemented activities necessary to maintain the water transport capacity of the stream channels and maintain the structural and functioning integrity of existing flood control and sediment detention structures on or affecting streams. Issuance of a Streambed Alteration Agreement Number 1600-2003-3 pursuant to Fish and Game Code Section 1601.	NOE	
2003098127	Routine Maintenance Dredging of Channels of Mill Creek, McClure Creek, and Howell Creek in Talmage Area Fish & Game #3 Ukiah--Mendocino The proposed project involves the routine annual dredging of excess gravel from the channels of Mill Creek, McClure Creek and Howell Creek, all tributaries to Russian River. Gravel extraction activities are proposed at four sites for the purpose of flood maintenance. The existing box culverts fill with gravel each winter season and need to be dredged in order to prevent flooding of adjacent roadways and residential sites. Operator proposes to extract about 200 cubic yards a year at each site. Issuance of a Streambed Alteration Agreement Number R3-2000-1147 pursuant to Fish and Game Code Section 1601.	NOE

CON	10/14/2003
2003052127	Banner Island Project Stockton, City of Stockton--San Joaquin The proposed Stockton Event Center, which consists of an approximately 5,000-seat baseball stadium, an approximately 10,000-seat professional arena, a 150-unit hotel complex, and an 88-unit apartment residential development, is located in downtown Stockton on approximately 24 acres immediately north of and adjacent to the Stockton Channel within the West End Redevelopment Area in San Joaquin County. The primary purpose of the proposed project is to provide the City with a regional sports facility.	EIR	10/27/2003
2003072022	City/Civic Center Project San Ramon, City of --Contra Costa The City is proposing 276,000 square feet of infill development on an 18.5-acre site within the City's Urban Growth Boundaries. Development includes 70,000 square feet of City Council/Chamber office uses, 50,000 square feet of library uses, 20,000 square feet of museum uses, 96,000 square feet of art center and gallery uses, 40,000 square feet of retail uses, a 3,000 seat aquatic center, and associated parking uses.	EIR	10/27/2003
2002111092	Malaga Incorporation Project Fresno County Local Agency Formation Commission --Fresno The proposed incorporation of Malaga would result in the establishment of a new city and Sphere of Influence (SOI). The project area is comprised of the proposed city limits and SOI. It consists of approximately 3,933 acres of land located south of and adjacent to the City of Fresno, in north central Fresno County. The Malaga incorporation proponents propose that the new city would be a General Law City with a city manager form of government.	FIN	
2002112094	Sacramento Area Voltage Support Draft EIS Folsom, City of --Contra Costa, Placer, Alameda, Sacramento Project transmission system is an integral part of the transmission grid in northern California. Western operates and maintains its system according to Western Electricity Coordinating Council (WECC) reliability standards. Growth in the greater Sacramento area and power imported from generation outside the region have increased demand on the interconnected electric transmission system, leading to transmission system overloads and a reduction in power system reliability and security. Western has selected proposed action option B as the preferred alternative for the SVS EIS. Proposed action option B would: - Provide the highest degree of security and reliability for voltage support - Avoid displacement of residences	FIN	10/18/2003
