STATE CLEARINGHOUSE

NEWSLETTER

September 16-30, 2007

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **September 16-30, 2007.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Senior Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

DATE: February 13, 2007
TO: State Agency CEQA and Intergovernmental Review Coordinators
FROM: Scott Morgan, Senior Planner
SUBJECT: Distribution of Environmental Documents in CD-ROM Format

The State Clearinghouse has received an increasing number of requests from local and state lead agencies to distribute CEQA documents to state reviewing agencies in an electronic format, typically CD-ROM. The most common reason for these requests is to reduce cost. CD-ROMs are cheaper for the lead agency to reproduce and mail, and cheaper for the State Clearinghouse to distribute, especially in the case of multi-volume documents.

The State Clearinghouse has distributed EIR's and EIS's in CD-ROM format for state agency review and comment since August 1, 2003. Based on our experience with those documents, a survey conducted of state reviewing agencies and the potential cost savings to local and state agencies, we are extending this policy to other environmental documents including Negative Declarations, Mitigated Negative Declarations and Environmental Assessments. The State Clearinghouse will accept environmental documents under the following terms:

- CEQA Lead agencies may provide copies of draft environmental documents to the State Clearinghouse for state agency review in an electronic format. The document must be on a CD-ROM in a common file format such as Word or Acrobat.
- Lead agencies must provide fifteen (15) copies of the CD-ROM to the State Clearinghouse. In addition, each CD-ROM must be accompanied by 15 printed copies of the DEIR summary (as described in CEQA Guidelines §15123), executive summary, or introduction section of a Negative Declaration or Mitigated Negative Declaration. The printed summary allows both the State Clearinghouse and agency CEQA coordinators to distribute the documents quickly without the use of a computer.
- Final environmental documents may be provided in CD-ROM format without a printed summary. Distribution of the final documents is optional under CEQA.
- Federal lead agencies may send electronic copies of environmental documents to the State Clearinghouse in the same manner described for CEQA lead agencies. Distribution of NEPA documents to state agencies through the State Clearinghouse is encouraged pursuant to Presidential Executive Order 12372 and NEPA §102 (42 USC §4332)
- All notices of preparation must continue to be provided in printed format.
- Please provide one Notice of Completion Form with all submittals.

If your agency has difficulty downloading and reviewing any environmental documents please contact:

Scott Morgan, Senior Planner
916-445-0613
scott.morgan@opr.ca.gov .

Thank you for your cooperation in the CEQA review process.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE
1999 through 2006**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Monday, September 17, 2007</u>			
2007092050	Parcel Map Application No. 2007-21 - Hillar Parcel Map Stanislaus County Modesto--Stanislaus This is a request for approval of a tentative parcel map which would divide a 20.07 acre parcel into two (2) parcels of 10 + acres. Applicant requests land division in an effort to enhance the economic viability of the existing agricultural operation by providing the property owner financing options to allow the existing agricultural operations to continue. Currently there are no houses or structures on site. No new structures are planned to be built on site. Property is currently and will remain farmed in row crops.	CON	10/02/2007
2007041027	Huntington Beach Senior Center Huntington Beach, City of Huntington Beach--Orange The proposed project would include a new one-story senior center (~45,000 sq. ft.) on an undeveloped portion of Central Park. Access to the facility will be provided from Goldenwest St./Talbert Ave. The senior center will include multi-purpose rooms/community hall, group exercise room, fitness room, arts/crafts room, multi-use classrooms, kitchen, dance room, lobby, administrative area, outdoor patio and outdoor recreation/activity area. Approx. 227 parking spaces will be provided for visitors and City vehicles. The 5-acre project site is located within the 356-acre Huntington Central Park and generally located southwest of the intersection of Goldenwest St. and Talbert Ave. between the disc golf course, which is at a higher elevation and the Shipley Nature Center.	EIR	10/31/2007
1998052052	Pacific Herring Commercial Fishing Regulations Fish & Game Commission -- The project goal is to maintain healthy Pacific herring stocks in California. Project objectives to achieve this goal include: - Restore healthy age structures to stocks in need of rebuilding; - Avoid and/or minimize the harvest of two and three-year-old herring, many of which are first-time spawners; - Manage commercial harvest of Pacific herring to achieve a sustainable fishery; - Provide sufficient Pacific herring to conserve living resources of the ocean that utilize herring as a food source; and - Provide sufficient Pacific herring to support recreational take.	FIN	
2007071129	Boehm, Frederick, & Althena, et. al. San Bernardino County --San Bernardino General Plan Land Use Zoning District Amendment from PH/RL-5 to PH/RL on 113 acres and Tentative Parcel Map 17915 to create 3 parcels and a Major Variance for width-to-depth ratio on 8.6 acres.	FIN	
2007021028	Change of Zone No. 6874 and Tentative Tract Map No. 30926 Riverside County Planning Department --Riverside The Change of Zone proposes to change the zoning of 309-350-001 from Rural Residential (R-R) to Planned Residential (R-4) and One Family Residential - 20,000 Square Feet Minimum (R-1-20,000). No zone changes are being proposed	MND	10/16/2007

	to the 9.9 acre remainder parcel and the 22.8 acre MSHCP conservation dedication. The Tentative Tract Map proposes a Schedule "A" subdivision of 119.7 acres into three phases totaling 286 residential lots with a minimum lot size of 5,000 square feet, eight half-acre residential lots, one five-acre park site, one 22.8-acre MSHCP conservation dedication, two open space lots for drainage, and one 9.9-acre remainder parcel.		
2007091077	Borderview YMCA San Diego, City of San Diego--San Diego Conditional Use Permit & Planned Development Permit, to construct a 25,785 sq. ft. YMCA facility on a 5.153 acre site (within the larger 30.75 acre Montgomery Junior High School site), (APN No. 630-330-28 and 630-310-29). Beneficiaries = Public and Private Recreation & School Facilities.	MND	10/16/2007
2007091079	2007 French Valley Airport Compatibility Plan Riverside County Murrieta, Temecula--Riverside The proposed project is the adoption of the 2007 Compatibility plan for the French Valley Airport by the Commission. French Valley Airport is located in southwestern Riverside County, adjacent to the communities of Temecula, Murrieta, and Winchester. The previous plan was the 2004 French Valley Airport Land Use Compatibility Plan ("2004 Compatibility Plan"). The Commission has elected to abandon the prior 2004 Compatibility Plan, and to consider adoption of the new 2007 Compatibility Plan.	MND	10/16/2007
2007091080	Carbon Canyon Commercial Center Site Plan Review 06SPR04 Chino Hills, City of Chino Hills--San Bernardino Development of ~5,059 square feet of professional office and retail space/ convenience store on a 0.64-acre site. No alcoholic beverage sales are allowed form the convenience store.	MND	10/16/2007
2007091083	Arroyo Trabuco Creek Sump Pump Project Santa Margarita Water District --Orange The proposed project involves the placement of two sump pumps and associated electrical appurtenances at an existing backfilled bore pit adjacent to the Arroyo Trabuco Creek.	MND	10/16/2007
2007091087	Plot Plan No. 21014 Riverside County Planning Department --Riverside Proposes to construct a 11,506 sq. ft. two-story office & warehouse building consisting of a 4,478 sq. ft. warehouse 6,187 sq. ft. office spaec, and a 441 sq. ft. mezzanine on a 1.81 gross acre lot (0.15 floor area ratio) within the Mira Loma Warehouse Warehouse Distribution Policy Area in the Jurupa Area Plan. The proposal also includes 7,845 sq ft. (10%) of landscaping, 34 parking spaces, 9 truck stalls, and one 12,000 gallon above ground fuel tank with containment curb.	MND	10/16/2007
2007091088	Plot Plan No. 21447 Riverside County Planning Department --Riverside Plot Plan No. 21447 proposes to legalize an existing winery consisting of an existing 2,600 square foot production building and tasting room, an existing 440 square foot restroom building, and 58 parking spaces. In addition, the project	MND	10/16/2007

	proposes to construct a 3,696 square foot shade structure for special events, located to the north of the existing production/wine tasting room. Special events will include four weddings, 18 corporate functions, and two fundraisers a year with a maximum of 100 guests per event; special events will take place between 5 pm and 10 pm, seven days a week with most events taking place Friday through Sunday.		
2007091089	Conditional Use Permit No. 3021, Revised Permit No. 1 Riverside County Planning Department Wildomar--Riverside Project proposes to redevelop an approved Gasoline Service Station, Convenience Store, Automatic Car Wash, and Canopy on a 1.09 net acre site. Conditional Use Permit No. 3021 permitted the above mentioned uses at APN 366-290-010. The revised permit proposes to demolish the existing facilities and construct a new Gasoline Service Station, which will include four new underground fuel tanks (a 10,000 gallon diesel tank and a 10,000, 12,000, and 20,000 gallon fuel tanks), a 2,900 square foot Convenience Store, a 984 square foot Automatic Car Wash, and a 4,305 square foot Canopy. The previously approved use of Sale of Beer and Wine for Off-Premises Consumption at the site will remain. The development proposes includes 8,189 square feet of building area, 17,929 square feet of landscaping, and 13 parking spaces.	MND	10/16/2007
2007092048	Coming Airport Annexation; General Plan Amendment 2007-2A; Prezone 2007-2; City of Corning Corning, City of Corning--Tehama To annex City-owned properties into the City of Corning and to amend the Corning General Plan Land Use Diagram with the addition of 149.58 acres designated "Public/Municipal." Also, pre-zoning to apply the City's "A-V"; Airport Zoning District on 149.58 acres of City owned properties. The rezoning will facilitate development in accordance with the Corning Municipal Airport Master Plan, adopted in 2003. The A-V District permits normal airport uses such as runways, taxiways, terminals, hangers, aircraft repair, lighting, radio and navigation facilities and accessory uses. The City of Corning anticipates the annexed properties at the north end of the runway will be used for a northerly extension of the runway as provided in the 2003 Corning Municipal Airport Master Plan, grazing land and/or open space for the relocated airport safety zones. The eastern portion (~32 acres) may be developed with aviation related lease spaces and perhaps airpark residential uses in accordance with Exhibits 8 and 13 of the Airport Master Plan (See Appendices E & F). However, uses other than public airport and accessory open space uses will require subsequent City approval of Land Use Permit.	MND	10/16/2007
2007092051	County File #LP05-20998 (California Grand Casino) Contra Costa County --Contra Costa LAMAR WILKINSON (Applicant and Owner). County File #LP05-2098: The applicant requests approval of the following a) a land use permit to allow the sale of alcoholic beverages, and b) associated approval of a development plan to allow the establishment of a card room. The project can be characterized as the relocation and expansion of the California Grand Casino, a card room that is presently located at 5867 Pacheco Blvd. The existing card room, which includes a bar and kitchen, is housed in a building totaling approx. 5,100 sq. ft. The proposed project would move the card room across Pacheco Blvd. to the former Big B Lumberteria building. Modifications to the building would reduce its size to 17,859	MND	10/16/2007

	sq. ft. Of this, 3,705 sq. ft. would be used for gaming. The remaining sq. footage would be divided between a variety of uses including the building entry, information desk, lounge, restaurant, bar, meeting rooms, storage areas, and circulation (hallways and stairs). Establishment of the bar would require issuance of a new liquor license. The applicant requests a variance to the setback standard of the Zoning Ordinance (10 ft. required from the right-of-way of roads; zero setback proposed). A variance is requested to the off-street parking standards (parking stall size, backup distance and tandem parking), but the prescribed minimum number of parking spaces would be provided. Additionally, the applicant proposes to perform work within the drip line of code-protected trees. The 2.2 acre site is located in the northwest corner of the Second Ave. So./Pacheco Blvd. intersection, and is addressed 5940 Pacheco Blvd., in the Pacheco area (R-B) (ZA:H-14) (CT3212,00) (Parcel 125-077-022, -026 & -027).		
2007092055	Locust Road Wetland Preserve (PEAQ T20070513) Placer County Planning Department Rocklin--Placer The project would establish a wetland preserve on 75 acres of this 80-acre parcel in order to serve as mitigation for impacts within the regional area. Vernal pools (12.3 acres) and seasonal wetlands (4.5 acres) would be restored/created in perpetuity. The remaining areas would be annual grassland. The entire preserve will support cattle grazing. No structures or buildings are proposed.	MND	10/16/2007
2007091081	Village Green Mixed-Use Residential Project Santa Ana, City of --Orange Development of a 380-unit mixed-use residential community on a currently developed 17.9-acre site. Project will require demolition of existing 245 apartment units.	NOP	10/16/2007
2007091085	Elementary School No. 5 Eastside Union School District Lancaster--Los Angeles Due to rapid development in Lancaster and the surrounding areas, a new elementary school is needed to accommodate the educational needs of the rapidly growing population within the District. Therefore, District proposes to construct and operate Elementary School No. 5 to serve approx. 1,100 students at full build-out.	NOP	10/16/2007
2007092052	Second Church of Christ, Scientist - 651 Dolores Street (file #2006.0144E) San Francisco Planning Department San Francisco--San Francisco The Second Church of Christ, Scientist, the project sponsor, proposes the demolition and replacement of the existing church structure, an unreinforced masonry building (National Register Status Code 3S, Here Today historic resource survey) on the site. The project sponsor proposes to construct approximately 9,000 square feet of church building area, 13,400 square feet of residential use (8 units) and 12,200 square feet of parking (31 spaces) for a total area of approximately 34,600 square feet. The project's residential structures would be three-and four-stories, reaching a height of 40 feet above grade. The two-story church would include a cupola of approximately 10.5 feet high atop a double-height worship area on the secondary story. Including the cupola, the church would reach about 51 feet in height above grade. About 4,200 square feet of open space in the form of a courtyard and rear yards would serve the project. The proposed project also includes a lot split which would divide the existing	NOP	10/16/2007

	approximately 15,000 square foot lot into two residential lots of approximately 4,000 square feet, each, and a single, corner lot of approximately 6,800 square feet for the new church building. The project site is within an RH-3 (Residential, House, Three-Family) district, and within a 40-X Height and Bulk District. The project sponsor would seek Conditional Use (C.U.) Authorization from the San Francisco Planning Commission to allow a subdivision of the existing lot into three lots for four-dwelling-unit buildings on two lots that are within the RH-3 (Residential, House, Three-Family) District with lot splits. A C.U. Authorization would also be required for constructing a church within an RH-3 District. The project would require a variance for rear yard depth. The project would need to be reviewed by the Landmarks Preservation Advisory Board (LPAB) since the existing church structure is considered a historical architectural resource.		
2007092053	Mill Creek Watershed Addition to Del Norte Coast Redwoods State Park General Plan Amendment Parks and Recreation, Department of --Del Norte State Parks' North Coast Redwood District office is in the process of developing a General Plan Amendment for the Mill Creek Watershed Addition to Del Norte Coasts Redwoods State Park ("Park") in accordance with Public Resources Code section 5002.2 referencing General Plan guidelines and section 21000 et seq. concerning the California Environmental Quality Act (CEQA). The purpose of the General Plan Amendment is to guide future outdoor recreation use activities and natural and cultural resources management objectives at the park.	NOP	10/16/2007
2006042068	Terrace Oaks Estates (FKA Tuscan Oaks) Community Plan Amendment, Rezone, Tentative Subdivision Map, Special Development Permit Sacramento County Sacramento--Sacramento 1. A Community Plan Amendment and corresponding Rezone from Residential Density-4 (RD-4) to Residential Density-7 (RD-7) for 1.8 +/- acres. 2. A Tentative Subdivision Map known as "Terrence Oaks Estates" to create 12 single-family lots from 1.8 +/- acres in the RD-7 zone. 3. Special Development Permit to allow the project to be served by a private drive to deviate from the required lot area, width, and frontage requirements for the RD-7 zone and to deviate from the development requirements for single family lots by reducing the required front yard, side yard, and rear yard setbacks for the proposed residential structures. 4. An Exception from Title 22, 110.070(d) to allow lots to have a lot depth less than the required 95 feet. 5. An Affordable Housing Plan consisting of the payment of in-lieu and affordability fees. 2007091084	Mostert Coastal Planned Development Permit Case No. LU06-0088 Ventura County Malibu--Ventura The proposed project consists of the construction of: a 6,233 square foot single-family dwelling; a 720 square foot attached garage; 2,854 square feet of patios, loggias, decks, and entryways; a 700 square foot detached garage; a 720 square foot gazebo; and a tennis court that would be 6,600 square feet in size. Approximately 4.95 acres of ground disturbance and 39,500 cubic yards of grading is proposed.	Neg	10/16/2007
2007091086	12-lot Tentative Subdivision Map, Jacks Creek (Tr 951, ER 2006-13) Escondido, City of Escondido--San Diego A request for a 12-lot Tentative Subdivision Map on approx. 3.31 acres in the R-1-7 zone. The resulting parcels would range in size from 7,003 SF. A bridge is proposed to extend Jacks Creek Place westerly over Jacks Creek to the project site. Access to all parcels would be from the extension of Jacks Creek Place. The project also includes the removal of several mature oak trees and the existing single-family residence from the site.	Neg	10/16/2007
2007091090	General Plan and Zoning Amendments for the 4.25 Acre Property Known as the Clifton Mobile Home Park and Located at 375 Oak Avenue, Greenfield, CA Greenfield, City of Greenfield--Monterey The proposed project consists of changing the land use designation of a 4.25-acre parcel from "Medium Density Residential" to "High Density Residential" to satisfy the City of Greenfield's inventory of high density building sites in order for the State Office of Housing and Community Development (HCD) to certify the City of Greenfield's Housing Element. This will also require amending the zoning district from "Multiple Family Residential" to "High Density Infill" with a density of 20 to 21 dwelling units per acre (du/ac). The project would require a General Plan Amendment for consistency with the City of Greenfield General Plan and a Zoning Amendment for consistency with the City of Greenfield Zoning Code. Based on a maximum buildout of 21 du/acre, the proposed project would have the potential to develop approximately 90 units on the 4.25 acre project site.	Neg	10/16/2007
2007091091	Location and Development Plan 06-10, Variance 07-02 Adelanto, City of Adelanto--San Bernardino The applicant, Bergstrom Construction, is proposing to demolish an existing gasoline service station and to construct a 47,575 sq. ft. multi-tenant neighborhood commercial center on a 4.75 acre property located within the C (General Commercial) zoning district located on the northwest corner of US Hwy 395 and Bartlett Ave.	Neg	10/17/2007

These watercourses, from south to north, are: S. Ingram Slough, North Ingram Slough, Auburn Ravine, Markham Ravine, Airport Creek, Coon Creek, S. Yankee Slough, N. Yankee Slough, and Big Yankee Slough. The bridges will be a cast-in-place box girder design.	NOD	
2003021049	Southwest Recycled Water Distribution System Extension and Palm Springs South Well Field Domestic Water Well Pumping Plant Construction Desert Water Agency Palm Springs--Riverside The new well is part of the construction of two new pumping plants in the Palm Springs South Well Field. The wells are needed to provide drinking water to the existing service area of the Desert Water Agency and is a component of the 1998 DWA Water General Plan.	NOD	
2005042095	California Department of Fish & Game - Year 2005 - Fisheries Restoration Grant Program Projects Fish & Game #2 --Humboldt The project proposes the installation of cattle watering access lanes as described in the notification package.	NOD	
2006121063	Blue Mountain Senior Villas Grand Terrace, City of Grand Terrace--San Bernardino The proposed development will feature a two-story 120-unit senior residential facility totaling approximately 100,000 square feet, an approximately 7,000-square foot one-story senior center, and an approximately 2.6-acre passive park with controlled public access during posted hours. The residential facility is designed to provide 103 one-bedroom and 17 two-bedroom units. A total of 146 parking spaces are provided.	NOD	
2007041100	San Joaquin River Water Quality Improvement Project Phase I, Part 2 Panoche Drainage District Unincorporated--Fresno, Merced The proposed project consists of the acquisition of up to 2,900 acres of land to expand the existing 4,000-acre Phase I In-Valley Treatment/ D Drainage Reuse Facility to reach up to 6,900 acres of reuse area within the GDA. The proposed project would also install minor conveyance modifications and plant salt tolerant crops. Ongoing monitoring of soil and water constituents would be performed to protect groundwater and to assure that no irreversible changes occur to any of the project areas. Biotic monitoring also would be continued to monitor project impacts on wildlife.	NOD	
2007042102	Department of Fish and Game - Year 2007 - Fisheries Restoration Grant Program Project Fish and Game (HQ) Environmental Services --Humboldt, Mendocino The project proposes the placement of logs and root wads pulled into the stream channel and anchored to live trees or bedrock adjacent to/or in Hollow Tree Creek.	NOD

2007072048	Hughson High School Expansion Project Hughson Unified School District Hughson--Stanislaus The HUSD has initiated a master plan for school site expansion of Hughson High School towards the purpose of purchasing the two parcels adjacent to the existing school.	NOD	
2007072058	Fair Park Lighting Project Auburn Area Recreation and Park District Auburn--Placer Project will add a total of eight new light poles to the park, each supporting six light fixtures, to illuminate sports fields for night use. The project consists of the immediate re-standing of four, tapered-steel, 50-foot tall light standards on existing concrete pole bases situated in the southwestern corner of the park and the potential future addition of four additional 50-foot light standards around the perimeter of the park.	NOD	
2007072082	Oyster Point Marina Breakwater Reconfiguration Project San Mateo County Harbor District South San Francisco--San Mateo The San Mateo County Harbor District proposes as project local sponsor to remove and replace a section of breakwater at the Oyster Point Marina. The proposed reconfiguration would provide needed protection to allow larger vessels to enter the harbor, principally water transit vessels, and to maintain conditions within the marina so that they do not differ significantly from the present.	NOD	
2007082001	San Lorenzo-Highway 1 Bridge Bike & Pedestrian Path Santa Cruz, City of Santa Cruz--Santa Cruz The project consists of construction of a 10 to 12 foot wide and approximately 500 foot long bike and pedestrian path under the Highway 1 bridge over the San Lorenzo River. The path will be composed of AC/AB composite for the majority of its alignment, support by a 110-foot long retaining wall and an ~310-foot long cut-off wall.	NOD	
2007099017	Thornton Road Widening Project Stockton, City of Stockton--San Joaquin The City of Stockton Public Works Dept. proposes to widen Thornton Rd. to 3 travel lanes, and class II bicycle lanes, in each direction between Bear Creek and Pershing Ave. with a two-way left-turn lane running the entire length of the proposed widening project. The improvements will include construction of soundwalls, installation of new curb, gutters, and sidewalks, including wheelchair ramps to comply with the Americans with Disabilities standards, streetlights, street trees, and modifications of traffic signals at intersections.	NOD	
2007099018	SAA No. R1-07-0473 Redding, City of Redding--Shasta The work authorized by this Agreement is limited to: installing one storm drain outfall on the west bank of an oxbow lake which is connected to the Sacramento River.	NOD

2007099019	Arcade Creek/Verde Cruz Creek Pedestrian Path and Walk Bridge Fish & Game #2 --Sacramento CDFG is executing Lake or Streambed Alteration Agreement Number 1600-2007-0263-R2, pursuant to Section 1602 of the Fish and Game Code to the project applicant, Arcade Creek Parks and Recreation District. Construction of concrete footings and abutments on Verde Cruz Creek to support installation of a prefabricated single piece aluminum foot bridge. The project will also entail placement of ~50 cubic yards of rock armoring of the bank to protect the footings and abutments from erosion.	NOD	
2007099020	Hemet-Ryan Air Attack/Helitack Base Project Forestry and Fire Protection, Department of Riverside--Riverside Construction of a permanent Air Atatck/Helitack Base including a 22-bed barracks building, a 3-bay vehicle storage and shop building, a 2-story operations building, and a helicopter/OV-10 closed hangar. New public and secure parking would be added. The project also includes all equipment, tanks, pumps, and piping used to mix deliver fire retardant. Six retardant loading pits are included and sized to accommodate joint interagency aircraft use.	NOD	
2007088211	Pilot Rock Conservation Camp - Well Drilling and Well Connection Project Forestry and Fire Protection, Department of --San Bernardino The work proposed consists of drilling two vertical wells to a depth of 300-400 feet and securing the well head and valves with a four foot square, concrete slab. Drilling the wells involve moving a two axel semi truck approximately 100 feet south of the existing camp road and erecting the truck and with minimal ground disturbance within 50 feet of the truck. The project also includes running a single 2-inch water line and 3-inch conduit for future power approximately 1,350 feet from the two wells south of the main road into camp across the existing road and up a hill to an existing water tank. The water line will then be plumbed into the existing tank and will feed the camp through preexisting water lines to the main holding tanks. Only brush and minor vegetation will be cut in order to trench for water and power. Electricity to the two wells will be supplied either by connecting to existing electric service in the camp and running the wire through conduit buried in a new trench approximately 1,100 feet due east to the camp's existing generator building or a power drop from Southern California Edison. A generator will be used temporarily until the "hard" wiring can be installed.	NOE	
2007098161	American River College, Library Expansion Project Los Rios Community College District Sacramento--Sacramento The proposed project includes the expansion of American River College Library. The expansion will provide for increased office space, as well as additional library storage space. The project will include the expansion of the building by an estimated 8,100 sq ft. Construction drawings are expected to be completed in 2007, with construction of the improvements to occur in 2008-09.	NOE	
2007098163	ExteNet Distributed Antennae System Project along Highway 133, Laguna Beach Public Utilities Commission Laguna Beach--Orange ExteNet plans to install ~11 micro-antennae and underground fiber optic conduit along Hwy 133 to eliminate cellular phone coverage problems in the area.	NOE

2003012069	Sea Ranch Sanitation Zone-Treatment, Storage, and Disposal Modifications Project Sonoma County Water Agency --Sonoma The Agency is considering three build Alternatives for the proposed project. Alternative 1, the Agency's preferred Alternative, proposes to convey secondary treated water via a new pipeline from the Central Treatment Plan to the North Treatment Plant. Alternative 2 proposes to convey raw wastewater from the Central Treatment Plant to the North Treatment Plant. Alternatives 1 and 2 include optional pipeline from the southern Sea Ranch area to the Central Treatment Plan and optional reservoirs and piping for storage and conveyance of tertiary treated water from the Gualala Community Services District Treatment Plant. New pump facilities would be added at the existing treatment facilities. Alternative 3 proposes to expand the Central Treatment Plant. The expansion would include the construction of an additional storage pond and expansion of the irrigation disposal area at the Central Treatment Plant from 4 acres to ~12 acres. No new pipeline would be required for Alternative 3.	EIR	11/01/2007
2006021012	Mariners Cove CT 04-27/SDP 04-17/CP 04-12/HDP 05-04 Carlsbad, City of Carlsbad--San Diego The project proposal is for 40 townhome condominiums with attached two-car garages. Onsite improvements include swimming pool, passive recreation area, a public nature trail and public parking on an extension of Valencia Drive. Access to the project is off of Valencia Drive and Park Drive.	EIR	11/01/2007
2006092106	Commerce Station Sacramento, City of Sacramento--Sacramento The proposed project includes the development of a mixed use community. The project entitlements include a request to modify the existing land use designations to permit approximately 20.6 acres of new regional commercial uses and approximately 4.1 acres of new park space. The proposed project would include 3,267,068 sq. ft. of buildings which would include a mixture of uses; office, retail, support retail, hospitality, and residential uses. The proposed project would result in a net increase of 1,094,656 sq. ft. of building space beyond what has been previously approved. The additional square footage is composed of 149,748 sq. ft. of office space, 588,920 sq. ft. of mixes use space, 254,888 sq. ft. of retail space and 101,100 sq. ft. of support retail space. The overall project would proceed in phases; however, a PUD Plan Review is requested for the immediate development of four buildings and associated infrastructure. The buildings would be two stories in height, and would accommodate a total of 168,785 sq. ft. of building space composed of 102,760 sq. ft. of mixed-use area. The mixed-use area would include ground floor retail/office and second floor office/high density residential. In addition, 481 off-street parking spaces would be provided.	EIR	11/01/2007
2002112068	Caldecott Improvement Project Caltrans #4 Oakland, Orinda--Alameda, Contra Costa Construct a two-lane bore north of the existing tunnels.	FIN

2007091097	Slack Area Wastewater Collection System Yucaipa Valley Water District Calimesa--Riverside The proposed project would install approx. 9,000 linear ft. (LF) of 8-inch vitrified clay pipe (VCP) sewer mains and approx. 38 manholes, of which approx. 1,300 LF and six manholes (distributing approx. 1.5 acres) would be constructed in unpaved easements at the southern end of the project area. These unpaved easements are partially located along the Calimesa golf Course landscaped areas and un-landscaped portions of hillsides on private lots between the golf course and residences. A concrete-lined channel at the southern terminus of 3rd St. may be disturbed for the construction of a new wastewater pipeline oriented north/south between the existing pipeline at the 3rd St. terminus at the golf course and 2nd Place. The majority of the project would be constructed in paved streets. The sewer would be constructed with a minimum depth of cover of seven feet unless special construction is required. Manhole spacing would be 350 feet or less and manholes would be required at the end of each line, at a change in grade or sewer main size, at a change in alignment, or at any intersection of two or more sewer mains.	MND	10/17/2007
2007091129	Wilson Creek Culvert Improvement Project Caltrans #9 --Mono The California Department of Transportation (Caltrans) proposes to install a new lining in the existing culvert under State Route 167 at Wilson Creek and place rock slope protection at the outlet of the culvert. Rehabilitation of the culvert is needed to prevent deterioration of the culvert and erosion.	MND	10/17/2007
2007092058	VJK Holdings General Plan Amendment and Rezone Modoc County --Modoc Applicant is requesting a General Plan Amendment and Rezone on five parcels totaling 325.5+/- acres.	MND	10/17/2007
2007092062	Reardon Parcel Map Subdivision / Coastal Development Permit Humboldt County Community Development Services --Humboldt A Parcel Map Subdivision of 147 acres into Parcels 1 and 2 of 60 and 87 acres, respectively. The subdivision utilizes an existing 40-foot right-of-way off Elk River Road, and provides each resultant parcel with low and high ground for agricultural purposes. The project proposes the repair and remodel of the existing farmhouse, including a 2-car carport, with construction of a two-story, four-bedroom, single family residence, ~3600 sf, with attached 3-car garage, a 2400 sf barn and pump house on each resultant parcel. The parcels are to be served by well water and on-site sewage disposal systems. The project site is within the coastal zone, and requires a Coastal Development Permit for subdivision and construction of the structures and associated site improvements.	MND	10/17/2007
2003021087	Jaxon Enterprises Mine Expansion and Reclamation Plan Merced County --Merced Mining Proposal: To excavate and remove approximately 5.1 million cubic yards of aggregate (7.9 million tons), including cobbles and sand, and to crush, screen and stockpile aggregate and produce asphalt. This request is for the extraction of additional aggregate material beyond the 2.5 million tons permitted under CUP No.	NOP	10/18/2007

2007091094	ENV-2007-2909-MND Los Angeles City Planning Department --Los Angeles Tentative Tract No. 69163 for a one-lot subdivision to create five residential condominium units, in conjunction with the construction of five attached townhouse-style dwellings, providing two parking spaces per unit, plus a total of two additional guest parking spaces, on property located within the [Q]R3-1-0 Zone. As proposed, all existing structures and landscaping will be removed from the site.	Neg	10/17/2007
2007091095	MacNaughton/Thacher Rock Revetment Santa Barbara County Carpinteria--Santa Barbara The project entails reconstructing a rock revetment across two residential lots totaling 100 ft. in length. The revetment would join existing rock revetments on either side of the project site and would not exceed an elevation of 15 ft. above mean sea level. The revetment would not extend further seaward than is historic location. Grading is estimated to include 1,200 cubic yards of sand and rock, though no material is expected to export from site unless it is found to be unusable. A temporary trench would be constructed -2 ft. mean sea level within which approx. 735 sq. yards of geotextile filter fabric would be placed as foundation for the revetment. Approx. 885 cubic yards of four ton rock, 470 cubic yards of half ton rock, and 195 cubic yards of quarry waste would be imported for construction of the revetment. Site access would require temporary removal of fencing gates, and decking which would be restored in kind upon project completion.	Neg	10/17/2007

	area. The school classrooms and the administration area would be located along Main Street and 59th Street, respectively. The new school would include 38 classrooms, a library, food services, a multi-purpose room, and an underground parking structure. In addition, the proposed campus would include hardcourts and a soccer field, which may include field lights.		
2007091100	Machado Lake Ecosystem Routine Vegetation Management and Maintenance Program Los Angeles, City of Los Angeles, City of--Los Angeles Machado Lake is located within Kern Malloy Harbor Regional Park (KMHRP), a 231-acre municipal park operated by the City of Los Angeles, Department of Recreation and Parks (RAP) within the Harbor City community of the City of Los Angeles. The proposed project involves conducting a comprehensive vegetation management and maintenance program within the Machado Lake Ecosystem. The project boundaries include the lake area as well as the surrounding areas consisting of the Wilmington Channel and riparian woodland to the north, the east and west shorelines, and the seasonal freshwater marsh downstream of the Machado Lake dam. The primary purpose of the project is to reduce excessive stands and mats of aquatic vegetation around the perimeter of the lake, primarily Water Primrose (<i>Ludwigia</i>) and to a lesser extent cattails and tules, to a manageable amount. RAP will continue its practice of treating excessive vegetation with a combination of chemical and mechanical control methods. Because <i>Ludwigia</i> propagates when fragmented, the emergent vegetation is treated repeatedly with aquatic herbicide and subsequently the dead plant material is removed from the lake with mechanical harvesters. To guarantee the success of the <i>Ludwigia</i> removal project, the remaining root masses along the shoreline will be extracted. Additional maintenance activities that support the primary project purpose include clearing of trash and debris; removing fallen, dead or dying trees and shrubs; trimming of branches and tree limbs; mowing along the shoreline and lake edge; locations with native species will also be conducted on a routine basis; these maintenance activities will be adopted as mitigation measures to reduce potential impacts to biological resources to a level of less than significant. As part of the proposed project, RAP will obtain and comply with requirements from the California Department of Fish and Game (CDFG) and the State and Regional Water Quality Control Boards (SWRCB) (RWQCB).	MND	10/18/2007
2007091101	East Campus Child Development Center Expansion, UCR Project #950448 University of California, Riverside Riverside--Riverside UCR proposes to construct a new single-story child care facility of ~14,570 gross square feet on 1.9 acres of vacant land immediately adjacent to the existing UCR Child Development Center, on the UCR Campus. 2006082058	El Dorado Hills Wastewater Treatment Plant Phase III Expansion El Dorado Irrigation District --El Dorado Proposed work includes installation of a force main influent line and three effluent pumps, force main, and piping within the dam embankment fill as part of the El Dorado Hills Wastewater Treatment Plant Phase IIA Expansion project.	NOD	
2007011136	Palomar Community College - North Education Center, Facilities Master Plan Palomar Community College District Fallbrook--San Diego The multi-disciplinary building project will construct a three-story, 90,000 sf building. Space in the building will include classrooms, laboratories and offices for the following disciplines: Graphic Communication, Behavioral Sciences, Multicultural Studies, American Indian Studies, American Studies, Economics, History, Political Science, Business Education, and Computer Science and Information Systems.	NOD	
2007062051	Del Paso Road Widening Sacramento, City of Sacramento--Sacramento The proposed project area currently consists of a two-lane roadway that expands to four lanes over I-5. The N. Natomas Community Plan has designated the segment of Del Paso Road from El Centro Road to I-5 to consist of six lanes. As buildout of the Community Plan occurs, implementation of the infrastructure is needed to accommodate the anticipated and planned growth.	NOD	
2007062057	Hayfork Airport Safety & Security Refencing Project Trinity County Planning Department Hayfork--Trinity The project would create a safer and more secure airport facility at the Hayfork Airport by preventing obstructions to approaching and departing aircraft. Implementation of the project would result in the installation of an eight 8' chain-link fence, and a gulch crossing.	NOD	
2007062070	Pancoast Minor Subdivision Humboldt County Community Development Services --Humboldt A Minor Subdivision to divide an approximately 30 acre parcel into two parcels of +/- 7.5 and 23 acres each. The parcel is already developed with two residences. One will be placed on each resultant parcel. The site is developed with on-site water and sewage disposal facilities for each residence and is accessed via Sprowel Creek Road, a public County maintained road. No exceptions are requested. Both Connick Creek and the South Fork of the Eel River pass through the subject parcel and portions of the site are located within Flood Zone "A". The existing residences are outside the County's Streamside Management Area (SMA) setbacks and Flood Zone "A". No new development is proposed at this time.	NOD	
2007072037	Biotechnical Bank Stabilization and Stream Enhancement Project, Widow White Creek, McKinleyville Humboldt County --Humboldt A Coastal Development, Conditional Use Permit and Special Permit for a stream bank stabilization and riparian and fish habitat enhancement project along 185 feet of Widow White Creek. The project will take place just upstream of the new bridge	NOD

2007098274	Notification of Default and Termination of a General Lease - Commercial Use PRC 3979.1 California State Lands Commission --Santa Clara Provide 90 days to the South Bay Yacht Club to come into compliance with the terms of their lease. If not found in compliance at the end of the 90 days, find the Yacht Club in default, terminate the lease, require removal of all improvements and require restoration of the lease premises to a natural condition.	NOE	
2007098275	Miwok Trail Construction Parks and Recreation, Department of --Marin Construct the new Miwok Trail to provide a public access route between the Bay View and Shoreline trails. The new Miwok Trail will provide the same access between the Bay View and Shoreline trails that is provided currently by the Miwok Road. The road generally limits access for most visitors because of its steepness (15-25%).	NOE	
2007098276	Walnut Canyon Dam, No. 1037 Water Resources, Department of Anaheim--Orange Install an impermeable geomembrane lining system to reduce dam seepage.	NOE	
2007098277	Hanson Property Acquisition Resources Agency, The --San Diego Proposed acquisition of 145.5 acres of land in fee simple title to be preserved as an open space for the protection of sensitive habitat and endangered species. Passive recreation may be permitted with public access to non-motorized trails in agreement with a habitat management plan.	NOE

2006072026	Wal-Mart Walters Road Project Suisun, City of Suisun City, Fairfield--Solano The City of Suisun City has prepared a Draft EIR to consider the potential environmental effects of the proposed Wal-Mart Walters Road Project (generally located on the northwest corner of Walters Road and State Route 12, Suisun City, CA). The proposed project requires the approval of a Site plan and Architectural Application No. 06-08, Parcel Map 06-02, Sign Application No. 06-04, and Encroachment Permits to Local Streets. The project consists of approximately 230,000 square feet of commercial activities on approximately 20.1 acres.	EIR	11/05/2007
2006091107	General Plan Update 2006-2026 Dinuba, City of Dinuba--Tulare The Plan Update will provide direction for development in the City of Dinuba over the next 20 years. The proposed project is located in northwestern Tulare County. The geographic area covered by the project includes the City limits of Dinuba which is generally bounded by Avenue 406 to the south, Avenue 426 to the north,	EIR	11/05/2007

	Road 92 to the east and Road 60 to the west, and the Urban Development Boundary, the 20-year development boundary which is generally bounded by Avenue 396 on the south, Road 60 to the west, Road 96 to the east, and Avenue 430 to the north. The project proposes a mix of residential, commercial and industrial land uses.		
2007031024	Downtown Revitalization Project South Pasadena, City of South Pasadena--Los Angeles The Downtown Revitalization Project involves development of five building sites within a three-block area connected by pedestrian paths, gathering spaces and a town square plaza. Several existing uses within the area would remain. The Citizens' Business Bank and the South Pasadena Nursery buildings would be demolished. All other existing structures would remain as currently existing. The project would involve development of five building sites with a mix of residential, restaurant, retail, and parking uses.	EIR	11/05/2007
2007091109	Highland Faux; P06-034 San Diego County Department of Planning and Land Use --San Diego The proposed project is comprised of a 50'-0' high broadleaf monotree with three antennas at one antenna per sector. An equipment shelter with dimensions 10'-0' x 20'-0' x 10'-0' high would be located directly north of the broadleaf monotree at a distance of two (2) feet.	MND	10/19/2007
2007091114	El Camino High School Program Relocation Project Ventura Unified School District Ventura--Ventura The proposed project involves the relocation of the El Camino High School program from the existing site at 3777 Dean Drive, city of Ventura, to a new site located on the Ventura College campus. Proposed onsite structures would include six portable classroom buildings, one administrative building, and a storage/office facility. This project is intended to improve the educational experience for students and teachers at El Camino High School, in part by facilitating their interface with Ventura College, a facility where many El Camino students take courses.	MND	10/19/2007
2007091115	CHOWDHARY GPA & TT 17539 San Bernardino County --San Bernardino GPA from RL to RS-1, Tentative Tract 17539 to create 36 residential lots on 40 acres.	MND	10/19/2007
2007092066	Caspar Creek Fish Ladder Construction and Recurring Pond Cleanout Forestry and Fire Protection, Department of --Mendocino The objective of this project is to restore upstream fish passage in the South and North Forks of Caspar Creek in Jackson Demonstration State Forest (JDSF) by replacing the existing wooden fish ladders that are deteriorating with new concrete ladders. The project includes the recurring (approximately every fifth year) maintenance task of removing sediment stored behind two weir ponds located immediately upstream of both fish ladders. By doing these two projects simultaneously the Department of Forestry and Fire Protection (CALFIRE) will minimize disruption to the creek and fish.	MND	10/19/2007

2007092067	Lake Point Development Waterford, City of Waterford--Stanislaus Planned mixed-use development-pre-zone, annexation on 425 acres located within city SOI.	MND	10/19/2007
2007092068	Folsom Lake Equestrian Center (PMPC T20060321) Placer County Planning Department Loomis--Placer Applicant proposes a Minor Use Permit to increase the number of horses boarded at the existing equestrian facility to 60 horses on approximately 4 acres of land. The applicant is also requesting variances to reduce the required setbacks for the proposed barn and portable stalls and to eliminate the requirements that nonresidential uses utilize, at a minimum, asphalted concrete or Portland cement concrete.	MND	10/19/2007
2007091106	Clearwater Port Liquefied Natural Gas Deepwater Port California State Lands Commission Oxnard, Santa Clarita--Los Angeles, Ventura Clearwater Port LLC is proposing to construct Clearwater Port, an offshore liquefied natural gas terminal and regasification facility located in federal waters approximately 10.5 statute miles offshore of Ventura County, California in Federal Outer Continental Shelf (OCS) Lease Block OCS-P 0217. The pipeline would come ashore within the Reliant Energy Mandalay Power Generating Station and connect with a new gas receiving and metering facility. The onshore components of the project would consist of approximately 63 miles of new pipeline to expand the SoCal Gas pipeline system.	NOP	10/19/2007
2007091108	Highway Los Coches; GPA 06-006/R06-009, Log No. 06-14-031 San Diego County Department of Planning and Land Use --San Diego General Plan Amendment to change the underlying land use designation from (8) Residential to (C36) Commercial and Rezone to change the zoning from (RS7) Single-Family to (13) General Commercial to bring existing non-conforming uses (a gas station and truck parking area) into compliance and to allow for future commercial uses on the site.	Neg	10/19/2007
2007091110	Lindvall Grading Permit PMT 2005-03500 San Luis Obispo County San Luis Obispo--San Luis Obispo Request by John and Marcie Lindvall for a grading permit to grade for a driveway and an approximately 10,000 square foot building pad for a single family residence, garage, and an approximately 600 square foot studio/workshop to be located above the garage. The proposed grading will result in the disturbance of approximately 10,278 square feet (0.24 acres), including approximately 585 cubic yards of cut and 50 cubic yards of fill, on a 22.95 acre parcel. The proposed project is within the Rural Lands land use category and is located on the south side of Balm Ridge Way (at 6125 Balm Ridge Way), approximately 1,700 feet south of Baron Canyon Ranch Road, approximately 1.4 miles east of the community of Avila Beach. The site is in the San Luis Bay (Inland) planning area.	Neg	10/19/2007

2007091111	Cantleberry Parcel Map (SUB2005-00133) and Conditional Use Permit (DRC2006-00090) San Luis Obispo County Paso Robles--San Luis Obispo Request by Cynthia Cantleberry for a Tentative Parcel Map (CO 04-0369) and concurrent Conditional Use Permit for: 1) a request to subdivide an existing 10.59 acre parcel into two parcels of 5.59 and 5 acres each for the purpose of sale and/or development, and 2) to allow an equestrian facility that is currently located on 10 acres to be located on 5.59 acres. The project could result in the disturbance of approximately 1,380 square feet of off site road improvements to the project side of Golden Hill Road and the project side of Wisteria Lane. Equestrian facilities are subject to a minimum site area of 10 acres, except where a small site area is authorized through a Conditional Use Permit approval. The Conditional Use Permit is to allow an equestrian facility (with a maximum of 25 horses at any one time) that is currently located on 10 acres to be located on 5.59 acres. No public events will be allowed. The existing parcel at current is in compliance with Section 22.30.100 of the County's Land Use Ordinance.	Neg	10/19/2007
2007091112	Wittstrom Parcel Map/SUB2005-00249 San Luis Obispo County --San Luis Obispo Request by Doug Filipponi for a Vesting Tentative Parcel Map CO 05-0372 to subdivide an existing 553.70 acre parcel into 4 parcels of 116.87, 122.15, 123.58, and 191.09 acres each for the purpose of sale and/or development.	Neg	10/19/2007
2007091113	Carrubba Parcel Map San Luis Obispo County --San Luis Obispo Request by Robert Carrubba for a Parcel Map to subdivide an existing 13.13 acre parcel into 2 parcels of 7.0 and 6.13 acres each of the purpose of sale and/or development. The project includes off-site road improvements that could result in 16,800 square feet of disturbance on South El Pomar fronting the property. Currently, each proposed parcel has an existing primary residence. As proposed, the two lot subdivision project will result in no site disturbance. However, it is anticipated that the two parcel subdivision could result in the construction two secondary dwellings and two guest houses.	Neg	10/19/2007
2007091116	LU06-0163 Planned Development Permit-Montgomery Self-Storage Ventura County --Ventura The applicant is seeking a Planned Development Permit (PD) for a self-storage facility proposed on two existing parcels along Montgomery Avenue in the El Rio area of Oxnard. A voluntary merger has been approved allowing the lots to be consolidated into one. The proposed PD boundary is for APNs 133-0-032-06 and 133-0-032-05 consisting of 8 buildings that amount to 46,732 SF of lot coverage. Building 5 is proposed to be two stories and building 6 is proposed to be three stories.	Neg	10/19/2007
2007092069	M & T Subdivision (07-0004) Butte County --Butte The proposed project would subdivide 7.5+/- acres into 32 new lots. Single-family residential dwelling unit would be constructed on 29 of the lots and the remaining three lots (Lots A, B & C on the tentative subdivision map) would be storm drain	Neg	10/19/2007

	detention basins.		
2007092070	American River College Fine Arts Building Expansion Los Rios Community College District Sacramento--Sacramento The proposed project includes the expansion of the American River College (ARC) Fine Arts Building (Building 15). The expansion will include additional instructional space, as well as space for which the uses have not yet been determined. The project will include an expansion of the building by approximately 17,620 square feet. The expansion of classroom space will bring more students to the building, and create an increased demand for public services, utilities, and parking. Construction of the project may cause impacts to air quality, biological resources and hydrology. A total of 18 trees and shrubs will be removed from the site during the non-nesting season (from September 1st to February 28th).	Neg	10/19/2007
1994051002	Sespe Creek Trail and Bike Path Fillmore, City of Fillmore--Ventura The State of California Dept. of Fish and Game is entering into a Lake and Streambed Alteration Agreement (SAA# 1600-2006-013-R5 revision2) with the City of Fillmore, pursuant to Section 1602 of the Fish and Game Code. The City of Fillmore will alter the streambed by constructing bank protection (soil cement levee) and a bike path (12-foot wide) along Sespe Creek.	NOD	
1999031006	California Polytechnic State University, San Luis Obispo, Approval of Schematic Plans, Student Housing California State Polytechnic University San Luis Obispo--San Luis Obispo The project will construct a modern science facility (#180) that will accommodate enrollment growth to the master plan enrollment ceiling of 17,500 FTE. The project involves the replacement of Cal Poly's 1962 sprawling, one-story science building located in the heart of the Cal Poly campus (#52). This project will also provide an expansion of the Central Plant and extension to the Utilidor Distribution System for the heating and chilled water to support the Center for Science and have capacity to feed other campus buildings currently operating with inefficient and costly local boilers.	NOD	
2004092076	Student Housing Project, California State University, Maritime Academy California State University Trustees Vallejo--Solano The project will construct 66 double-occupancy dormitory style student housing units arranged around the perimeter of a three-story building. The bathrooms are located in the central core of every floor, each serving two dormitory rooms, or four students. Additional support spaces distributed on each floor include a laundry room, common area for entertainment and social gathering, and a separate study room.	NOD	
2006012091	Alameda Landing Mixed Use Development Project Alameda, City of Alameda--Alameda Adoption of a cooperative agreement between the City of Alameda and California Dept. of Transportation for the design, construction, and maintenance of the Stargell Avenue Extension. The project was reviewed and approved in 2001 with a Neg. Dec. In 2007, the project was included as a mitigation in an EIR and again fully evaluated.	NOD

2006071036	Well 5625-2 Redrill Coachella Valley Water District Palm Desert--Riverside The purpose of Well 5625-2 project is to replace Well 5625 and provide domestic water service to the Valley Pressure Zone which includes most of Palm Desert and Rancho Mirage.	NOD	
2006091018	Avenue 412 Intermediate School Dinuba Unified School District Dinuba--Tulare The project consists of the development and operation of an intermediate school on an approximately 20-acre site. The proposed school will be a full service facility designed to accommodate 700 to 900 grades 7-8 students. The intermediate school will have classrooms, faculty work areas, administrative offices, multi-purpose facilities, athletic/recreation areas, and parking lots. Portions of the school grounds will be lighted for security and recreational purposes and may be available for community use during non-school hours.	NOD	
2006091085	UV Disinfection Project SCG 820-010 Malaga County Water District --Fresno This project consists of the design of improvements to reduce electroconductivity of treated effluent from the Malaga County Water District. The proposed project would convert chlorination facilities to UV disinfection of treated effluent prior to discharge. The project serves to replace the chemical additions with UV disinfection.	NOD	
2006111133	California State University Bakersfield Campus Master Plan Update California State University, Bakersfield Bakersfield--Kern The proposed campus master plan revision is based on a projected future enrollment of 18,000 FTE. The current master plan enrollment ceiling is 12,000 FTE. This approval increases the campus enrollment ceiling to 18,000 FTE. It adds ~257,000 GSF of new building space to the list of future instructional and support buildings to accommodate this enrollment increase.	NOD	
2007042033	Eleanor Schwartz and William Brown Siskiyou County Planning Department Mount Shasta--Siskiyou The applicants request Zone Change approval to rezone a 6.2-acre parcel from C-C (Town Center) to M-M (Light Industrial). The project site is developed with an automotive repair garage that is currently vacant. The proposed use is to be an automotive body shop.	NOD	
2007071165	Vineyard Reservoir, Murrieta Reservoir, 1305 & 1500 Pressure Zone Transmission Mains (Project Nos. D1186, D1187, D1188 & D1255) Rancho California Water District Murrieta--Riverside Design, construction and operation of two water reservoirs (3.5 mg and 5 mg) and several water conveyance facilities (~5,500 LF of 30' diameter pipe, and 12,600 LF of 24" diameter pipe) required to service the 1500 and 1305 pressure zones for the Vineyard Subdivision.	NOD

2007072053	Kellogg Creek Bio-Filter/Retention Basin Project Reclamation District No. 800 Byron Tract --Contra Costa The project proposes to construct an approximate 4-acre bio-filter/retention basin on a 13-acre parcel intended to treat flows and remove sediment from Kellogg Creek before entering Discovery Bay. The basin is to remove a minimum of 50 percent of the sediment load and associated pollutants from the agricultural tailwater and stormwater flows of Kellogg Creek.	NOD	
2007072130	Dantoni Property 2006 Reclamation Plan Mining and Geology Board, Department of Conservation Marysville--Yuba The project consists of surface mine reclamation plan for an existing limestone quarry.	NOD	
2007072135	University Housing and Food Service Phase I California State University, Chico Chico--Butte The project will construct two buildings: a five-story residence hall and residential dining complex (100,700 GSF) and a two-story residential life program building (12,500 GSF). The residence hall will house 220 students and 6 resident advisors in 76,100 GSF on the upper floors. A food service facility will occupy the first floor and basement, totaling ~24,600 GSF. The food service facility will replace the existing food service in Whitney Hall and will serve all on-campus student residents.	NOD	
2007082070	Maxwell Public Utilities District Treated Effluent Reuse Project Maxwell Public Utilities District --Colusa The purpose of the project is to change the wastewater disposal method used by the Maxwell Public Utilities District in order to comply with National Pollution Discharge Elimination Permit No. CA0079987, Time Schedule Order No. R5-2007-0073 and the California Toxics Rule. The proposed project is based on the beneficial use of recycled water for irrigation and the beneficial use of recycled water for irrigation and the beneficial application of biosolids as an organic soil amendment that are generated from the wastewater treatment facility that serves the Maxwell Public Utilities District.	NOD	
2007098278	Geyserville/River Road Roadside Ditch Cleaning Project Regional Water Quality Control Board, Region 1 (North Coast), Santa Rosa --Sonoma The purpose of the Project is to correct an existing drainage problem adjacent to River Road. Drainage water is standing in the roadside ditch and on River Road in some locations. The existing ditch is approximately 7 feet wide, 1,200 feet long, and 1 foot deep. The roadside ditch at the Project site flows intermittently but water likely stands in most places year around. The ditch is likely fed by an underground spring, and water from the ditch spills out onto the road creating puddles and semi-flooded areas in locations even in the summer months.	NOE	
2007098279	NPDES Permit Reissuance and Cease and Desist Order for Sewerage Agency of Southern Marin Regional Water Quality Control Board, Region 2 (San Francisco Bay), Oakland Mill Valley--Marin NPDES Permit Reissuance (Order No. R2-2007-0056) and Issuance of Cease and Desist Order (Order No. R2-2007-0057). 2003042080	Mt. Diablo State Park Primary Road System Improvement Project - Addendum Parks and Recreation, Department of Clayton, Danville--Contra Costa Make high priority improvements to the primary road system that serves Mt. Diablo State Park. Improve the safety of the road conditions for motor vehicles and bicyclists and prevent further erosion and degradation of the existing road system. The following work will take place on South Gate Road: - Repair/improve/upgrade a total of 46 pipe culverts along this road. - Reconstruct or stabilize approximately 7,000 linear feet of road base structural sections with reinforcing geotextile fabric; install a subdrainage system to divert water away from the road section prism. - Place a new road surface with an asphalt concrete overlay the entire length of Southgate Road, a distance of approximately 5.7 miles.	FIN	
2006112105	North Vineyard Station Specific Plan Roadway Improvements Sacramento County --Sacramento Improve roadways based on traffic mitigation in previously approved environmental documents for the North Vineyard Station Specific Plan. Project roadways include Jackson Road, Elder Creek Road, Florin Road, Gerber Road, Calvine Road, Elk Grove-Florin Road/South Watt Avenue, Bradshaw Road, Vineyard Road and Excelsior Road.	FIN	
2007091121	Kings River Slough Bridge (Byrd) at Goodfellow Fresno County Sanger--Fresno The project will replace the existing timber bridge and short timber guardrails with a reinforced concrete slab bridge and guardrails to current standards. The project is located 0.25 miles to the east of the intersection of Goodfellow and MacDonough Avenues. The project is located approx. 5.5 miles southeast of the City of Sanger and approx. 2.5 miles east of the main channel of the Kings River. Byrd Slough is a tributary of the Kings River.	MND	10/22/2007
2007091122	Replacement of the Pedestrian Bridge Spanning Santiago Creek Located Adjacent to the Arden/Modjeska House and Garden Orange County --Orange The proposed project would include the demolition of the existing pedestrian bridge spanning Santiago Creek and the installation of a pre-constructed replacement bridge. The existing pedestrian bridge spanning Santiago Creek is older and does not provide ADA (handicapped) accessibility. The new bridge would provide improved access for the public to the Modjeska House and Gardens. A pre-constructed replacement bridge is presently being stored at the Whiting Ranch Wilderness Park on the north side of the Glen Ranch Road and west of Saddleback Ranch Road. This bridge would be relocated to replace the existing older pedestrian bridge that spans Santiago Creek as part of the proposed project. The proposed replacement bridge is approximately 60 x 4 feet, made of steel and wood, and was built by Continental Custom Bridge Company.	MND	10/22/2007

2007092073	Farmers and Merchants Bank Residential Project Lodi, City of Lodi--San Joaquin The Farmers and Merchants Bank residential project involves the development of 6.79 acres in the City of Lodi as a planned-development single-family neighborhood. Two site plans have been developed for the proposed project site; the first (Plan A), would create 47 single-family residences with lot sizes averaging 4,000 square feet in size. The second proposed plan (Plan B) would create 36 single-family homes with lot sizes averaging 5,000 square feet. Plan A is a cluster-concept subdivision with smaller lots and units ranging from 2,000 to 2,700 square feet in size. Plan B would include the development of a more traditional single-family neighborhood with slightly larger lots than Plan A and units ranging in size from 2,250 to 3,300 square feet in size. All proposed single-family homes would be two-story with a minimum of a two-car garage.	MND	10/22/2007
2007092077	Schapiro Reservoir Replacement Project East Bay Municipal Utility District Richmond, San Pablo--Contra Costa Construction of a new 1.0-MG reservoir at the existing reservoir location; installation of a 40 foot diameter temporary tank on the reservoir site during construction; construction of a new regulator on the Pearl Pumping Plant site; construction of a new 320-foot, 16-inch diameter inlet/outlet pipeline between the new tank and the new valve pit at the Pearl Pumping Plant site; and installation of a seismic isolation valve within the new valve pit.	MND	10/22/2007
2002112033	Sonoma-Marin Area Rail Transit (SMART) Project Sonoma Marin Area Rail Transit Commission Cloverdale, Larkspur--Marin, Sonoma The project involves modifications to the SMART rail project, which proposes passenger rail services along an existing railroad right-of-way extending approximately 70 miles from Cloverdale in Sonoma County to Larkspur in Marin County. Project components that have changed since certification of the SMART project Final EIR in 2006 include: addition of weekend rail service; potential use of Light Diesel Multiple Units (DMUs) instead of Heavy DMUs; alternative sites for the Novato South station; addition of segments of bicycle/pedestrian pathway adjacent to the SMART rail line; and modified cumulative impacts scenario. 2007091118	Darby Lane Planned Development San Bernardino County Land Use Services Department --San Bernardino The project is a preliminary and final development plan to create 250 detached residential units with recreational amenities on a 27-acre parcel in the unincorporated community of Muscoy. The project also includes the construction of an on-site sewage treatment/disposal facility and storm water detention basin, a General Plan Land Use District Amendment to change the Land Use District from Floodway to Special Development, and Tentative Tract Map.	NOP	10/22/2007
2007091117	Well No. 18 Water Storage Tank Project Lamont Public Utility District Lamont--Kern The work involves construction of one (1) new 60-ft. diameter, 24 ft. tall, (500,000-gallon) welded steel water storage tank, associated piping, appurtenances, and new booster pump station. Lamont Public Utility District has an existing 1,000,000-gallon underground concrete reservoir for water storage, however, the reservoir is inactive and shall be abandoned due to leaks and other associated problems. The new 60-ft. diameter welded steel water storage tank shall be constructed adjacent to the abandoned reservoir and shall facilitate the water storage needs of the District. Potable water from the onsite well shall be rerouted to the new 60-ft. diameter welded steel water storage tank and piped back to a new booster pump station, constructed on the same property, as to function normally.	Neg	10/22/2007
2007091119	Sixth Amendment to the Amended Redevelopment Plan for the Merged Earthquake Recovery and Reconstruction Project increasing the revenue limit for the Project Santa Cruz, City of Santa Cruz--Santa Cruz The purpose of the proposed Amendment is to increase the limit on the amount of tax increment the Agency can receive from \$300 million including \$255 million attributed to the San Lorenzo sub areas and \$45 million attributed to the North Mall sub areas to a single combined limit of \$800 million attributed to the Merged Earthquake Recovery Project.	Neg	10/22/2007
2007091120	Brookside Park Best Management Practices (BMP) Project Pasadena, City of Pasadena--Los Angeles The proposed project consists of the following activities and improvements: 1. Parking Lot "I" Improvements: The project will provide the addition of a vegetation buffer along the western edge of Lot I and larger vegetation islands within Lot I, as well as restriping in Lot I, a major parking lot in Brookside Park. These features are planned to improve the stormwater quality of the area. The City will undertake the repairs to the parking lot and the Arroyo Seco Foundation (ASF) will be responsible for the vegetation buffer improvements to the parking lot. 2. Equestrian/Hiking Trail Improvements: The project will improve horse/pedestrian trails within the project limits to enhance habitat and reduce runoff into the Arroyo Seco. This recreational enhancement will also include interpretative information regarding horse waste and measures to mitigate impacts to water quality, while providing a trail/visitor map of Brookside Park recreational features. The ASF will undertake these improvements.	Neg	10/22/2007

	3. Stream/Habitat Restoration Improvements: The project will restore approximately 20 acres of riparian woodland at the northerly project site, immediately south of Devil's Gate Dam, and at the southerly project site, immediately north of the Colorado Street Bridge. This project component will include nonnative plant suppression, debris removal, native habitat enhancements, restoration of a spring and wetland/tributary along the west side of the Arroyo, floodplain revegetation, stormwater treatment, and other riparian and habitat improvements. The ASF will undertake these improvements.		
2007091123	Robertson's Oceanside Ready Mix Concrete Oceanside, City of Oceanside--San Diego Development of a concrete manufacturing plant that will produce "ready mix" concrete for use in construction. The manufacturing plant is proposed to process a maximum of 1,200 cubic yards of concrete per day. The project includes an aggregate storage building, a batch plant, an office building, and a 12,000 gallon above ground fuel storage tank. The remainder of the site would consist of two detention basins, parking, and landscaping.	Neg	10/22/2007
2007092071	River Oaks Tentative Subdivision Map Resubmission and Affordable Housing Plan Sacramento County Galt--Sacramento 1. Resubmission of a Tentative Subdivision Map to divide 7.28+/- gross acres into 50 single-family residential lots and 1 landscape lot on property zoned SPA. 2. An Affordable Housing Plan consisting of on-site construction.	Neg	10/22/2007
2007092072	Groveland Youth Center (05TC-09) Tuolumne County Community Development Dept. --Tuolumne Construction of a new Groveland Youth Center on the eastern end of Mary Laveroni Park in Groveland. The project will involve placement of a new 1,440 sq. ft. (36'x40') manufactured building with a 250 sq. ft. covered outdoor activity area and attendant parking, walkway, and ramp improvements. The project site is a 24.5+/- acre parcel zoned P (Public) under Title 17 of the Tuolumne County Ordinance Code. Tuolumne County proposes to construct the Groveland Youth Center using primarily a Special Projects Grant from the U.S. Department of Housing and Urban Development. The County will also use funds collected from payment of County Services Impact Mitigation Fees and other fund raising activities.	Neg	10/22/2007
2007092074	Coyote Point Recreation Area Master Plan San Mateo County San Mateo--San Mateo San Mateo County Parks Department proposes a Master Plan (MP) for the Coyote Point Recreation Area. The MP was originally completed in 2002 and revised in 2006 to incorporate new improvements and capture new regional opportunities. This final/revised Draft 2006 MP is the "proposed project" analyzed in this Initial Study/Mitigated Negative Declaration (IS/MND) under CEQA. The County will bring the MP and IS/MND before its parks commission for approval of the plan and certification of the IS/MND. With over half a million visitors per year and a variety of recreational features, Coyote Point Recreation Area is one count's most heavily used parks. There have been few improvements in over 30 years and the new MP is designed to respond to the diversifying demand for new park activities and uses.	Neg	10/22/2007

	The major improvements considered in the MP include a new playground and picnic area, enlargement of the marina, and a new performing arts/community center. The IS/MND analyzes impacts at a programmatic level, with a focus on the change in area of the total building envelope and infrastructure and the increase in visitor use projected with the build out of the proposed facilities (visitors per year).		
2007092075	Stanford Soil Deposition Project San Mateo County Menlo Park--San Mateo The applicant, Leland Stanford Jr. University, requests a Grading Permit to accept up to 300,000 cubic yards of imported soil (quantity after placement and compaction) at the project site over a period of up to 10 years. Additionally, the applicant will perform 1,109 cubic yards of excavation necessary for the creation of keyways to provide fill stabilization and drainage. The applicant requests a Significant Tree Removal Permit as project will result in the surrounding of six significant (6) trees with soil (trees have been determined by an arborist to have defects and are unsuitable for preservation). The entire project site is located within the Junipero Serra Freeway (1-280) State Scenic Corridor.	Neg	10/22/2007
2007092076	Sphere of Influence Updates for Western Nevada County Fire Service Providers Nevada County Local Agency Formation Commission --Nevada Update of the Spheres of Influence of Higgins, Nevada County Consolidated, North San Juan, Ophir Hill, Peardale-Chicago Park, Penn Valley and Rough & Ready Fire Protection Districts and the fire service plan of Washington County Water District. No development or other physical change to the environment is involved; any future projects would be subject to specific environmental review and documentation.	Neg	10/22/2007
2007092078	Tentative Subdivision Map #2007-04 Orland, City of Orland--Glenn Seven-lot residential single family subdivision.	Neg	10/22/2007
1991071003	Hoag Memorial Hospital Presbyterian Master Plan Amendment Newport Beach, City of Newport Beach--Orange The existing Hoag Hospital Master Plan currently allows for up to 1,343,238 square feet of development at Hoag, inclusive of the Upper and Lower Campuses. No additional square footage is proposed as a part of this project. The project proposes to reallocate up to 225,000 square feet of previously approved (but not constructed) square footage from the Lower Campus to the Upper Campus. The maximum allowable building area on the Upper Campus would be 990,349 square feet (if all 225,000 square foot is reallocated) and the maximum allowable building area on the Lower Campus would be 577,889 square feet (if no square footage is reallocated). However, in no event could the combined total building areas of both the Upper and Lower Campuses exceed 1,343,238 square feet. No site-specific development projects are proposed as a part of the Master Plan Update Project.	SIR	11/05/2007

2007052046	DS Canal Flume Replacement Project Nevada County Irrigation District Grass Valley--Nevada This proposed project consists of the replacement of eight existing elevated wood-supported metal flumes along the Nevada Irrigation District (District) DS Canal with steel supported elevated 72-inch pipe flumes. The existing flumes connected the DS Canal, where it spans natural drainages, to provide gravity flow along the course of the canal. The flumes proposed for replacement are generally located between the DS Canal's intersections with Banner Mountain Trail (to the east) and Banner Lava Cap Road (to the west). Flumes #13 and #19 are proposed to be replaced in their current alignments, requiring a temporary canal outage while construction takes place. Construction of Flumes #13 and #19 would occur during the non-irrigation season. Flumes #14, 15, 16, 17, 18, and 23 are currently scheduled to be constructed parallel to the existing facilities, on the downslope side, and will require a brief canal outage while they are being connected.	MND	10/23/2007
2007091126	Site Plan & Parcel Map PLN07-00079 Victorville, City of Victorville--San Bernardino A Site Plan for a 128-unit apartment complex and a Parcel Map to allow for the creation of four parcels from two existing parcels. The proposed apartment complex will consist of 16 apartment buildings, one community building, and one laundry building. A combination of carports and enclosed garages to serve the development are also proposed. The proposed Parcel Map will create four parcels from two existing parcels in order to separate the proposed apartment complex from an existing apartment complex on the same lot as well as to provide site access through a neighboring vacant parcel.	MND	10/23/2007
2007091128	PC 07-05 Tentative Tract Map 18219 Twentynine Palms, City of --San Bernardino A single lot tentative tract for condominium purposes with 174 units.	MND	10/23/2007
2007092079	Cal-One Cellular Minor Subdivision and Zone Reclassification Humboldt County Community Development Services Eureka--Humboldt A Minor Subdivision to create two 5-acre parcels. One parcel is currently developed with a 120-foot tall lattice cellular tower and typical small support sheds. The other proposed parcel is developed with two legal, nonconforming residences, a variety of sheds and outbuildings and a barn which is currently in violation of County Code given that a residence on the second floor was developed without the benefit of permits. As a condition of approval to be accomplished prior to recordation of the map, this structure will be converted back to nonhabitable space and its on-site sewage disposal system removed according to Environmental Health standards. The two legal residences are connected to community water and sewer. The site is within the Alquist-Priolo Special Studies Zone (A-P) and preliminary trenching has indicated the presence of significant faulting and potential geologic hazard. To complete a standard Fault Evaluation Report (FER) which would identify additional building sites would be very costly and time consuming. The applicant and Planning Division have agreed to separate the two existing uses and adopt a B-6 combining zone that would prohibit any further subdivision and a Qualified (Q) combining zone that restricts development subject	MND	10/23/2007

	to requirements of the A-P Act until such time as a full FER identifying suitable building sites can be provided. The small portion of the property zoned AE-60 is in the Coastal zone, but the proposed subdivision line will be outside the Coastal zone, thus a CDP is not required. No new development will occur as a result of this subdivision.		
2007092081	Skyfarm Unit 3 Santa Rosa, City of Santa Rosa--Sonoma The project consists of a proposed subdivision to create 30 lots for single-family residential use.	MND	10/23/2007
2007092082	Fourth & Davis Mixed Use Project Santa Rosa, City of Santa Rosa--Sonoma Fifty-five foot tall five-level mixed-use building with 7,894 square feet of retail and 43,706 square feet of office and two-level integrated parking garage with 84 spaces, four of which are accessible.	MND	10/23/2007
2007091127	Brea Mall Expansion Brea, City of Brea--Orange The proposed project includes construction and operation of the expansion of the Brea Mall. The majority of the development would occur along the State College Boulevard and Imperial Highway (90) of the mall at the existing southerly mall entrance. The expansion includes a total of approximately 200,000 square feet of retail space and restaurant use in nine new one and two-level buildings. No more than 80,000 square feet would consist of restaurants. Five new retail buildings are proposed along the easterly and southerly side of the existing Sears. Two of these retail buildings would be two-story and three would be one-story. The remaining four one-story buildings would be restaurants to the south of the existing Sears building. In addition, the existing surface parking lot located at the southerly mall main entry would be reconfigured due to the retail and restaurant buildings and 90 degree parking stalls along with two-way drive isles would be provided. Finally, a six level parking structure would be provided adjacent to the existing Sears southerly entry, which would accommodate the additional cars required for the new retail and restaurants uses. There would be a total of 1,622 parking spaces in the parking structure.	NOP	10/23/2007
2007071138	San Jacinto Wildlife Area, Portrero Unit Dove Hunt Fish & Game #6 Beaumont--Riverside Dove hunt on November 17, 2007 and November 24, 2007.	Neg	10/23/2007
2006011001	Merced Union High School District, Bellevue High School Merced Union High School District Merced--Merced The proposed project is the construction of Bellevue High School. The new high school will provide classroom space for up to 2,000 students (with the ability to expand, if necessary, to 2,400 students) in grades 9 through 12, and school staff of approximately 100 on a 51-acre site. Buildings will total approximately 190,000 square feet, with a gymnasium building, cafeteria, administration building, library, and a total of 83 classrooms in the first phase. As funding becomes available, a 4,000 seat outdoor athletic stadium will be constructed.	Oth

2006102034	Lower Hetch-Hetchy Sewer Rehabilitation Project Union Sanitary District Newark--Alameda The proposed project includes the rehabilitation of approximately one mile of existing trunk sewer through the Cured-in-Place Pipe method. The CIPP involves using existing manholes to insert into the deteriorated pipe a resin-filled flexible tube that lines the sewer line by inversion. Water pressure is used to propel the inverting tube through the pipe and then hot water or steam is circulated through the fully inverted tube whereby the resin is cured and a new pipe is formed.	NOD	
2006111109	Big Pine Library Building Inyo County Planning Department --Inyo Inyo County owns the site and building which housed the former Big Pine library, and now proposes to lease the site to the Big Pine Fire Department. The fire department, who owns adjacent property, plans to remove the library building in order to expand their buildings onto the site.	NOD	
2007022115	Pioneer East Business Park Truckee, City of Truckee--Nevada The applicant is requesting Tentative Map and Development Permit approval to subdivide an existing 9.63 acre site into 17 lots and to allow construction of three commercial buildings totaling 20,984 sf and seven residential units. Planned Development approval will allow modifications to the Development Code.	NOD	
2007031128	Henry J. Kaiser High School Stadium Fontana Unified School District --San Bernardino The Fontana Unified School District, as the Lead Agency, proposes the construction of a new 3,815-seat athletic stadium onsite at Henry J. Kaiser High School. The stadium would be constructed along the south side of the campus in an area presently developed with the school's football field and athletic track. The project would include the construction and installation of home and visiting team bleachers, elevated field lighting, a public address/sound system, scoreboard, and two concession stand/restroom facilities.	NOD	
2007061099	Biological Habitat Preserve - Mast Park (P07-02) Santee, City of Santee--San Diego The proposed Biological Habitat Preserve - Mast Park project is a Conditional Use Permit (P07-02) for the creation of a 12.67 acre wetland biological habitat preserve. The 12.67 acre Habitat Preserve is located in the floodplain on the south side of the San Diego River low flow channel and includes 6.25 acres of wetland creation and 6.42 acres of wetland enhancement.	NOD	
2007081085	Ruether Maintenance and Operations Building Saugus Union School District Santa Clarita--Los Angeles The Saugus Union School District (District) proposes to construct an approximately 9,600 square foot building to house the District's Maintenance and Operation Department (Project) on vacant property at the District's existing facility located at 26501 Ruether Avenue in Santa Clarita, California on property identified as Los Angeles County Assessor Parcel No. 2836-017-903. The project will be	NOD

2007098321	Santa Ynez School Phase II Modernization College School District --Santa Barbara The project involves demolition of 960 square feet of classroom space and 1920 square feet of new habitable construction for a net addition of 960 square feet. Improvements include relocation of a portable YMCA after-school building to replace existing protable classroom. HVAC and restroom upgrades, new open lunch shelter and repaving of an existing driveway and parking lot and culvert improvements. The work will occur in areas that are not accessible to students and/or after school hours.	NOE	
2007098322	College School/Santa Ynez Charter School Phase II Modernization College School District --Santa Barbara The project involves the demolition of 4,800 square feet of existing school space and construction of 7,100 square feet of new space for a net addition of 2,300 square feet of new space for a net addition of 2,300 square feet of school-related area. Improvements include construction of a new classroom building, new kitchen, two new open shelters, paving of a drop-off area, electrical upgrades and the removal of one portable and addition of tow portables. The work will occur in areas that are not accessible to students and/or after hours.	NOE	
2007098323	Gillam Road Maintenance Calaveras County Planning Department --Calaveras Work to be completed along Gillam Road is limited to routine road maintenance and roadbed stabilization as necessary to minimize future maintenance efforts and water quality impacts. The proposed work is comprised of two each with different work types: Part 1 is an unpaved portion of Gillam Road that extends from post mile 0.8 through post mile 1.46. This work consists of grading and compaction of existing materials to re-shape the gravel roadbed and provide for orderly drainage; installation of subsurface drainage geocomposite; installation of prefabricated modular concrete mat (or revetment); and placement of aggregate backfill. Part 2 is an existing paved portion of Gillam Road that extends from post mile 0.1 through post mile 0.8. This work is limited to pothole repairs in existing asphalt pavement.	NOE	
2007098362	Pioneer Express Trail Re-route and REhabilitation Parks and Recreation, Department of --Placer Re-route approximately 3,000 feet of the existing Pioneer Express Trail within Folsom Lake SRA. The re-route is necessary because portions of the existing trail are on a steep bluff, are eroding and create unsafe conditions for users. The re-routed trail will be constructed with a 4 foot wide trail bed with a maximum grade of 8%. The project will involve clearing brush with hand tools and chain saws, installing one rock retaining wall, constructing two armored crossings of seasonal streams and constructing three bridges across seasonal streams. 	also proposed for the northern and western boundaries of the project site.		
2006072114	Balboa Park Station Area Plan, San Francisco Planning Department Case No. 2004.1059E San Francisco Planning Department San Francisco--San Francisco The Area Plan is a policy document that presents an overall concept for enhancing the existing neighborhood, as well as encouraging infill development in the area surrounding Balboa Park Station and along Geneva, Ocean, and San Jose Avenues. It includes parking and traffic-calming policies, and street-tree programs to improve the project area. It proposes specific Planning Code changes related to zoning districts and height and bulk controls in the project area. It also proposes general land use controls, and urban design and architectural standards/guidelines, as well as transportation infrastructure, public streets network, and open space improvements for the project area. In addition, the area plan includes proposals for limited amounts of mixed-use, transit-oriented development, mostly on vacant or under-developed parcels in the project area. In particular, the area plan includes proposals for the redevelopment of 2 specific project area parcels, the Phelan Loop Site and the Kragen Auto Parts Site. If approved, these 2 development projects are expected to be built in the near future (2007-2010).	EIR	11/13/2007
2007051088	Great Valley Ethanol Project EIR Hanford, City of Hanford--Kings The project involves the construction of an ethanol production facility proposed to produce approximately 63 million gallons per year of denatured ethanol. The proposed project will require the issuance of a Conditional Use Permit from the City an annexation and rezoning of one of the parcels into the City of Hanford.	EIR	11/13/2007
2007071025	State Route 91-Add High Occupancy Vehicle Lanes through the City of Riverside - Adams Street to 60/215 Junction Caltrans #8 Riverside--Riverside The California Department of Transportation District 8 (Caltrans) and the Federal Highway Administration (FHWA), in partnership with Riverside County Transportation Commission (RCTC) and the City of Riverside, are proposing to widen existing State Route 91 (SR-91) by adding one high occupancy vehicle (HOV) lane in each direction, adjacent to the median. The proposed project would widen SR-91 between Adams Street [Post Mile (PM) 15.6] and University Avenue (PM 20.46) in the City of Riverside by adding a single HOV lane adjacent to the median in each direction. The project will include reconfiguration of existing interchanges, replacement of existing overcrossings, widening of existing undercrossings, and restriping within existing right-of-way to accommodate the proposed mainline and interchange improvements. The total project segment is approximately 6 miles long, including the restriping between University Avenue and the SR-60/91/I-215 interchange and construction of HOV lands and restriping between Brockton Avenue/Mary Street and Adams Street. This project would substantially benefit users of the HOV lanes by eliminating the existing gap in the HOV facilities through the City of Riverside and alleviating congestion on SR-91.	FON

2007092093	Skyline Ridge Tree Farm Restoration Project Midpeninsula Regional Open Space District Palo Alto--San Mateo The Midpeninsula Regional Open Space District is planning to restore ~8 acres of an abandoned Christmas tree farm to natural grassland and woodland habitat. In addition to the removal of non-native trees, the goals of the restoration project are to reduce erosion and sediment transport into Horseshoe Lake (located just downslope of the tree farm), correct unnatural drainage patters, and address stream channel degradation. The proposed project will increase the quality of both upland and aquatic habitat and will enhance the scenic value of the area.	MND	10/26/2007
2007091144	The Fisherman's Village Project / R2007=01480 Los Angeles County Department of Regional Planning Los Angeles, City of--Los Angeles Proposed is the Fisherman's Village project on Parcels 55, 56 and W to build 10 new mixed-commercial buildings with approximately 32,600 s.f. of restaurant space, 29,150 s.f. of visitor-serving retail space, 6,500 s.f. of ferry terminal space, a 132-room hotel, an outdoor children's play area, and refurbishment of the existing Fisherman's Village lighthouse structure. Two parking structures are proposed with one being partially subterranean and the other being subterranean.	NOP	10/26/2007
2007092097	Oakmoore Gateway Specific Plan Project Stockton, City of Stockton--San Joaquin The Oakmoore Gateway Specific Plan (OGSP) Project consists of a request for City of Stockton (and other agencies) approvals necessary to permit the development of an approximately 543-acre planned urban residential, commercial and industrial development. The OGSP project as currently proposed would involve the development of approximately 2,874 low to high-density residential units, 231,173 square feet of retail commercial development, 448,624 square feet of office development, and 468,749 square feet of industrial development.	NOP	10/26/2007
2007092098	Origone Ranch Specific Plan Project Stockton, City of Stockton--San Joaquin The Origone Ranch Specific Plan (ORSP) Project consists of a request for City of Stockton (and other agencies) approvals necessary to permit the development of an approximately 390-acre planned urban residential and commercial development. The ORSP project as currently proposed would involve the development of approximately 1,665 low to high-density residential units, 710,000 square feet of retail commercial development, and 189,100 square feet of office development. The ORSP project area is generally located southwest of the existing Hammar Lane/SR 99 interchange in the northeastern portion of the Stockton metropolitan area.	NOP	10/26/2007
2007091146	Highland Drive Subdivision Vista, City of Vista--San Diego The proposed project requests residential subdivision of 2 lots consisting of ~2.07 gross acres. The tentative subdivision map would include 10 residential lots and one lot for a private residential street, for a total of 11 lots. No specific land development project is proposed at this time. 2007091147	Oceano Sewer Repair and Replacement San Luis Obispo County --San Luis Obispo Request by the Oceano Community Services District to allow repair and replacement of up to 29 segments of damaged sewer pipeline caused by the 2003 San Simeon Earthquake. The project will result in disturbance of ~2 acres of land on pipeline primarily west of UPRR. The project sites are located primarily on paved or developed roads. Approximately 6 of the sewer segments are located in or near sensitive areas, which require mitigation. The project is funded with Community Development Block Grant funds.	Neg	10/26/2007
2007092092	Tentative Subdivision Map Applications S-14-06 and Planned Development Plan Application PD-7-06, by M&N Ranch, LLC. Redding, City of Redding--Shasta The project sponsor is requesting approval of a planned development and tentative subdivision map to subdivide 4 parcels totaling ~112.07 acres to create 93 lots for development of single-family residential homes. The proposed development area of the subdivision contains 64.59 acres, with typical lot sizes ranging between 0.5 and 1.33 acres. Parcels were configured to avoid wetlands and other "Waters of the United States." Minimum building setbacks are 25 feet in front, 30 feet to the rear, and 15 feet on the sides. The overall proposed average density is 0.83 units per acre. Proposed as open space is 47.48 acres. The project would include construction of on-site streets and utility improvements necessary to serve the lots. Some culverts exist, and additional arch culverts are proposed for installation at road locations crossing intermittent streams.	Neg	10/26/2007
2007092094	General Plan and Specific Plan Amendments and Rezoning 7.48 Acres Scotts Valley, City of Scotts Valley--Santa Cruz A. This project is the final step in implementing the City of Scotts Valley 2002-2007 Housing Element. The project combines 4 amendments to the General Plan that will: 1. Reinstate the C-P Professional Commercial General Plan Designations on parcels currently zoned C-P Professional Commercial. 2. The general plan will designate 6 parcels as residential very high density. 3. The general plan will designate four parcels on Scotts Valley Drive residential medium high density. 4. Eliminate General Plan Action CA-130. The City Council took action on July 16, 2003 requesting the change. The General Plan Amendment was not processed at that time. B. The project also includes changing the land use designation in the Gateway South Specific Plan for the 2 parcels at 38 and 48 Mt. Hermon Road from residential high density to residential very high density. C. The project also includes the rezoning of 6 parcels as residential very high density.	Neg	10/26/2007
2007092095	PA-0700407 San Joaquin County Community Development Department Manteca--San Joaquin Rezone application to change the zoning of one 9.45-acre parcel from I-w/S-11 to I-W. This would permit other industrial warehouse uses besides the already permitted recreational vehicles.	Neg	10/26/2007
